School Excellence Framework

Culture of & Structure for Continuous Improvement   4 of 4 complete

Leadership & Collective Responsibility:

Leadership & Collective Responsibility is characterized by an unwavering commitment to fulfilling a shared vision of success. There is a clear focus and high expectations for staff and students, motivating the entire school community to continue striving for success for every student.

Score

1   2   **3**   4

> 95.5% of teachers completed the 5 Essentials Survey; teachers identified their leadership performance as strong; the program performance as very strong; teacher-principal trust as strong; and their influence on school policies and practices was neutral. Although this last section was neutral due to questions about influence over how discretionary funding should be spent, high percentages of teachers agreed that they had influence or a great deal of influence over the content of in-service programs, establishing the curriculum and instructional program, and over setting standards for student behavior.
>
> Five Essentials::
> Program Coherence - 99
> Effective Leaders - 75
> Collaborative Teachers - 86
>
> On the Instructional Leadership portion of the 5 Essentials Survey, teachers rated the school leadership team as very strong. They also rated their collaborative practices as strong and their collective responsibility as very strong. The Principal and administration team establish a culture of success aimed at graduation and post-secondary enrollment. Through partnership with the Postsecondary Leadership Team, they also promote quarterly Post Secondary Weeks, College and Career Fairs, and post-secondary campus visits.
>
> The administrative team establishes a culture of student success through building relationship with students while creating a respectful and safe environment by maintaining adherence to the Boys Town Well Managed School model that promotes balanced and restorative practices and social skill teaching.
>
> School leadership team and teachers work together to create a professional learning system that evaluates teacher need and interest through the beginning of the year teacher survey, REACH observation data, and assessment data (SAT and STAR). Separate professional development paths for each campus throughout the year provide evidence that varying needs are met.

Guide for Leadership & Collective Responsibility

- **Set the direction and create a sense of purpose by building consensus on and implementing a shared vision.**
  - Consider the demographics of the school community in developing a shared vision.
  - Help stakeholders understand the relationship between the school's vision and their initiatives and priorities.
  - Consistently use informal and formal opportunities to champion and articulate the vision.
  - Act in ways that consistently reflect the school's core values, beliefs, and priorities in order to establish trust.
  - Ensure the school's identity, vision, and mission drive school decisions.
  - Use the Multi-Tiered System of Support framework as a standard for how to distribute leadership and make significant decisions both academically and social-emotionally.
- **Inspire a culture of collective responsibility for the success of ALL students in the whole school (not solely teacher's own students).**
- **Empower others to make or influence significant decisions.**
  - Build shared leadership structures and opportunities for job-embedded leadership training and development.
  - Capitalize on the leadership skills of others.
  - Constantly listen and synthesize what is heard, and learn from all sources.

- **Employ the skills to effectively manage change.**
  - Master skills associated with large-scale strategic planning processes and implementation of such plans.
  - Steer through the challenges associated with making improvements, both large and small.
- **Create and sustain a coherent instructional program (coordinated and consistent) with learning goals.**
- **Use the CPS Framework for Teaching to ground instructional guidance and coaching.**
  - Model ambitious goals for teaching and learning for all students, including priority groups.
  - Draw from the best available evidence to inform instructional improvement decisions.
- **Enable staff to focus and prioritize what matters most.**
  - Buffer staff from external distractions to the school's priorities and goals.
  - Limit school improvement goals to a few high leverage activities.
  - Prioritize teaching challenging content, engaging students in learning, rigor and ways to raise achievement.

Evidence, Measures, and Standards

EVIDENCE, MEASURES, AND STANDARDS	
Suggested Evidence	✓ School's vision, beliefs, and how it is shared (e.g. presentations to community, promotional materials) ✓ Five Essentials – Program Coherence
Measures	✓ Five Essentials
Five Essentials	Effective Leaders Collaborative Teachers
CPS Framework for Teaching	4d. Growing and Developing Professionally 4e. Demonstrating Professionalism
CPS Performance Standards for School Leaders	A1. Assesses the Current State of School Performance and Develops a CIWP A2. Implements Data Driven Decision Making and Data Driven Instruction A5. School Vision and Mission Drive Decision-Making D4. Demonstrates Change Management

Instructional Leadership Team:

The ILT is characterized by having a consistent structure for teacher leadership that is focused on creating and implementing the theories of action that improve teaching and learning. ILT meetings are a productive forum to identify challenges, collect and review evidence, exchange ideas, and propose and implement solutions to challenges to school improvement.

Score

1 2 3 **4**

> Five Essentials:
> Instructional Leadership - 91
> Effective Leadership - 75
> Collaborative Teachers - 86
>
> CPS Framework for Teaching:
> 4a. Reflecting on Teaching and Learning - 44% Distinguished
> 40% Proficient
>
> The ILT has a full range of knowledge because participants are chosen from all subject areas, as well as from general education and special education. THey analyze new test data - STAR, REACH PTs, and the SAT. The team gathers data from students, teachers, and test scores to determine annual ILT focus. Their work has resulted in a Unit Plan Template and rubric developed to support backwards, common core aligned unit plans, analysis of student assessments, and focus on develop critical writing skills required for success in postsecondary programs.
>
> The ILT leads professional development cycles (data, professional readings/researched best practices, workshops, protocols, and learning walks, etc.) to facilitate teacher learning and improve instructional practice. The ILT facilitates teacher-led PD and collaborative sharing in areas such as: identifying relevant evidence to support a claim, analyzing textual evidence, and building supports to improve CEA writing across all content areas.

Guide for Instructional Leadership Team

- **Engage in on-going inquiry (e.g. continuous improvement cycles) as a basis for improvement.**
  - Gain productive insight and take substantial new action or adjust strategy that clearly addresses root causes.
  - Relentlessly ask, "**Is it working?**" about every program, initiative, and strategy in the school.
  - Vet Initiatives and strategies on the basis of their direct or proven impact on outcomes.
  - Monitor if previous actions were implemented (fidelity) and working as intended. Ask, "**If not, why not?**"
- **Share leadership for improving teaching and learning with representative school members.**
  - Organize the team around a common understanding of team's purpose and instructional priorities.
  - Represent all relevant specialty content areas, programs, related services, and grade bands/department teams and is an appropriate size.
  - Represent a balance of work styles (e.g. task-oriented, provides push-back, synthesizes, etc.)
- **Use protocols and ask probing questions.**
  - Ask questions focused on factors within sphere of control and avoid a focus on student factors.

- Use appropriate protocols and level of analysis (grade, school-wide, individuals) for meeting purpose.
- Systematically consider root cause(s) based on thorough review of evidence.
- **Use timely and relevant data/evidence sources.**
  - Gather and use current and relevant local student, school, teacher performance (e.g. attendance data, assessment results), and operational data formatively to review and revise school and classroom practices as needed.
  - Disaggregate data for priority student groups (e.g. English learners, diverse learners).
- **Schedule and structure frequent meetings.**
  - Meet regularly (2-4 times per month).
  - Use an agenda with a clear focus.
- **Collaborate effectively, value transparency, and inform and engage stakeholders.**
  - All team members have equity of voice and are actively engaged in asking questions.
  - Celebrate small wins and improvements.
  - Regularly inform and engage stakeholders of key data and work of the ILT.
- **Build the capacity of teacher teams to lead cycles of learning and problem solving focused on student learning data and student work.**

% Meeting Personal Growth Target on STAR Reading - 60.5%
% Meeting Personal Growth Target on STAR Math - 65.5%

Five Essentials:
Collaborative Teachers - 86
Effective Leaders - 75

CPS Framework for Teaching:
4a. Reflecting on Teaching and Learning - 44% Distinguished
40% Proficient

Annually, the school has a focused plan for whole staff professional development aligned to staff agreed upon priorities and STAR growth goals, SAT data, and Chicago City Colleges Reading to Write placement exam. School-wide structures ensure that professional development is on-going, job embedded and relevant to teachers. Professional Development is teacher led and teachers share best practices in the classroom. Teachers have engaged in cross-curricular planning to engage the students and increase rigor and improve student learning. Teachers have developed protocols or processes to facilitate shared learning in the area of writing assessments, developing assessment rubrics, and a focus on instructional strategies for student mastery of Common Core State Standard Writing Standard 1.

Staff feedback on the 5Essentials Survey indicates that the school is improving through peer-led professional learning, focus on understanding by design planning, and disciplinary literacy instruction. Teacher teams meet weekly to discuss instructional strategies and to design incentives to motivate students. These teacher teams are inclusive/collaborative with both general and special education specialists working together toward improvement of teaching and learning at Peace and Education Coalition High School.

Guide for Professional Learning

- **Select and design professional learning (PL) to achieve school-wide improvement, including closing priority group achievement gaps.**
  - Use data to identify performance and practice gaps to inform PL plan.
  - Use research about best practices to identify potential learning and subject matter experts to support.

