05/19/2016	LSC	Review of CIWP Plan

### School Excellence Framework

Culture of & Structure for Continuous Improvement

4 of 4 complete

#### Leadership & Collective Responsibility:

Leadership & Collective Responsibility is characterized by an unwavering commitment to fulfilling a shared vision of success. There is a clear focus and high expectations for staff and students, motivating the entire school community to continue striving for success for every student.

Score

1 2 3 4

This is communicated through professional development meetings, grade level team meetings, core content meetings and IIC meetings. At professional development meetings, staff reviews our core values, S.T.A.R.S., discusses how S.T.A.R.S. values are taught in conjunction with Second Step, and reviews and critiques exemplars of S.T.A.R.S. work and creates a schedule for how and when S.T.A.R.S. will be taught and re-taught in class. The administrative team assures that the vision and mission of the school is carried out through meeting planning, discussions with staff about the vision, and encouraging teachers to discuss the vision and Woodson's core values with students and their parents. This past year the IIC groups (Math, ELA, Science, and Social Studies) were teacher led and responsible for creating a minimum of one parent-student night per semester in which parents could come in and learn more about the curriculum and the social and academic expectations of the subject. We want to develop a greater home school connection with our families. Unfortunately, none of the IICs met regularly nor did they follow through with creating "Core Content Nights", which was viewed as a means to develop a greater home: school connections with our families. IIC's will meet once per month. IIC chairs will have agendas and action items, a sign in sheet for attendance and the minutes to each minute will be sent to Holland within 24 hours of the meeting's end. For SY2016, Denard will lead the science nights; Feinberg will lead the social studies nights; White will lead the ELA nights; and Spencer will lead the math nights. Denard will lead this year;s science fair efforts and at our Open House in September, parents will receive all necessary materials to assure that this year Woodson has a successful science fair. The MVMS survey stated that teacher collaboration is neutral and that the there is weak leadership. Moving forward, the administrative team will put together a calendar for when IIC meetings and curriculum nights will be held. Also, in the event that teachers do not adhere, they will receive a verbal warning and if it continues, a performance improvement plan.

#### Guide for Leadership & Collective Responsibility

- **Set the direction and create a sense of purpose by building consensus on and implementing a shared vision.**
  - Consider the demographics of the school community in developing a shared vision.
  - Help stakeholders understand the relationship between the school's vision and their initiatives and priorities.
  - Consistently use informal and formal opportunities to champion and articulate the vision.
  - Act in ways that consistently reflect the school's core values, beliefs, and priorities in order to establish trust.
  - Ensure the school's identity, vision, and mission drive school decisions.
- **Inspire a culture of collective responsibility for the success of ALL students in the whole school (not solely teacher's own students).**
- **Empower others to make or influence significant decisions.**
  - Build shared leadership structures and opportunities for job-embedded leadership training and development.
  - Capitalize on the leadership skills of others.
  - Constantly listen and synthesize what is heard, and learn from all sources.
- **Employ the skills to effectively manage change.**
  - Master skills associated with large-scale strategic planning processes and implementation of such plans.
  - Steer through the challenges associated with making improvements, both large and small.
- **Create and sustain a coherent instructional program (coordinated and consistent) with learning goals.**
- **Use the CPS Framework for Teaching to ground instructional guidance and coaching.**
  - Model ambitious goals for teaching and learning for all students, including priority groups.
  - Draw from the best available evidence to inform instructional improvement decisions.

- **Enable staff to focus and prioritize what matters most.**
  - Buffer staff from external distractions to the school's priorities and goals.
  - Limit school improvement goals to a few high leverage activities.
  - Prioritize teaching challenging content, engaging students in learning, rigor and ways to raise achievement.

## Evidence, Measures, and Standards

EVIDENCE, MEASURES, AND STANDARDS	
Suggested Evidence	✓ School's vision, beliefs, and how it is shared (e.g. presentations to community, promotional materials) ✓ Five Essentials – Program Coherence
Measures	✓ Five Essentials
Five Essentials	Effective Leaders Collaborative Teachers
CPS Framework for Teaching	<a href="#">4d. Growing and Developing Professionally</a> <a href="#">4e. Demonstrating Professionalism</a>

### Instructional Leadership Team:

Score

1    2    3    4

The ILT is characterized by having a consistent structure for teacher leadership that is focused on creating and implementing the theories of action that improve teaching and learning. ILT meetings are a productive forum to identify challenges, collect and review evidence, exchange ideas, and propose and implement solutions to challenges to school improvement.

The ILT communicates the instructional vision and mission of Woodson's administrative team at grade level meetings and core content meetings. They are also active participants in classroom walk throughs in which teaching and classroom environment are assessed; discussing and reviewing favorable and unfavorable aspects of the prescribed curriculum; determining the level of rigor in assessments using Hess's Cognitive Rigor Matrix; discussing and helping fellow teachers use formative and interim assessment data (from DIBELS, MCCLASS, ANET and NWEA) to inform instruction and assessment.

## Guide for Instructional Leadership Team

- **Engage in on-going inquiry (e.g. continuous improvement cycles) as a basis for improvement.**
  - Gain productive insight and take substantial new action or adjust strategy that clearly addresses root causes.
  - Relentlessly ask, "Is it working?" about every program, initiative, and strategy in the school.
  - Vet Initiatives and strategies on the basis of their direct or proven impact on outcomes.
  - Monitor if previous actions were implemented (fidelity) and working as intended. Ask, "If not, why not?"
- **Share leadership for improving teaching and learning with representative school members.**
  - Organize the team around a common understanding of team's purpose and instructional priorities.
  - Represent all relevant specialty content areas, programs, related services, and grade bands/department teams and is an appropriate size.
  - Represent a balance of work styles (e.g. task-oriented, provides push-back, synthesizes, etc.)
- **Use protocols and ask probing questions.**
  - Ask questions focused on factors within sphere of control and avoid a focus on student factors.
  - Use appropriate protocols and level of analysis (grade, school-wide, individuals) for meeting purpose.
  - Systematically consider root cause(s) based on thorough review of evidence.
- **Use timely and relevant data/evidence sources.**
  - Gather and use current and relevant local student, school, teacher performance (e.g. attendance data, assessment results), and operational data formatively to review and revise school and classroom practices as needed.
  - Disaggregate data for priority student groups (e.g. English learners, diverse learners).
- **Schedule and structure frequent meetings.**
  - Meet regularly (2-4 times per month).
  - Use an agenda with a clear focus.
- **Collaborate effectively, value transparency, and inform and engage stakeholders.**
  - All team members have equity of voice and are actively engaged in asking questions.
  - Celebrate small wins and improvements.
  - Regularly inform and engage stakeholders of key data and work of the ILT.
- **Build the capacity of teacher teams to lead cycles of learning and problem solving focused on student learning data and student work.**

## Evidence, Measures, and Standards

EVIDENCE, MEASURES, AND STANDARDS	
Suggested Evidence	<ul style="list-style-type: none"> <li>✓ ILT Effectiveness Rubric Score</li> <li>✓ ILT artifacts (e.g. agenda, calendar, protocols, minutes)</li> <li>✓ Evidence that work of ILT has contributed to positive outcomes for students and staff</li> <li>✓ Teacher team agendas/minutes reflective of ILT focus</li> </ul>
Measures	<ul style="list-style-type: none"> <li>✓ Five Essentials: Instructional Leadership</li> </ul>
Five Essentials	<ul style="list-style-type: none"> <li>Effective Leaders</li> <li>Collaborative Teachers</li> </ul>
CPS Framework for Teaching	<p><a href="#">4a. Reflecting on Teaching &amp; Learning</a>  <a href="#">4d. Growing and Developing Professionally</a>  <a href="#">4e. Demonstrating Professionalism</a></p>
CPS Performance Standards for School Leaders	<p>A1. Assesses the Current State of School Performance and Develops a CIWP  A2. Implements Data Driven Decision Making and Data Driven Instruction  B5. Supports Teacher Teams</p>

#### Professional Learning:

Professional Learning includes sufficient time, support, and 'safe practice' space to internalize new knowledge to change practice and beliefs. Adults persevere in collaboration with their colleagues to innovate and improve implementation of new practices.

Score  
1    2    3    4

A key lever in our instructional core has been to incorporate Kagan cooperative learning group strategies in all classrooms. Kagan has given our staff five full days of professional development as well as ongoing support via walkthroughs and one-on-one consultations with teachers. We look forward to implementing Kagan in year 2016-2017 with increased implementation in year two of Kagan at Woodson.

