School Excellence Framework

Culture of & Structure for Continuous Improvement

4 of 4 complete

**Leadership & Collective Responsibility:**

Leadership & Collective Responsibility is characterized by an unwavering commitment to fulfilling a shared vision of success. There is a clear focus and high expectations for staff and students, motivating the entire school community to continue striving for success for every student.

Score

1 2 **3** 4

- \*Staff expected to update websites to reflect instructional goals, class assignments and projects, and school events.
- \*Students provided with daily planners and expected to update daily.
- \*Hosts Coffee and ....events monthly to keep parents abreast of school vision and events.
- \*School newsletter provided to parents.
- \*Parents invited and encouraged to serve as room parents.
- \*Meetings schedule with high risk students to develop plans for remediation.
- \*HUG Program implemented to match teachers with students outside of their class to mentor.
- \*School-wide incentives for responsible behavior in common areas (B-Bucks).
- \*Teacher driven professional development.
- \*Teacher driven school events, committees and activities (Curriculum Night, Bowling Fundraisers, College and Career Day)
- \*Survey Monkey used for quick input/feedback from teachers.
- \*My School/My Voice Surveys
- \*Implemented use of Google Drive to provide teacher access to all plans and maps for better alignment.
- \*Implemented use of Envision across grade levels.
- \*Implemented common reading and math annotations across grade levels.
- \*Encourages informal mentoring relationships for new staff.
- \*Prioritizes directives in weekly bulletins.
- \*Weekly (and daily) priorities posted on white board and main office.

## Guide for Leadership & Collective Responsibility

- **Set the direction and create a sense of purpose by building consensus on and implementing a shared vision.**
  - Consider the demographics of the school community in developing a shared vision.
  - Help stakeholders understand the relationship between the school's vision and their initiatives and priorities.
  - Consistently use informal and formal opportunities to champion and articulate the vision.
  - Act in ways that consistently reflect the school's core values, beliefs, and priorities in order to establish trust.
  - Ensure the school's identity, vision, and mission drive school decisions.
  - Use the Multi-Tiered System of Support framework as a standard for how to distribute leadership and make significant decisions both academically and social-emotionally.
- **Inspire a culture of collective responsibility for the success of ALL students in the whole school (not solely teacher's own students).**
- **Empower others to make or influence significant decisions.**
  - Build shared leadership structures and opportunities for job-embedded leadership training and development.
  - Capitalize on the leadership skills of others.
  - Constantly listen and synthesize what is heard, and learn from all sources.
- **Employ the skills to effectively manage change.**
  - Master skills associated with large-scale strategic planning processes and implementation of such plans.
  - Steer through the challenges associated with making improvements, both large and small.
- **Create and sustain a coherent instructional program (coordinated and consistent) with learning goals.**
- **Use the CPS Framework for Teaching to ground instructional guidance and coaching.**
  - Model ambitious goals for teaching and learning for all students, including priority groups.
  - Draw from the best available evidence to inform instructional improvement decisions.
- **Enable staff to focus and prioritize what matters most.**
  - Buffer staff from external distractions to the school's priorities and goals.
  - Limit school improvement goals to a few high leverage activities.
  - Prioritize teaching challenging content, engaging students in learning, rigor and ways to raise achievement.

## Evidence, Measures, and Standards

EVIDENCE, MEASURES, AND STANDARDS	
Suggested Evidence	<ul style="list-style-type: none"> <li>✓ School's vision, beliefs, and how it is shared (e.g. presentations to community, promotional materials)</li> <li>✓ Five Essentials – Program Coherence</li> </ul>
Measures	<ul style="list-style-type: none"> <li>✓ Five Essentials</li> </ul>
Five Essentials	<ul style="list-style-type: none"> <li>Effective Leaders</li> <li>Collaborative Teachers</li> </ul>
CPS Framework for Teaching	<ul style="list-style-type: none"> <li><a href="#">4d. Growing and Developing Professionally</a></li> <li><a href="#">4e. Demonstrating Professionalism</a></li> </ul>
CPS Performance Standards for School Leaders	<ul style="list-style-type: none"> <li>A1. Assesses the Current State of School Performance and Develops a CIWP</li> <li>A2. Implements Data Driven Decision Making and Data Driven Instruction</li> <li>A5. School Vision and Mission Drive Decision-Making</li> <li>D4. Demonstrates Change Management</li> </ul>