- Solicit feedback from staff to inform selection of PL opportunities.
- Provide PL relevant to the cultural and linguistic needs of students.
- Provide both whole staff and differentiated PL to individual teacher levels.
- **Implement and sustain on-going, job-embedded professional learning (PL) (e.g. coaching, peer learning opportunities, action research)**
  - Recommend and/or provide PL opportunities directly related to individuals' specific areas of need and professional growth goals.
  - Encourage staff to broaden networks to bring new knowledge and resources to learning environment.
  - Teachers initiate opportunities for professional growth and proactively seek opportunities to enhance content knowledge and pedagogical skill.
- **Structure time for teachers to collaborate and learn together.**
  - Create schedules and systems to conduct peer observations, and coaching. Reflect on its impact.
  - Teachers provide and accept collegial support and feedback to/from colleagues.
  - Teachers participate in and facilitate professional inquiry in teams to advance student learning.
- **Make 'safe practice' an integral part of professional learning.**
  - Allow teachers ample time to try new strategies, refine skills, grapple with implementation problems, and share knowledge and experience.
  - Provide support that addresses the specific challenges of changing classroom practice. Provide coaching/mentoring support to validate continuing to work through struggles.
- **Monitor implementation to ensure staff uses new knowledge to improve practice and it is having the desired effect on practice and student outcomes.**
  - Conduct frequent non-REACH observations to provide coaching and actionable feedback.
- **Provide induction and support for new teachers.**
  - Assign each new teacher a mentor who is skilled in pedagogy and is an open, collaborative colleague.
  - Schedule a series of 'learning experiences' for new teachers that helps them navigate important initiatives (e.g. REACH) and provides information on school specific goals and resources.

Evidence, Measures, and Standards

Aligned Resources:

Resources (e.g. time, budget, staff, and community resources) are aligned to school priorities. Improving achievement guides resource allocation. Making the most of student time and staffing is a priority. The school organizes resources school-wide through schedules and staffing plans that target additional time and individual attention to those students who need it most and to highest priority subject areas.

Score

1 2 3 **4**

Five Essentials:
Collaborative Teachers - 86
Effective Leaders - 75

CPS Framework for Teaching:
4a. Reflecting on Teaching and Learning - 44% Distinguished
40% Proficient

PECHS allocates discretionary spending to align with identified needs and strategic priorities.
Our teachers are given discretion in purchasing resources for their class/program, making their own purchases through the marketplace platform in Oracle.

The school actively identifies and pursues opportunities for outside funding or community partnerships to help meet student and staff needs: Target Grants, Donors Choose, and District grant applications. The majority of the PECHS dollars go to personnel, supplies, materials, texts, technology, etc.

The Grade/courses offered at PECHS require us to build a staff with multiple certificates in order to meet the needs of all students. The majority of our current staff have multiple endorsements to fill in scheduling gaps and ELL and diverse learner needs. Our hiring is conducted after an assessment of the budget and student needs are assessed. Hiring includes an interview process and classroom lesson demonstration and/or portfolio submission to assess candidate expertise, philosophy, and commitment.

The longer school day schedule provides a "right fit" schedule based on student needs, school-wide growth goals, and CPS mandates. The schedule with four daily 85 minute blocks and a daily mini-lab period is ideal for students to get credits they need in a shorter amount of time, and to provide opportunities for enrichment, intervention, and recovery. Students receive interventions during scheduled "Not Yet Days", pull out instruction in Wilson Reading, online classes, etc. Students receive minutes with social worker as per IEP.

A revised Friday schedule provides weekly opportunities for common planning and teacher team meetings and data team meetings. 100% of the school day is dedicated to planning and instruction.

Guide for Aligned Resources

- ○ **Design a school day that is responsive to student needs.**
  - Use CPS Instructional Time Guidelines to maximize instructional time.
  - Use CPS Instructional Block Guidelines to maximize academic-engaged time.
- ○ **Align the budget to the CIWP priorities and the mission of the school.**
  - Avoid overemphasis on the purchase of products/programs that are not research based or do not respond to SEF needs.
  - Leverage strategic source vendors to maximize dollars.
  - Seek and obtain grants to support articulated needs.
  - Use grant funds strategically to support areas of highest need.
  - Maximize the use of supplemental funding to close any priority group achievement gaps.
- ○ **Streamline purchase procedures to minimize lapses between ordering and receiving materials.**
- ○ **Evaluate, to the extent possible, the consequences for student learning of resource allocation decisions to develop an evidence base of outcomes of particular uses of resources.**
- ○ **Have a 'hiring team' and collaborative hiring process with clear selection criteria to identify and select best available candidates.**
  - Actively work to build a pool of potential staff members, particularly difficult to fill positions (e.g. staff to serve English learners).
  - Use an interview process including a protocol for questioning and select highly qualified candidates.
  - Require a classroom lesson demonstration to assess candidate expertise, philosophy and commitment.
  - Check teachers' previous performance at CPS schools.
- ○ **Strategically assign teachers to grade and content areas to create a balanced team with a variety of strengths.**
  - Ensure all students have fair access to high-quality teachers in the school.
- ○ **Effectively utilize Related Service Providers at the classroom level.**
- ○ **Use data including teacher evaluations and exit interviews to inform a retention strategy.**
  - Create a positive climate and working conditions for teaching that attracts and retains educator talent.
  - Create opportunities for growth including opportunities for staff to assume additional leadership roles or pursue personal growth goals.
  - Track retention rates over time and use this information to isolate staffing strengths and identify opportunities to improve.
  - Solicit information from staff using exit interviews/surveys to understand reasons for leaving school or district.
- ○ **Make outreach efforts to engage community members as partners and resources.**
- ○ **Partner with one or more organizations that share the values of the school and have a complementary mission to the school's vision.**
  - Monitor the impact of partner organizations' activity.

Evidence, Measures, and Standards

Expectations for depth & breadth of Student Learning

Curriculum:

The curriculum – what students should know and be able to do - makes standards come alive for students. All students have access to an academically rigorous curriculum that inspires students to think and contribute high quality work to authentic audiences beyond the classroom. The curriculum fully integrates academic and social emotional learning opportunities for all students, including diverse learners, English learners, and advanced learners. The school regularly examines the curriculum to check alignment to standards and opportunities for all students to meet those standards.

Score

Effective Leaders - 75
Collaborative Teachers - 86

CPS Framework for Teaching:
3a. Communicating with Students - Distinguished - 40% ; Proficient - 37.14%
3c. Engaging Students in Learning - Distinguished - 34.29%; Proficient - 37.14%
1a. Demonstrating Knowledge of Content and Pedagogy - Distinguished - 44%; Proficient - 44%
1d. Designing Coherent Instruction - Distinguished - 36%; Proficient- 50%

PECHS teachers align their units of instruction to the standards and include literacy standards in core and non-core subjects alike. The ILT developed a unit plan format that ensures alignment to Common Core and accompanying unit plan rubric. This has led to an continuous improvement in the number of Proficients and Distinguished in Domain 1 of REACH.

Core classes are co-taught and Universal Design is consistently used in classes.Backward planning of unit plans ensures meaningful assessments and instruction. Teachers develop curriculum that engages all types of learners: (diverse learners, advanced learners, ELLs). Teachers incorporate complex texts as well as increasing the use of informational texts across all subject areas per CCSS recommendations. PECHS teachers implement literacy strategies developed by the Instructional Leadership Team and Data Team to help students achieve gains in the STAR Reading Assessment, the SAT exam, and the Read to Write placement exam.
At the beginning of the 2017-2018 school year, PECHS implemented a new schedule that included a mini-lab period designed to provide students with additional opportunities to recover lost credits, receive educational enrichment, academic interventions, and to receive focused social emotional learning instruction.

At the beginning of the 2017-2018 school year, PECHS implemented a new schedule that included a mini-lab period designed to provide students with additional opportunities to recover lost credits, receive educational enrichment, academic interventions, and to receive focused social emotional learning instruction.

Guide for Curriculum

○
  - **Align units of instruction (horizontally/vertically) to scope and sequence maps and pace units and lessons appropriately.**
  - Focus so units can be adequately addressed in the time available.

- Examine formative data to determine mastery and pace. Discuss how much time it takes to adequately address the essential elements, and the viability of documents that articulate essential content and timing of delivery (e.g. pacing guides, curriculum maps).
  - **Utilize the 'big ideas' that should be taught to determine whether students are being taught the body of knowledge, the understandings and the skills expected.**
    - Identify the essential understandings – what students should learn in greater depth. In other words, know 'covering everything but learning nothing' does not work.
  - **Expose and extend opportunities for all students to grade appropriate levels of text complexity in all types of texts, including informational in all content areas.**
    - Articulate language goals that are separate from and support content goals. Literacy - reading, writing and speaking are essential 'learning tools' across the curriculum (disciplinary literacy).
  - **Engage all learners in content areas by fully integrating opportunities for all learners, including:**
    - Diverse learners to demonstrate core knowledge and skills.
    - English Learners to develop academic language to demonstrate mastery.
      - Use English and native language development standards in addition to content standards to differentiate instruction and assessments for English learners, to ensure meaningful access to content, regardless of English language proficiency.
      - Understand research and implement programs to develop native language literacy for English learners.
    - Advanced learners to extend core knowledge and skills.
  - **Integrate academic and social emotional learning.**
  - **Connection to real world, authentic application of learning. For example,**
    - Provide opportunities for meaningful project-based learning.
    - Integrate field-based learning through partnerships with city institutions (e.g. museums), colleges, universities, and community based organizations.
  - - Curriculum is culturally relevant/sustaining and provides opportunities to explore and celebrate students' communities, culture, history, and language.
    - Curriculum is tailored to the strengths, needs, and interests of each student.

Ambitious Instruction - 62
Supportive Environment - 66

CPS Framework for Teaching:
1a. Demonstrating Knowledge of Content and Pedagogy - Distinguished -44%; Proficient - 44%
1b. Demonstrating Knowledge of Students - Distinguished - 44% ; Proficient - 40%
1c. Selecting Learning Outcomes - Distinguished - 44% ; Proficient - 40%
1d. Designing Coherent Instruction - Distinguished - 36% : Proficient - 56%

The instructional materials at PECHS are aligned with to the curricular plans and expectations of the Common Core State Standards, NGSS Standards, and Visual Arts Standards. Teachers supplement the use of textbooks with other standards-aligned materials such as novel sets, and primary and secondary documents.