#### Guide for Professional Learning

- **Select and design professional learning (PL) to achieve school-wide improvement, including closing priority group achievement gaps.**
  - Use data to identify performance and practice gaps to inform PL plan.
  - Use research about best practices to identify potential learning and subject matter experts to support.
  - Solicit feedback from staff to inform selection of PL opportunities.
  - Provide PL relevant to the cultural and linguistic needs of students.
  - Provide both whole staff and differentiated PL to individual teacher levels.
- **Implement and sustain on-going, job-embedded professional learning (PL) (e.g. coaching, peer learning opportunities, action research)**
  - Recommend and/or provide PL opportunities directly related to individuals' specific areas of need and professional growth goals.
  - Encourage staff to broaden networks to bring new knowledge and resources to learning environment.
  - Teachers initiate opportunities for professional growth and proactively seek opportunities to enhance content knowledge and pedagogical skill.
- **Structure time for teachers to collaborate and learn together.**
  - Create schedules and systems to conduct peer observations, and coaching. Reflect on its impact.
  - Teachers provide and accept collegial support and feedback to/from colleagues.
  - Teachers participate in and facilitate professional inquiry in teams to advance student learning.
- **Make 'safe practice' an integral part of professional learning.**
  - Allow teachers ample time to try new strategies, refine skills, grapple with implementation problems, and share knowledge and experience.
  - Provide support that addresses the specific challenges of changing classroom practice. Provide coaching/mentoring support to validate continuing to work through struggles.
- **Monitor implementation to ensure staff uses new knowledge to improve practice and it is having the desired effect on practice and student outcomes.**
  - Conduct frequent non-REACH observations to provide coaching and actionable feedback.
- **Provide induction and support for new teachers.**
  - Assign each new teacher a mentor who is skilled in pedagogy and is an open, collaborative colleague.
  - Schedule a series of 'learning experiences' for new teachers that helps them navigate important initiatives (e.g. REACH) and provides information on school specific goals and resources.

#### Evidence, Measures, and Standards

EVIDENCE, MEASURES, AND STANDARDS	
Suggested Evidence	<ul style="list-style-type: none"> <li>✓ School's PD Plan – review for goal alignment – does the plan advance the school's improvement agenda?</li> <li>✓ PD agendas, PD feedback surveys</li> <li>✓ Teacher practice improving on the Framework for Teaching (e.g. Basic&gt;Proficient, Proficient&gt;Distinguished)</li> </ul>
Measures	<ul style="list-style-type: none"> <li>✓ SQRP Attainment and Growth</li> <li>✓ Five Essentials: Collaborative Teachers</li> </ul>
Five Essentials	<ul style="list-style-type: none"> <li>Effective Leaders</li> <li>Collaborative Teachers</li> </ul>
CPS Framework for Teaching	<ul style="list-style-type: none"> <li><a href="#">4a. Reflecting on Teaching &amp; Learning</a></li> <li><a href="#">4d. Growing and Developing Professionally</a></li> <li><a href="#">4e. Demonstrating Professionalism</a></li> </ul>

#### Aligned Resources:

Resources (e.g. time, budget, staff, and community resources) are aligned to school priorities. Improving achievement guides resource allocation. Making the most of student time and staffing is a priority. The school organizes resources school-wide through schedules and staffing plans that target additional time and individual attention to those students who need it most and to highest priority subject areas.

Score  
1    2    3    4

In SY 2016, Woodson will continue to implement MTSS as one of our facilities classes. In MTSS, students receive targeted interventions in reading and math using Achieve3000 and Think Through Math for students in grades 2-8 and Starfall for students in K-1st grades. Students receive instant feedback using these programs. Also, the MTSS teacher uses NWEA, ANET, DIBELS and MClass data to target greatest content areas of focus for Woodson students in literacy and math.

#### Guide for Aligned Resources

- **Design a school day that is responsive to student needs.**
  - Use CPS Instructional Time Guidelines to maximize instructional time.
  - Use CPS Instructional Block Guidelines to maximize academic-engaged time.
- **Align the budget to the CIWP priorities and the mission of the school.**
  - Avoid overemphasis on the purchase of products/programs that are not research based or do not respond to SEF needs.
  - Leverage strategic source vendors to maximize dollars.
  - Seek and obtain grants to support articulated needs.
  - Use grant funds strategically to support areas of highest need.
  - Maximize the use of supplemental funding to close any priority group achievement gaps.
- **Streamline purchase procedures to minimize lapses between ordering and receiving materials.**
- **Evaluate, to the extent possible, the consequences for student learning of resource allocation decisions to develop an evidence base of outcomes of particular uses of resources.**
- **Have a 'hiring team' and collaborative hiring process with clear selection criteria to identify and select best available candidates.**
  - Actively work to build a pool of potential staff members, particularly difficult to fill positions (e.g. staff to serve English learners).
  - Use an interview process including a protocol for questioning and select highly qualified candidates.
  - Require a classroom lesson demonstration to assess candidate expertise, philosophy and commitment.
  - Check teachers' previous performance at CPS schools.
- **Strategically assign teachers to grade and content areas to create a balanced team with a variety of strengths.**
  - Ensure all students have fair access to high-quality teachers in the school.
- **Effectively utilize Related Service Providers at the classroom level.**
- **Use data including teacher evaluations and exit interviews to inform a retention strategy.**
  - Create a positive climate and working conditions for teaching that attracts and retains educator talent.
  - Create opportunities for growth including opportunities for staff to assume additional leadership roles or pursue personal growth goals.
  - Track retention rates over time and use this information to isolate staffing strengths and identify opportunities to improve.
  - Solicit information from staff using exit interviews/surveys to understand reasons for leaving school or district.
- **Make outreach efforts to engage community members as partners and resources.**
- **Partner with one or more organizations that share the values of the school and have a complementary mission to the school's vision.**
  - Monitor the impact of partner organizations' activity.

#### Evidence, Measures, and Standards

EVIDENCE, MEASURES, AND STANDARDS

Expectations for depth & breadth of Student Learning

4 of 4 complete

#### Curriculum:

The curriculum – what students should know and be able to do - makes standards come alive for students. All students have access to an academically rigorous curriculum that inspires students to think and contribute high quality work to authentic audiences beyond the classroom. The curriculum fully integrates academic and social emotional learning opportunities for all students, including diverse learners, English learners, and advanced learners. The school regularly examines the curriculum to check alignment to standards and opportunities for all students to meet those standards.

Score

1 2 3 4

Woodson will continue to use a balanced literacy reading curriculum and Eureka math curriculum for the 2016 school year. This will be Woodson's third year of implementing the balanced literacy curriculum and our second year of implementing Eureka. An area of growth is receiving more professional developments for our math teachers in terms of integrating differentiated tasks with Eureka and for grades 6-8, what resources should teachers use to give students homework. We have seen steady increases in student achievement in both reading and math.

#### Guide for Curriculum

- Adhere to the CPS Content Frameworks (Math (<https://sites.google.com/a/cps.edu/kc/curriculum/content-area-subpages/library-science/cps-virtual-library/math-content-framework--virtual-library>), Science (<https://sites.google.com/a/cps.edu/kc/curriculum/content-area-subpages/science/cps-science-content-framework>), Social Science (<https://sites.google.com/a/cps.edu/kc/curriculum/content-area-subpages/social-science-1/social-science-content-framework-3-0>), and Literacy (<https://sites.google.com/a/cps.edu/kc/curriculum/content-area-subpages/literacy/cps-literacy-content-framework-2-0>)) to ensure alignment of scope and text and task complexity.
  - Provide a range and depth to knowledge and understanding of learning experiences that are language and content rich.
- Align units of instruction (horizontally/vertically) to scope and sequence maps and pace units and lessons appropriately.
  - Focus so units can be adequately addressed in the time available.
  - Examine formative data to determine mastery and pace. Discuss how much time it takes to adequately address the essential elements, and the viability of documents that articulate essential content and timing of delivery (e.g. pacing guides, curriculum maps).
- Utilize the 'big ideas' that should be taught to determine whether students are being taught the body of knowledge, the understandings and the skills expected.
  - Identify the essential understandings – what students should learn in greater depth. In other words, know 'covering everything but learning nothing' does not work.
- Expose and extend opportunities for all students to grade appropriate levels of text complexity in all types of texts, including informational in all content areas.
  - Articulate language goals that are separate from and support content goals. Literacy - reading, writing and speaking are essential 'learning tools' across the curriculum (disciplinary literacy).
- Engage all learners in content areas by fully integrating opportunities for all learners, including:
  - Diverse learners to demonstrate core knowledge and skills.
  - English Learners to develop academic language to demonstrate mastery.
    - Use English and native language development in addition to content standards to differentiate for English learners.
    - Understand research and implement programs to develop native language literacy for English learners.
  - Advanced learners to extend core knowledge and skills.
- Distinguish qualitatively and quantitatively between 'regular courses' and 'advanced courses' (e.g. AP (<http://apcentral.collegeboard.com/home>), gifted (<https://docs.google.com/a/cps.edu/viewer?a=v&pid=sites&srcid=Y3BzLmVkdXxrY3xneDoyYjI1NGI4MmY3YTlxYTgz>), etc.)
- Integrate academic and social emotional learning.
- Reach outside of the classroom for real world (or simulated) application. For example,

- Incorporate web capabilities for interactivity and information sharing.
- Integrate field-based learning through partnerships with city institutions (e.g. museums (<https://sites.google.com/a/cps.edu/kc/home/teachers/museum-resources>)), colleges, universities, and community based organizations.

## Evidence, Measures, and Standards

### Instructional Materials:

Materials to present learning content and what the learner uses to demonstrate are characterized by variability and flexibility. Materials are identified and adapted to increase access to learning for all students. Materials include multimedia and embedded, just-in-time supports; varied tools and supports; alternative pathways, and varied levels of support and challenge. (adapted from UDL Guidelines 2.0)

Score  
1 2 3 4

We have increased the level of technology in our school. We have a total of six pods. Now each pod has approximately 30 chromebook computers that they can access at all times. Also, now teachers can do more interactive activities, using their Smartboards to facilitate even greater access to multi-media learning opportunities.

