School Excellence Framework

Leadership & Collective Responsibility:

Leadership & Collective Responsibility is characterized by an unwavering commitment to fulfilling a shared vision of success. There is a clear focus and high expectations for staff and students, motivating the entire school community to continue striving for success for every student.

Score

1 2 3 4

We have scored in the "Well Organized" category in the 5 essentials survey for every year it has been in existence. We have a Vision and Mission statement that proposes we shall offer ALL students the opportunity to succeed and have followed that since we opened our doors in 2003. Since 2003 we have gone from a small school of 300 to almost 700 students, we have added two additions and a mobile unit and staff has increased from 17 to over 50. We review all data continually throughout the year to help us guide instruction and we craft the CIWP to focus on specific goals every year.

Guide for Leadership & Collective Responsibility

- **Set the direction and create a sense of purpose by building consensus on and implementing a shared vision.**
 - Consider the demographics of the school community in developing a shared vision.
 - Help stakeholders understand the relationship between the school's vision and their initiatives and priorities.
 - Consistently use informal and formal opportunities to champion and articulate the vision.
 - Act in ways that consistently reflect the school's core values, beliefs, and priorities in order to establish trust.
 - Ensure the school's identity, vision, and mission drive school decisions.
- **Inspire a culture of collective responsibility for the success of ALL students in the whole school (not solely teacher's own students).**
- **Empower others to make or influence significant decisions.**
 - Build shared leadership structures and opportunities for job-embedded leadership training and development.
 - Capitalize on the leadership skills of others.
 - Constantly listen and synthesize what is heard, and learn from all sources.
- **Employ the skills to effectively manage change.**
 - Master skills associated with large-scale strategic planning processes and implementation of such plans.
 - Steer through the challenges associated with making improvements, both large and small.
- **Create and sustain a coherent instructional program (coordinated and consistent) with learning goals.**
- **Use the CPS Framework for Teaching to ground instructional guidance and coaching.**
 - Model ambitious goals for teaching and learning for all students, including priority groups.
 - Draw from the best available evidence to inform instructional improvement decisions.
- **Enable staff to focus and prioritize what matters most.**
 - Buffer staff from external distractions to the school's priorities and goals.
 - Limit school improvement goals to a few high leverage activities.
 - Prioritize teaching challenging content, engaging students in learning, rigor and ways to raise achievement.

Evidence, Measures, and Standards

EVIDENCE, MEASURES, AND STANDARDS	
Suggested Evidence	✓ School's vision, beliefs, and how it is shared (e.g. presentations to community, promotional materials) ✓ Five Essentials – Program Coherence
Measures	✓ Five Essentials
Five Essentials	Effective Leaders Collaborative Teachers
CPS Framework for Teaching	<u>4d. Growing and Developing Professionally</u> <u>4e. Demonstrating Professionalism</u>
CPS Performance Standards for School Leaders	A1. Assesses the Current State of School Performance and Develops a CIWP A2. Implements Data Driven Decision Making and Data Driven Instruction A5. School Vision and Mission Drive Decision-Making D4. Demonstrates Change Management

Instructional Leadership Team:

The ILT is characterized by having a consistent structure for teacher leadership that is focused on creating and implementing the theories of action that improve teaching and learning. ILT meetings are a productive forum to identify challenges, collect and review evidence, exchange ideas, and propose and implement solutions to challenges to school improvement.

Score

1 2 3 4

The school's ILT works to inform instruction throughout the entire building. Every cluster is represented on the ILT and any information etc. covered in the ILT is then brought to each cluster by the representative. The ILT meets every other week, has an agenda and keeps minute that it shares with all staff electronically. Teacher collaboration scores high marks on the 5 essentials and teachers have common planning time to meet. Teacher clusters share in current practices through discussion of materials covered at Network PD's within the cluster meetings they hold every Tuesday. Teachers are also represented on the CIWP committee by elected representatives from each cluster.

Guide for Instructional Leadership Team

- Engage in on-going inquiry (e.g. continuous improvement cycles) as a basis for improvement.
 - Gain productive insight and take substantial new action or adjust strategy that clearly addresses root causes.
 - Relentlessly ask, “Is it working?” about every program, initiative, and strategy in the school.
 - Vet Initiatives and strategies on the basis of their direct or proven impact on outcomes.
 - Monitor if previous actions were implemented (fidelity) and working as intended. Ask, “If not, why not?”
- Share leadership for improving teaching and learning with representative school members.
 - Organize the team around a common understanding of team’s purpose and instructional priorities.
 - Represent all relevant specialty content areas, programs, related services, and grade bands/department teams and is an appropriate size.
 - Represent a balance of work styles (e.g. task-oriented, provides push-back, synthesizes, etc.)
- Use protocols and ask probing questions.
 - Ask questions focused on factors within sphere of control and avoid a focus on student factors.
 - Use appropriate protocols and level of analysis (grade, school-wide, individuals) for meeting purpose.
 - Systematically consider root cause(s) based on thorough review of evidence.
- Use timely and relevant data/evidence sources.
 - Gather and use current and relevant local student, school, teacher performance (e.g. attendance data, assessment results), and operational data formatively to review and revise school and classroom practices as needed.
 - Disaggregate data for priority student groups (e.g. English learners, diverse learners).
- Schedule and structure frequent meetings.
 - Meet regularly (2-4 times per month).
 - Use an agenda with a clear focus.
- Collaborate effectively, value transparency, and inform and engage stakeholders.
 - All team members have equity of voice and are actively engaged in asking questions.
 - Celebrate small wins and improvements.
 - Regularly inform and engage stakeholders of key data and work of the ILT.
- Build the capacity of teacher teams to lead cycles of learning and problem solving focused on student learning data and student work.

Evidence, Measures, and Standards

EVIDENCE, MEASURES, AND STANDARDS	
Suggested Evidence	<ul style="list-style-type: none"> ✓ ILT Effectiveness Rubric Score ✓ ILT artifacts (e.g. agenda, calendar, protocols, minutes) ✓ Evidence that work of ILT has contributed to positive outcomes for students and staff ✓ Teacher team agendas/minutes reflective of ILT focus
Measures	<ul style="list-style-type: none"> ✓ Five Essentials: Instructional Leadership
Five Essentials	<ul style="list-style-type: none"> Effective Leaders Collaborative Teachers
CPS Framework for Teaching	<ul style="list-style-type: none"> 4a. Reflecting on Teaching & Learning 4d. Growing and Developing Professionally 4e. Demonstrating Professionalism
CPS Performance Standards for School Leaders	<ul style="list-style-type: none"> A1. Assesses the Current State of School Performance and Develops a CIWP A2. Implements Data Driven Decision Making and Data Driven Instruction B5. Supports Teacher Teams

Professional Learning:

Professional Learning includes sufficient time, support, and ‘safe practice’ space to internalize new knowledge to change practice and beliefs. Adults persevere in collaboration with their colleagues to innovate and improve implementation of new practices.

Score

1 2 3 4

Teachers are given safe practice time during our Continuous cycles of improvement that we work on every semester. Teachers have common planning time every day and have cluster meetings during the week on Tuesday's. Every teacher is required to review data and make changes to instruction as needed according to this data. Teachers progress monitor the students and make changes as needed. Teachers work on PD provided by the Network, school and outside sources and all PD is shared schoolwide during the flex days we hold after school throughout the year. REACH observations are done in a coaching manner not a catching manner and administration and ILT work together to coach up new and struggling teachers.

Guide for Professional Learning

- Select and design professional learning (PL) to achieve school-wide improvement, including closing priority group achievement gaps.
 - Use data to identify performance and practice gaps to inform PL plan.
 - Use research about best practices to identify potential learning and subject matter experts to support.
 - Solicit feedback from staff to inform selection of PL opportunities.
 - Provide PL relevant to the cultural and linguistic needs of students.
 - Provide both whole staff and differentiated PL to individual teacher levels.
- Implement and sustain on-going, job-embedded professional learning (PL) (e.g. coaching, peer learning opportunities, action research)
 - Recommend and/or provide PL opportunities directly related to individuals’ specific areas of need and professional growth goals.

- Encourage staff to broaden networks to bring new knowledge and resources to learning environment.
- Teachers initiate opportunities for professional growth and proactively seek opportunities to enhance content knowledge and pedagogical skill.
- **Structure time for teachers to collaborate and learn together.**
 - Create schedules and systems to conduct peer observations, and coaching. Reflect on its impact.
 - Teachers provide and accept collegial support and feedback to/from colleagues.
 - Teachers participate in and facilitate professional inquiry in teams to advance student learning.
- **Make ‘safe practice’ an integral part of professional learning.**
 - Allow teachers ample time to try new strategies, refine skills, grapple with implementation problems, and share knowledge and experience.
 - Provide support that addresses the specific challenges of changing classroom practice. Provide coaching/mentoring support to validate continuing to work through struggles.
- **Monitor implementation to ensure staff uses new knowledge to improve practice and it is having the desired effect on practice and student outcomes.**
 - Conduct frequent non-REACH observations to provide coaching and actionable feedback.
- **Provide induction and support for new teachers.**
 - Assign each new teacher a mentor who is skilled in pedagogy and is an open, collaborative colleague.
 - Schedule a series of ‘learning experiences’ for new teachers that helps them navigate important initiatives (e.g. REACH) and provides information on school specific goals and resources.

