#### **Mission Statement**

Michele Clark Academic Preparatory Magnet High School actively develops all students to become lifelong learners who are prepared for a successful post-secondary experience. Our school produces independent thinkers who will enter STEM (Science, Technology, Engineering, and Mathematics) fields and contribute to a dynamic, global society.

#### **Strategic Priorities**

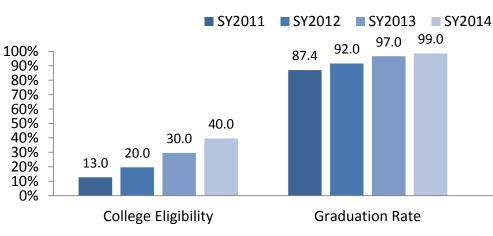

- 1. Create and sustain a safe, positive learning environment that addresses the social-emotional needs of all students.
- 2. Create standards-based curriculum that is aligned to Common Core, including unit plans, formative, and summative assessments.
- 3. Implement the Early College STEM curriculum with fidelity.
- 4. Build teacher-capacity in data-driven instruction cycles and differentiated instruction.

#### **School Performance Goals**

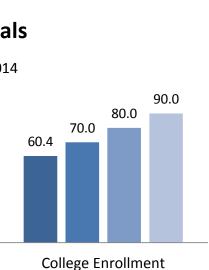

#### **EPAS Goals**

### 12th Grade & Graduation Goals

# Continuous Improvement Work Plan 2012 - 2014

#### **Overview**

The Continuous Improvement Work Plan (CIWP) is a stream-lined, strategic planning process for schools that also meets the state and federal requirements of a school improvement plan. The CIWP uses previous goal and priority setting completed by the schools from the Scorecard metrics, School Effectiveness Framework and Theory of Action. Please see the CIWP Planning Guide at <u>www.cps.edu/CIWP</u> for detailed instructions on completing the tool.

#### School Name

To get started, please select your school's name from the drop down list:

Michele Clark Academic Prep Magnet High School

#### **Developing a CIWP Team**

A CIWP team consists of 6 – 12 committed stakeholders that act as the steering committee for the entire CIWP planning process. The principal should serve as the chairperson of the CIWP Team, appointing other team members from the school and community, which can include members from the ILT and/or LSC. These CIWP Team members should have strengths in collaboration and consensus-building. While the CIWP Team needs to remain small, it should include people with a variety of perspectives.

### **CIWP** Team

| Instruction  |   | >  | 3  |
| <ul> <li>align to standards.</li> <li>Questioning is more heavily aimed at assessing<br/>basic student understanding and comprehension.</li> <li>Sequencing of lessons in most classes is primarily<br/>driven by the pacing suggested in instructional<br/>materials.</li> <li>Instruction is most often delivered whole-group<br/>with few opportunities for scaffolding learning or the<br/>level of rigor is not consistently high.</li> <li>Formative assessment during instruction is used<br/>occasionally or inconsistently between teachers.</li> </ul> | <ul> <li>Each teacher clearly communicates with students the standards-based learning objective, directions and procedures, as well as the relevance of the learning.</li> <li>, Each teacher uses low- and high-level questioning techniques that promote student thinking and understanding.</li> <li>Each teacher purposefully sequences and aligns standards-based objectives to build towards deep understanding and mastery of the standards.</li> <li>Each teacher scaffolds instruction to ensure all students, including students with disabilities and English language learners access complex texts and engage in complex tasks.</li> <li>Each teacher regularly uses formative assessment during instruction to monitor student progress and check for understanding of student learning.</li> </ul> | All 9th-12th grade curriculum is aligned to Common Co<br>Standards. The courses are broken down into clearly d<br>benchmarks that students must master. Students who<br>of those benchmarks reach proficiency. This is commu<br>students on a daily basis, and wall charts are posted in<br>to help students track their own progress with meeting<br>benchmarks. Benchmarks build, progressing from simp<br>complex, and at least 75% of the staff use strategies su<br>Pair, Share, and Cold-Calling to ask both low-level and<br>questions. | efined<br>o master 70%<br>unicated to<br>every room<br>g the<br>ple to more<br>uch as Think, |