At PECHS, the use of technology to provide instructional supports is prevalent. The use of supplemental learning programs such as Khan Academy to help struggling students access key Math concepts. Teachers also use websites, such as Newsela and Quizlet for leveled readings, instruction and assessment. Video and film provide additional supplement learning opportunities for all learners (i.e math concepts, music, instrument demo videos, case study videos, etc.) The school invests in Chromebooks, iPads, laptops and desktops to assess learning through research projects, presentations, and written assignments. Fueled online learning is purchased to support credit recovery and credit acceleration for all learners.

Special Education Teachers modify the instructional materials to meet the needs of the special education students. ILT implemented an assessment protocol wherein teachers provide feedback on making assessments accessible to all learners. The ILT also supports the effective implementation of station learning and as a co-teaching model in the core and non-core classrooms to encourage the use of instructional tools and materials that support varied learning needs of all students.

Guide for Instructional Materials

Instructional materials (including technology) are…..

- **Aligned to curricular plans and expectations of the standards.**
- **Varied and flexible.**
  - Are selected and adapted based on learning objectives and learner needs.
  - Include a variety of quality media, manipulatives and supplies to achieve valued learning outcomes.
- **Intentionally planned by identifying or adapting appropriate tools (including technology) for specific instructional needs.**
  - Student outcomes and developmental appropriateness determine when and who will use the materials.
  - Materials are updated/upgraded in response to new information and understandings.
- **Equitably available and accessible to all teachers and students.**
  - Teachers and students have available a variety of high quality, standards-aligned instructional materials and resources.
  - Materials are in English and native language for English learners.
  - Reference and resource materials are readily available and circulated throughout the school.
- **Include multimedia and embedded, just-in-time supports (e.g. hyperlinked glossaries, background information, and on-screen coaching) – for conveying conceptual knowledge.**
  - Students interact with instructional materials to engage all modalities in the learning process.
  - Technology is integral to students learning experiences.
  - Units and lessons include grade-appropriate levels of texts and other materials so every student can access the content/skills.
- **Include tools and supports needed to access, analyze, organize, synthesize, and demonstrate understanding in varied ways – for learning and expression of knowledge.**
  - The needs of the students at different performance levels are met by using a variety of instructional materials that allow students to draw on all of their learning capacities.
  - The teacher models effective use of various materials.
  - Students understand that materials are a means to acquire language, knowledge, and competencies.
  - Technology enhances students' higher order, creative thinking and problem solving.
  - Materials connect subject area content to real life applications.
- **Include alternative pathways including choice of content, varied levels of support and challenge, and options for recruiting and sustaining interest and motivation – for engaging and learning.**
  - Students make choices about instructional materials as part of learning.
  - Materials address the needs of the total child: cognitive, linguistic, social, emotional, physical, and aesthetic.
  - Consumables are often non-print supplies that promote active, hands-on learning.

Evidence, Measures, and Standards

Suggested Evidence	✓ Cross-section of materials from a variety of content areas and grade levels ✓ Evidence of scaffolding and differentiation for all students to access the content/skills ✓ Description of materials in curriculum and/or lesson plans ✓ Presence of varied texts, supplementary media (e.g. videos)
Measures	✓ SQRP Attainment and Growth
Five Essentials	Ambitious instruction Supportive Environment

Rigorous Student Tasks:

The school regularly examines student work - what students are being asked to do on in their classrooms - across grades or courses in all content areas. Examining the texts and tasks students experience provides the necessary insight to gauge rigor and illuminate how the standards are actualized prompting the question whether or not approaches support the true spirit of college and career readiness. (adapted from The Education Trust – Equity in Motion Series)

Score

1   2   **3**   4

SQRP Attainment and Growth:
% Meeting Personal Growth Target on STAR Reading - 60.5%
% Meeting Personal Growth Target on STAR Math - 65.5%

Five Essentials:
Ambitious Instruction - 62

CPS Framework for Teaching:
1d. Designing Coherent Instruction - Distinguished - 36% : Proficient - 56%
2b. Establishing a Culture for Learning - Distinguished - 37% ; Proficient - 40%
3b. Using Questioning and Discussion Techniques - Distinguished - 22.86% ; Proficient - 31.43%
3c. Engaging Students in Learning - Distinguished - 34.29% ; Proficient - 37.14%

The teaching staff at PECHS have done much work over the past few years to improve how we assess student learning. Teachers lead professional development to share ideas that promote rigorous instruction and universally designed assessments. They analyze and peer review their own assessments during staff meetings. Teachers develop thematic units that require that students create presentations and engage in peer and self assessment.-

Mikva, Bard and Depaul Law curriculums develop promote deep thinking, analysis and challenge students to develop their solutions to World Problems. Performance tasks are administered before and after learning to analyze student growth. Students are given choice to complete assessments: written, presentation, poster, use of technology, etc. Teachers highlight student work in hallways, social media, classroom and via weekly school shoutouts

The Data teams regularly examine student work, as well as STAR data. The team focuses on celebrations and concentrations. The Literacy and Math team discuss and analyze student data to determine what best practices to bring to the classroom to achieve gains in Reading and Math.

Guide for Rigorous Student Tasks

- **Begin with the belief that all students can learn. (see *Culture for Learning*)**
  - Convey high learning expectations for all students and develop structures that enable practice and perseverance for each individual student.
  - Create an environment where students assume responsibility for high-quality work by persevering, initiating improvements, addressing critiques, making revisions, adding detail and/or helping peers.
  - Communicate the necessity of attendance and engagement everyday in order to succeed.
- **Plan and assign tasks that are cognitively challenging for individual students and require students to provide evidence of their reasoning.**
  - Align tasks with standards-based learning objectives that reflect the depth of knowledge expectations.
  - Tasks are Integrative to draw on multiple standards.
  - Teach for Robust Understanding in Mathematics (TRU Math). Engage students with important mathematical ideas, not simply receiving knowledge, requiring students to engage in productive struggle.
- **Tasks reflect the key shifts in literacy.**
  - **Complexity**: Tasks reward close reading of complex text; Focus on comprehension of academic language, not obscure vocabulary.
  - **Evidence**: Cite evidence from text and write to sources, not decontextualized prompts.
  - **Knowledge (non-fiction)**: Tasks embed reading and writing across disciplines with a variety of literary and informational complex texts and tasks and demonstrate comprehension through speaking, listening.
- **Tasks reflect the key shifts in mathematics.**
  - **Focus**: Tasks reflect a curricular and instructional focus on the major work in (e.g. operational fluency and number sense in K-2).
  - **Coherence**: Multi-grade progressions stress key beginnings (e.g. ratios in 6th grade) and key end points (e.g. fluency with multiplication in 3rd);

- **Rigor**: Problems require construction of mathematical reasoning and critiques of other possible solutions.
  - Provide opportunities for students to create authentic work for real audiences (beyond the teacher) to motivate them to meet standards and engage in critique and revision.
  - **Examine student work to identify and showcase the qualities of strategic thinking that are both rich in content and relevant for students.**
    - Analyze models with students to build a vision of quality.
    - Use protocols to collectively reflect regularly on the level of cognitive demand asked of students across the school, particularly priority group students, to think strategically as speakers, listeners, readers, and writers.
    - Analyze student work samples as part of professional learning to best support students' attainment of quality work and standards.

Evidence, Measures, and Standards

Transitions, College & Career Access & Persistence:

The school creates pathways to success built on a vision in which all students leave secondary school with a clear plan for their initial postsecondary destination, whether in apprenticeship training, work, or college. All students have equal access to college preparatory curriculum to be successful. The school is characterized by structures for developing early postsecondary awareness and the knowledge and skills that lay the foundation for the academic rigor and social development necessary for college and career success. Students are equipped with the confidence in their ability to implement and adapt their plan throughout their lives as they and the world around them change. This vision sees students as the architects of their own lives.(adapted from Creating Pathways to Success, Ontario)

Five Essentials:
Ambitious Instruction - 62
Supportive Environment - 66

District Pillar 2 is supported in a variety of ways: Our quarterly Post Secondary Weeks incorporate speakers, postsecondary lessons, College and Career Fairs, and campus trips to various universities to show students options after graduation. Decision Day is supported annually through locker decorations, ceremony, photo booth, and social media campaigns to promote student commitment to post-secondary pathways and plans. All Seniors complete FAFSA documentation, apply to a minimum of three post secondary options and are encouraged to apply to scholarships.
Teachers consistently voice high expectations for all students and support post secondary lessons in their classes that involve college essay writing, resume building and interview skills. Students have opportunities for leadership through the Prom committee, Student Voice Committee, Student Council, GSA, other clubs and yearbook.
PECHS promotes the acquisition of Early College and Career Credentials for students through enrollment in Dual Enrollment classes at Kennedy King College.

Guide for Transitions, College & Career Access & Persistence

- **TRANSITIONS - Have structures and processes in place to ensure successful transitions (e.g. into school , grade to grade, school to school, school to post-secondary).**
  - Mitigate the adverse effects experienced by some students in transition – such as arriving part-way through the school year – that can cause students to fall behind or become disengaged from school.
  - Monitor the progress of English learners after transition from services.
  - Provide programs and interventions that help students as they move from middle school through Freshmen year, including but not limited to: High School Investigation Days, CTE recruitment fairs, Freshmen Connection program (where budget allows), and a robust Freshmen Orientation program. Implement targeted holistic student supports the entire Freshmen year.
  - Provide sustained summer learning experiences to minimize learning loss and support key transition periods (e.g. summers before Kindergarten, HS, and college).