### Instructional Leadership Team:

The ILT is characterized by having a consistent structure for teacher leadership that is focused on creating and implementing the theories of action that improve teaching and learning. ILT meetings are a productive forum to identify challenges, collect and review

Score

1 2 3 4

evidence, exchange ideas, and propose and implement solutions to challenges to school improvement.

- \*Participates in U of C math collaborative and district-wide training
- \*Participated in peer collaborative cycle (year long)
- \*Planned and presented at staff PD
- \*Examine, analyze school-wide and observational data for trends
- \*Created and implemented action plans focused on improving AAI

### Guide for Instructional Leadership Team

- **Engage in on-going inquiry (e.g. continuous improvement cycles) as a basis for improvement.**
  - Gain productive insight and take substantial new action or adjust strategy that clearly addresses root causes.
  - Relentlessly ask, **"Is it working?"** about every program, initiative, and strategy in the school.
  - Vet Initiatives and strategies on the basis of their direct or proven impact on outcomes.
  - Monitor if previous actions were implemented (fidelity) and working as intended. Ask, **"If not, why not?"**
- **Share leadership for improving teaching and learning with representative school members.**
  - Organize the team around a common understanding of team's purpose and instructional priorities.
  - Represent all relevant specialty content areas, programs, related services, and grade bands/department teams and is an appropriate size.
  - Represent a balance of work styles (e.g. task-oriented, provides push-back, synthesizes, etc.)
- **Use protocols and ask probing questions.**
  - Ask questions focused on factors within sphere of control and avoid a focus on student factors.
  - Use appropriate protocols and level of analysis (grade, school-wide, individuals) for meeting purpose.
  - Systematically consider root cause(s) based on thorough review of evidence.
- **Use timely and relevant data/evidence sources.**
  - Gather and use current and relevant local student, school, teacher performance (e.g. attendance data, assessment results), and operational data formatively to review and revise school and classroom practices as needed.
  - Disaggregate data for priority student groups (e.g. English learners, diverse learners).
- **Schedule and structure frequent meetings.**
  - Meet regularly (2-4 times per month).
  - Use an agenda with a clear focus.
- **Collaborate effectively, value transparency, and inform and engage stakeholders.**
  - All team members have equity of voice and are actively engaged in asking questions.
  - Celebrate small wins and improvements.
  - Regularly inform and engage stakeholders of key data and work of the ILT.
- **Build the capacity of teacher teams to lead cycles of learning and problem solving focused on student learning data and student work.**

### Professional Learning:

Professional Learning includes sufficient time, support, and 'safe practice' space to internalize new knowledge to change practice and beliefs. Adults persevere in collaboration with their colleagues to innovate and improve implementation of new practices.

Score

1 2 3 4

- NWEA RIT Bands used to provide guided small group instruction.
- \*Articles distributed for perusal and discussion during staff meetings.
- \*Professional development opportunities for individuals and collective staff emailed regularly.
- \*Teachers serve as network facilitators and bring techniques and strategies back to team.
- \*Structured times set for teachers to collaborate in grade level teams and vertically.
- \*Teachers request guidance/feedback from peers regarding individual students and lessons.
- \*Teachers encourage to try new strategies.
- \*Push for cultural responsiveness and co-teaching more effectively