### Guide for Instructional Materials

#### Instructional materials (including technology) are....

- Aligned to curricular plans and expectations of the standards.
- Varied and flexible.
  - Are selected and adapted based on learning objectives and learner needs.
  - Include a variety of quality media, manipulatives and supplies to achieve valued learning outcomes.
- Intentionally planned by identifying or adapting appropriate tools (including technology) for specific instructional needs.
  - Student outcomes and developmental appropriateness determine when and who will use the materials.
  - Materials are updated/upgraded in response to new information and understandings.
- Equitably available and accessible to all teachers and students.
  - Teachers and students have available a variety of high quality, standards-aligned instructional materials and resources.
  - Materials are in English and native language for English learners.
  - Reference and resource materials are readily available and circulated throughout the school.
- Include multimedia and embedded, just-in-time supports (e.g. hyperlinked glossaries, background information, and on-screen coaching) – for conveying conceptual knowledge.
  - Students interact with instructional materials to engage all modalities in the learning process.
  - Technology is integral to students learning experiences.
  - Units and lessons include grade-appropriate levels of texts and other materials so every student can access the content/skills.
- Include tools and supports needed to access, analyze, organize, synthesize, and demonstrate understanding in varied ways – for learning and expression of knowledge.
  - The needs of the students at different performance levels are met by using a variety of instructional materials that allow students to draw on all of their learning capacities.
  - The teacher models effective use of various materials.
  - Students understand that materials are a means to acquire language, knowledge, and competencies.
  - Technology enhances students' higher order, creative thinking and problem solving.
  - Materials connect subject area content to real life applications.
- Include alternative pathways including choice of content, varied levels of support and challenge, and options for recruiting and sustaining interest and motivation – for engaging and learning.
  - Students make choices about instructional materials as part of learning.
  - Materials address the needs of the total child: cognitive, linguistic, social, emotional, physical, and aesthetic.
  - Consumables are often non-print supplies that promote active, hands-on learning.

## Evidence, Measures, and Standards

EVIDENCE, MEASURES, AND STANDARDS	
Suggested Evidence	<ul style="list-style-type: none"> <li>✓ Cross-section of materials from a variety of content areas and grade levels</li> <li>✓ Evidence of scaffolding and differentiation for all students to access the content/skills</li> <li>✓ Description of materials in curriculum and/or lesson plans</li> <li>✓ Presence of varied texts, supplementary media (e.g. videos)</li> </ul>
Measures	<ul style="list-style-type: none"> <li>✓ SQRP Attainment and Growth</li> </ul>
Five Essentials	Ambitious instruction Supportive Environment
CPS Framework for Teaching	<ul style="list-style-type: none"> <li><u>1a. Demonstrating Knowledge of Content and Pedagogy</u></li> <li><u>1b. Demonstrating Knowledge of Students</u></li> <li><u>1c. Selecting Learning Objectives</u></li> <li><u>1d. Designing Coherent Instruction</u></li> </ul>
CPS Performance Standards for School Leaders	A3. Allocates Resources to Support Student Learning, Prioritizing Time

### Rigorous Student Tasks:

The school regularly examines student work - what students are being asked to do on in their classrooms - across grades or courses in all content areas. Examining the texts and tasks students experience provides the necessary insight to gauge rigor and illuminate how the standards are actualized prompting the question whether or not approaches support the true spirit of college and career readiness. (adapted from The Education Trust – Equity in Motion Series)

Score  
1    2    3    4

Teachers are asked to present graded assessments at their core content meetings once per month. These assessments must be graded and show teacher feedback. At these meetings, teachers use Hess's Cognitive Rigor Matrix to evaluate the level of rigor on the assessments. We discuss the level of rigor, and if it is a DOK level 1 assessment, we discuss ways in which the assessment could have a variety of low- to high- level, more rigorous tasks.

### Guide for Rigorous Student Tasks

- **Begin with the belief that all students can learn. (see *Culture for Learning*)**
  - Convey high learning expectations for all students and develop structures that enable practice and perseverance for each individual student.
  - Create an environment where students assume responsibility for high-quality work by persevering, initiating improvements, addressing critiques, making revisions, adding detail and/or helping peers.
  - Communicate the necessity of attendance and engagement everyday in order to succeed.
- **Plan and assign tasks that are cognitively challenging for individual students and require students to provide evidence of their reasoning.**
  - Align tasks with standards-based learning objectives that reflect the depth of knowledge expectations.
  - Tasks are Integrative to draw on multiple standards.
  - Teach for Robust Understanding in Mathematics (TRU Math ([https://sites.google.com/a/cps.edu/kc/curriculum/content-area-subpages/math/tru-math-dimensions/TRU%20Math%20-%20Conversation%20Guide%20\(Short%20Version\).pdf?attredirects=0&d=1](https://sites.google.com/a/cps.edu/kc/curriculum/content-area-subpages/math/tru-math-dimensions/TRU%20Math%20-%20Conversation%20Guide%20(Short%20Version).pdf?attredirects=0&d=1)))). Engage students with important mathematical ideas, not simply receiving knowledge, requiring students to engage in productive struggle.
- **Tasks reflect the key shifts in literacy.**
  - **Complexity:** Tasks reward close reading of complex text; Focus on comprehension of academic language, not obscure vocabulary.
  - **Evidence:** Cite evidence from text and write to sources, not decontextualized prompts.
  - **Knowledge (non-fiction):** Tasks embed reading and writing across disciplines with a variety of literary and informational complex texts and tasks and demonstrate comprehension through speaking, listening.
- **Tasks reflect the key shifts in mathematics.**
  - **Focus:** Tasks reflect a curricular and instructional focus on the major work in (e.g. operational fluency and number sense in K-2).
  - **Coherence:** Multi-grade progressions stress key beginnings (e.g. ratios in 6th grade) and key end points (e.g. fluency with multiplication in 3rd);
  - **Rigor:** Problems require construction of mathematical reasoning and critiques of other possible solutions.
- **Provide opportunities for students to create authentic work for real audiences (beyond the teacher) to motivate them to meet standards and engage in critique and revision.**
  - Analyze models with students to build a vision of quality.
  - Use protocols to collectively reflect regularly on the level of cognitive demand asked of students across the school, particularly priority group students, to think strategically as speakers, listeners, readers, and writers.
  - Analyze student work samples as part of professional learning to best support students' attainment of quality work and standards.
- **Examine student work to identify and showcase the qualities of strategic thinking that are both rich in content and relevant for students.**
  - Analyze models with students to build a vision of quality.
  - Use protocols to collectively reflect regularly on the level of cognitive demand asked of students across the school, particularly priority group students, to think strategically as speakers, listeners, readers, and writers.
  - Analyze student work samples as part of professional learning to best support students' attainment of quality work and standards.

#### Transitions, College & Career Access & Persistence:

The school creates pathways to success built on a vision in which all students leave secondary school with a clear plan for their initial postsecondary destination, whether in apprenticeship training, work, or college. All students have equal access to college preparatory curriculum to be successful. The school is characterized by structures for developing early postsecondary awareness and the knowledge and skills that lay the foundation for the academic rigor and social development necessary for college and career success. Students are equipped with the confidence in their ability to implement and adapt their plan throughout their lives as they and the world around them change. This vision sees students as the architects of their own lives.(adapted from Creating Pathways to Success, Ontario)

Score  
1   2   3   4

Through our partnership with Citizenschools, students have the opportunity to learn about prospective colleges and universities, go on college trips, and to participate in apprenticeships. Students choose the apprenticeships that they would like to participate in. Twice during the year, students present their findings to their parents, teachers and peers at the Citizenschools "Wow!"

#### Guide for Transitions, College & Career Access & Persistence

- **TRANSITIONS - Have structures and processes in place to ensure successful transitions (e.g. into school , grade to grade, school to school, school to post-secondary).**
  - Mitigate the adverse effects experienced by some students in transition – such as arriving part-way through the school year – that can cause students to fall behind or become disengaged from school.
  - Monitor the progress of English learners after transition from services.
  - Provide programs and interventions that help students as they move from middle school through Freshmen year, including but not limited to: High School Investigation Days, Freshmen Connection program (where budget allows), and a robust Freshmen Orientation program. Implement targeted holistic student supports the entire Freshmen year.
  - Provide sustained summer learning experiences to minimize learning loss and support key transition periods (e.g. summers before Kindergarten, HS, and college).
    - Use student data and best practices research to develop focused programs.
    - Expand access beyond students who are struggling academically.
    - Provide school counseling and postsecondary advising transition support and follow-up during "Summer Melt" and the first year of college.
- **AWARENESS - Expose students early to academic/professional worlds beyond K-12.**
  - Provide students opportunities to discover personal talents and skills, identify career interests, and pursue coursework/activities necessary to reach personal, academic and career goals.
  - Expose students to a range of career paths and the educational requirements of each to improve long-term planning and goal-setting.
  - Start the conversation about college in primary grades.
  - Make parents aware of academic opportunities and supports for their child.
- **READINESS – Ensure equitable access to college preparatory curriculum.**
  - Provide access to 8<sup>th</sup> Grade Algebra to all eligible 8<sup>th</sup> grade students.
  - Provide access to early college and career coursework and credential opportunities while in HS (e.g. AP credit, Dual credit, industry credentials (CTE), Seal of Biliteracy)
  - Teach students to analyze their transcripts and test scores, as well as connect course selection, attendance, and grades to their continued success and access to postsecondary options, and adjust their actions and behavior to make progress toward graduation and their top postsecondary choice. Provide support and motivation to encourage B's or better and improving attendance.
  - Create opportunities for students to explore college and career knowledge, mindsets, and skills necessary for academic planning and goal setting.
  - Find opportunities to work with all students on academic and personal behaviors, including persistence, engagement, work habits/organization, communication/ collaboration, and self-regulation.
  - In Naviance, develop an Individual Learning Plan that tracks coursework, college and career assessments, goal setting, 6th-12th grade milestones completion that culminates in a concrete postsecondary plan.
- **SUCCESS - Provide direct assistance to all students and families through every stage of the college selection, application, and entry process (Transition to College (HS))** including, but not limited to academic planning/advising to assist with:
  - Selecting colleges with the best institutional graduation rates for their level of qualifications. (Students of all qualification levels are more likely to graduate from college if they attend a postsecondary institution with high graduation rates)
  - Researching/comparing options including short and long-term financial outcomes, comparing college graduation rates, and other statistics to narrow down options.
  - Researching living wage options such as an apprenticeship or certification programs for students who wish to work after high school and/or want to delay college.