Evidence, Measures, and Standards

EVIDENCE, MEASURES, AND STANDARDS	
Suggested Evidence	✓ School's PD Plan – review for goal alignment – does the plan advance the school's improvement agenda?
Measures	✓ PD agendas, PD feedback surveys ✓ Teacher practice improving on the Framework for Teaching (e.g. Basic>Proficient, Proficient>Distinguished)
Five Essentials	✓ SQRP Attainment and Growth ✓ Five Essentials: Collaborative Teachers
CPS Framework for Teaching	4a. Reflecting on Teaching & Learning 4d. Growing and Developing Professionally 4e. Demonstrating Professionalism
CPS Performance Standards for School Leaders	B2. Observes and Evaluates Staff and Gives Feedback to Staff B6. Professional Development Provided for Staff

Aligned Resources:

Resources (e.g. time, budget, staff, and community resources) are aligned to school priorities. Improving achievement guides resource allocation. Making the most of student time and staffing is a priority. The school organizes resources school-wide through schedules and staffing plans that target additional time and individual attention to those students who need it most and to highest priority subject areas.

Score

1 2 3 4

Everything we do is done for the good of the students and to foster superior instruction. All resources are used in what we feel is the best way possible for the students.

Guide for Aligned Resources

- **Design a school day that is responsive to student needs.**
 - Use CPS Instructional Time Guidelines to maximize instructional time.
 - Use CPS Instructional Block Guidelines to maximize academic-engaged time.
- **Align the budget to the CIWP priorities and the mission of the school.**
 - Avoid overemphasis on the purchase of products/programs that are not research based or do not respond to SEF needs.
 - Leverage strategic source vendors to maximize dollars.
 - Seek and obtain grants to support articulated needs.
 - Use grant funds strategically to support areas of highest need.
 - Maximize the use of supplemental funding to close any priority group achievement gaps.
- **Streamline purchase procedures to minimize lapses between ordering and receiving materials.**
- **Evaluate, to the extent possible, the consequences for student learning of resource allocation decisions to develop an evidence base of outcomes of particular uses of resources.**
- **Have a ‘hiring team’ and collaborative hiring process with clear selection criteria to identify and select best available candidates.**
 - Actively work to build a pool of potential staff members, particularly difficult to fill positions (e.g. staff to serve English learners).
 - Use an interview process including a protocol for questioning and select highly qualified candidates.
 - Require a classroom lesson demonstration to assess candidate expertise, philosophy and commitment.
 - Check teachers' previous performance at CPS schools.
- **Strategically assign teachers to grade and content areas to create a balanced team with a variety of strengths.**
 - Ensure all students have fair access to high-quality teachers in the school.
- **Effectively utilize Related Service Providers at the classroom level.**

- **Use data including teacher evaluations and exit interviews to inform a retention strategy.**
 - Create a positive climate and working conditions for teaching that attracts and retains educator talent.
 - Create opportunities for growth including opportunities for staff to assume additional leadership roles or pursue personal growth goals.
 - Track retention rates over time and use this information to isolate staffing strengths and identify opportunities to improve.
 - Solicit information from staff using exit interviews/surveys to understand reasons for leaving school or district.
- **Make outreach efforts to engage community members as partners and resources.**
- **Partner with one or more organizations that share the values of the school and have a complementary mission to the school's vision.**
 - Monitor the impact of partner organizations' activity.

Evidence, Measures, and Standards

EVIDENCE, MEASURES, AND STANDARDS	
Suggested Evidence	<ul style="list-style-type: none"> ✓ Schedules ✓ Teacher retention rates ✓ Staff exit interviews/surveys (data on reasons for leaving school or district) ✓ Candidate interview protocol documents ✓ List of community-based organizations that partner with the school and description of services ✓ Evidence of effectiveness of the services that community-based organizations provide ✓ Budget analysis and CIWP

CPS Performance Standards for School Leaders	A3. Allocates Resources to Support Student Learning, Prioritizing Time B4. Hires and Retains Highly Effective Teachers

Expectations for depth & breadth of Student Learning

4 of 4 complete

Curriculum:

The curriculum – what students should know and be able to do - makes standards come alive for students. All students have access to an academically rigorous curriculum that inspires students to think and contribute high quality work to authentic audiences beyond the classroom. The curriculum fully integrates academic and social emotional learning opportunities for all students, including diverse learners, English learners, and advanced learners. The school regularly examines the curriculum to check alignment to standards and opportunities for all students to meet those standards.

Score

1 2 3 4

Teachers meet with grade levels teams to provide curriculum map, scope and sequence outline for the academic school year. Each quarter teachers meet and evaluate what the students have masters and redevelop scope/sequence if needed. All reports have been submitted via email.

Thematic Units/Comprehensive Units are completed and turned in. Each teacher has an electronic folder that contains plans. The units are created in alignment with the curriculum maps and scope/sequence charts to ensure each and every standard is addressed within the school year.

Durkin Park Staff has adopted an S.E.L. Program called "Second Step". The program helps students by teaching self-regulation, exploring social-emotional competencies, and school connections. This research-based curriculum prevents peer rejection, impulsivity, antisocial behavior.

Guide for Curriculum

- **Adhere to the CPS Content Frameworks** (Math (<https://sites.google.com/a/cps.edu/kc/curriculum/content-area-subpages/library-science/cps-virtual-library/math-content-framework--virtual-library>), Science (<https://sites.google.com/a/cps.edu/kc/curriculum/content-area-subpages/science/cps-science-content-framework>), Social Science (<https://sites.google.com/a/cps.edu/kc/curriculum/content-area-subpages/social-science-1/social-science-content-framework-3-0>), and Literacy (<https://sites.google.com/a/cps.edu/kc/curriculum/content-area-subpages/literacy/cps-literacy-content-framework-2-0>)) to ensure alignment of scope and text and task complexity.
 - Provide a range and depth to knowledge and understanding of learning experiences that are language and content rich.
- **Align units of instruction (horizontally/vertically) to scope and sequence maps and pace units and lessons appropriately.**
 - Focus so units can be adequately addressed in the time available.
 - Examine formative data to determine mastery and pace. Discuss how much time it takes to adequately address the essential elements, and the viability of documents that articulate essential content and timing of delivery (e.g. pacing guides, curriculum maps).
- **Utilize the 'big ideas' that should be taught to determine whether students are being taught the body of knowledge, the understandings and**

the skills expected.

- Identify the essential understandings – what students should learn in greater depth. In other words, know ‘covering everything but learning nothing’ does not work.
- **Expose and extend opportunities for all students to grade appropriate levels of text complexity in all types of texts, including informational in all content areas.**
 - Articulate language goals that are separate from and support content goals. Literacy - reading, writing and speaking are essential ‘learning tools’ across the curriculum (disciplinary literacy).
- **Engage all learners in content areas by fully integrating opportunities for all learners, including:**
 - Diverse learners to demonstrate core knowledge and skills.
 - English Learners to develop academic language to demonstrate mastery.
 - Use English and native language development in addition to content standards to differentiate for English learners.
 - Understand research and implement programs to develop native language literacy for English learners.
 - Advanced learners to extend core knowledge and skills.
- **Distinguish qualitatively and quantitatively between ‘regular courses’ and ‘advanced courses’ (e.g. AP (<http://apcentral.collegeboard.com/home>), gifted (<https://docs.google.com/a/cps.edu/viewer?a=v&pid=sites&srcid=Y3BzLmVkdXxrY3xneDoyYjIINGl4MmY3YTlxYTgz>), etc.)**
- **Integrate academic and social emotional learning.**
- **Reach outside of the classroom for real world (or simulated) application. For example,**
 - Incorporate web capabilities for interactivity and information sharing.
 - Integrate field-based learning through partnerships with city institutions (e.g. museums (<https://sites.google.com/a/cps.edu/kc/home/teachers/museum-resources>)), colleges, universities, and community based organizations.

Evidence, Measures, and Standards

EVIDENCE, MEASURES, AND STANDARDS	
Suggested Evidence	<ul style="list-style-type: none">✓ Curriculum maps, vertical/horizontal✓ Sequencing and pacing guides✓ Thematic units which cover multiple disciplines✓ Comprehensive unit plans including assessments
Measures	<ul style="list-style-type: none">✓ SQRP Attainment and Growth
Five Essentials	Ambitious Instruction Effective Leaders Collaborative Teachers
CPS Framework for Teaching	<u>3a. Communicating with Students</u> <u>3c. Engaging Students in Learning</u> <u>1a. Demonstrating knowledge of content and pedagogy</u> <u>1d. Designing Coherent Instruction</u>
CPS Performance Standards for School Leaders	B1. Implements Curricular Scope and Sequence and Reviews Instructional Practices C1. Creates a Culture that Supports Social Emotional Learning and Effective Effort

Instructional Materials:

Score

Materials to present learning content and what the learner uses to demonstrate are characterized by variability and flexibility.