- Use student data and best practices research to develop focused programs.
    - Expand access beyond students who are struggling academically.
    - Provide school counseling and postsecondary advising transition support and follow-up during "Summer Melt" and the first year of college.
- **AWARENESS - Expose students early to academic/professional worlds beyond K-12.**
    - Provide students opportunities to discover personal talents and skills, identify career interests, and pursue coursework/activities necessary to reach personal, academic and career goals. Expose students to CTE Pathways around career options
    - Expose students to a range of career paths and the educational requirements of each to improve long-term planning and goal-setting.
    - Start the conversation about college in primary grades.
    - Make parents aware of academic opportunities and supports for their child.
- **READINESS – Ensure equitable access to college preparatory curriculum.**
    - Provide access to 8th Grade Algebra to all eligible 8th grade students.
    - Provide access to early college and career coursework and credential opportunities while in HS (e.g. AP credit, Dual credit, industry credentials (CTE), Seal of Biliteracy)
    - Teach students to analyze their transcripts and test scores, as well as connect course selection, attendance, and grades to their continued success and access to postsecondary options, and adjust their actions and behavior to make progress toward graduation and their top postsecondary choice. Provide support and motivation to encourage B's or better and improving attendance.
    - Create opportunities for students to explore college and career knowledge, mindsets, and skills necessary for academic planning and goal setting.
    - Find opportunities to work with all students on academic and personal behaviors, including persistence, engagement, work habits/organization, communication/ collaboration, and self-regulation.
    - In Naviance, develop an Individual Learning Plan that tracks coursework, college and career assessments, goal setting, 6th-12th grade milestones completion that culminates in a concrete postsecondary plan.
    - Provide opportunities for Dual Credit/Dual Enrollment
- **SUCCESS - Provide direct assistance to all students and families through every stage of the college selection, application, and entry process (Transition to College (HS))** including, but not limited to academic planning/advising to assist with:
    - Selecting colleges with the best institutional graduation rates for their level of qualifications. (Students of all qualification levels are more likely to graduate from college if they attend a postsecondary institution with high graduation rates
    - Researching/comparing options including short and long-term financial outcomes, comparing college graduation rates, and other statistics to narrow down options.
    - Researching living wage options such as an apprenticeship or certification programs for students who wish to work after high school and/or want to delay college.
    - Applying to multiple colleges—generally three or more.
    - Navigating financial aid and capitalizing on grant and scholarship opportunities.
    - Equipping students and families with persistence strategies. (College Persistence Toolkit)
    - Help families learn about existing CTE career pathways, apprenticeships/pre-apprenticeship programs

Evidence, Measures, and Standards

Expectations for depth & breadth of Quality Teaching

Instruction:

The teachers have finely honed instructional skills. They can shift from one approach to another as the situation demands by carefully monitoring the effect of their teaching on student learning. They seamlessly incorporate ideas and concepts from other parts of the curriculum into their explanations and activities. Their questions probe student thinking and serve to extend understanding. They promote the emergence of self-directed learners.

3e. Demonstrating Flexibility and Responsiveness - Distinguished 50.00%; Proficient - 33.33%

At PECHS, Backward design is utilized by all teachers, therefore instruction is standards/objectives based. 100% of teachers use a common, teacher-developed Unit Plan Template, which keeps uniformity and consistency across all classes. An ILT developed unit plan rubric allows for teachers to align their unit plans to school-wide expectations and the REACH framework for teaching.

Teachers use more student-led small group activities that promote higher order thinking and discussion. Teachers use various teaching strategies to reach students, as evidenced in their unit plans and in REACH observations. Instruction is scaffolded to ensure that all students have access to material by modifying texts, using technology, and co-planning and co-teaching. Socratic seminars are implemented in the social studies, science, and ELA classrooms to develop student-led learning. A variety of co-teaching styles including parallel, alternative, team, and station teaching are implemented in classrooms. Self-directed learning is implemented through open-ended questioning. Teachers bring in other teachers as assessors/judges for "big events"/projects such as presentations, debates, mock trials, etc. Teachers develop essential questions to guide units and deepen student understanding of the concepts.

Guide for Instruction

- **Plan a range of effective pedagogical approaches suitable to student learning of the content/skills taught and anticipate student misconceptions.**
- **Effectively communicate with students.**
  - Guide students to articulate the relevance of the objective(s) to learning.
  - Anticipate possible student misunderstanding.
  - Enable students to develop a conceptual understanding of content while making connections to their interests, knowledge, and experience.
  - Enable students to contribute to extending the content by explaining concepts to their classmates.
  - Build on students' language development and understanding of content.
  - Use vocabulary appropriately for students' ages and development. Students contribute to the correct use of academic vocabulary.
- **Use questioning and discussion as techniques to deepen student understanding and challenge.**
  - Use a variety of low- and high-level, open-ended, and developmentally appropriate questions to challenge students cognitively, advance high level thinking and discourse, and promote metacognition.
  - Use techniques that enable students to engage each other in authentic discussions about content. And, enable students to formulate their own questions and respectfully challenge one another using viable arguments based on evidence.
  - Encourage student responsibility for ensuring all voices are heard in the discourse and that all students are listening and responding to questions and answers from their teacher and peers.
  - Require students to cite textual evidence to support/develop a claim.
- **Engage students in learning.**
  - Scaffold instruction to ensure all students, including diverse learners and English Learners, access complex texts and engage in complex tasks.
  - Provide targeted supports to individual students or groups of students based on their identified needs.
  - Provide instruction designed to develop language domains for English learners.
- **Monitor the effect of teaching on student learning and integrate formative assessment into instruction.**
  - Monitor progress and check for understanding for individual students.
  - Change instructional practice based on analysis of current data.
  - Use universally designed assessments that allow for multiple pathways for students to demonstrate understanding of the objective(s.
  - Also see *Balanced Assessment*.
- **Persist in adjusting instruction so individual student misunderstandings or advanced needs are successfully accommodated.**
  - Intervene in a timely and effective way to help students who are struggling.
  - When formative assessments show a need for intervention or enrichment, make effective impromptu adjustments that individualize instruction.
  - Use progress monitoring data to trace effectiveness of interventions and student response to intervention.
- **Foster student ownership.** Create opportunities for students to have voice and choice in instructional tasks.

Balanced Assessment & Grading:

A balanced assessment system effectively measures the depth and breadth of student learning and monitors student progress towards college and career readiness. It also produces actionable data to inform planning for instruction, academic supports, and resource allocation. To meet these goals, a balanced assessment system must include multiple measures and be responsive to the needs of all students, including diverse learners and English learners.

% Meeting Personal Growth Target on STAR Math - 65.5%

Five Essentials:
Ambitious Instruction - 62

CPS Framework for Teaching:
1c. Selecting Learning Objectives - Distinguished -50.00% ; Proficient - 44.44%
1e. Designing Student Assessment - Distinguished - 44.44%; Proficient - 38.89
3d. Using Assessment in Instruction - Distinguished - 36.11%; Proficient- 36.11%
3e. Demonstrating Flexibility and Responsiveness - Distinguished 50.00%; Proficient - 33.33%

- Multiple forms of assessment (informal/formal) and summative/formative.
- Implemented assessment protocol to evaluate the universal design of assessment.
- Incorporated CCSS into assessments.
- Leveled questioning allows access to assessment questions for diverse learners.
- Teachers allow students to respond to specific content in native language.
- Rubrics tied to CCSS to support student understanding of expectations.
- Assessment Protocols in Teacher Teams to identify and improve elements of universally designed assessments.
- Review STAR reading and math data to design interventions and lessons for whole school.
- Teachers provide writing guide and structures for students to help break down longer assignments.
- Flexible use of paraprofessional to assist targeted student needs.
- Bilingual teachers and staff to support ELL students.
- Teachers provide varied levels of text complexity based on student ability levels.

Guide for Balanced Assessment & Grading

- **Use multiple measures (i.e. a range of assessment types and at multiple points in time) to supplement district-centralized assessments with other formative assessments to provide a more comprehensive picture of student learning.**
- **Use screening, diagnostic, and progress monitoring assessment to correctly identify specific gaps and monitor improvement, especially for students receiving Tier 2 and 3 services, in addition to Tier 1 core instruction.** (also see *MTSS* and *Instruction*)
- **Make assessments accessible to students, including diverse learners and English Learners through employing features of** universal design **and use of accommodations and, where needed, modifications.**
    - Provide accommodations in presentation (i.e. how assessment text and tasks are presented to students), response (i.e. how students provide their answers), and/or setting/timing (i.e. scheduling/location of assessment).
- **Utilize assessments that reflect the key shifts in literacy and mathematics in teacher created or selected assessments.** (see Rigorous Student Tasks)
- **Utilize assessments that measure the development of academic language for English learners.**
- **Have access to and analyze school-wide, teacher team, and classroom assessment data to determine instructional effectiveness and subsequent learning needs**
- **Improve and promote assessment literacy.**
    - Work together on building common assessments within a department, course, or grade level team.
    - Invest resources in helping teachers evaluate and improve the quality of formative assessments. For example, use the Assessment Design Toolkit.
    - Use common protocols and calibrate on scoring and grading in teacher teams.