- Applying to multiple colleges—generally three or more.
- Navigating financial aid and capitalizing on grant and scholarship opportunities.

## Evidence, Measures, and Standards

Expectations for depth & breadth of Quality Teaching

3 of 3 complete

### Instruction:

The teachers have finely honed instructional skills. They can shift from one approach to another as the situation demands by carefully monitoring the effect of their teaching on student learning. They seamlessly incorporate ideas and concepts from other parts of the curriculum into their explanations and activities. Their questions probe student thinking and serve to extend understanding. They promote the emergence of self-directed learners.

Score

1    2    3    4

Through the use of administrative feedback, staff development meetings/ PM sessions, ILT walkthroughs, and grade level team meetings, staff understands that in order to bridge achievement gaps then we must have a laser type focus on instruction. Staff knows that they need to have their plans in by 9a.m. on Sunday weekly. The administrative team also uses a lesson plan rubric to assess instructional planning. Instruction is at the core of everything that we do at Woodson.

### Guide for Instruction

- **Plan a range of effective pedagogical approaches suitable to student learning of the content/skills taught and anticipate student misconceptions.**
  - Guide students to articulate the relevance of the objective(s) to learning.
  - Anticipate possible student misunderstanding.
  - Enable students to develop a conceptual understanding of content while making connections to their interests, knowledge, and experience.
  - Enable students to contribute to extending the content by explaining concepts to their classmates.
  - Build on students' language development and understanding of content.
  - Use vocabulary appropriately for students' ages and development. Students contribute to the correct use of academic vocabulary.
- **Effectively communicate with students.**
  - Guide students to articulate the relevance of the objective(s) to learning.
  - Anticipate possible student misunderstanding.
  - Enable students to develop a conceptual understanding of content while making connections to their interests, knowledge, and experience.
  - Enable students to contribute to extending the content by explaining concepts to their classmates.
  - Build on students' language development and understanding of content.
  - Use vocabulary appropriately for students' ages and development. Students contribute to the correct use of academic vocabulary.
- **Use questioning and discussion as techniques to deepen student understanding and challenge.**
  - Use a variety of low- and high-level, open-ended, and developmentally appropriate questions to challenge students cognitively, advance high level thinking and discourse, and promote metacognition.
  - Use techniques that enable students to engage each other in authentic discussions about content. And, enable students to formulate their own questions and respectfully challenge one another using viable arguments based on evidence.
  - Encourage student responsibility for ensuring all voices are heard in the discourse and that all students are listening and responding to questions and answers from their teacher and peers.
  - Require students to cite textual evidence to support/develop a claim.
- **Engage students in learning.**
  - Scaffold instruction to ensure all students, including diverse learners and English Learners, access complex texts and engage in complex tasks.
  - Provide targeted supports to individual students or groups of students based on their identified needs.
  - Provide instruction designed to develop language domains for English learners.
- **Monitor the effect of teaching on student learning and integrate formative assessment into instruction.**
  - Monitor progress and check for understanding for individual students.
  - Change instructional practice based on analysis of current data.
  - Use universally designed assessments that allow for multiple pathways for students to demonstrate understanding of the objective(s).
  - Also see *Balanced Assessment*.
- **Persist in adjusting instruction so individual student misunderstandings or advanced needs are successfully accommodated.**
  - Intervene in a timely and effective way to help students who are struggling.
  - When formative assessments show a need for intervention or enrichment, make effective impromptu adjustments that individualize instruction.
  - Use progress monitoring data to trace effectiveness of interventions and student response to intervention.

### Multi-Tiered System of Support:

The school is characterized by full implementation a system of academic and social emotional (SEL) supports for all students. Every day, in all classrooms, all teachers provide: Universal instruction in the core curriculum - academic & SEL (Tier 1) to all students; additional targeted academic and SEL supports (Tier 2) where needed; and deep and intense supports (Tier 3) based on individual and small group needs. The school also monitors On Track data (grades/GPA and attendance (ES), and course credits (HS)) to provide interventions/supports for students at risk for failure and/or truancy.

Score  
1    2    3    4

While we do offer targeted academic interventions for our students in K-9 through our MTSS class, the inability to have a full time social worker or psychologist makes it difficult to integrate Tier 2 and Tier 3 supports daily with fidelity. These issues are discussed in our Foundations Meetings. We are a year 1 school using Second Step. We plan on using that again next year and having teachers redirect students using the language of Second Step.

### Guide for Multi-Tiered System of Support

- **TIER 1 - Persist in adjusting instruction so individual student misunderstandings or advanced needs are successfully accommodated. (3e)**
  - Intervene in a timely and effective way to help students who are struggling.
  - When formative assessments show a need for intervention or enrichment, teachers make effective impromptu adjustments that individualize instruction for students.
  - Use progress monitoring data to trace effectiveness of interventions and student response to intervention.
- **TIER 1 - Customize the learning environment, pace, and approach of teaching and curriculum in order to meet each learners' individual needs ('Personalized Learning').**
  - Empower student to advance their learning.
  - Use up-to-date individual student profiles that include strengths, needs, motivations, and outlines an individualized path to reach his/her goals.
  - Classrooms are student-centered with student agency.
  - Each student has the opportunity to advance upon demonstrating mastery.
- **ON TRACK - Provide universal supports to prevent failing and absenteeism and targeted interventions for grades below "C" or chronic absenteeism. (On Track)**
  - Identify students off track due to low attendance and poor course performance and provide intensive supports to address root causes of why students have low grades and poor attendance.
- **TIER 2 & 3 - Collaborate and work as teams of teachers and Related Service Providers (RSP) to plan and monitor targeted student support with varied instructional strategies and SEL support of varying degrees of intensity for all students.**
  - Monitor students requiring and receiving targeted and intensive instruction/interventions.
  - Use the Problem Solving Process to plan Tier 2 and 3 instruction/interventions.
  - Determine appropriate interventions for students or groups of students not making adequate progress.
  - Use progress monitoring data to track effectiveness of interventions and student response to intervention.
- **TIER 2 & 3 – Implement Personal Learning Plans (PLP (<https://sites.google.com/a/cps.edu/kc/curriculum/instructional-supports/school-year-supports---personal-learning-plans>)) goals and intervention strategies for students requiring school year supports as described in Elementary School Promotion Policy (Board Report 09-1028-PO2).**
  - Ensure implementation of these plans, review subsequent 5 week data, determine the effectiveness of the strategies and adjust plans as needed.
- **Communicate to parents/guardians the additional supports and/or interventions provided for their child to better align school and home environments.**

## Evidence, Measures, and Standards

CPS Performance Standards for School Leaders	B3. MTSS Implemented Effectively in School

#### Balanced Assessment & Grading:

A balanced assessment system effectively measures the depth and breadth of student learning and monitors student progress towards college and career readiness. It also produces actionable data to inform planning for instruction, academic supports, and resource allocation. To meet these goals, a balanced assessment system must include multiple measures and be responsive to the needs of all students, including diverse learners and English learners.

Score

1    2    3    4

We are mandated by the district to make certain that all teachers have a minimum of 1 classwork, 1 homework and 1 formative assessment assigned per week. This is monitored at the school level on a bi-weekly basis. We also conduct progress monitoring using formative assessments and ANET (grades 2-8) as well as DIBELS (grade K-2). We also will continue to use Think through Math and Achieve 3000 to progress monitor students on a weekly basis.