Materials are identified and adapted to increase access to learning for all students. Materials include multimedia and embedded, just-

in-time supports; varied tools and supports; alternative pathways, and varied levels of support and challenge. (adapted from UDL Guidelines 2.0)

1 2 3 4

In regards to ELA, teachers integrate informational texts into the unit plans that correlate with content for science and social science. Examples of such text include: Scholastic News for Kids and Time for Kids. Scaffolding and differentiation is apparent in all grade levels, resources such as: LLI (Leveled Literacy Intervention Kits), Fountas and Pinnell Guided Reading Leveled Texts, Readworks passages (chosen by Lexiles), and Wonders (supplemental curriculum series) are embedded into small group instruction. Computer tools used for progress monitoring, such as: razzkids, readingplus, studyisland, lexia, and cbm help teachers scaffold lessons for students. These programs drive instructional skills determined for modeling, guided practice, enrichment during small group.

The math curriculum used in K-8 is Go Math! This series is set up to meet all learning needs presented in a classroom. Resources include: intervention kit, enrichment program, on-level lessons, assessment tool kit, math games/challenges, and suggested performance assessments. Teachers also blend technology into the lessons. Programs used include: TTM (Think Through Math), Studyisland, Moby Math, Times Attack, Xtra Math, and Manga High.

The Science program uses a variety of resources to meet the students learning styles. STC Kits, FOSS kits, and Museum of Science and Industry Lesson are used to incorporate hands, body and sense of touch as the students learn the science content. Visual/Musical/Auditory learners are reached when multimedia tools such as: discovering education, united streaming, youtube are presented within a lesson. Teachers incorporate extended texts to within science/ELA units as well.

The Social Science program uses current magazines, newspapers, and extended texts to cross-content with ELA. Much authentic project based learning occurs within this content area. The upper grades use the series "Contemporary's American History 1: Before 1865".

Guide for Instructional Materials

Instructional materials (including technology) are.....

- **Aligned to curricular plans and expectations of the standards.**
- **Varied and flexible.**
 - Are selected and adapted based on learning objectives and learner needs.
 - Include a variety of quality media, manipulatives and supplies to achieve valued learning outcomes.
- **Intentionally planned by identifying or adapting appropriate tools (including technology) for specific instructional needs.**
 - Student outcomes and developmental appropriateness determine when and who will use the materials.
 - Materials are updated/upgraded in response to new information and understandings.
- **Equitably available and accessible to all teachers and students.**
 - Teachers and students have available a variety of high quality, standards-aligned instructional materials and resources.
 - Materials are in English and native language for English learners.
 - Reference and resource materials are readily available and circulated throughout the school.
- **Include multimedia and embedded, just-in-time supports (e.g. hyperlinked glossaries, background information, and on-screen coaching) – for conveying conceptual knowledge.**
 - Students interact with instructional materials to engage all modalities in the learning process.
 - Technology is integral to students learning experiences.
 - Units and lessons include grade-appropriate levels of texts and other materials so every student can access the content/skills.
- **Include tools and supports needed to access, analyze, organize, synthesize, and demonstrate understanding in varied ways – for learning and expression of knowledge.**
 - The needs of the students at different performance levels are met by using a variety of instructional materials that allow students to draw on all of their learning capacities.
 - The teacher models effective use of various materials.
 - Students understand that materials are a means to acquire language, knowledge, and competencies.
 - Technology enhances students' higher order, creative thinking and problem solving.
 - Materials connect subject area content to real life applications.
- **Include alternative pathways including choice of content, varied levels of support and challenge, and options for recruiting and sustaining interest and motivation – for engaging and learning.**
 - Students make choices about instructional materials as part of learning.
 - Materials address the needs of the total child: cognitive, linguistic, social, emotional, physical, and aesthetic.
 - Consumables are often non-print supplies that promote active, hands-on learning.

Evidence, Measures, and Standards

EVIDENCE, MEASURES, AND STANDARDS	
Suggested Evidence	<ul style="list-style-type: none"> ✓ Cross-section of materials from a variety of content areas and grade levels ✓ Evidence of scaffolding and differentiation for all students to access the content/skills ✓ Description of materials in curriculum and/or lesson plans ✓ Presence of varied texts, supplementary media (e.g. videos)
Measures	<ul style="list-style-type: none"> ✓ SQRP Attainment and Growth
Five Essentials	Ambitious instruction Supportive Environment
CPS Framework for Teaching	1a. Demonstrating Knowledge of Content and Pedagogy 1b. Demonstrating Knowledge of Students 1c. Selecting Learning Objectives 1d. Designing Coherent Instruction
CPS Performance Standards for School Leaders	A3. Allocates Resources to Support Student Learning, Prioritizing Time

Rigorous Student Tasks:

The school regularly examines student work - what students are being asked to do on in their classrooms - across grades or courses in all content areas. Examining the texts and tasks students experience provides the necessary insight to gauge rigor and illuminate how the standards are actualized prompting the question whether or not approaches support the true spirit of college and career readiness. (adapted from The Education Trust – Equity in Motion Series)

Score
1 2 3 4

The Network provides math and reading training sessions. During these training sessions, Durkin Park Teachers bring student artifacts/work to share with their CPS colleagues to analyze and determine levels of mastery. The Network also provides models of exemplary work for teachers to use as a resource when examining the work of the students from their own classroom/school. When teachers return to Durkin Park, from the Network trainings, clusters share information, discuss, and practice inspecting student work.

In addition, teachers are well versed with the CPS knowledge center website; which provides examples of exemplary work models.

With the new transition of Standard Based Bulletin Boards, teachers have a window of observation to gauge how/what student learning is occurring within other areas of the school.

Guide for Rigorous Student Tasks

- **Begin with the belief that all students can learn. (see *Culture for Learning*)**
 - Convey high learning expectations for all students and develop structures that enable practice and perseverance for each individual student.
 - Create an environment where students assume responsibility for high-quality work by persevering, initiating improvements, addressing critiques, making revisions, adding detail and/or helping peers.
 - Communicate the necessity of attendance and engagement everyday in order to succeed.
- **Plan and assign tasks that are cognitively challenging for individual students and require students to provide evidence of their reasoning.**
 - Align tasks with standards-based learning objectives that reflect the depth of knowledge expectations.
 - Tasks are Integrative to draw on multiple standards.
 - Teach for Robust Understanding in Mathematics (TRU Math ([https://sites.google.com/a/cps.edu/kc/curriculum/content-area-subpages/math/tru-math-dimensions/TRU%20Math%20-%20Conversation%20Guide%20\(Short%20Version\).pdf?attredirects=0&d=1](https://sites.google.com/a/cps.edu/kc/curriculum/content-area-subpages/math/tru-math-dimensions/TRU%20Math%20-%20Conversation%20Guide%20(Short%20Version).pdf?attredirects=0&d=1))). Engage students with important mathematical ideas, not simply receiving knowledge, requiring students to engage in productive struggle.
- **Tasks reflect the key shifts in literacy.**
 - **Complexity:** Tasks reward close reading of complex text; Focus on comprehension of academic language, not obscure vocabulary.
 - **Evidence:** Cite evidence from text and write to sources, not decontextualized prompts.
 - **Knowledge (non-fiction):** Tasks embed reading and writing across disciplines with a variety of literary and informational complex texts and tasks and demonstrate comprehension through speaking, listening.
- **Tasks reflect the key shifts in mathematics.**
 - **Focus:** Tasks reflect a curricular and instructional focus on the major work in (e.g. operational fluency and number sense in K-2).
 - **Coherence:** Multi-grade progressions stress key beginnings (e.g. ratios in 6th grade) and key end points (e.g. fluency with multiplication in 3rd);
 - **Rigor:** Problems require construction of mathematical reasoning and critiques of other possible solutions.
- **Provide opportunities for students to create authentic work for real audiences (beyond the teacher) to motivate them to meet standards and engage in critique and revision.**
 - Analyze models with students to build a vision of quality.
 - Use protocols to collectively reflect regularly on the level of cognitive demand asked of students across the school, particularly priority group students, to think strategically as speakers, listeners, readers, and writers.
 - Analyze student work samples as part of professional learning to best support students' attainment of quality work and standards.
- **Examine student work to identify and showcase the qualities of strategic thinking that are both rich in content and relevant for students.**
 - Analyze models with students to build a vision of quality.
 - Use protocols to collectively reflect regularly on the level of cognitive demand asked of students across the school, particularly priority group students, to think strategically as speakers, listeners, readers, and writers.
 - Analyze student work samples as part of professional learning to best support students' attainment of quality work and standards.