## Guide for Professional Learning

- **Select and design professional learning (PL) to achieve school-wide improvement, including closing priority group achievement gaps.**
  - Use data to identify performance and practice gaps to inform PL plan.
  - Use research about best practices to identify potential learning and subject matter experts to support.
  - Solicit feedback from staff to inform selection of PL opportunities.
  - Provide PL relevant to the cultural and linguistic needs of students.
  - Provide both whole staff and differentiated PL to individual teacher levels.
- **Implement and sustain on-going, job-embedded professional learning (PL) (e.g. coaching, peer learning opportunities, action research)**
  - Recommend and/or provide PL opportunities directly related to individuals' specific areas of need and professional growth goals.
  - Encourage staff to broaden networks to bring new knowledge and resources to learning environment.
  - Teachers initiate opportunities for professional growth and proactively seek opportunities to enhance content knowledge and pedagogical skill.
- **Structure time for teachers to collaborate and learn together.**
  - Create schedules and systems to conduct peer observations, and coaching. Reflect on its impact.
  - Teachers provide and accept collegial support and feedback to/from colleagues.
  - Teachers participate in and facilitate professional inquiry in teams to advance student learning.
- **Make 'safe practice' an integral part of professional learning.**
  - Allow teachers ample time to try new strategies, refine skills, grapple with implementation problems, and share knowledge and experience.
  - Provide support that addresses the specific challenges of changing classroom practice. Provide coaching/mentoring support to validate continuing to work through struggles.
- **Monitor implementation to ensure staff uses new knowledge to improve practice and it is having the desired effect on practice and student outcomes.**
  - Conduct frequent non-REACH observations to provide coaching and actionable feedback.
- **Provide induction and support for new teachers.**
  - Assign each new teacher a mentor who is skilled in pedagogy and is an open, collaborative colleague.
  - Schedule a series of 'learning experiences' for new teachers that helps them navigate important initiatives (e.g. REACH) and provides information on school specific goals and resources.

## Evidence, Measures, and Standards

### Aligned Resources:

Resources (e.g. time, budget, staff, and community resources) are aligned to school priorities. Improving achievement guides resource allocation. Making the most of student time and staffing is a priority. The school organizes resources school-wide through schedules and staffing plans that target additional time and individual attention to those students who need it most and to highest priority subject areas.

Score

1 2 3 4

All resources were used to support CIWP priorities and revisions to the CIWP. PPLC, PPC led meetings with staff to determine priorities (need vs. wants). Staff determined what resources are needed to support priorities and PPLC vetted recommended resources and made recommendations to staff and LSC.

## Guide for Aligned Resources

- **Design a school day that is responsive to student needs.**
  - Use CPS Instructional Time Guidelines to maximize instructional time.
  - Use CPS Instructional Block Guidelines to maximize academic-engaged time.
- **Align the budget to the CIWP priorities and the mission of the school.**
  - Avoid overemphasis on the purchase of products/programs that are not research based or do not respond to SEF needs.
  - Leverage strategic source vendors to maximize dollars.
  - Seek and obtain grants to support articulated needs.
  - Use grant funds strategically to support areas of highest need.

- Maximize the use of supplemental funding to close any priority group achievement gaps.
- **Streamline purchase procedures to minimize lapses between ordering and receiving materials.**
- **Evaluate, to the extent possible, the consequences for student learning of resource allocation decisions to develop an evidence base of outcomes of particular uses of resources.**
- **Have a 'hiring team' and collaborative hiring process with clear selection criteria to identify and select best available candidates.**
  - Actively work to build a pool of potential staff members, particularly difficult to fill positions (e.g. staff to serve English learners).
  - Use an interview process including a protocol for questioning and select highly qualified candidates.
  - Require a classroom lesson demonstration to assess candidate expertise, philosophy and commitment.
  - Check teachers' previous performance at CPS schools.
- **Strategically assign teachers to grade and content areas to create a balanced team with a variety of strengths.**
  - Ensure all students have fair access to high-quality teachers in the school.
- **Effectively utilize Related Service Providers at the classroom level.**
- **Use data including teacher evaluations and exit interviews to inform a retention strategy.**
  - Create a positive climate and working conditions for teaching that attracts and retains educator talent.
  - Create opportunities for growth including opportunities for staff to assume additional leadership roles or pursue personal growth goals.
  - Track retention rates over time and use this information to isolate staffing strengths and identify opportunities to improve.
  - Solicit information from staff using exit interviews/surveys to understand reasons for leaving school or district.
- **Make outreach efforts to engage community members as partners and resources.**
- **Partner with one or more organizations that share the values of the school and have a complementary mission to the school's vision.**
  - Monitor the impact of partner organizations' activity.