#### Guide for Balanced Assessment & Grading

- Use multiple measures (i.e. a range of assessment types and at multiple points in time) to supplement district-centralized assessments with other formative assessments to provide a more comprehensive picture of student learning.
- Use screening, diagnostic, and progress monitoring assessment to correctly identify specific gaps and monitor improvement, especially for students receiving Tier 2 and 3 services, in addition to Tier 1 core instruction. (also see MTSS and Instruction)
- Make assessments accessible to students, including diverse learners and English Learners through employing features of universal design (<http://www.udlcenter.org/aboutudl/udlcurriculum>) and use of accommodations and, where needed, modifications.
  - Provide accommodations in presentation (i.e. how assessment text and tasks are presented to students), response (i.e. how students provide their answers), and/or setting/timing (i.e. scheduling/location of assessment).
- Utilize assessments that reflect the key shifts in literacy and mathematics in teacher created or selected assessments. (see Rigorous Student Tasks)
- Utilize assessments that measure the development of academic language for English learners.
- Have access to and analyze school-wide, teacher team, and classroom assessment data to determine instructional effectiveness and subsequent learning needs
- Improve and promote assessment literacy.
  - Work together on building common assessments within a department, course, or grade level team.
  - Invest resources in helping teachers evaluate and improve the quality of formative assessments. For example, use the Assessment Design Toolkit (<http://www.csai-online.org/spotlight/assessment-design-toolkit>).
  - Use common protocols and calibrate on scoring and grading in teacher teams.
  - Analyze quality and alignment of assessments and tasks to ensure they meet the expectations of the standards and embed various levels of complexity.
- Have a grading system that clearly, accurately, consistently, and fairly communicates learning progress and achievement to students, families, postsecondary institutions, and prospective employers.
  - Ensure that students, families, teachers, counselors, advisors, and support specialists have the detailed information they need to make important decisions about a student's education.
  - Measure, report, and document student progress and proficiency:
    - Against a set of clearly defined cross-curricular and content-area standards and learning objectives collaboratively developed with staff.
    - Separately from work habits, character traits, and behaviors, so that educators, counselors, advisors, and support specialists can accurately determine the difference between learning needs and behavioral or work-habit needs. academic mindsets and behaviors (CCSR).
  - Ensure consistency and fairness in the assessment of learning, and assignment of scores and proficiency levels against the same learning standards, across students, teachers, assessments, learning experiences, content areas, and time.

- Ensure grades are not used as a form of punishment, control, or compliance.

## Expectations for Quality & Character of School Life

6 of 6 complete

### Culture for Learning:

A culture for learning is characterized by a school atmosphere that reflects the educational importance of the work undertaken by both students and staff. It describes the norms that govern the interactions among individuals about the mindsets (e.g. ability/confidence to grow with effort), academic behaviors (e.g. attending classes, completing assignments), the learning strategies and skills, the value of perseverance despite challenges and obstacles, and the general tone of the school. The classroom is characterized by high cognitive energy, by a sense that what is happening there is important, and that it is essential to "get it right." There are high expectations for all students. The classroom is a place where teachers and students value learning and hard work, and students take visible delight in accomplishing their work. Staff believe they can make a difference, that their hard work is the fundamental cause of student achievement, and are invested in student outcomes.

Score

1    2    3    4

There are high expectations for learning from most teachers in the school. Reviewing assessment data and student artifacts in all classrooms is the best way to do this. This has occurred at math and ELA core content meetings. Using the classroom environment checklist is a measure that we use at Woodson to assure that the learning environment is one that establishes a high culture for learning from all students. The administrative team uses this checklist to review classrooms on a bi-weekly basis and to provide teachers with feedback to improve the culture for learning in their classroom. In SY16 the ILT will play a larger role making certain the classroom environment in all classrooms is one that promotes a strong culture for learning.

### Guide for Culture for Learning

- **Create a culture that reflects a shared belief in the importance of learning and hard work.**
  - Use strategies to reinforce and cultivate student curiosity.
  - Make learning goals relevant to students, and inspire students to stay committed to their learning goals.
  - Consistently communicate the expectation that all students can achieve at high levels.
  - Utilize strategies to encourage daily and timely attendance.
- **Convey high learning expectations for all students and develop structures that enable practice and perseverance for each individual student.**
  - Clearly display school-wide expectations for academic and personal success throughout the building.
  - Set high expectations according to grade-appropriate learning objectives.
  - Differentiate expectations so all students stretch to not only meet but exceed personal learning goals.
  - Recognize high levels of student achievement. All students receive recognition.
  - Encourage student resilience and hard work.
  - Ensure students feel safe to share misunderstandings and struggles.
- **Encourage students to take ownership and pride in their work where students assume responsibility for high-quality work by persevering, initiating improvements, addressing critiques, making revisions, adding detail and/or helping peers.**
  - Students self-assess (e.g. checking own work before giving to teacher) to develop a reflective habit of mind essential for improvement. This ensures students take responsibility for their own learning, focuses attention on criteria for success, and increases effort and persistence.
- **Provide students frequent, informative feedback.**
  - Tell/show students what they have done well (through positive reinforcement) and what they need to do to improve, including clarifying criteria and goals.

- Give feedback on the task, the processes used to complete the task, and on the student's ability to self-regulate their own learning.
- **Develop academic mindsets and behaviors.**
  - Teach a growth mindset that over time with effort and practice, students can learn and succeed.
  - Encourage students' sense of belonging to the school and classroom community (see Relational Trust).
  - Employ strategies including ongoing monitoring and support of students' academic behaviors.
  - Praise effort and process. For example, "Good job, that must have taken a lot of effort" instead of, "Good job. You must be really smart."

## Evidence, Measures, and Standards

Evidence, Measures, and Standards	
Suggested Evidence	<ul style="list-style-type: none"> <li>✓ Sample of individual student learning goals from a cross-section of teachers</li> <li>✓ Also review student work evidence from Rigorous Student Tasks</li> </ul>
Measures	<ul style="list-style-type: none"> <li>✓ Five Essentials – Ambitious Instruction</li> <li>✓ SQRP Attainment and Growth</li> </ul>
Five Essentials	<ul style="list-style-type: none"> <li>Ambitious Instruction</li> <li>Collaborative Teachers</li> <li>Supportive Environment</li> </ul>
CPS Framework for Teaching	<a href="#">2b. Establishing a Culture for Learning</a>
CPS Performance Standards for School Leaders	C1. Creates a Culture that Supports Social Emotional Learning and Effective Effort

### Relational Trust:

The school is characterized by high levels of relational trust between all school participants - the "glue" or the essential element that coordinates and supports the processes essential to effective school improvement. Interactions, both between the teacher and students and among students, are highly respectful, reflecting genuine warmth and caring. Students contribute to high levels of civility. Interactions are sensitive to students as individuals, appropriate to the ages and development of individual students, and to the context of the class. The net result of interactions is that of academic and personal connections among students and adults.

### Score

1    2    3    4

Generally the interactions between students and teachers are respectful. Teachers tend to take an outside interest in most students and use that to promote trust among scholar and teacher. We are still instituting measures to better language among students (particularly in sporting or other competitive situations). In grades K-5 we will continue to use Second Step and morning meetings to promote civility and relational trust. In grades 6-8, the middle school does a weekly advisory and inculcates Second Step in the social studies curriculum to encourage good citizenship among students and respect toward adults.

## Guide for Relational Trust

- **Develop trusting relationships with students so each student has at least one trusted adult in the school.**
  - Adults are responsible for occasional check-ins or serve as mentors.
- **Adult-student interactions are positive, caring, and respectful.**
  - Ensure a greater proportion of interactions are positive (as opposed to corrective) between staff and student consistently school-wide.
- **Student interactions are mutually supportive and respectful, with strong norms for positive behavior.**
  - Create opportunities for students to build positive relationships with peers.
  - Create opportunities for older students to mentor younger students.
- **Understand diversity and its impact on student learning; recognize and integrate the learning opportunities that come from a diverse community.**
  - Create opportunities for students to learn about the community they serve (e.g. culture and neighborhoods).
  - Have mutual respect for individual differences (e.g. gender, race, culture, etc.) at all levels of the school—student-student; adult-student; adult-adult and overall norms for tolerance.
  - Provide training to engage diverse families and communities.
- **Support and respect one another, personally and professionally (Teacher-Teacher Trust, Teacher-Principal Trust)**
  - Respect other teachers who take the lead in school improvement efforts.
  - Respect colleagues who are experts at their craft.
  - Exchanges are marked by genuinely listening to what each person has to say and by taking these views into account in subsequent actions. Even when people disagree, individuals can still feel valued if others respect their opinions.
  - Personal regard springs from a collective willingness to extend beyond the formal requirements of a job definition or a union contract (e.g. openness or reaching out to others).
- **Utilize relationships as a means of deterring truant behavior brought on by unspoken hurdles a child may be facing.**

## Evidence, Measures, and Standards

## EVIDENCE, MEASURES, AND STANDARDS

Suggested Evidence	✓ Five Essentials/My Voice, My School Survey ✓ School Climate Standards Self-Assessment
Measures	✓ Five Essentials
Five Essentials	Collaborative Teachers Supportive Environment
CPS Framework for Teaching	<u>1b. Demonstrating Knowledge of Students</u> <u>2a. Creating an Environment of Respect and Rapport</u>
CPS Performance Standards for School Leaders	D2. Creates, develops and sustains relationships that result in active student engagement the learning process E1. Creates a Culturally Responsiveness Climate

### Student Voice, Engagement, & Civic Life:

Students are interested and engaged in learning, invested in their school, and contributing to their community. The school provides early and ongoing exposure to a wide range of extracurricular activities and rigorous courses and programming.