- Analyze quality and alignment of assessments and tasks to ensure they meet the expectations of the standards and embed various levels of complexity.
  - **Have a grading system that clearly, accurately, consistently, and fairly communicates learning progress and achievement to students, families, postsecondary institutions, and prospective employers.**
    - Ensure that students, families, teachers, counselors, advisors, and support specialists have the detailed information they need to make important decisions about a student's education.
    - Measure, report, and document student progress and proficiency:
      - Against a set of clearly defined cross-curricular and content-area standards and learning objectives collaboratively developed with staff.
      - Separately from work habits, character traits, and behaviors, so that educators, counselors, advisors, and support specialists can accurately determine the difference between learning needs and behavioral or work-habit needs. academic mindsets and behaviors (CCSR).
    - Ensure consistency and fairness in the assessment of learning, and assignment of scores and proficiency levels against the same learning standards, across students, teachers, assessments, learning experiences, content areas, and time.
    - Ensure grades are not used as a form of punishment, control, or compliance.

Multi-Tiered System of Supports:

The school is characterized by full implementation a system of academic and social emotional (SEL) supports for all students. Every day, in all classrooms, all teachers provide: Universal instruction in the core curriculum - academic & SEL (Tier 1) to all students; additional targeted academic and SEL supports (Tier 2) where needed; and deep and intense supports (Tier 3) based on individual and small group needs. The school also monitors On Track data (grades/GPA and attendance (ES), and course credits (HS)) to provide interventions/supports for students at risk for failure and/or truancy.

Five Essentials:
Ambitious Instruction - 62
Effective Leaders - 75
Supportive Environment - 66

At PECHS, interventions are monitored through the team teaching approach of regular and special education teachers. Interventions in classrooms without team teaching are monitored through the partnership of the Dean, Case Manager, and/or pull out resource teacher.
The Boys Town Well Managed School model implemented school-wide (SEL). This model supports social skill teaching that encompasses classroom personal, social and academic behaviors and skills.

The school uses STAR data to monitor students' skills growth and gaps. STAR data is used to inform instructional leveling. The block period schedule allows for extended instructional support, as well as intervention, recovery, and enrichment opportunities for all students. Interventions such as small group instruction, one-on-one support, individualized instructional assessment are consistently used for students who need it. Additional interventions such as Kahn Academy are implemented through the mini-lab period. Not Yet Days are implemented every three weeks for students who struggle and are on the D/F watchlist.

Guide for Multi-Tiered System of Supports

- TIER 1 - Persist in adjusting instruction so individual student misunderstandings or advanced needs are successfully accommodated. (3e)
  - Intervene in a timely and effective way to help students who are struggling.
  - When formative assessments show a need for intervention or enrichment, teachers make effective impromptu adjustments that individualize instruction for students.
  - Use progress monitoring data to trace effectiveness of interventions and student response to intervention.
- TIER 1 - Customize the learning environment, pace, and approach of teaching and curriculum in order to meet each learners' individual needs ('Personalized Learning').
  - Empower student to advance their learning.
  - Use up-to-date individual student profiles that include strengths, needs, motivations, and outlines an individualized path to reach his/her goals.
  - Classrooms are student-centered with student agency.
  - Each student has the opportunity to advance upon demonstrating mastery.
- ON TRACK - Provide universal supports to prevent failing and absenteeism and targeted interventions for grades below "C" or chronic absenteeism. (On Track)
  - Identify students off track due to low attendance and poor course performance and provide intensive supports to address root causes of why students have low grades and poor attendance.
- TIER 2 & 3 - Collaborate and work as teams of teachers and Related Service Providers (RSP) to plan and monitor targeted student support with varied instructional strategies and SEL support of varying degrees of intensity for all students.
  - Monitor students requiring and receiving targeted and intensive instruction/interventions.
  - Use the Problem Solving Process to plan Tier 2 and 3 instruction/interventions.
  - Determine appropriate interventions for students or groups of students not making adequate progress.
  - Use progress monitoring data to track effectiveness of interventions and student response to intervention.
- TIER 2 & 3 – Implement Personal Learning Plans (PLP) goals and intervention strategies for students requiring school year supports as described in Elementary School Promotion Policy (Board Report 09-1028-PO2).
  - Ensure implementation of these plans, review subsequent 5 week data, determine the effectiveness of the strategies and adjust plans as needed.
- Communicate to parents/guardians the additional supports and/or interventions provided for their child to better align school and home environments.

Evidence, Measures, and Standards

EVIDENCE, MEASURES, AND STANDARDS

CPS Performance Standards for School Leaders	B3. MTSS Implemented Effectively in School

Expectations for Quality & Character of School Life

Culture for Learning:

A culture for learning is characterized by a school atmosphere that reflects the educational importance of the work undertaken by both students and staff. It describes the norms that govern the interactions among individuals about the mindsets (e.g. ability/confidence to grow with effort), academic behaviors (e.g. attending classes, completing assignments), the learning strategies and skills, the value of perseverance despite challenges and obstacles, and the general tone of the school. The classroom is characterized by high cognitive energy, by a sense that what is happening there is important, and that it is essential to "get it right." There are high expectations for all students. The classroom is a place where teachers and students value learning and hard work, and students take visible delight in accomplishing their work. Staff believe they can make a difference, that their hard work is the fundamental cause of student achievement, and are invested in student outcomes.

Score

1   2   **3**   4

Guide for Culture for Learning

- **Create a culture that reflects a shared belief in the importance of learning and hard work.**
  - Use strategies to reinforce and cultivate student curiosity.
  - Make learning goals relevant to students, and inspire students to stay committed to their learning goals.
  - Consistently communicate the expectation that all students can achieve at high levels.
  - Utilize strategies to encourage daily and timely attendance.
- **Convey high learning expectations for all students and develop structures that enable practice and perseverance for each individual student.**
  - Clearly display school-wide expectations for academic and personal success throughout the building.
  - Set high expectations according to grade-appropriate learning objectives.
  - Differentiate expectations so all students stretch to not only meet but exceed personal learning goals.
  - Recognize high levels of student achievement. All students receive recognition.
  - Encourage student resilience and hard work.
  - Ensure students feel safe to share misunderstandings and struggles.
- **Encourage students to take ownership and pride in their work where students assume responsibility for high-quality work by persevering, initiating improvements, addressing critiques, making revisions, adding detail and/or helping peers.**
  - Students self-assess (e.g. checking own work before giving to teacher) to develop a reflective habit of mind essential for improvement. This ensures students take responsibility for their own learning, focuses attention on criteria for success, and increases effort and persistence.
- **Provide students frequent, informative feedback.**
  - Tell/show students what they have done well (through positive reinforcement) and what they need to do to improve, including clarifying criteria and goals.
  - Give feedback on the task, the processes used to complete the task, and on the student's ability to self-regulate their own learning.
- **Develop academic mindsets and behaviors.**
  - Teach a growth mindset that over time with effort and practice, students can learn and succeed.
  - Encourage students' sense of belonging to the school and classroom community (see Relational Trust).
  - Employ strategies including ongoing monitoring and support of students' academic behaviors.
  - Praise effort and process. For example, "Good job, that must have taken a lot of effort" instead of, "Good job. You must be really smart."

Relational Trust:

The school is characterized by high levels of relational trust between all school participants - the "glue" or the essential element that coordinates and supports the processes essential to effective school improvement. Interactions, both between the teacher and students and among students, are highly respectful, reflecting genuine warmth and caring. Students contribute to high levels of

Score

1   2   3   **4**

civility. Interactions are sensitive to students as individuals, appropriate to the ages and development of individual students, and to the context of the class. The net result of interactions is that of academic and personal connections among students and adults.

Five Essentials Survey:
Ambitious Instruction - 62
Collaborative Teachers - 80

REACH Framework for Teaching:
1b. Demonstrating Knowledge of Students - Distinguished - 77.78% ; Proficient - 22.22%
2a. Creating a Climate of Respect and Rapport - Distinguished - 41.67%; Proficient - 37.50%

According to our 5 Essentials Survey: 92% of students report that teachers work hard to make sure they stay in school; 89% report that teachers pay attention to all students, not just the top students; 93% report that teachers work hard to make sure that all students are learning.

The 5 Essentials Survey also shows: 96% of students report feeling safe and comfortable with their teachers; 97% report that their teachers will always listen to students' ideas; and 94% that their teachers treat them with respect.

All students have at least one adult advocate. Staff actively participates in monthly RADAR sessions with CBOs in the community to meet the needs of our most at-risk students. The school as adopted Boys Town WMS and Methods which provide a clear pattern of interaction between adults and students with appropriate, fair responses to disrespectful behavior and misconduct.

Most students form close bonds with principal, teachers, and staff. Diverse learners are in a fully inclusive environment with varied levels of support.

Guide for Relational Trust

- **Develop trusting relationships with students so each student has at least one trusted adult in the school.**
  - Adults are responsible for occasional check-ins or serve as mentors.
- **Adult-student interactions are positive, caring, and respectful.**
  - Ensure a greater proportion of interactions are positive (as opposed to corrective) between staff and student consistently school-wide.
- **Student interactions are mutually supportive and respectful, with strong norms for positive behavior.**
  - Create opportunities for students to build positive relationships with peers.
  - Create opportunities for older students to mentor younger students.
- **Understand diversity and its impact on student learning; recognize and integrate the learning opportunities that come from a diverse community.**
  - Create opportunities for students to learn about the community they serve (e.g. culture and neighborhoods).
  - Have mutual respect for individual differences (e.g. gender, race, culture, etc.) at all levels of the school—student-student; adult-student; adult-adult and overall norms for tolerance.
  - Provide training to engage diverse families and communities.
- **Support and respect one another, personally and professionally (Teacher-Teacher Trust, Teacher-Principal Trust)**
  - Respect other teachers who take the lead in school improvement efforts.
  - Respect colleagues who are experts at their craft.
  - Exchanges are marked by genuinely listening to what each person has to say and by taking these views into account in subsequent actions. Even when people disagree, individuals can still feel valued if others respect their opinions.
  - Personal regard springs from a collective willingness to extend beyond the formal requirements of a job definition or a union contract (e.g. openness or reaching out to others).
- **Utilize relationships as a means of deterring truant behavior brought on by unspoken hurdles a child may be facing.**

3c. Engaging Students in Learning - Distinguished - 41.67%; Proficient - 29.17%

At PECHS, Teachers and staff have built vibrant culture building activities each quarter - Teambuilding (Sinclympics, Clue, Talentless Show, Fashion Show), participatory video projects, Quarterly Pancake Breakfasts, Annual Thanksgiving Service Day, Assemblies that celebrate cultural diversity and pride, and high interest field trips.