Evidence, Measures, and Standards

EVIDENCE, MEASURES, AND STANDARDS	
Suggested Evidence	<ul style="list-style-type: none"> ✓ Cross-section of student work from a variety of content areas ✓ Observation of student learning (e.g. learning walks/walkthroughs) ✓ Focus group(s) and discussions with students
Measures	✓ SQRP Attainment and Growth
Five Essentials	Ambitious instruction

Transitions, College & Career Access & Persistence:

The school creates pathways to success built on a vision in which all students leave secondary school with a clear plan for their initial postsecondary destination, whether in apprenticeship training, work, or college. All students have equal access to college preparatory curriculum to be successful. The school is characterized by structures for developing early postsecondary awareness and the knowledge and skills that lay the foundation for the academic rigor and social development necessary for college and career success. Students are equipped with the confidence in their ability to implement and adapt their plan throughout their lives as they and the world around them change. This vision sees students as the architects of their own lives.(adapted from Creating Pathways to Success, Ontario)

Score

1 2 3 4

Many of the Durkin Park teachers posted icons of their college/university alumni outside their classroom doors, to promote college interest.

Field Trips have included trips to the University of Chicago, to introduce students to colleges/university within the Chicagoland area. Other field trips, for example: to chiropractors office, MSI, Ultra Foods, provide insight to job opportunity options for students in the future.

Guide for Transitions, College & Career Access & Persistence

- **TRANSITIONS - Have structures and processes in place to ensure successful transitions (e.g. into school , grade to grade, school to school, school to post-secondary).**
 - Mitigate the adverse effects experienced by some students in transition – such as arriving part-way through the school year – that can cause students to fall behind or become disengaged from school.
 - Monitor the progress of English learners after transition from services.
 - Provide programs and interventions that help students as they move from middle school through Freshmen year, including but not limited to: High School Investigation Days, Freshmen Connection program (where budget allows), and a robust Freshmen Orientation program. Implement targeted holistic student supports the entire Freshmen year.
 - Provide sustained summer learning experiences to minimize learning loss and support key transition periods (e.g. summers before Kindergarten, HS, and college).
 - Use student data and best practices research to develop focused programs.
 - Expand access beyond students who are struggling academically.
 - Provide school counseling and postsecondary advising transition support and follow-up during "Summer Melt" and the first year of college.
- **AWARENESS - Expose students early to academic/professional worlds beyond K-12.**
 - Provide students opportunities to discover personal talents and skills, identify career interests, and pursue coursework/activities necessary to reach personal, academic and career goals.
 - Expose students to a range of career paths and the educational requirements of each to improve long-term planning and goal-setting.
 - Start the conversation about college in primary grades.
 - Make parents aware of academic opportunities and supports for their child.
- **READINESS – Ensure equitable access to college preparatory curriculum.**
 - Provide access to 8th Grade Algebra to all eligible 8th grade students.
 - Provide access to early college and career coursework and credential opportunities while in HS (e.g. AP credit, Dual credit, industry credentials (CTE), Seal of Biliteracy)
 - Teach students to analyze their transcripts and test scores, as well as connect course selection, attendance, and grades to their continued success and access to postsecondary options, and adjust their actions and behavior to make progress toward graduation and their top postsecondary choice. Provide support and motivation to encourage B's or better and improving attendance.
 - Create opportunities for students to explore college and career knowledge, mindsets, and skills necessary for academic planning and goal setting.
 - Find opportunities to work with all students on academic and personal behaviors, including persistence, engagement, work habits/organization, communication/ collaboration, and self-regulation.
 - In Naviance, develop an Individual Learning Plan that tracks coursework, college and career assessments, goal setting, 6th-12th grade milestones completion that culminates in a concrete postsecondary plan.
- **SUCCESS - Provide direct assistance to all students and families through every stage of the college selection, application, and entry process (Transition to College (HS))** including, but not limited to academic planning/advising to assist with:
 - Selecting colleges with the best institutional graduation rates for their level of qualifications. (Students of all qualification levels are more likely to graduate from college if they attend a postsecondary institution with high graduation rates)
 - Researching/comparing options including short and long-term financial outcomes, comparing college graduation rates, and other statistics to

- narrow down options.
- Researching living wage options such as an apprenticeship or certification programs for students who wish to work after high school and/or want to delay college.
 - Applying to multiple colleges—generally three or more.
 - Navigating financial aid and capitalizing on grant and scholarship opportunities.

Expectations for depth & breadth of Quality Teaching

3 of 3 complete

Instruction:

The teachers have finely honed instructional skills. They can shift from one approach to another as the situation demands by carefully monitoring the effect of their teaching on student learning. They seamlessly incorporate ideas and concepts from other parts of the curriculum into their explanations and activities. Their questions probe student thinking and serve to extend understanding. They promote the emergence of self-directed learners.

Score

1 2 3 4

We have flexible grouping and incorporate cognitively demanding tasks. Teachers and students use open-ended questions using the Depth of Knowledge. We engage in authentic discussions about content. We create an environment for students to create their own questions. The students engage in arguments/collaborative conversations based on evidence.

We set an environment where all students feel safe to participate. Students must always cite text evidence to support a claim.

Guide for Instruction

- **Plan a range of effective pedagogical approaches suitable to student learning of the content/skills taught and anticipate student misconceptions.**
 - Guide students to articulate the relevance of the objective(s) to learning.
 - Anticipate possible student misunderstanding.
 - Enable students to develop a conceptual understanding of content while making connections to their interests, knowledge, and experience.
 - Enable students to contribute to extending the content by explaining concepts to their classmates.
 - Build on students' language development and understanding of content.
 - Use vocabulary appropriately for students' ages and development. Students contribute to the correct use of academic vocabulary.
- **Effectively communicate with students.**
 - Guide students to articulate the relevance of the objective(s) to learning.
 - Anticipate possible student misunderstanding.
 - Enable students to develop a conceptual understanding of content while making connections to their interests, knowledge, and experience.
 - Enable students to contribute to extending the content by explaining concepts to their classmates.
 - Build on students' language development and understanding of content.
 - Use vocabulary appropriately for students' ages and development. Students contribute to the correct use of academic vocabulary.
- **Use questioning and discussion as techniques to deepen student understanding and challenge.**
 - Use a variety of low- and high-level, open-ended, and developmentally appropriate questions to challenge students cognitively, advance high level thinking and discourse, and promote metacognition.
 - Use techniques that enable students to engage each other in authentic discussions about content. And, enable students to formulate their own questions and respectfully challenge one another using viable arguments based on evidence.
 - Encourage student responsibility for ensuring all voices are heard in the discourse and that all students are listening and responding to questions and answers from their teacher and peers.
 - Require students to cite textual evidence to support/develop a claim.
- **Engage students in learning.**
 - Scaffold instruction to ensure all students, including diverse learners and English Learners, access complex texts and engage in complex tasks.
 - Provide targeted supports to individual students or groups of students based on their identified needs.
 - Provide instruction designed to develop language domains for English learners.
- **Monitor the effect of teaching on student learning and integrate formative assessment into instruction.**
 - Monitor progress and check for understanding for individual students.
 - Change instructional practice based on analysis of current data.
 - Use universally designed assessments that allow for multiple pathways for students to demonstrate understanding of the objective(s).
 - Also see *Balanced Assessment*.
- **Persist in adjusting instruction so individual student misunderstandings or advanced needs are successfully accommodated.**
 - Intervene in a timely and effective way to help students who are struggling.

- When formative assessments show a need for intervention or enrichment, make effective impromptu adjustments that individualize instruction.
- Use progress monitoring data to trace effectiveness of interventions and student response to intervention.

Multi-Tiered System of Support:

The school is characterized by full implementation a system of academic and social emotional (SEL) supports for all students. Every day, in all classrooms, all teachers provide: Universal instruction in the core curriculum - academic & SEL (Tier 1) to all students; additional targeted academic and SEL supports (Tier 2) where needed; and deep and intense supports (Tier 3) based on individual and small group needs. The school also monitors On Track data (grades/GPA and attendance (ES), and course credits (HS)) to provide interventions/supports for students at risk for failure and/or truancy.

Score

1 2 3 4

We use scaffolding for ELL and Diverse Learners. For Tier 1 students, we schedule small group and one-on-one conferences. We provide after school Reading and Math instruction. We use enrichment and intervention instruction. We modify instruction to accommodate various styles of learning. They are encouraged to be autonomous via a gradual release method implemented school wide.

For On-Track, students are given bi-weekly attendance rewards as an incentive. Students are given opportunities to improve grades and receive feedback during recess and after school.

We use monitoring tools such as Study Island, Think Through Math, Ten Marks, Accelerated Reader to monitor students in Tiers 2 and 3. We use the NWEA to help drive instructional support for students.

Teachers hold parent meetings for students. Teachers also use Class Dojo, Remind, Edmodo , phone calls and emails to give parents updates.