Score

1    2    3    4

This year the morning meetings, the middle school advisory meetings and the Second Step curriculum afford students an opportunity to voice their concerns about issues impacting their community, both here at school, their neighborhood, or home. Students in grades 5-8 are eligible to play flag football, basketball, softball, and track. This has been a good motivation for students that struggle with behavior. However we continue to struggle with volunteers willing to coach our teams. This is an area of growth for SY16.

### Guide for Student Voice, Engagement, & Civic Life

#### Students...

- Have equitable access to a wide range of extracurricular and enrichment opportunities that build leadership, nurture talents and interests, and increase attendance and engagement with the school.
  - Student needs, interest, and input are solicited for student programming.
  - Impact and quality of extracurricular and enrichment activities are measured regularly.
- Have equitable access to rigorous courses/programming (e.g. AP, IB, magnet, dual credit, CTE).
  - Student needs, interest, and input are solicited for student programming.
- Have a choice.
  - Respectful student questioning and inquiry is embraced. Students choose issues of concern, research topics relevant to their lives, and develop their own plans to address them.
  - Learning activities are personalized to match students' needs and interests, and students are involved in decisions that affect their learning.
- Have a voice and take informed action.
  - Students are included in key conversations about their learning experience and work with the principal and staff to identify issues and implement solutions. (e.g. student voice committee).
  - Students initiate and lead some school improvement initiatives.
  - Students participate in democratic decision-making at the school level.
  - Students identify and research issues of relevance and work together to propose/advocate for solutions.
- Connect to decision-makers.
  - Students learn about the structures and roles of government and civil society. They learn how to engage with elected officials and decision makers, and learn they have power and practice using it.
  - Students learn about issues and candidates, prepare voter education materials and get involved.
  - All eligible students are asked to register to vote.
- Make positive contributions to the school and community.
  - Civic engagement is the project of entire school. Teachers and school staff collaborate across disciplines and grade levels to align and embed civic skills and content in curriculum.
  - Curriculum based projects, including service learning experiences, are present in various disciplines, and link students to community resources and partners.
  - Incorporate writing for audience beyond the teacher (presentation based learning).
- Learn to evaluate and consider multiple viewpoints by discussing current and controversial topics.
- Consider how people in a democratic society effect change.
- Consider their roles and responsibilities as a member of the community.
- In high school, students are enrolled in Civics courses.

#### Safety & Order:

The school is characterized by high levels of safety and order. Students feel physically and emotionally safe from harm, and adults work to actively maintain a safe, orderly school environment.

Score  
1    2    3    4

Second Step has helped students avoid conflict and resolve conflict peacefully. All teachers and most staff have access to Student logger and IMPACT, which allows staff to make referrals for adverse behaviors. Students know that they are to tell a teacher before promoting violence.

#### Guide for Safety & Order

- Ensure students and adults feel physically, socially, intellectually, and emotionally safe throughout the school.
- Provide clear procedures for reporting and responding to safety concerns.
- Manage efficient and orderly transitions between activities.
  - Manage classroom routines and procedures to maximize instructional time.
  - Orchestrate the environment so students contribute to the management of classroom routines (e.g. transitions) without disruption of learning).
  - Arrival, dismissal, and other school-wide transitions are safe, efficient, and orderly.
- Provide a framework for positive behavior throughout the school based on shared values and expectations.
  - Have shared expectations for positive behavior. (See Restorative Approaches to Discipline)
- Teach, model, and reinforce (by all staff members) clear behavior expectations for all areas of the school.
  - All adults use active supervision (move, scan, and interact) in all settings.
- Emphasize proactive, instructive, and restorative approaches to student behavior and minimize punitive consequences through policies and procedures. (See Restorative Approaches to Discipline)
  - Adults correct misbehavior in ways that reinforce established expectations and cause minimal disruption to learning.
- Clarify criteria for office referrals versus classroom managed behavior.

#### Evidence, Measures, and Standards

CPS Framework for Teaching	<a href="#">2a. Creating an Environment of Respect and Rapport</a> <a href="#">2c. Managing Classroom Procedures</a> <a href="#">2d. Managing Student Behavior</a>
CPS Performance Standards for School Leaders	A4. Creates a Safe, Clean and Orderly Learning Environment

#### Restorative Approaches to Discipline:

The school is characterized by having and implementing policies and procedures that emphasize proactive, instructive, and restorative approaches minimizing punitive consequences. Discipline practices primarily focus on shaping behavior as opposed to punishing behavior. The school only uses out-of-school suspension as a last resort and utilizes a systems-change approach to bring

Score  
1    2    3    4

about a more restorative culture. The school is also characterized by strong and consistent school and classroom climates. The school reinforces positive behaviors and responds to misbehaviors in calm, respectful, and thoughtful ways, teaching students important social and emotional skills that enable them to get along with others, make responsible decisions, and focus on learning. When misbehavior occurs, the school seeks to understand the underlying reasons (root cause) in order to design a response that effectively changes student behavior using a menu of instructive, corrective and restorative responses.

In lieu of suspension, we employ a variety of restorative justice practices. These include peace circles, parent conferences, administrative meetings, and referrals to the social worker as a means to keep students present in school and closer to improving their academic outcomes.

### Guide for Restorative Approaches to Discipline

- **PROACTIVE - Reinforce positive student behavior with clear expectations, routines, and procedures.**
  - A team meets regularly to organize systems that support a restorative environment.
  - Post and refer to clear, positively stated expectations and model expected behaviors.
  - Create routines and procedures central to the learning environment.
  - Engage families as partners.
  - Contact families frequently to inform them of positive student behavior and progress.
  - Vary acknowledgements and provide both short and long term opportunities for reinforcement for all students.
- **INSTRUCTIVE - Integrate universal SEL skills instruction and core content.**
  - Intentionally teach competencies outlined in SEL Standards. Use discipline as opportunity to teach these skills.
  - Use a Multi-tiered System of Supports (MTSS) for social, emotional, and behavioral growth.
    - Use data to determine which behaviors should be retaught or more heavily reinforced.
  - Explicitly teach expected behavior and positively reinforce consistently school-wide.
  - Avoid power struggles with students by offering choices. Redirect students privately and respectfully.
- **RESTORATIVE - Employ a continuum of responses to behavior to effectively change student behavior.**
  - Ensure classroom instruction continues when problem behavior occurs.
  - Prefer responses that do not remove students from regular instructional setting or after school activities.
  - Respond to behavior to address the cause, reteach expectations, build social emotional skills, and repair relationships with staff or peers.
  - Designate an administrator, such as a dean or restorative practices coordinator, responsible for leading centrally-managed response to behaviors using consistent, restorative procedures.
  - Support teachers to engage in restorative conversations or respond to behavior incidents.
  - Provide opportunities for students to take responsibility for repairing harm caused by their actions.
  - Assign detention and ISS only for students who have a pattern of misbehavior and have not responded to non-exclusionary interventions, or when separation is a logical response to the behavior.
    - Include specific interventions to address social and emotional skill development, communicate with teachers to repair relationships, maintain classroom work, and connect to behavioral intervention services as necessary.
    - Establish a clear procedure for obtaining assignments from teachers to mitigate the impact of lost instruction for students assigned to ISS.
    - Designate space and consistent staff to support implementation of ISS.
  - (Optional) Develop a Behavioral Health Team to coordinate appropriate behavioral interventions.

### Evidence, Measures, and Standards

EVIDENCE, MEASURES, AND STANDARDS	
Suggested Evidence	✓ Misconduct data (Dashboard)
Measures	✓ My Voice, My School survey responses

CPS Performance Standards for School Leaders	C3. Staff/Student Behavior Aligned to Mission and Vision of School
Content Standards	Social Emotional Learning Standards

### Parent Partnership:

The school develops strong parent partnerships characterized by involving parents in the instructional program, messaging expectations, fostering a better connection between the school and home, and inspiring participation and high levels of collaboration with families. The school provides opportunities for families to volunteer, build its parent community, and support the school's operations through activities including but not limited to participation on parent councils (e.g. PACs, BACs and PLNs). There are high levels of communication between schools and families is mutual and two-way. Families have a way to voice concerns and schools address and respond to input.

Score  
1   2   3   4

The PAC and LSC have been very integral to partnering with parents. However, we intend on having increased parental involvement through the creation of 2 literacy nights and 2 math & science nights for SY16. In SY15 we will continue to develop a Woodson list serve to communicate with parents. We have also increased our efforts of using robo calls to communicate with parents. Teachers do monthly newsletters and keep in contact with parents through their websites. Also, Principal Littlejohn does a monthly newsletter that goes out to parents.