Principal, leadership and Community Representative leads the work to engage community stakeholders that provides but is not limited to scholarships and work internships. The school encourages students to participate in authentic and engaging activities with community partners such as the Arts Infusion Project with Precious Blood Ministries of Reconciliation, local elementary schools, Su Casa, the Chicago Public Libraries, Literature for all of Us, and the Chicago Park District, etc.

Each campus has a Student Council/Voice Committee, Prom Committee, small counseling groups.

Guide for Student Voice, Engagement, & Civic Life

Study politics

- Teachers teach about the structure and function of government as well as local, national, and international political structures and power dynamics.
- Teachers invite students to reflect on their own role in the political landscape, engage in analyses of power, and identify strategies they can use to utilize civic power as an individual and as a member of a community.
  - **Become informed voters and participants in the electoral process**
    - Students learn about the history and structures of the local and national voting process and ballot issues and candidates.
    - The school supports non-partisan engagement in all parts of the electoral process, including voter education, voter mobilization and registration.
    - There are a variety of school/classroom activities or simulations that support student voter preparation and participation in the electoral process.
  - **Engage in discussions about current and controversial issues**.
    - Students prepare for discussions, learn about issues that matter to them through deliberation, evaluate evidence from a range of sources, consider competing views, develop arguments, and deepen their viewpoints.
    - With teachers' support, students learn how to engage in and lead respectful and productive democratic discussions where everyone expresses their viewpoints, shares evidence, and listens to one another.
    - Teachers teach how to find different points of view online and instruct how to engage in respectful, informed, and productive online dialogue.
  - **Explore their identities and beliefs**
    - Teachers design learning experiences that enable students to explore how their identities influence their lived experiences and their perspectives.
    - Students are encouraged to learn about and understand the perspectives of those who have different identities and beliefs.
    - School staff reflect on their own identities and consider how that impacts their role and support of teaching and learning with youth.
  - **Exercise student voice**
    - Students can participate on multiple decision/policy making bodies and their perspectives are regularly included in decisions at their school.
    - Student Voice Committee represents the diversity of the school, addresses school-based issues, and regularly gathers input from their peers to inform and impact school policy and decisions.
    - Teachers respond to and integrate students' lived experiences, perspectives, and interests in class.
    - Authentically **interact with civics leaders**
    - Students learn about community, city, state, and national civic leaders and their roles in civil society.
    - School staff support engagement with civic leaders by inviting them into classrooms/the school and identifying face-to-face or online avenues for students to share their feedback and perspectives with civic leaders.

  - **Engage with their community**
    - Students complete at least 2 service learning projects before graduation in which they gain exposure to civic organizations, leaders, and careers. Students gain tools to work cooperatively in partnership with peers, community members, and organizations to advance a specific cause

  - **Take informed action** where they work together to propose and advocate for solutions.
    - Students research and analyze issues that matter to them, identify root causes, develop a theory of action, determine relevant audiences, outline specific goals, implement a response, and reflect before, during and after experiences.
    - Students use social and digital platforms to raise awareness about issues, produce and circulate multimedia content, and mobilize involvement.

  - Experience a **Schoolwide civics cultur**
    - School leaders articulate a commitment to and vision for the importance of civic learning; students are civic leaders in the school.
    - Schools integrate civic learning across the curriculum, including projects that address relevant issues in their schools and communities.
    - School staff have professional development, collaboration time, and curriculum resources to infuse civic learning across disciplines.

    - Systems and structures exist where students are invited to participate in shaping school's policies, goals, instruction, and climate.

Evidence, Measures, and Standards

Suggested Evidence	• MVMS Student Survey completion rates and results • Artifacts from student-run organizations and events (including SVCs) • Meeting minutes/agendas that include student participation • Policies regarding student engagement in decision making • Service learning reports and/or reflections of SL projects • Unit and curriculum maps, rubrics, assessment artifacts • Evidence of student work • Democracy School recognition
Measures	✓ Five Essentials – Supportive Environment
Five Essentials	Supportive Environment
MTSS Framework	Curriculum & Instruction, Family & Community Engagement
CPS Framework for Teaching	2a. Creating an Environment of Respect and Rapport 3c. Engaging Students in Learning
CPS Performance Standards for School Leaders	D3. Utilize Feedback from Multiple Stakeholders for School Improvement
Content Standards	Illinois Social Science Standards, Illinois Social Emotional Learning Standards, CCSS ELA/HST Standards

Safety & Order:

The school is characterized by high levels of safety and order. Students feel physically and emotionally safe from harm, and adults work to actively maintain a safe, orderly school environment.

Score

1   2   3   **4**

Five Essentials Survey:
Supportive Environment - 61

REACH Framework for Teaching:
1b. Demonstrating Knowledge of Students - Distinguished - 77.78% ; Proficient - 22.22%
2a. Creating a Climate of Respect and Rapport - Distinguished - 54.17%; Proficient - 33.33%
2d. Managing Student Behavior - Distinguished - 33.33%; Proficient - 45.83%

According to 5 Essential Survey, 38% of students feel unsafe outside around the school building and 44% feel unsafe traveling between home and school. This number has decreased since the previous school year . Despite this, 80% of students report feeling safe in the bathrooms, 86% report feel safe in the hallways, and 89% report feeling safe in their classes at Peace and Education Coalition. Last school year, 93% of students reported feeling safe in their classrooms, so this is an area that needs to be addressed for the upcoming school year.

Adults in the school building are trained consistently implement and reinforce standards for conduct in the hallways, classrooms, and public spaces of the school and utilize the WMS model to support those efforts.

Guide for Safety & Order

- **Ensure students and adults feel physically, socially, intellectually, and emotionally safe throughout the school.**
- **Provide clear procedures for reporting and responding to safety concerns.**
- **Manage efficient and orderly transitions between activities.**
  - Manage classroom routines and procedures to maximize instructional time.
  - Orchestrate the environment so students contribute to the management of classroom routines (e.g. transitions) without disruption of learning).
  - Arrival, dismissal, and other school-wide transitions are safe, efficient, and orderly.
- **Provide a framework for positive behavior throughout the school based on shared values and expectations.**
  - Have shared expectations for positive behavior. (See Restorative Approaches to Discipline)
- **Teach, model, and reinforce (by all staff members) clear behavior expectations for all areas of the school.**
  - All adults use active supervision (move, scan, and interact) in all settings.
- **Have a voice and take informed action.**
  - Students are included in key conversations about their learning experience and work with the principal and staff to identify issues and implement solutions. (e.g. student voice committee).
  - Students initiate and lead some school improvement initiatives.
  - Students participate in democratic decision-making at the school level.
  - Students identify and research issues of relevance and work together to propose/advocate for solutions.
- **Emphasize proactive, instructive, and restorative approaches to student behavior and minimize punitive consequences through policies and procedures. (See Restorative Approaches to Discipline)**
  - Adults correct misbehavior in ways that reinforce established expectations and cause minimal disruption to learning.
- **Clarify criteria for office referrals versus classroom managed behavior.**

Evidence, Measures, and Standards

Restorative Approaches to Discipline:

The school is characterized by having and implementing policies and procedures that emphasize proactive, instructive, and restorative approaches minimizing punitive consequences. Discipline practices primarily focus on shaping behavior as opposed to punishing behavior. The school only uses out-of-school suspension as a last resort and utilizes a systems-change approach to bring about a more restorative culture. The school is also characterized by strong and consistent school and classroom climates. The school reinforces positive behaviors and responds to misbehaviors in calm, respectful, and thoughtful ways, teaching students important social and emotional skills that enable them to get along with others, make responsible decisions, and focus on learning. When misbehavior occurs, the school seeks to understand the underlying reasons (root cause) in order to design a response that effectively changes student behavior using a menu of instructive, corrective and restorative responses.

Supportive Environment - 61

REACH Framework for Teaching:
2a. Creating a Climate of Respect and Rapport - Distinguished - 54.17%; Proficient - 33.33%
2d. Managing Student Behavior - Distinguished - 33.33%; Proficient - 45.83%

The Principal and AP provides clear information relative to expectations for students during enrollment orientation. The average age of a student is 18+, therefore, information is provided to families on school performance upon request.
At the beginning of each quarter, teachers provide students with information relative to their expectations, system of instruction, grading and feedback.

All staff participate bi-annually in the Boys Town Well Managed School two day training, which teachers intervention and corrective teaching strategies and reinforces the school's referral system for behaviors. The administrative team participates bi-annually in the Boys Town WMS Administrative training to recalibrate school-wide expectations, policies, and procedures for managing behavior. Boys Town Social Skills are reviewed with students during the first quarter of each school year and routinely throughout the school year with the teachers and staff.

Misconduct dashboard shows on average two out-of-school suspensions per year. Daily calls home for students not in attendance are routine. Parents are updated by teachers regarding behaviors, IEP meetings, etc. by staff.