Expectations for depth & breadth of Student Learning

4 of 4 complete

### Curriculum:

The curriculum – what students should know and be able to do - makes standards come alive for students. All students have access to an academically rigorous curriculum that inspires students to think and contribute high quality work to authentic audiences beyond the classroom. The curriculum fully integrates academic and social emotional learning opportunities for all students, including diverse learners, English learners, and advanced learners. The school regularly examines the curriculum to check alignment to standards and opportunities for all students to meet those standards.

Score

1 2 **3** 4

Curriculum:

Teacher created curriculum aligned to CCSS; units with real life application for example service learning projects; yearlong pacing guides; curriculum is mapped out for the year; weekly lesson plans align to curriculum maps. Focusing lesson planning to differentiate for learners of all levels. Designated time for vertical planning among teachers to ensure cohesive units across grade levels.

### Guide for Curriculum

- - **Align units of instruction (horizontally/vertically) to scope and sequence maps and pace units and lessons appropriately.**
  - Focus so units can be adequately addressed in the time available.
  - Examine formative data to determine mastery and pace. Discuss how much time it takes to adequately address the essential elements, and the

- viability of documents that articulate essential content and timing of delivery (e.g. pacing guides, curriculum maps).
- **Utilize the 'big ideas' that should be taught to determine whether students are being taught the body of knowledge, the understandings and the skills expected.**
  - Identify the essential understandings – what students should learn in greater depth. In other words, know 'covering everything but learning nothing' does not work.
- **Expose and extend opportunities for all students to grade appropriate levels of text complexity in all types of texts, including informational in all content areas.**
  - Articulate language goals that are separate from and support content goals. Literacy - reading, writing and speaking are essential 'learning tools' across the curriculum (disciplinary literacy).
- **Engage all learners in content areas by fully integrating opportunities for all learners, including:**
  - Diverse learners to demonstrate core knowledge and skills.
  - English Learners to develop academic language to demonstrate mastery.
    - Use English and native language development standards in addition to content standards to differentiate instruction and assessments for English learners, to ensure meaningful access to content, regardless of English language proficiency.
    - Understand research and implement programs to develop native language literacy for English learners.
  - Advanced learners to extend core knowledge and skills.
- **Integrate academic and social emotional learning.**
- **Connection to real world, authentic application of learning. For example,**
  - Provide opportunities for meaningful project-based learning.
  - Integrate field-based learning through partnerships with city institutions (e.g. museums), colleges, universities, and community based organizations.
- - Curriculum is culturally relevant/sustaining and provides opportunities to explore and celebrate students' communities, culture, history, and language.
  - Curriculum is tailored to the strengths, needs, and interests of each student.

### Instructional Materials:

Materials to present learning content and what the learner uses to demonstrate are characterized by variability and flexibility. Materials are identified and adapted to increase access to learning for all students. Materials include multimedia and embedded, just-in-time supports; varied tools and supports; alternative pathways, and varied levels of support and challenge. (adapted from UDL Guidelines 2.0)