Guide for Multi-Tiered System of Support

- **TIER 1 - Persist in adjusting instruction so individual student misunderstandings or advanced needs are successfully accommodated. (3e)**
 - Intervene in a timely and effective way to help students who are struggling.
 - When formative assessments show a need for intervention or enrichment, teachers make effective impromptu adjustments that individualize instruction for students.
 - Use progress monitoring data to trace effectiveness of interventions and student response to intervention.
- **TIER 1 - Customize the learning environment, pace, and approach of teaching and curriculum in order to meet each learners' individual needs ('Personalized Learning').**
 - Empower student to advance their learning.
 - Use up-to-date individual student profiles that include strengths, needs, motivations, and outlines an individualized path to reach his/her goals.
 - Classrooms are student-centered with student agency.
 - Each student has the opportunity to advance upon demonstrating mastery.
- **ON TRACK - Provide universal supports to prevent failing and absenteeism and targeted interventions for grades below "C" or chronic absenteeism. (On Track)**
 - Identify students off track due to low attendance and poor course performance and provide intensive supports to address root causes of why students have low grades and poor attendance.
- **TIER 2 & 3 - Collaborate and work as teams of teachers and Related Service Providers (RSP) to plan and monitor targeted student support with varied instructional strategies and SEL support of varying degrees of intensity for all students.**
 - Monitor students requiring and receiving targeted and intensive instruction/interventions.
 - Use the Problem Solving Process to plan Tier 2 and 3 instruction/interventions.
 - Determine appropriate interventions for students or groups of students not making adequate progress.
 - Use progress monitoring data to track effectiveness of interventions and student response to intervention.
- **TIER 2 & 3 – Implement Personal Learning Plans (PLP (<https://sites.google.com/a/cps.edu/kc/curriculum/instructional-supports/school-year-supports---personal-learning-plans>)) goals and intervention strategies for students requiring school year supports as described in Elementary School Promotion Policy (Board Report 09-1028-PO2).**

- Ensure implementation of these plans, review subsequent 5 week data, determine the effectiveness of the strategies and adjust plans as needed.
- Communicate to parents/guardians the additional supports and/or interventions provided for their child to better align school and home environments.

Evidence, Measures, and Standards

Balanced Assessment & Grading:

A balanced assessment system effectively measures the depth and breadth of student learning and monitors student progress towards college and career readiness. It also produces actionable data to inform planning for instruction, academic supports, and resource allocation. To meet these goals, a balanced assessment system must include multiple measures and be responsive to the needs of all students, including diverse learners and English learners.

Score

1 2 3 4

Teachers use multiple measures to assess students including formal and informal assessments. Teachers use the assessments to drive instruction. We use the backwards design model. Students have access to assessments through different modes including visual, auditory, tactile, and kinesthetic.

Teachers collaborate in clusters on a weekly basis to discuss students' needs and challenges. Teachers review academic progress twice each quarter and make accommodations accordingly.

Teachers use rubrics to fairly apply grades across the spectrum of various learner to ensure grades are not used as punitive devices but as a fair assessment of their strengths.

Guide for Balanced Assessment & Grading

- Use multiple measures (i.e. a range of assessment types and at multiple points in time) to supplement district-centralized assessments with other formative assessments to provide a more comprehensive picture of student learning.
- Use screening, diagnostic, and progress monitoring assessment to correctly identify specific gaps and monitor improvement, especially for students receiving Tier 2 and 3 services, in addition to Tier 1 core instruction. (also see MTSS and Instruction)
- Make assessments accessible to students, including diverse learners and English Learners through employing features of universal design (<http://www.udlcenter.org/aboutudl/udlcurriculum>) and use of accommodations and, where needed, modifications.
 - Provide accommodations in presentation (i.e. how assessment text and tasks are presented to students), response (i.e. how students provide their answers), and/or setting/timing (i.e. scheduling/location of assessment).
- Utilize assessments that reflect the key shifts in literacy and mathematics in teacher created or selected assessments. (see Rigorous Student Tasks)
- Utilize assessments that measure the development of academic language for English learners.
- Have access to and analyze school-wide, teacher team, and classroom assessment data to determine instructional effectiveness and subsequent learning needs
- Improve and promote assessment literacy.
 - Work together on building common assessments within a department, course, or grade level team.
 - Invest resources in helping teachers evaluate and improve the quality of formative assessments. For example, use the Assessment Design Toolkit (<http://www.csai-online.org/spotlight/assessment-design-toolkit>).
 - Use common protocols and calibrate on scoring and grading in teacher teams.
 - Analyze quality and alignment of assessments and tasks to ensure they meet the expectations of the standards and embed various levels of

complexity.

- Have a grading system that clearly, accurately, consistently, and fairly communicates learning progress and achievement to students, families, postsecondary institutions, and prospective employers.
 - Ensure that students, families, teachers, counselors, advisors, and support specialists have the detailed information they need to make important decisions about a student's education.
 - Measure, report, and document student progress and proficiency:
 - Against a set of clearly defined cross-curricular and content-area standards and learning objectives collaboratively developed with staff.
 - Separately from work habits, character traits, and behaviors, so that educators, counselors, advisors, and support specialists can accurately determine the difference between learning needs and behavioral or work-habit needs. academic mindsets and behaviors (CCSR).
 - Ensure consistency and fairness in the assessment of learning, and assignment of scores and proficiency levels against the same learning standards, across students, teachers, assessments, learning experiences, content areas, and time.
 - Ensure grades are not used as a form of punishment, control, or compliance.

Expectations for Quality & Character of School Life

6 of 6 complete

Culture for Learning:

A culture for learning is characterized by a school atmosphere that reflects the educational importance of the work undertaken by both students and staff. It describes the norms that govern the interactions among individuals about the mindsets (e.g. ability/confidence to grow with effort), academic behaviors (e.g. attending classes, completing assignments), the learning strategies and skills, the value of perseverance despite challenges and obstacles, and the general tone of the school. The classroom is characterized by high cognitive energy, by a sense that what is happening there is important, and that it is essential to "get it right." There are high expectations for all students. The classroom is a place where teachers and students value learning and hard work, and students take visible delight in accomplishing their work. Staff believe they can make a difference, that their hard work is the fundamental cause of student achievement, and are invested in student outcomes.

Score

1 2 3 4

We try our best to foster a rigorous curriculum that is aligned to the CCSS in every subject. Teachers take part in PD and we spend all our schoolwide PD on increasing student academic success. We also have put a lot of time, effort and resources into creating an MTSS program that works to get primary students up to grade level before they reach the end of third grade. We are a well organized school according to the five essentials and have been every year since it came into existence. Student work mirrors the rigor in the classroom and the ability of our students to do well in High School and to get into selective enrollment high schools also speaks to our success.

Guide for Culture for Learning

- Create a culture that reflects a shared belief in the importance of learning and hard work.
 - Use strategies to reinforce and cultivate student curiosity.
 - Make learning goals relevant to students, and inspire students to stay committed to their learning goals.
 - Consistently communicate the expectation that all students can achieve at high levels.
 - Utilize strategies to encourage daily and timely attendance.
- Convey high learning expectations for all students and develop structures that enable practice and perseverance for each individual student.
 - Clearly display school-wide expectations for academic and personal success throughout the building.
 - Set high expectations according to grade-appropriate learning objectives.

- Differentiate expectations so all students stretch to not only meet but exceed personal learning goals.
- Recognize high levels of student achievement. All students receive recognition.
- Encourage student resilience and hard work.
- Ensure students feel safe to share misunderstandings and struggles.
- **Encourage students to take ownership and pride in their work where students assume responsibility for high-quality work by persevering, initiating improvements, addressing critiques, making revisions, adding detail and/or helping peers.**
 - Students self-assess (e.g. checking own work before giving to teacher) to develop a reflective habit of mind essential for improvement. This ensures students take responsibility for their own learning, focuses attention on criteria for success, and increases effort and persistence.
- **Provide students frequent, informative feedback.**
 - Tell/show students what they have done well (through positive reinforcement) and what they need to do to improve, including clarifying criteria and goals.
 - Give feedback on the task, the processes used to complete the task, and on the student's ability to self-regulate their own learning.
- **Develop academic mindsets and behaviors.**
 - Teach a growth mindset that over time with effort and practice, students can learn and succeed.
 - Encourage students' sense of belonging to the school and classroom community (see Relational Trust).
 - Employ strategies including ongoing monitoring and support of students' academic behaviors.
 - Praise effort and process. For example, "Good job, that must have taken a lot of effort" instead of, "Good job. You must be really smart."