Guide for Restorative Approaches to Discipline

- **PROACTIVE - Reinforce positive student behavior with clear expectations, routines, and procedures.**
  - A team meets regularly to organize systems that support a restorative environment.
  - Develop, reinforce, and model shared agreements and clear, positively stated expectations.
  - Well-managed routines and transitions maximize instructional time.
  - Engage families as partners.
  - Contact families frequently to inform them of positive student behavior and progress.
  - Vary acknowledgements and provide both short and long term opportunities for reinforcement for all students.
- **INSTRUCTIVE - Integrate universal SEL skills instruction and core content.**
  - Intentionally teach competencies outlined in SEL Standards. Use discipline as opportunity to teach these skills.
  - Use a Multi-tiered System of Supports (MTSS) for social, emotional, and behavioral growth.
    - Use data to determine which behaviors should be retaught or more heavily reinforced.
  - Explicitly teach expected behavior and positively reinforce consistently school-wide.
  - Avoid power struggles with students by offering choices. Redirect students privately and respectfully.
- **RESTORATIVE - Employ a discipline system that guides students to take ownership, resolve conflict, and learn from their actions.**
  - Support all staff to engage in restorative conversations and respond to behavior incidents in ways that de-escalate conflict, reteach expectations, build social & emotional skills, repair relationships, and cause minimal disruption to learning.
  - Support staff in understanding the impact of trauma on student behaviors and using trauma-sensitive approaches to discipline.
  - Identify clear disciplinary procedures for classroom-managed behaviors and office-managed behaviors.Develop a continuum of interventions and logical consequences that address the root cause of behavior and align to MTSS processes.
  - Ensure discipline systems minimize the use of punitive responses, including removing students from the classroom or school community.
  - Respond equitably to students in all subgroups. Implement processes that address and meet the needs of students who are impacted by behavior incidents.

- Designate an administrator, such as a dean or restorative practices coordinator, responsible for leading centrally-managed response to behaviors using consistent, restorative processes.
- Provide opportunities for students to take responsibility for repairing harm caused by their actions, generate solutions, and resolve conflicts with peers or staff.

Parent and Family Partnership:

Score

1 **2** 3 4

All schools have authentic partnerships with parents or family members that lead to a sense of shared responsibility for the academic, physical, and social emotional development of their students. Through meaningful consultation with parents, these partnerships include creating an intentional process to foster and sustain school-wide procedures, programs, and activities which involve and empower parents or family members and are responsive to student and family's needs. Schools provide a variety of parent volunteer opportunities (both in and out of school) and leadership opportunities (ie - PACs, BACs and PLNs), which support school operations, instructional programs and community partnerships. Research shows that when families, schools and communities partner in promoting learning and healthy development for all students schools thrive and student outcomes increase. The development and implementation of effective outreach and communication strategies will be inclusive of all families and school staff, creating a two-way feedback loop process which will lead to an increase in the home-school connection to identify, problem-solve and design actions which target instructional and student programs.

> Principal provides clear information relative to expectations for students during enrollment orientation.
> - The average age of a student is 18+, therefore, information is provided to families on school performance upon request, at Parent Breakfasts, informal meetings, Parent Teacher Conferences, and IEP meetings. At the beginning of each quarter, administration and teachers provide students with information relative to their expectations, system of instruction, grading and feedback.
> Daily calls home and home visits for students not in attendance are made by Community Representative, Youth Intervention Specialist, and school attendance clerks.. It is not uncommon at PEC for administration, counselors, Deans, and teachers to make these personal connections with families as well.
> Parents are updated by teachers regarding behavior, IEP meetings, grades, and attendance. Quarterly Parent Breakfasts allow for communication to be shared between Counselor and Community Representative and parents. Annual Parent-Community Representative meeting to share school programming and to seek feedback from parents about needed services.

Guide for Parent and Family Partnership

- **Establish a non-threatening, welcoming environment that is warm, inviting, and helpful.**
- **Provide frequent, high quality, well publicized opportunities for families and community to participate in authentic and engaging activities in the school community (e.g. student performances/ exhibitions, literacy or math events).**
- **Provide multiple opportunities for parents to ask questions, raise concerns, and give feedback.**
  - Respond to families' concerns and requests for information professionally and in a timely manner, providing resources and solutions to address the concerns.
- **Solicit the support and engagement of families as partners in the instructional program (e.g. volunteering, working at home with their child, involvement in class and school projects in and out of school, and parent workshops).**
  - Host events for parents to share with other parents how home and school complement each other.
  - Share best practices around learning and development with parents to support students at home.
  - Inform parents of grade level standards and expectations and grading policies with a clear description of what meeting the standard looks like.
  - Inform parents of attendance expectations and the impact of attendance on a student's trajectory.
  - Assist parents to volunteer in the school and/or participate on teams/committees.
  - Promote the use of **Parent Portal** and **Parent University** to connect and engage parents with school.

- **Frequently communicate with families about class and individual activities and individual student's progress.**
  - Regularly inform parents of their child's progress across all relevant measures: attendance, discipline, academics, social-emotional learning, and health and wellness.
  - Send regular, positive, personalized communication from a staff member.
  - Use a variety of consistent communication methods (e.g. calls, text, newsletter, website, face to face) sensitive to cultural norms and needs.
- **Conduct intensive outreach to families in need of specialized support through home visits and collaboration with social services agencies.**
  - School responses to student excessive absences and/or tardiness includes outreach to families.
- **Provide proactive communication (e.g. parent handbook and resources).**
- **Partner equitably with parents speaking languages other than English.**
  - Information is provided to parents in their native language.
  - Parent meetings scheduled with interpreters present to facilitate participation.

	2016-2017 Actual	2017-2018 Actual	2017-2018 SQRP Goal	2018-2019 SQRP Goal	2019-2020 SQRP Goal
Average Growth Percentile on STAR - Reading					
The SGP for the past two school years has made an incremental increase. The SGP indicates the amount of growth a student has accomplished in an academic year. A 3% increase each year is an aggressive goal.	47.00	50.00	53.00	56.00	60.00
Average Growth Percentile on STAR - Math					
The SGP for the past two school years has decreased in STAR Math. The SGP indicates the amount of growth a student has accomplished in an academic year. A 3% increase each year is an aggressive goal.	54.00	50.00	53.00	56.00	60.00
Percent Making Growth Targets on STAR - Reading					
This rate is the percentage of students who met their individual targeted growth goal with a minimum Standard Growth Percentile (SGP) of at least a 40. Our goal is address literacy across all content areas to ensure that 75% of our students are meeting the minimum growth of 40 SGP each academic year by the 2019-2020 school year.	55.30	60.50	65.00	70.00	75.00
Percent Making Growth Targets on STAR - Math					
This rate is the percentage of students who met their individual targeted growth goal with a minimum Standard Growth Percentile (SGP) of at least a 40. Our goal is address math skills by increasing the use of effective co-teaching, culturally responsive teaching, and the increased use of Kahn Academy for interventions in the math classrooms and the mini-lab intervention course to ensure that 75% of our students are meeting the minimum growth of 40 SGP each academic year by the 2019-2020 school year.	65.70	65.50	70.00	72.00	75.00
1-Year Graduation Rate					
We will continue to strive to graduate all eligible seniors each academic school year. If a student withdraws from school, we work to positively transition them to another school program or re-enroll in a future quarter. Additional students (Juniors) who are off-track, but can meet graduation requirements by completing credit recovery or participating in Dual Enrollment will be targeted for acceleration.	100.00	100.00	100.00	100.00	100.00

Credit Attainment Rate

Our numbers have increased over the past three years due to a shift in grading/attendance practices. Failure rates due to attendance only have decreased through increased opportunities to pay back attendance time and the increased opportunities for credit recovery. It is an aggressive goal to reach 90% credit attainment, but we are committed to ensuring that off-track students have as many opportunities as possible to accelerate their credit acquisition.	60.30	81.60	85.00	88.00	90.00

Stabilization Rate

Our stabilication rate has fallen in the past three years. Students who are off-track or disengaged appear to be engaged in increased "school shopping", where they're looking for a better fit for an Options High School. We believe this increased revolving-door phenomenon can be attributed to the increase in availability of half-day options high school programs for students. We will continue to strive to build relationships with and support all students who enroll in PECHS, and build towards an 85% stabilization rate.	80.70	75.70	80.00	83.00	85.00

Average Daily Attendance Rate

For several years, PECHS has held steady in the 86% attendance range, despite targeted attendance policy changes developed to improve our average daily attendance rate. We are dedicated to breaking the 90% threshold as we know that excellent attendance impacts credit attainment, graduation rates, and student academic achievement and growth.	*(Blank)*	*(Blank)*	88.00	90.00	92.00

Growth in Attendance Rate

We are seeing an increase in the percentage of students who are improving their attendance from year to year. However, as our stabilization rates rise with students who begin to meet higher attendance goals, our growth in attendance rate falls. Approximately 50-66% of our students each year are returning students. Their growth in attendance seems to present itself during their first year at PECHS and then their attendance rate levels off at 86-88% until they graduate, which does not indicate growth in subsequent years. Through the implementation of Honors Week and a focus on attendance improvement/excellent for all students, we are hopeful to continue to build attendance growth for 84% of our students by the 2019-2020 school year.	73.20	79.70	80.00	82.00	84.00

Oct 01, 2018 to Dec 21, 2018 - All Faculty Administration

Status history

Fund Compliance

Supplemental General State Aid(SGSA)

☑ My school receives SGSA funds

By checking the above box, the school is verifying that the attendance center complies with the statement regarding the use of SGSA funds:

1. The attendance center allocation is correctly based on the number of students eligible to receive free and reduced lunch and breakfast.
2. The attendance center has an approced plan, developed in consultation with teachers, administrators, and other appropriate personnel, and parents of thes tudents attending the attendance center.
3. The attendance center's plan is approved by the LSC and CPS.
4. SGSA funded activities fall within the allowable program categories: early childhood education, reduced class size, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular programs as determined by the illinois state board of education.
5. SGSA Funds supplement and do not suppland non-categorical and other categorical funds allocated to the attendance center.
6. SGSA funds are supporting only those activities specified in the school's approved plan/amendment.
7. SGSA funds are not used for capital expenditures. 8. SGSA funds are not used for any political or lobbying activities by the attendance center.