Score

1 2 **3** 4

#### Instructional Materials:

Assessment data used to create plans; use of online program, such as Reading A to Z, Think Cerca, IXL Math, and Moby Max to enhance higher order thinking and problem solving; teachers use manipulatives whole class and to differentiate; small groups are used in math and literacy block; teachers use multimedia to introduce topics to students; Various reading curricula and interventions for K/1 students including Reading Street, Reading in Motion, and Tutormate. Envision curriculum is used in grades K-5; Connected Math aligned to CCSS for 6th grade students; leveled texts are used to differentiate reading instruction;

## Guide for Instructional Materials

### Instructional materials (including technology) are.....

- **Aligned to curricular plans and expectations of the standards.**
- **Varied and flexible.**
  - Are selected and adapted based on learning objectives and learner needs.
  - Include a variety of quality media, manipulatives and supplies to achieve valued learning outcomes.

- **Intentionally planned by identifying or adapting appropriate tools (including technology) for specific instructional needs.**
  - Student outcomes and developmental appropriateness determine when and who will use the materials.
  - Materials are updated/upgraded in response to new information and understandings.
- **Equitably available and accessible to all teachers and students.**
  - Teachers and students have available a variety of high quality, standards-aligned instructional materials and resources.
  - Materials are in English and native language for English learners.
  - Reference and resource materials are readily available and circulated throughout the school.
- **Include multimedia and embedded, just-in-time supports (e.g. hyperlinked glossaries, background information, and on-screen coaching) – for conveying conceptual knowledge.**
  - Students interact with instructional materials to engage all modalities in the learning process.
  - Technology is integral to students learning experiences.
  - Units and lessons include grade-appropriate levels of texts and other materials so every student can access the content/skills.
- **Include tools and supports needed to access, analyze, organize, synthesize, and demonstrate understanding in varied ways – for learning and expression of knowledge.**
  - The needs of the students at different performance levels are met by using a variety of instructional materials that allow students to draw on all of their learning capacities.
  - The teacher models effective use of various materials.
  - Students understand that materials are a means to acquire language, knowledge, and competencies.
  - Technology enhances students' higher order, creative thinking and problem solving.
  - Materials connect subject area content to real life applications.
- **Include alternative pathways including choice of content, varied levels of support and challenge, and options for recruiting and sustaining interest and motivation – for engaging and learning.**
  - Students make choices about instructional materials as part of learning.
  - Materials address the needs of the total child: cognitive, linguistic, social, emotional, physical, and aesthetic.
  - Consumables are often non-print supplies that promote active, hands-on learning.

### Rigorous Student Tasks:

The school regularly examines student work - what students are being asked to do on in their classrooms - across grades or courses in all content areas. Examining the texts and tasks students experience provides the necessary insight to gauge rigor and illuminate how the standards are actualized prompting the question whether or not approaches support the true spirit of college and career readiness. (adapted from The Education Trust – Equity in Motion Series)

### Score

1 2 3 4

#### Rigorous Student Tasks:

Goal setting with students; contracts are used for attendance, grades and behavior; tasks involve multiple standards; objectives and expectations are communicated effectively to students; students are challenged to stretch and expand their understanding (critical thinking, problem solving); writing happens in every subject; close reading and annotations; writing about reading, multi-step problems, MARS tasks, FALS, teachers examine student work with students and with colleagues (GLTM); bulletin boards display examples of rigorous tasks monthly; conferring with students throughout the writing process and questioning techniques are utilized. Small group instruction occurs in every classroom to provide rigorous tasks to every student at their level.

## Guide for Rigorous Student Tasks

- **Begin with the belief that all students can learn. (see *Culture for Learning*)**
  - Convey high learning expectations for all students and develop structures that enable practice and perseverance for each individual student.
  - Create an environment where students assume responsibility for high-quality work by persevering, initiating improvements, addressing critiques, making revisions, adding detail and/or helping peers.
  - Communicate the necessity of attendance and engagement everyday in order to succeed.