Evidence, Measures, and Standards

Evidence, Measures, and Standards	
Suggested Evidence	✓ Sample of individual student learning goals from a cross-section of teachers ✓ Also review student work evidence from Rigorous Student Tasks
Measures	✓ Five Essentials – Ambitious Instruction ✓ SQRP Attainment and Growth
Five Essentials	Ambitious Instruction Collaborative Teachers Supportive Environment
CPS Framework for Teaching	2b. Establishing a Culture for Learning
CPS Performance Standards for School Leaders	C1. Creates a Culture that Supports Social Emotional Learning and Effective Effort

Relational Trust:

The school is characterized by high levels of relational trust between all school participants - the "glue" or the essential element that coordinates and supports the processes essential to effective school improvement. Interactions, both between the teacher and students and among students, are highly respectful, reflecting genuine warmth and caring. Students contribute to high levels of civility. Interactions are sensitive to students as individuals, appropriate to the ages and development of individual students, and to the context of the class. The net result of interactions is that of academic and personal connections among students and adults.

Score

1 2 3 4

Morning announcements with quarterly themes such as anti-bullying and respect.
Teachers work with MTSS to give students extra interventions and support as needed.

Cluster and grade level meetings= teachers discuss/share ideas about curriculum and specific students/whole class issues.

Guide for Relational Trust

- **Develop trusting relationships with students so each student has at least one trusted adult in the school.**
 - Adults are responsible for occasional check-ins or serve as mentors.
- **Adult-student interactions are positive, caring, and respectful.**
 - Ensure a greater proportion of interactions are positive (as opposed to corrective) between staff and student consistently school-wide.
- **Student interactions are mutually supportive and respectful, with strong norms for positive behavior.**
 - Create opportunities for students to build positive relationships with peers.
 - Create opportunities for older students to mentor younger students.
- **Understand diversity and its impact on student learning; recognize and integrate the learning opportunities that come from a diverse community.**
 - Create opportunities for students to learn about the community they serve (e.g. culture and neighborhoods).
 - Have mutual respect for individual differences (e.g. gender, race, culture, etc.) at all levels of the school—student-student; adult-student; adult-adult and overall norms for tolerance.
 - Provide training to engage diverse families and communities.
- **Support and respect one another, personally and professionally (Teacher-Teacher Trust, Teacher-Principal Trust)**
 - Respect other teachers who take the lead in school improvement efforts.
 - Respect colleagues who are experts at their craft.
 - Exchanges are marked by genuinely listening to what each person has to say and by taking these views into account in subsequent actions. Even when people disagree, individuals can still feel valued if others respect their opinions.
 - Personal regard springs from a collective willingness to extend beyond the formal requirements of a job definition or a union contract (e.g. openness or reaching out to others).

- Utilize relationships as a means of deterring truant behavior brought on by unspoken hurdles a child may be facing.

Student Voice, Engagement, & Civic Life:

Students are interested and engaged in learning, invested in their school, and contributing to their community. The school provides early and ongoing exposure to a wide range of extracurricular activities and rigorous courses and programming.

Score
1 2 3 4

Saint Jude Hospital fund raiser to help community members.
Pet shelter supply drive by 4th graders.
Nacho sales to purchase supplies/for extracurricular activities(folkloric dancing, etc)
Community and Schools program (Dario) (too many to list- Girls on the run, Small bites cooking classes,etc)
Ingenuity Grant- CPS grant Artists coming in to work with students and teachers to bring diverse cultures from our community together.
Small bites program- Introducing students to healthy eating habits that will transfer to new family habits.

Guide for Student Voice, Engagement, & Civic Life

Students...

- Have equitable access to a wide range of extracurricular and enrichment opportunities that build leadership, nurture talents and interests, and increase attendance and engagement with the school.
 - Student needs, interest, and input are solicited for student programming.
 - Impact and quality of extracurricular and enrichment activities are measured regularly.
- Have equitable access to rigorous courses/programming (e.g. AP, IB, magnet, dual credit, CTE).
 - Student needs, interest, and input are solicited for student programming.
- Have a choice.
 - Respectful student questioning and inquiry is embraced. Students choose issues of concern, research topics relevant to their lives, and develop their own plans to address them.
 - Learning activities are personalized to match students' needs and interests, and students are involved in decisions that affect their learning.
- Have a voice and take informed action.
 - Students are included in key conversations about their learning experience and work with the principal and staff to identify issues and implement solutions. (e.g. student voice committee).
 - Students initiate and lead some school improvement initiatives.
 - Students participate in democratic decision-making at the school level.
 - Students identify and research issues of relevance and work together to propose/advocate for solutions.
- Connect to decision-makers.
 - Students learn about the structures and roles of government and civil society. They learn how to engage with elected officials and decision makers, and learn they have power and practice using it.
 - Students learn about issues and candidates, prepare voter education materials and get involved.
 - All eligible students are asked to register to vote.
- Make positive contributions to the school and community.
 - Civic engagement is the project of entire school. Teachers and school staff collaborate across disciplines and grade levels to align and embed civic skills and content in curriculum.
 - Curriculum based projects, including service learning experiences, are present in various disciplines, and link students to community resources and partners.
 - Incorporate writing for audience beyond the teacher (presentation based learning).
- Learn to evaluate and consider multiple viewpoints by discussing current and controversial topics.
- Consider how people in a democratic society effect change.
- Consider their roles and responsibilities as a member of the community.
- In high school, students are enrolled in Civics courses.

Safety & Order:

The school is characterized by high levels of safety and order. Students feel physically and emotionally safe from harm, and adults work to actively maintain a safe, orderly school environment.

Score

1 2 3 4

Assistants at each door during entry and dismissal time.
Off duty police officer at school- maintains secured environment as well as working alongside teachers to address social emotional issues.
Second Step Program- helps students deal with social emotional problems.
Primary Dismissal- teacher supervised dismissal
Main entrance security personnel at all times- visitors must sign and stop in office
Staff supervision at lunch and recess
Check in and Check Out procedures
Emergency Procedures posted in all classrooms
Drills: fire/ tornado/lock-down etc

Guide for Safety & Order

- Ensure students and adults feel physically, socially, intellectually, and emotionally safe throughout the school.
- Provide clear procedures for reporting and responding to safety concerns.
- Manage efficient and orderly transitions between activities.
 - Manage classroom routines and procedures to maximize instructional time.
 - Orchestrate the environment so students contribute to the management of classroom routines (e.g. transitions) without disruption of learning.
 - Arrival, dismissal, and other school-wide transitions are safe, efficient, and orderly.
- Provide a framework for positive behavior throughout the school based on shared values and expectations.
 - Have shared expectations for positive behavior. (See Restorative Approaches to Discipline)
- Teach, model, and reinforce (by all staff members) clear behavior expectations for all areas of the school.
 - All adults use active supervision (move, scan, and interact) in all settings.
- Emphasize proactive, instructive, and restorative approaches to student behavior and minimize punitive consequences through policies and procedures. (See Restorative Approaches to Discipline)
 - Adults correct misbehavior in ways that reinforce established expectations and cause minimal disruption to learning.
- Clarify criteria for office referrals versus classroom managed behavior.

CPS Framework for Teaching	2a. Creating an Environment of Respect and Rapport 2c. Managing Classroom Procedures 2d. Managing Student Behavior
CPS Performance Standards for School Leaders	A4. Creates a Safe, Clean and Orderly Learning Environment

Restorative Approaches to Discipline:

The school is characterized by having and implementing policies and procedures that emphasize proactive, instructive, and restorative approaches minimizing punitive consequences. Discipline practices primarily focus on shaping behavior as opposed to punishing behavior. The school only uses out-of-school suspension as a last resort and utilizes a systems-change approach to bring about a more restorative culture. The school is also characterized by strong and consistent school and classroom climates. The school reinforces positive behaviors and responds to misbehaviors in calm, respectful, and thoughtful ways, teaching students important social and emotional skills that enable them to get along with others, make responsible decisions, and focus on learning. When misbehavior occurs, the school seeks to understand the underlying reasons (root cause) in order to design a response that effectively changes student behavior using a menu of instructive, corrective and restorative responses.

upper grade??? DOJO--

Guide for Restorative Approaches to Discipline

- **PROACTIVE - Reinforce positive student behavior with clear expectations, routines, and procedures.**
 - A team meets regularly to organize systems that support a restorative environment.
 - Post and refer to clear, positively stated expectations and model expected behaviors.
 - Create routines and procedures central to the learning environment.
 - Engage families as partners.
 - Contact families frequently to inform them of positive student behavior and progress.
 - Vary acknowledgements and provide both short and long term opportunities for reinforcement for all students.
- **INSTRUCTIVE - Integrate universal SEL skills instruction and core content.**
 - Intentionally teach competencies outlined in SEL Standards. Use discipline as opportunity to teach these skills.
 - Use a Multi-tiered System of Supports (MTSS) for social, emotional, and behavioral growth.
 - Use data to determine which behaviors should be retaught or more heavily reinforced.
 - Explicitly teach expected behavior and positively reinforce consistently school-wide.
 - Avoid power struggles with students by offering choices. Redirect students privately and respectfully.
- **RESTORATIVE - Employ a continuum of responses to behavior to effectively change student behavior.**
 - Ensure classroom instruction continues when problem behavior occurs.
 - Prefer responses that do not remove students from regular instructional setting or after school activities.
 - Respond to behavior to address the cause, reteach expectations, build social emotional skills, and repair relationships with staff or peers.
 - Designate an administrator, such as a dean or restorative practices coordinator, responsible for leading centrally-managed response to behaviors using consistent, restorative procedures.
 - Support teachers to engage in restorative conversations or respond to behavior incidents.
 - Provide opportunities for students to take responsibility for repairing harm caused by their actions.
 - Assign detention and ISS only for students who have a pattern of misbehavior and have not responded to non-exclusionary interventions, or when separation is a logical response to the behavior.
 - Include specific interventions to address social and emotional skill development, communicate with teachers to repair relationships, maintain classroom work, and connect to behavioral intervention services as necessary.
 - Establish a clear procedure for obtaining assignments from teachers to mitigate the impact of lost instruction for students assigned to ISS.
 - Designate space and consistent staff to support implementation of ISS.
 - (Optional) Develop a Behavioral Health Team to coordinate appropriate behavioral interventions.