ESSA Program

◉ ESSA Schoolwide Program

(Not available to schools receiving NCLB funds for the first time) [Title 1/SW].

The school annually reviews the schoolwide plan/program. The schoolwide program plan is available to CPS, parents, and the public, and the information in the plan is in an understandable and uniform format, and to the extent practicable in a language the parents can understand.

○ ESSA Targeted Assistance Program Title I funded staff participate in the school's general professional development and school planning activities. Title I funded staff assume limited duties that are assigned to similar personnel including duties beyond the classroom, or that do not benefit Title I students, as long as the amount of time spent on such duties is the same proportion of the total work time with respect to similar staff.

○ Non-title school that does not receive any Title funds

Parent Involvement in Targeted Assistance and Schoolwide Programs

☑ I verify that the statement below is correct

Every Student Succeeds Act (ESSA), the reauthorization of the Elementary and Secondary Act of 1965 continues a legislative commitment to parental involvement. Central features of prior reauthorizations, such as school-parent compacts, parent involvement policies, and the parent involvement funding formula remain unaltered. However, the ESSA reauthorization represents a notable shift in the role of parental involvement in the schools. It includes new provisions increasing parental notification requirements, parental selection of educational options, and parental involvement in governance. It envisions parents as informed and empowered decision makers in their children's education.

Parent and Family Plan

Parent and Family Engagement Policy   Complete

Schools must involve parents and family in the joint development and periodic review and revision of the ESSA, Title I school parental and family engagement plan and policy, and in the process of school review and improvement. Please describe how this will be accomplished.

> The PECHS has an advisory board that reviews and guides the process of school improvement.

The school will hold an annual meeting at a time convenient to parents and families during the first month of school to inform them of the school's participation in ESSA, Title I programs and to explain the Title I requirements and their right to be involved in the Title I programs. The school will also offer a number of additional parental and family engagement meetings, including school PAC meetings, at different times and will invite all parents and key family members of children participating in the ESSA, Title I program to these meetings, and encourage them to attend. Please describe how this will be accomplished. Please list the projected date of your Title I Annual Meeting and your Title I PAC Organizational Meeting

> The PECHS provides and opportunity on Thursday, September 25th to explain our Title I program, CIWP. Presentations will be held at 3:00 and 5:00 pm. Students receive a data/fact sheet in their enrollment package informing the students and their family regarding their rights and requirements of the Title I program.

At the request of parents and family members, schools will provide opportunities for regular meetings, including the School Parent Advisory Council meetings, for parents and family members to formulate suggestions and to participate, as appropriate, in decisions about the education of their children. Please describe how the school will immediately respond to any such suggestions.

> The PECHS provides and opportunity on Thursday, September 25th to explain our Title I program, CIWP. Presentations will be held at 3:00 and 5:00 pm. Students receive a data/fact sheet in their enrollment package informing the students and their family regarding their rights and requirements of the Title I program. Students receive a data/fact sheet in their enrollment package informing the students and their family regarding their rights and requirements of the Title I program. Parents are also provided with assessment data for their child.

Schools will provide parents a report of their child's performance on the State assessment in at least math, language arts and reading. Please describe how this will be accomplished.

> The Chicago Public Schools provides a School Performance Report as well as a State Report Card that is distributed to students and their families

Schools will provide parents timely notice when their child has been assigned to, or taught by, a teacher who is not "highly qualified," as defined in the Title I Final Regulations, for at least four (4) consecutive weeks. Please describe how this will be accomplished.

> Due to the nature of the students who attend PECHS, this school is committed to only hiring highly qualified teachers. Teacher credentials are available upon request.

Schools will assist parents of participating ESSA Title I children in understanding: the state's academic content standards; the state's student academic achievement standards; the state and local academic assessments including alternate assessments; the requirements of Title I, Part A; how to monitor their child's progress; and how to work with educators. Please describe how this will be accomplished.

Each student is provided with an appointment time during report card pick up twice a year. Students are given progress reports at the fice week mark and at the end of the quarter. CPS has provided a parent portal where parents can monitor their child's grades. PECAHS teachers are mandated to enter bi-weekly grades. Parent portal information is provided in the enrollment orientation packet.

Schools will provide information, resources, materials and training, including literacy training and technology, as appropriate, to assist parents and family members in working with their children to improve their academic achievement, and to encourage increased parental involvement. Please describe how this will be accomplished.

Parent portal information is provided in the enrollment orientation packet.

Schools will educate all staff in the value and utility of contributions by parents and family and in how to reach out to, communicate and work with, parents and family as equal partners in the education of their children and in how to implement and coordinate parent and family programs and build ties with parents and family members. Please describe how this will be accomplished.

During report card pick-up, training will be offered to interested parents. Since the overwhelming majority of students are over 18, there is little demand from parents for training. This usually is more prevalent at the elementary level.

Schools will, to the extent feasible and appropriate, coordinate and integrate parent and family programs and activities with Head Start, Reading First, Early Reading First involvement, Even Start, Home Instruction Programs for Preschool Youngsters, the Parents as Teachers Program, public preschool, and other programs, to further encourage and support parents and families in more fully participating in their children's education. Please describe how this will be accomplished.

DNA

Schools will ensure that information related to the school and parent and family programs, meetings, and other activities is sent to parents in understandable and uniform formats, including language. Please describe how this will be accomplished.

Several staff members are fluent in Spanish and converse and/or provide translated written communication for parents. CPS does uniformly provide documents in Spanish.

Policy Implementation Activities

☑ The LSC will approve the school improvement plan and monitor the CIWP.

☑
In the CIWP, the school identifies current parental and family engagement practices and outlines activities related to expanding parent and family partnership programs.

☑
The school will coordinate the parent and family engagement programs identified in the CIWP.

☐
The school will evaluate the Parent and Family Engagement Policy for effectiveness and make improvements as necessary.

Explain why any of the boxes above are unchecked: (type "n/a" if all are checked)

NA

School-Parent Compact   Complete

The school will provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the participating student to meet the State's student academic achievement standards. Describe how the school will provide high-quality curriculum and instruction in a supportive environment. (Restate the school mission.)

The Peace and Education Coalition Alternative High School Program is a small alternative high school program that provides a non-traditional educational opportunity for out-of-school youth between the ages of 16 - 21, who desire to achieve a high school diploma and a new change to fully participate in the economic and social speres of life through guidance and support. PECHS provides core content utilizing the engaging and movement based instructional strategies and academic support through tutoring, technology assisted instruction, co-teaching and highly engaging student projects supporting the CCSS.

The school will hold parent-teacher conferences. Describe the kinds of parent-teacher conferences that will be held and the dates on which they are scheduled.

Parent-Teacher conferences occur in November and April. Times are scheduled for students for individual conference. Parents can call and schedule individual conferences at any time and meet with staff during preparation time or before or after school if they so desire

The school will provide parents with frequent reports on their children's progress. Describe when and how the school will provide reports to parents.

Parents are provided with progress reports every five weeks. Further, if a student falls behind prior to the five week report, parents may be contacted. Parents do have the opportunity to view their child's grades through the CPS Parent Portal.

The school will provide parents access to staff. Describe when, where and how staff will be available for consultations with parents.

Parents have the opportunity to meet with staff during their daily preparation period. Further, if a parent comes unannounced, provisions will be made for the parent to visit with the desired staff. Due to the student population served, it is very rare that parents are involved with these older students. However, the school will reach out to parents regularly.

The school will provide parents opportunities to volunteer and participate in their children's classes. Describe how and when parents and family members may volunteer, participate, and observe classroom activities.

We have had instances when a parent shadows their child. Because the overwhelming percentage of our students are over eighteen, this is a rare occurrence. The school more likely works more closely with probation/parole officers than parents.

The parents will support their children's learning. Describe how the parents will assist learning (i.e. monitoring attendance, homework completion).

Parents/guardians are called when students are absent. Parents do assist to insure their child comes to school.

The parents will participate in decisions relating to the education of their children. Describe when, where and how parents will consult with the school.

Our most frequent contact with parents is during the enrollment process. Parents are very thankful to find their overage child or their child who has had experiences with the justice system do have an opportunity to complete their high school diploma.

The students will share the responsibility for improved student academic achievement. Describe how the students will assure academic achievement (i.e. good attendance, positive attitude, class preparation).

Students can earn credit quarterly. They have a very strict attendance policy and do comply in order to earn the credit. There are always options to earn back the credit. We have block scheduling so students are in class 84 minutes and only four subjects per quarter. Teachers develop relationships with students due to small class size and longer contact.

Parent Budget   Complete

Goals: Indicate goals, timeline of activities and training topics that are designed to assist parents and families with increasing their students' academic achievement. The overarching goal is to increase student academic achievement through parental and family engagement involvement; specify your goals.