## Guide for Parent Partnership

- Establish a non-threatening, welcoming environment that is warm, inviting, and helpful.
- Provide frequent, high quality, well publicized opportunities for families and community to participate in authentic and engaging activities in the school community (e.g. student performances/ exhibitions, literacy or math events).
- Provide multiple opportunities for parents to ask questions, raise concerns, and give feedback.
  - Respond to families' concerns and requests for information professionally and in a timely manner, providing resources and solutions to address the concerns.
- Solicit the support and engagement of families as partners in the instructional program (e.g. volunteering, working at home with their child, involvement in class and school projects in and out of school, and parent workshops).
  - Host events for parents to share with other parents how home and school complement each other.
  - Share best practices around learning and development with parents to support students at home.
  - Inform parents of grade level standards and expectations and grading policies with a clear description of what meeting the standard looks like.
  - Inform parents of attendance expectations and the impact of attendance on a student's trajectory.
  - Assist parents to volunteer in the school and/or participate on teams/committees.
  - Promote the use of **Parent Portal** and **Parent University** to connect and engage parents with school.
- Frequently communicate with families about class and individual activities and individual student's progress.
  - Regularly inform parents of their child's progress across all relevant measures: attendance, discipline, academics, social-emotional learning, and health and wellness.
  - Send regular, positive, personalized communication from a staff member.
  - Use a variety of consistent communication methods (e.g. calls, text, newsletter, website, face to face) sensitive to cultural norms and needs.
- Conduct intensive outreach to families in need of specialized support through home visits and collaboration with social services agencies.
  - School responses to student excessive absences and/or tardiness includes outreach to families.
- Provide proactive communication (e.g. parent handbook and resources).
- Partner equitably with parents speaking languages other than English.
  - Information is provided to parents in their native language.
  - Parent meetings scheduled with interpreters present to facilitate participation.

(Blank)

(Blank)

(Blank)

	Actual	Actual	Goal	Goal
OSS per 100 (all students)	24.82	13.21	12.29	11.43
The number of out-of-school suspensions per 100 students shows the number of reported incidents that result in a OSS for every 100 students at the school. This helps account for schools of different sizes when considering how frequently students are suspended, and makes it possible to make school level comparisons. The rate is calculated by taking the number of incidents that result in an out-of-school suspension and dividing it by the total number of enrolled students and then multiplying that figure by 100. The goal is to reduce this metric by at least 7% annually.				
OSS per 100 (Diverse Learners only)	15.58	9.67	8.32	7.15
The number of out-of-school suspensions per 100 students for diverse learners shows the number of reported incidents for diverse learners that result in a OSS for every 100 diverse learners at the school. This helps account for schools of different sizes when considering how frequently diverse learners are suspended, and makes it possible to make school level comparisons of diverse learner suspension rates. The rate is calculated by taking the number of incidents that result in an out-of-school suspension for diverse learners and dividing it by the total number of enrolled diverse learners and then multiplying that figure by 100. The goal is to reduce this metric by at least 7% annually.				
Number of Group 4, 5, 6 Infractions	84.00	52.00	49.00	44.00
This metric shows the total number of times in a school year that a school reports behaviors that violate the Student Code of Conduct in Group 4, 5, and 6. This can be one indicator of how well schools are implementing social and emotional learning curriculum and integrating SEL into core academic instruction. Misconducts classified as Groups 4-6 include moderate, serious, or illegal behaviors. This metric is calculated by summing the total number of times a Group 4, 5, or 6 code is assigned to any incident reported for the given year. NOTE: This number may be higher than the actual number of incidents reports as sometimes multiple violations of the Student Code of Conduct may be indicated per misconduct report. The goal is to reduce this metric by at 5% the first year and 10% the following year.				
Use of Codes 3-6 and 4-9	24.00	11.00	4.00	3.00
This metric indicates the number of times a school reports behaviors that violated codes 3-6 or 4-9 of the Student Code of Conduct. These codes are considered "catch-all" codes and should only be used when absolutely necessary as no other codes are appropriate. 3-6 is "Any behavior not otherwise listed in Groups 1 through 3 of this SCC that seriously disrupts the education process." 4-9 is "Any behavior not otherwise listed in Groups 1 through 4 of this SCC that very seriously disrupts the educational process." This metric is calculated by summing the total number of times a code 3-6 or 4-9 is assigned to any incident reported for the given year. The goal is to reduce this metric by at least 60% the first year and another 40% the second year.				
% of Misconducts Resulting in a Restorative, Instructive, or Corrective Response as the Highest-level of Response Taken	32.40	48.50	60.00	72.00
This metric shows the percent of incidents that result in a restorative, instructive, or corrective response and does not also result in an in-school or out-of-school suspension. This metric is calculated by taking the number of incidents reported that do not have an in-school or out-of-school suspension assigned to the incident number and dividing it by the total number of incidents for a given year. The goal is to increase this metric to at least 75% over a 3-year period.				

## Strategies

### Strategy 1

If we do...

UbD unit plans that are CCSS aligned with our

...then we see...

a balanced literacy approach to reading (close

...which leads to...

a minimum yearly 10% growth on amount of

scope and sequence from our interim assessments with Achievement Network and the CPS knowledge center every 8 weeks. These plans will be guided by the teacher leadership of the Woodson ILT and administration to support the effective backwards planning of the major and minor works of the grade. In addition, if we co create lesson plans that meet the cognitive demand of top tiers of the DOK and the Rigor and Relevance Framework during instructional delivery

reading, shared reading, writing, and word study), and math instruction that is vertically aligned, rigorous, and intentional on scaffolding the students towards mastery of the standards taught for the grade. We will see lessons that are intentionally planned to meet the level 3 and 4 of the DOK (level 3 is strategic thinking and level 4 is extended thinking) that is planned with the end in mind that. We will see progress monitoring of the standards taught for each cycle and reteaching plans during week 7 and 8 of the teaching cycle to close the learning gaps as shown by the assessment data. We will also see strategic intervention from Citizen Schools with co collaboration in planning, AARP, researched based computer programs, and before and after school academic supports.

students that reaching attainment for the NWEA/ PARCC assessments. A minimum 10% yearly gain of the amount of students that are meeting their end of year growth targets on the NWEA/PARCC and mClass assessments

#### Tags:

Assessment, Teacher Teams/Collaboration, ILT, Assessments, Balanced literacy, Nwea, Parcc, Lesson planning, After-school, Academic perfor, Common core state standards, Achievement, Dok and ubd, Curriculum map, Data analysis, Backwards design

Action step	Responsible	Timeframe	Evidence for status	Status
ILT develop UbD unit plans with teachers	ILT and Administration	Jul 1, 2016 to Jun 30, 2018	Ubd Unit plans	Not started
Achievement Network Interim assessment Schedule of Assessed Standards (SAS) pacing plan per cycle	ILT chairpersons Administration	Jul 1, 2016 to Jun 30, 2018	Anet pacing plans per cycle	Not started
Collaborative teacher team planning meetings	ILT chairpersons	Aug 29, 2016 to Jun 30, 2017	Teacher Team Meetings Rubrics	Not started

## Strategy 2

If we do...

strategic research based professional development during all teacher in service days and weekly teacher team meetings that are guided by the ILT, administration, and consultants, that develops the teachers instructional delivery, rigor of tasks and higher level questioning, the gradual release of responsibility model, and the advanced use of Kagan cooperative learning strategies to differentiate standards based mClass , Interim Assessment NWEA/ PARCC data.

...then we see...

we will see a school wide culture among teacher teams for learning that puts a cognitive demand on students that requires them to be critical thinkers that perform at the higher levels of the DOK. We see scaffolded small group instruction organized by student interim and district benchmark assessment data during core and after school instruction.

...which leads to...

We will see student ownership of their progress on the standards taught through color coded data folders and tracking of standards taught. We will see a culture for students that embodies Woodson's core values for academic learning. Students will aim for a minimum of 80% proficiency for all standards taught. This transparency will yield to greater student efficacy and parental support towards academic benchmarks.

#### Tags:

ILT, Professional development, Differentiated instruction, Rigorous tasks, Kagan, Cooperative learning, Classroom rigor, Culture of learning, Students tasks, Critical thinkers, Gradual release of responsibility

Area(s) of focus:

2

Action step	Responsible	Timeframe	Evidence for status	Status
Professional Development for GRR	ILT and administration	Aug 29, 2016 to Jun 30, 2018	Rubrics for GRR implementation	Not started

Professional development and coaching with Kagan	Administration and Kagan consultant	Aug 29, 2016 to Jun 30, 2018	Rubrics for Kagan implementation	Not started
Weekly teacher team meetings on instructional strategies	ILT and Administation	Aug 29, 2016 to Jun 30, 2018	Teacher Team Meetings Agendas	Not started

### Strategy 3

If we do...

a MTSS approach to academic and behavioral supports that identifies the universal, tier II and tier III supports that will ensure academic and SEL supports for students

...then we see...

clear SMART goals that are progress monitored for tier II and tier III students that are aligned to academic areas of opportunity for reading and math. Instructional ladders implemented during core instruction on a weekly basis as it relates to the learning continuum on standards. We will see Achieve 3000 and Think Through Math being scaffolded to support the tier II and tier III inventions for reading and math. In addition we will also see school wide incentives for attendance for students that are in the yellow and need support to reach the goal of 95% yearly attendance. We will see staff members intervene as attendance check in on out ambassadors. We will also see the SEL programs such as Second Step and classroom management programs of CHAMPS and Teach Like a Champion. We will also see positive behavior trackers like class dojo, student logger, and the Citizen School paycheck system.

...which leads to...

an increase in yearly attendance school wide from 93.8% to 95%. An increase for our MSMV survey from yellow (Neutral) to green (Strong). A healthy competition among students as they compete for high scores for academic achievement for Achieve 3000, Think Through Math, and Starfall. This will also yield to students making more positive choices and being celebrated for S.T.A.R. (Woodson Core) behavior.