- **Plan and assign tasks that are cognitively challenging for individual students and require students to provide evidence of their reasoning.**
  - Align tasks with standards-based learning objectives that reflect the depth of knowledge expectations.
  - Tasks are integrative to draw on multiple standards.
  - Teach for Robust Understanding in Mathematics (TRU Math). Engage students with important mathematical ideas, not simply receiving knowledge, requiring students to engage in productive struggle.
- **Tasks reflect the key shifts in literacy.**
  - **Complexity:** Tasks reward close reading of complex text; Focus on comprehension of academic language, not obscure vocabulary.
  - **Evidence:** Cite evidence from text and write to sources, not decontextualized prompts.
  - **Knowledge (non-fiction):** Tasks embed reading and writing across disciplines with a variety of literary and informational complex texts and tasks and demonstrate comprehension through speaking, listening.
- **Tasks reflect the key shifts in mathematics.**
  - **Focus:** Tasks reflect a curricular and instructional focus on the major work in (e.g. operational fluency and number sense in K-2).
  - **Coherence:** Multi-grade progressions stress key beginnings (e.g. ratios in 6th grade) and key end points (e.g. fluency with multiplication in 3rd);
  - **Rigor:** Problems require construction of mathematical reasoning and critiques of other possible solutions.
- **Provide opportunities for students to create authentic work for real audiences (beyond the teacher) to motivate them to meet standards and engage in critique and revision.**
- **Examine student work to identify and showcase the qualities of strategic thinking that are both rich in content and relevant for students.**
  - Analyze models with students to build a vision of quality.
  - Use protocols to collectively reflect regularly on the level of cognitive demand asked of students across the school, particularly priority group students, to think strategically as speakers, listeners, readers, and writers.
  - Analyze student work samples as part of professional learning to best support students' attainment of quality work and standards.

### Transitions, College & Career Access & Persistence:

Score

The school creates pathways to success built on a vision in which all students leave secondary school with a clear plan for their initial postsecondary destination, whether in apprenticeship training, work, or college. All students have equal access to college preparatory curriculum to be successful. The school is characterized by structures for developing early postsecondary awareness and the knowledge and skills that lay the foundation for the academic rigor and social development necessary for college and career success. Students are equipped with the confidence in their ability to implement and adapt their plan throughout their lives as they and the world around them change. This vision sees students as the architects of their own lives. (adapted from Creating Pathways to Success, Ontario)

1 2 3 4

Transitions, College & Career Access & Persistence:

College and Career week held, with a day devoted to professionals presenting about their career 5th and 6th grade parent night with the focus on discussing middle school options, classes that do college tours. School counselor engages students in college and career activities whole class. Focus on executive functioning skills, college pennants displayed outside of classroom doors and in the hallways to encourage college awareness.

### Guide for Transitions, College & Career Access & Persistence

- **TRANSITIONS - Have structures and processes in place to ensure successful transitions (e.g. into school , grade to grade, school to school, school to post-secondary).**
  - Mitigate the adverse effects experienced by some students in transition – such as arriving part-way through the school year – that can cause students to fall behind or become disengaged from school.
  - Monitor the progress of English learners after transition from services.
  - Provide programs and interventions that help students as they move from middle school through Freshmen year, including but not limited to: High School Investigation Days, CTE recruitment fairs, Freshmen Connection program (where budget allows), and a robust Freshmen Orientation program. Implement targeted holistic student supports the entire Freshmen year.
  - Provide sustained summer learning experiences to minimize learning loss and support key transition periods (e.g. summers before Kindergarten, HS,

and college).