Parent Partnership:

The school develops strong parent partnerships characterized by involving parents in the instructional program, messaging expectations, fostering a better connection between the school and home, and inspiring participation and high levels of collaboration with families. The school provides opportunities for families to volunteer, build its parent community, and support the school's operations through activities including but not limited to participation on parent councils (e.g. PACs, BACs and PLNs). There are high levels of communication between schools and families is mutual and two-way. Families have a way to voice concerns and schools address and respond to input.

Score

- Facebook school account
- Principal letter with updated information
- weekly/monthly letter from individual teachers

Guide for Parent Partnership

- Establish a non-threatening, welcoming environment that is warm, inviting, and helpful.
- Provide frequent, high quality, well publicized opportunities for families and community to participate in authentic and engaging activities in the school community (e.g. student performances/ exhibitions, literacy or math events).
- Provide multiple opportunities for parents to ask questions, raise concerns, and give feedback.
 - Respond to families' concerns and requests for information professionally and in a timely manner, providing resources and solutions to address the concerns.
- Solicit the support and engagement of families as partners in the instructional program (e.g. volunteering, working at home with their child, involvement in class and school projects in and out of school, and parent workshops).
 - Host events for parents to share with other parents how home and school complement each other.
 - Share best practices around learning and development with parents to support students at home.
 - Inform parents of grade level standards and expectations and grading policies with a clear description of what meeting the standard looks like.
 - Inform parents of attendance expectations and the impact of attendance on a student's trajectory.
 - Assist parents to volunteer in the school and/or participate on teams/committees.
 - Promote the use of **Parent Portal** and **Parent University** to connect and engage parents with school.
- Frequently communicate with families about class and individual activities and individual student's progress.
 - Regularly inform parents of their child's progress across all relevant measures: attendance, discipline, academics, social-emotional learning, and health and wellness.
 - Send regular, positive, personalized communication from a staff member.
 - Use a variety of consistent communication methods (e.g. calls, text, newsletter, website, face to face) sensitive to cultural norms and needs.
- Conduct intensive outreach to families in need of specialized support through home visits and collaboration with social services agencies.
 - School responses to student excessive absences and/or tardiness includes outreach to families.
- Provide proactive communication (e.g. parent handbook and resources).
- Partner equitably with parents speaking languages other than English.
 - Information is provided to parents in their native language.
 - Parent meetings scheduled with interpreters present to facilitate participation.

Evidence, Measures, and Standards

EVIDENCE, MEASURES, AND STANDARDS	
Suggested Evidence	<ul style="list-style-type: none"> ✓ Examples of communication methods and content ✓ Participation rates for Parent University, events, parent council(s), report card pick-up, survey completion, Parent Portal, etc. ✓ Outreach efforts ✓ Documentation of responsiveness to Parent Support Center concerns raised ✓ Event agendas, flyers ✓ Fundraising activities and amounts (if applicable) ✓ How does the school honor and reflect the diversity of families including language and culture?
Measures	<ul style="list-style-type: none"> ✓ Five Essentials Score – Involved Families ✓ My Voice, My School Survey scores – outreach to parents; parent-teacher trust
Five Essentials	Involved Families
CPS Framework for Teaching	2c. Managing Classroom Procedures 4c. Communicating with Families
CPS Performance Standards for School Leaders	D1. Engages Families

Goals

Required metrics (Elementary) 18 of 18 complete

2014-2015 Actual	2015-2016 Actual	2016-2017 Goal	2017-2018 Goal
---------------------	---------------------	-------------------	-------------------

National School Growth Percentile - Reading

We chose this goal based on the performance from the previous two years. Our intent is to stay in the 80 and 90% range every year based on past performance.

97.00	82.00	87.00	92.00
-------	-------	-------	-------

National School Growth Percentile - Math

Math is a lower historic growth value and we are intent on moving up by a realistic measure each year. We are using a new math program which should start showing results in the next couple of years.

79.00	69.00	71.00	73.00
-------	-------	-------	-------

% of Students Meeting/Exceeding National Ave Growth Norms

We have historically been in the 60% range and we are trying to strengthen our mid grades in order to move into at least the 70% range

66.70	(Blank)	68.00	72.00
-------	---------	-------	-------

African-American Growth Percentile - Reading

We have been working on this and have seen progress and hope to stay in this range.

87.00	93.00	95.00	95.00
-------	-------	-------	-------

Hispanic Growth Percentile - Reading

We dropped here but feel with stronger MTSS for new arrivals we can get back to the 80 percentiles

98.00	77.00	82.00	85.00
-------	-------	-------	-------

English Learner Growth Percentile - Reading

Need to stay where we are at.

(Blank)	99.00	99.00	99.00
---------	-------	-------	-------

Diverse Learner Growth Percentile - Reading

This is a priority focus for our school. We have hired a new person to help us achieve continued growth in this area.

10.00	11.00	20.00	25.00
-------	-------	-------	-------

African-American Growth Percentile - Math

Had a big drop here and have problem solved to address this drop. We are hoping to rebound this year and next year.

82.00	48.00	60.00	70.00
-------	-------	-------	-------

Hispanic Growth Percentile - Math

We see this as a realistic goal.

80.00	69.00	73.00	78.00
-------	-------	-------	-------

English Learner Growth Percentile - Math

Not enough students for this category

(Blank)	(Blank)	0.00	0.00
---------	---------	------	------

Diverse Learner Growth Percentile - Math

We are hoping for growth in this area based on more differentiated instruction since we have expanded the staffing

16.00	23.00	25.00	28.00
-------	-------	-------	-------

National School Attainment Percentile - Reading (Grades 3-8)

Continued progress using CCSS Standards	73.00	77.00	80.00	82.00
---	-------	-------	-------	-------

National School Attainment Percentile - Math (Grades 3-8)

Again, hoping the new math series helps us grow with new PD.	53.00	69.00	72.00	76.00
--	-------	-------	-------	-------

National School Attainment Percentile - Reading (Grade 2)

Now that we have a stable situation in second grade we are hoping to continue progress.	50.00	71.00	75.00	78.00
---	-------	-------	-------	-------

National School Attainment Percentile - Math (Grade 2)

Same as above.	53.00	63.00	68.00	72.00
----------------	-------	-------	-------	-------

% of Students Making Sufficient Annual Progress on ACCESS

We are planning to use the MTSS person to address the needs of new arrivals.the	68.60	55.70	60.00	65.00
---	-------	-------	-------	-------

Average Daily Attendance Rate

The goals is 96%	95.40	95.40	96.00	96.00
------------------	-------	-------	-------	-------

Strategies**Strategy 1**

If we do...

...then we see...

...which leads to...

Develop a PD on Scope and Sequence at the beginning of the year that aligns curriculum to instruction.

Teachers will have a strategic plan for covering all of CCSS by the time we take NWEA.

Better student performance on Reading and Math to become better prepared to solve complex and challenging problems in the future.

Evidence for status

Status

ILT Will create Opening Professional Development sessions around Scope and Sequence aligned to the CCSS for their respective clusters.

ILT

Jun 30, 2016 to Jul 31, 2016

Agenda, Scope and Sequence by cluster/subject

Not started

Curriculum Design, Common core

Scope and Sequence will be reviewed by ILT and returned to cluster for revision and implementation	ILT	Aug 29, 2016 to Sep 30, 2016	Finished, aligned Scope and sequence for each grade level in Reading and Math	Not started
--	-----	------------------------------	---	-------------

Curriculum Design, Common core

ILT will monitor progress on Scope and Sequence every five weeks.	ILT	select	Monitor results sheet	Not started
---	-----	--------	-----------------------	-------------

Curriculum Design, Common core

Strategy 2

If we do...	...then we see...	...which leads to...
Increase our MTSS program to include all Bilingual students in Access proficiency level 3 or less who are in grades 4 through 8.	Student growth on the Access test by those students who are receiving intervention from a bilingual teacher	Increased % of Access growth over the 2015-2016 level so that students move progressively forward to mastery.