## Strategy 4

If we do...

Have a culture and climate team (Foundations Team) that is comprised of Administration, Teachers, ESP, Parents, and Community Partners that reviews Dashboard data, SCC infractions, and student logger entries.

...then we see...

bimonthly culture and climate team meetings (Foundations Team) that are using the strategies from the school culture protocol from Safe and Civil Schools. These established school wide norms will refine the common language of the Woodson core values of Scholarship, Teamwork, Accountability, and Respect through out the instructional day and common areas. In conjunction with the members of the Foundations team, we will see monthly activities that evoke the core values of STARS for students that meet the monthly criteria of being a STAR student the Foundations team will create monthly incentives.

Peer Jury, Peace Circles, Check in and Check out systems,

...which leads to...

students having a pride in what means to be a Woodson STAR student. In restorative conversations/ meetings with students students will identify the core values that are in question and the action steps to exemplify the standards of the core values of STARS. An increase from Yellow (neutral) to Green (strong) on the 5 essentials survey on student to teacher trust.

in reflection to second step strategies

## Supplemental General State Aid(SGSA)

My school receives SGSA funds

By checking the above box, the school is verifying that the attendance center complies with the statement regarding the use of SGSA funds:

1. The attendance center allocation is correctly based on the number of students eligible to receive free and reduced lunch and breakfast.
2. The attendance center has an approved plan, developed in consultation with teachers, administrators, and other appropriate personnel, and parents of these students attending the attendance center.
3. The attendance center's plan is approved by the LSC and CPS.
4. SGSA funded activities fall within the allowable program categories: early childhood education, reduced class size, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular programs as determined by the Illinois state board of education.
5. SGSA Funds supplement and do not supplant non-categorical and other categorical funds allocated to the attendance center.
6. SGSA funds are supporting only those activities specified in the school's approved plan/amendment.
7. SGSA funds are not used for capital expenditures. 8. SGSA funds are not used for any political or lobbying activities by the attendance center.

## NCLB Program

NCLB Schoolwide Program

(Not available to schools receiving NCLB funds for the first time) [Title 1/SW].

The school annually reviews the schoolwide plan/program. The schoolwide program plan is available to CPS, parents, and the public, and the information in the plan is in an understandable and uniform format, and to the extent practicable in a language the parents can understand.

NCLB Targeted Assistance Program Title I funded staff participate in the school's general professional development and school planning activities. Title I funded staff assume limited duties that are assigned to similar personnel including duties beyond the classroom, or that do not benefit Title I students, as long as the amount of time spent on such duties is the same proportion of the total work time with respect to similar staff.

Non-title school that does not receive any Title funds

## Parent Involvement in Targeted Assistance and Schoolwide Programs

I verify that the statement below is correct

No Child Left Behind (NCLB), the reauthorization of the Elementary and Secondary Act of 1965 continues a legislative commitment to parental involvement. Central features of prior reauthorizations, such as school-parent compacts, parent involvement policies, and the parent involvement funding formula remain unaltered. However, the NCLB reauthorization represents a notable shift in the role of parental involvement in the schools. It includes new provisions increasing parental notification requirements, parental selection of educational options, and parental involvement in governance. It envisions parents as informed and empowered decision makers in their children's education.

### Parent Plan

#### Parent Involvement Policy

Complete

Schools must involve parents in the joint development and periodic review and revision of the NCLB, Title I school parental involvement plan and policy, and in the process of school review and improvement. Please describe how this will be accomplished.

The school will send out a survey during report card pickup and host two meetings per school year to allow parents to voice their concerns (regarding academics, the vision and mission of the school, extracurricular activities, course offerings, and corporate as well as civic partnerships).

The school will hold an annual meeting at a time convenient to parents during the first month of school to inform them of the school's participation in NCLB, Title I programs and to explain the Title I requirements and their right to be involved in the Title I programs. The school will also offer a number of additional parental involvement meetings, including school PAC meetings, at different times and will invite all parents of children participating in the NCLB, Title I program to these meetings, and encourage them to attend. Please describe how this will be accomplished. Please list the projected date of your Title I Annual Meeting and your Title I PAC Organizational Meeting

The school should entice parents with refreshments and a gift card and in the evenings child care also. September 15th is the projected date for the Title I Annual Meeting and the Title I PAC Organizational Meeting.

Schools will provide parents information in a timely manner about its Title I program, including a description and explanation of the curriculum, the academic assessment tools used to measure children's progress, and the proficiency levels students are expected to meet. Please describe how this will be accomplished.

This will be sent home in chart form to parents along with grades (progress report).

At the request of parents, schools will provide opportunities for regular meetings, including the School Parent Advisory Council meetings, for parents to formulate suggestions and to participate, as appropriate, in decisions about the education of their children. Please describe how the school will immediately respond to any such suggestions.

The school will have monthly meetings to address any questions.

Schools will provide parents a report of their child's performance on the State assessment in at least math, language arts and reading. Please describe how this will be accomplished.

The school will do this via parent portal and on the telephone.

Schools will provide parents timely notice when their child has been assigned to, or taught by, a teacher who is not "highly qualified," as defined in the Title I Final Regulations, for at least four (4) consecutive weeks. Please describe how this will be accomplished.

A letter will be sent home.

Schools will assist parents of participating NCLB Title I children in understanding: the state's academic content standards; the state's student academic achievement standards; the state and local academic assessments including alternate assessments; the requirements of Title I, Part A; how to monitor their child's progress; and how to work with educators. Please describe how this will be accomplished.

A meeting with the child's teacher during report card pick up.

Schools will provide information, resources, materials and training, including literacy training and technology, as appropriate, to assist parents in working with their children to improve their academic achievement, and to encourage increased parental involvement. Please describe how this will be accomplished.

A night out informational and workshop.

Schools will educate all staff in the value and utility of contributions by parents and in how to reach out to, communicate and work with, parents as equal partners in the education of their children and in how to implement and coordinate parent programs and build ties with parents. Please describe how this will be accomplished.

This should be done through a workshop for staff or staff may fill out a survey and gather ideas to come with something.

Schools will, to the extent feasible and appropriate, coordinate and integrate parent programs and activities with Head Start, Reading First, Early Reading First involvement, Even Start, Home Instruction Programs for Preschool Youngsters, the Parents as Teachers Program, public preschool, and other programs, to further encourage and support parents in more fully participating in their children's education. Please describe how this will be accomplished.

This should be done through a family night out event.

Schools will ensure that information related to the school and parent programs, meetings, and other activities is sent to parents in understandable and uniform formats, including language. Please describe how this will be accomplished.

Through a letter sent home in the same format throughout the year. This will also be facilitated through robo-calls that will go out for certain events at the same time.

#### Policy Implementation Activities

- The LSC will approve the school improvement plan and monitor the CIWP.
- In the CIWP, the school identifies current parental involvement practices and outlines activities related to expanding parent partnership programs.
- The school will coordinate the parent involvement programs identified in the CIWP.
- The school will evaluate the parent involvement policy for effectiveness and make improvements as necessary.

Explain why any of the boxes above are unchecked: (type "n/a" if all are checked)

N/A

Parent Compact

Complete

The school will provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the participating student to meet the State's student academic achievement standards. Describe how the school will provide high-quality curriculum and instruction in a supportive environment. (Restate the school mission.)

The school should have enough materials for each pupil at the beginning of the year and teachers should have the support needed.

The school will hold parent-teacher conferences. Describe the kinds of parent-teacher conferences that will be held and the dates on which they are scheduled.

The parent-teacher conferences shall be held at report card pickup and as needed if a child is failing or missing assignments throughout the year.

The school will provide parents with frequent reports on their children's progress. Describe when and how the school will provide reports to parents.

This should be done between marking periods and bi-weekly for students not meeting standards.

The school will provide parents access to staff. Describe when, where and how staff will be available for consultations with parents.

Before and after-school access of staff to parents will be facilitated via phone, email, or in person through parent conferences meant to assure the success of each student.

The school will provide parents opportunities to volunteer and participate in their children's classes. Describe how and when parents may volunteer, participate, and observe classroom activities.

Woodson will allow parents access every day that class is in session. Parents will be able to volunteer after going through the processes established with CPS. Parents will be encouraged to shadow their children to advance the vision and mission of the school.

The parents will support their children's learning. Describe how the parents will assist learning (i.e. monitoring attendance, homework completion).

The parent portal and mid period progress reports will help to support parents' ability to track and monitor the progress of their student.

The parents will participate in decisions relating to the education of their children. Describe when, where and how parents will consult with the school.

Parents will consult with the school and participate in decisions relating to the education of their children at monthly PAC and LSC meetings.

The students will share the responsibility for improved student academic achievement. Describe how the students will assure academic achievement (i.e. good attendance, positive attitude, class preparation).

Students will assure their academic achievement by tracking their progress on student portal, the posted data walls, and individual data folders in ELA and math.

## Parent Budget

Complete

**Goals:** Indicate goals, timeline of activities and training topics that are designed to assist Parents with increasing their students' academic achievement. The overarching goal is to increase student academic achievement through parental involvement; specify your goals.

Increase Student Achievement through parental involvement.

Allocate your Mandated Title 1 Parent Involvement Funds to support your Parent Involvement Program.

Account(s)	Description	Allocation