- Use student data and best practices research to develop focused programs.
        - Expand access beyond students who are struggling academically.
        - Provide school counseling and postsecondary advising transition support and follow-up during “Summer Melt” and the first year of college.
- **AWARENESS - Expose students early to academic/professional worlds beyond K-12.**
  - Provide students opportunities to discover personal talents and skills, identify career interests, and pursue coursework/activities necessary to reach personal, academic and career goals. Expose students to CTE Pathways around career options
  - Expose students to a range of career paths and the educational requirements of each to improve long-term planning and goal-setting.
  - Start the conversation about college in primary grades.
  - Make parents aware of academic opportunities and supports for their child.
- **READINESS – Ensure equitable access to college preparatory curriculum.**
  - Provide access to 8<sup>th</sup> Grade Algebra to all eligible 8<sup>th</sup> grade students.
  - Provide access to early college and career coursework and credential opportunities while in HS (e.g. AP credit, Dual credit, industry credentials (CTE), Seal of Biliteracy)
  - Teach students to analyze their transcripts and test scores, as well as connect course selection, attendance, and grades to their continued success and access to postsecondary options, and adjust their actions and behavior to make progress toward graduation and their top postsecondary choice. Provide support and motivation to encourage B's or better and improving attendance.
  - Create opportunities for students to explore college and career knowledge, mindsets, and skills necessary for academic planning and goal setting.
  - Find opportunities to work with all students on academic and personal behaviors, including persistence, engagement, work habits/organization, communication/ collaboration, and self-regulation.
  - In Naviance, develop an Individual Learning Plan that tracks coursework, college and career assessments, goal setting, 6th-12th grade milestones completion that culminates in a concrete postsecondary plan.
  - Provide opportunities for Dual Credit/Dual Enrollment
- **SUCCESS - Provide direct assistance to all students and families through every stage of the college selection, application, and entry process (Transition to College (HS))** including, but not limited to academic planning/advising to assist with:
  - Selecting colleges with the best institutional graduation rates for their level of qualifications. (Students of all qualification levels are more likely to graduate from college if they attend a postsecondary institution with high graduation rates)
  - Researching/comparing options including short and long-term financial outcomes, comparing college graduation rates, and other statistics to narrow down options.
  - Researching living wage options such as an apprenticeship or certification programs for students who wish to work after high school and/or want to delay college.
  - Applying to multiple colleges—generally three or more.
  - Navigating financial aid and capitalizing on grant and scholarship opportunities.
  - Equipping students and families with persistence strategies. (College Persistence Toolkit)
  - Help families learn about existing CTE career pathways, apprenticeships/pre-apprenticeship programs

Expectations for depth & breadth of Quality Teaching

3 of 3 complete

### Instruction:

The teachers have finely honed instructional skills. They can shift from one approach to another as the situation demands by carefully monitoring the effect of their teaching on student learning. They seamlessly incorporate ideas and concepts from other parts of the curriculum into their explanations and activities. Their questions probe student thinking and serve to extend understanding. They promote the emergence of self-directed learners.

Score

1 2 **3** 4

Instruction:

1) Differentiated instruction provided in RIT Math block (based on NWEA data); 2) Targeted Instructional Area (T.I.A) focuses on critical thinking and the powerful practices identified are: utilize Thinking Maps in all content areas and use critical thinking ladder to create questions and tasks to promote higher level thinking; 3) teachers plan integrated units within grade levels; 4) MSMV results indicated a neutral response in the area of English instruction (students indicated the need for more opportunities to debate the meaning of a text, re-write and improve writing); teachers anticipate student mis-understandings in lesson planning; student talk is a key element in classroom (student to student and teacher to student); vocabulary instruction is embedded in weekly LPs; all students use Claim, Evidence, Reasoning (audience, counterargument--grades 5 and 6); planning for English language and diverse learners in LPs (differentiation); formative and summative assessments are used