Fund Compliance

Supplemental General State Aid(SGSA)

My school receives SGSA funds

By checking the above box, the school is verifying that the attendance center complies with the statement regarding the use of SGSA funds:

1. The attendance center allocation is correctly based on the number of students eligible to receive free and reduced lunch and breakfast.
2. The attendance center has an approced plan, developed in consultation with teachers, administrators, and other appropriate personnel, and parents of thes tudents attending the attendance center.
3. The attendance center's plan is approved by the LSC and CPS.
4. SGSA funded activities fall within the allowable program categories: early childhood education, reduced class size, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular programs as determined by the illinois state board of education.
5. SGSA Funds supplement and do not supplant non-categorical and other categorical funds allocated to the attendance center.
6. SGSA funds are supporting only those activities specified in the school's approved plan/amendment.
7. SGSA funds are not used for capital expenditures. 8. SGSA funds are not used for any political or lobbying activities by the attendance center.

NCLB Program

NCLB Schoolwide Program

(Not available to schools receiving NCLB funds for the first time) [Title 1/SW].

The school annually reviews the schoolwide plan/program. The schoolwide program plan is available to CPS, parents, and the public, and the information in the plan is in an understandable and uniform format, and to the extent practicable in a language the parents can understand.

- NCLB Targeted Assistance Program Title I funded staff participate in the school's general professional development and school planning activities. Title I funded staff assume limited duties that are assigned to similar personnel including duties beyond the classroom, or that do not benefit Title I students, as long as the amount of time spent on such duties is the same proportion of the total work time with respect to similar staff.
- Non-title school that does not receive any Title funds

Parent Involvement in Targeted Assistance and Schoolwide Programs

I verify that the statement below is correct

No Child Left Behind (NCLB), the reauthorization of the Elementary and Secondary Act of 1965 continues a legislative commitment to parental involvement. Central features of prior reauthorizations, such as school-parent compacts, parent involvement policies, and the parent involvement funding formula remain unaltered. However, the NCLB reauthorization represents a notable shift in the role of parental involvement in the schools. It includes new provisions increasing parental notification requirements, parental selection of educational options, and parental involvement in governance. It envisions parents as informed and empowered decision makers in their children's education.

Parent Plan

Parent Involvement Policy

Complete

Schools must involve parents in the joint development and periodic review and revision of the NCLB, Title I school parental involvement plan and policy, and in the process of school review and improvement. Please describe how this will be accomplished.

We hold a State of the School Meeting every fall. All parents are invited to attend and all of the information of where we stand is presented at that time. Parents sign in and are given all required documents and surveys.

The school will hold an annual meeting at a time convenient to parents during the first month of school to inform them of the school's participation in NCLB, Title I programs and to explain the Title I requirements and their right to be involved in the Title I programs. The school will also offer a number of additional parental involvement meetings, including school PAC meetings, at different times and will invite all parents of children participating in the NCLB, Title I program to these meetings, and encourage them to attend. Please describe how this will be accomplished. Please list the projected date of your Title I Annual Meeting and your Title I PAC Organizational Meeting

We have a vibrant PAC and we hold monthly meetings. We also hold an Open House where we talk about Title I and we hold our Title I Mandatory Meeting in the fall. This year we are holding our Title 1 meeting on September 29, 2016 and the State of the School Meeting on October 17, 2016. The Organizational meeting is always held the same day as the informational meeting which, to repeat, is September 29, 2016.

Schools will provide parents information in a timely manner about its Title I program, including a description and explanation of the curriculum, the academic assessment tools used to measure children's progress, and the proficiency levels students are expected to meet. Please describe how this will be accomplished.

We send all promotion policy expectations home at the beginning of the year. We also give every family a Parent Handbook in September that outlines these things including a calendar of scheduled meetings. Finally, every grade level is required to hold a Parent Meeting in September to go over these things with the parents.

At the request of parents, schools will provide opportunities for regular meetings, including the School Parent Advisory Council meetings, for parents to formulate suggestions and to participate, as appropriate, in decisions about the education of their children. Please describe how the school will immediately respond to any such suggestions.

The PAC holds Monthly Meetings and any meetings other than that that they might need. The school advertises these meeting in their letters to the parents and provides the spece in which to hold them.

Schools will provide parents a report of their child's performance on the State assessment in at least math, language arts and reading. Please describe how this will be accomplished.

Student reports are sent home with the student or given to parents at Report Card Pick UP.

Schools will provide parents timely notice when their child has been assigned to, or taught by, a teacher who is not "highly qualified," as defined in the Title I Final Regulations, for at least four (4) consecutive weeks. Please describe how this will be accomplished.

Parents will be informed by letter if this were to occur for any reason.

Schools will assist parents of participating NCLB Title I children in understanding: the state's academic content standards; the state's student academic achievement standards; the state and local academic assessments including alternate assessments; the requirements of Title I, Part A; how to monitor their child's progress; and how to work with educators. Please describe how this will be accomplished.

Parents are given access to the parent portal and we go over these items at the parent meetings held by grade level.

Schools will provide information, resources, materials and training, including literacy training and technology, as appropriate, to assist parents in working with their children to improve their academic achievement, and to encourage increased parental involvement. Please describe how this will be accomplished.

We have a computer lab that is open to parentst and the Tech Teacher assists any parent on how to use the technology available.

Schools will educate all staff in the value and utility of contributions by parents and in how to reach out to, communicate and work with, parents as equal partners in the education of their children and in how to implement and coordinate parent programs and build ties with parents. Please describe how this will be accomplished.

We hold Report Card Pick Up twice a year as well as include parentst as volunteers, parent patrol, chaperones, etc.

Schools will, to the extent feasible and appropriate, coordinate and integrate parent programs and activities with Head Start, Reading First, Early Reading First involvement, Even Start, Home Instruction Programs for Preschool Youngsters, the Parents as Teachers Program, public preschool, and other programs, to further encourage and support parents in more fully participating in their children's education. Please describe how this will be accomplished.

We have a pre-k and community in schools program that reaches out to the parents

Schools will ensure that information related to the school and parent programs, meetings, and other activities is sent to parents in understandable and uniform formats, including language. Please describe how this will be accomplished.

All correspondence is sent out and translated in Spanish and where necessary, Arabic.

Policy Implementation Activities

- The LSC will approve the school improvement plan and monitor the CIWP.
- In the CIWP, the school identifies current parental involvement practices and outlines activities related to expanding parent partnership programs.
- The school will coordinate the parent involvement programs identified in the CIWP.
- The school will evaluate the parent involvement policy for effectiveness and make improvements as necessary.

Explain why any of the boxes above are unchecked: (type "n/a" if all are checked)

Parent Compact

Complete

The school will provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the participating student to meet the State's student academic achievement standards. Describe how the school will provide high-quality curriculum and instruction in a supportive environment. (Restate the school mission.)

School will provide every student the opportunity, tools, instruction and encouragement to excel in college or career and in life.

The school will hold parent-teacher conferences. Describe the kinds of parent-teacher conferences that will be held and the dates on which they are scheduled.

Report Card Pick Up after the first and third Quarter, Parent Meetings, Parent Conferences.

The school will provide parents with frequent reports on their children's progress. Describe when and how the school will provide reports to parents.

Progress reports and Report Cards every five weeks. Weekly agenda notes on primary level

The school will provide parents access to staff. Describe when, where and how staff will be available for consultations with parents.

Parents may make an appointment to see a teacher during their prep or lunch period or after school if the teacher agrees to that.

The school will provide parents opportunities to volunteer and participate in their children's classes. Describe how and when parents may volunteer, participate, and observe classroom activities.

Parents can be volunteers by filling out the paper work required by the Board of Ed. They can also volunteer as chaperones and once in a while volunteers.

The parents will support their children's learning. Describe how the parents will assist learning (i.e. monitoring attendance, homework completion).

Parents will make sure their children are in attendance everyday they are well and will contact school when this isn't possible. Parents will assist their children and help them get their work in on time.

The parents will participate in decisions relating to the education of their children. Describe when, where and how parents will consult with the school.

Parents are actively encouraged to attend the LSC, PAC, BAC and other parent meetings held throughout the year.

The students will share the responsibility for improved student academic achievement. Describe how the students will assure academic achievement (i.e. good attendance, positive attitude, class preparation).

Students will come to school on time every day, ready to work and cooperate within the learning environment.

Parent Budget

Complete

Goals: Indicate goals, timeline of activities and training topics that are designed to assist Parents with increasing their students' academic achievement. The overarching goal is to increase student academic achievement through parental involvement; specify your goals.

We bring parents in for various presentations. We intend to continue our series of speakers on Math and Reading Strategies to use at home. We are also going to try and create a parent-tutoring program with use of the computer lab and parent room.

Allocate your Mandated Title 1 Parent Involvement Funds to support your Parent Involvement Program.