## **School Effectiveness Framework**

| Typical School   | Effective School   | Evidence Evaluation  |
|--|--|--|
| Intervention   |  | > 3  |
| students are in need of intervention, what<br>interventions they receive and how to determine the<br>success of interventions is not regularly monitored.<br>The intervention options are limited (sometimes one-<br>size-fits-all), making it difficult to find a targeted<br>solution to address a particular student's needs.<br>Intervention monitoring and adjustments are left to<br>teacher discretion without school-wide systems. | <ul> <li>The school has a systematic approach to administering screening assessments to identify students in need of academic intervention.</li> <li>The school has a systematic approach to administering diagnostic assessments to identify particular skills gaps.</li> <li>Interventions at the elementary level include in-class, small group instruction, push-in support provided by specialists, one on one support and additional supports outside of the classroom.</li> <li>Interventions at the secondary school level include small group instruction, double blocks in literacy and mathematics, push-in support provided by specialists, one on one support and additional supports outside of the classroom.</li> <li>Interventions are closely monitored at the ILT, teacher team and individual teacher level so that adjustments can be made at least every 6 weeks.</li> </ul> | Every three weeks, Michele Clark generates internal<br>progress reports that are sent to parents. The data<br>strategist then provides counselors with a list of students<br>who are failing. During lunch periods, students attend<br>tutoring sessions to receive assistance with skills in which<br>they are deficient.   |
| Whole staff professional development   |  | > 3  |
| <ul> <li>Whole staff professional development occurs regularly but is not tightly aligned to the school's priorities.</li> <li>Quality, effectiveness or relevance of professional development is not monitored.</li> </ul>  | <ul> <li>The school has a year-long, focused plan for whole staff professional development aligned to school-wide priorities and growth goals.</li> <li>The school has a method for continually monitoring the effectiveness of all professional development (including coaching and teacher collaboration).</li> <li>School-wide structures ensure that professional development is ongoing, job-embedded and relevant to teachers.</li> </ul>  | The school-wide focus for professional development is literacy in<br>the content area. Each professional development focuses of<br>providing teachers with strategies to increase students' ability to<br>comprehend a text by finding main ideas, supporting details,<br>drawing generalizations and conclusions, and identifying cause and<br>effect relationships. Administrators are assigned to content-area<br>teams to assess curriculum maps and lesson plans for the teacher's<br>use of those strategies. ILT members and administration engage in<br>classroom observations and coaching sessions to provide teachers<br>with feedback about their use of key strategies presented in<br>professional development sessions. |

#### Mission & Strategic Priorities

Instructions: Write in your Mission Statement. Using your key levers from the Theory of Action, develop 3 - 5 strategic priorities you will focus on over the next two years. Provide a Rationale using these guiding questions: What data (student achievement, school effectiveness framework, etc.) did you use to determine the priority? How does this priority impact instruction? How does this priority help you to achieve your goals? Tip: When entering text, press Alt+Enter to start a new paragraph.

#### **Mission Statement**

Michele Clark Academic Preparatory Magnet High School actively develops all students to become lifelong learners who are prepared for a successful post-secondary experience. Our school produces independent thinkers who will enter STEM (Science, Technology, Engineering, and Mathematics) fields and contribute to a dynamic, global society.

#### **Strategic Priorities**

**Strategic Priority Description** 

Michele Clark Academic Prep Magnet High School

**Strategic Priority 3** 

Instructions: Develop milestones for each strategic priority that you will implement. Milestones are significant steps that a school must accomplish in the implementation of the strategic priority. Milestones are SMART (Specific, Measurable, Attainable, Realistic, and Time-bound). Indicate the category and group of students to which the milestone applies, the responsible party and the timeline. You will update the status and next steps throughout the year as part of your continuous improvement cycle.

Implement the Early College STEM curriculum with fidelity.

Students who are exposed to rigor in high school are more likely to graduate from college, studies say. Providing students with access to the rigor that the STEM curriculum provides in Science, Math, Engineering, and Technology will, consequently, raise student achievement, prepare them for college, and increase their chances of graduating from college with degrees in highly-competitive fields of study.

## Monitoring

| Milestones  | Category                    | Target<br>Group | Responsible<br>Party                         | Start       | Completed   | Status |
|---|-----------------------------|-----------------|--|-------------|-------------|--------|
| Utilize backward design to develop curriculum scope and sequence for STEM pathways  | Instruction                 | All             | McLoyd/Melendez/<br>Rodriguez/CISCO/<br>Ford | Summer 2012 | Summer 2012 |        |
| Upgrade infrastructure to ensure that the technology supports the STEM pathways   | Equipment/<br>Technology    | All             | CTE/CISCO                                    | Summer 2012 | Year 2      |        |
| Create STEM mentoring plan for 9th and 10th graders   | Other                       | All             | CISCO/McLoyd/<br>Rodriguez                   | Summer 2012 | Quarter 1   |        |
| Ensure that three teachers obtain CISCO certification (Moraine Valley)  | Professional<br>Development | Not Applicable  | CISCO/Ford                                   | Summer 2012 | Quarter 1   |        |

## Strategic Priority 5

Instructions: Develop milestones for each strategic priority that you will implement. Milestones are significant steps that a school must accomplish in the implementation of the strategic priority. Milestones are SMART (Specific, Measurable, Attainable, Realistic, and Time-bound). Indicate the category and group of students to which the milestone applies, the responsible party and the timeline. You will update the status and next steps throughout the year as part of your continuous improvement cycle.

| Strategic Priority Description | Rationa |