## Guide for Instruction

- **Plan a range of effective pedagogical approaches suitable to student learning of the content/skills taught and anticipate student misconceptions.**
- **Effectively communicate with students.**
  - Guide students to articulate the relevance of the objective(s) to learning.
  - Anticipate possible student misunderstanding.
  - Enable students to develop a conceptual understanding of content while making connections to their interests, knowledge, and experience.
  - Enable students to contribute to extending the content by explaining concepts to their classmates.
  - Build on students' language development and understanding of content.
  - Use vocabulary appropriately for students' ages and development. Students contribute to the correct use of academic vocabulary.
- **Use questioning and discussion as techniques to deepen student understanding and challenge.**
  - Use a variety of low- and high-level, open-ended, and developmentally appropriate questions to challenge students cognitively, advance high level thinking and discourse, and promote metacognition.
  - Use techniques that enable students to engage each other in authentic discussions about content. And, enable students to formulate their own questions and respectfully challenge one another using viable arguments based on evidence.
  - Encourage student responsibility for ensuring all voices are heard in the discourse and that all students are listening and responding to questions and answers from their teacher and peers.
  - Require students to cite textual evidence to support/develop a claim.
- **Engage students in learning.**
  - Scaffold instruction to ensure all students, including diverse learners and English Learners, access complex texts and engage in complex tasks.
  - Provide targeted supports to individual students or groups of students based on their identified needs.
  - Provide instruction designed to develop language domains for English learners.
- **Monitor the effect of teaching on student learning and integrate formative assessment into instruction.**
  - Monitor progress and check for understanding for individual students.
  - Change instructional practice based on analysis of current data.
  - Use universally designed assessments that allow for multiple pathways for students to demonstrate understanding of the objective(s).
  - Also see *Balanced Assessment*.
- **Persist in adjusting instruction so individual student misunderstandings or advanced needs are successfully accommodated.**
  - Intervene in a timely and effective way to help students who are struggling.
  - When formative assessments show a need for intervention or enrichment, make effective impromptu adjustments that individualize instruction.
  - Use progress monitoring data to trace effectiveness of interventions and student response to intervention.
- **Foster student ownership.** Create opportunities for students to have voice and choice in instructional tasks.

## Evidence, Measures, and Standards

**Balanced Assessment & Grading:**

Score

A balanced assessment system effectively measures the depth and breadth of student learning and monitors student progress towards college and career readiness. It also produces actionable data to inform planning for instruction, academic supports, and resource allocation. To meet these goals, a balanced assessment system must include multiple measures and be responsive to the needs of all students, including diverse learners and English learners.

1 2 3 4

Balanced Assessment & Grading:

Grading protocols established; regular gradebook checks; parent meetings for "Off Track" students; analyze student work samples, classroom assessments, and standardized test data during each grade level team meeting cycle; all units have formative and summative assessments.

**Guide for Balanced Assessment & Grading**

- **Use multiple measures (i.e. a range of assessment types and at multiple points in time) to supplement district-centralized assessments with other formative assessments to provide a more comprehensive picture of student learning.**
- **Use screening, diagnostic, and progress monitoring assessment to correctly identify specific gaps and monitor improvement, especially for students receiving Tier 2 and 3 services, in addition to Tier 1 core instruction. (also see MTSS and Instruction)**
- **Make assessments accessible to students, including diverse learners and English Learners through employing features of universal design and use of accommodations and, where needed, modifications.**
  - Provide accommodations in presentation (i.e. how assessment text and tasks are presented to students), response (i.e. how students provide their answers), and/or setting/timing (i.e. scheduling/location of assessment).
- **Utilize assessments that reflect the key shifts in literacy and mathematics in teacher created or selected assessments.** (see Rigorous Student Tasks)
- **Utilize assessments that measure the development of academic language for English learners.**
- **Have access to and analyze school-wide, teacher team, and classroom assessment data to determine instructional effectiveness and subsequent learning needs**
- **Improve and promote assessment literacy.**
  - Work together on building common assessments within a department, course, or grade level team.
  - Invest resources in helping teachers evaluate and improve the quality of formative assessments. For example, use the Assessment Design Toolkit.
  - Use common protocols and calibrate on scoring and grading in teacher teams.
  - Analyze quality and alignment of assessments and tasks to ensure they meet the expectations of the standards and embed various levels of complexity.
- **Have a grading system that clearly, accurately, consistently, and fairly communicates learning progress and achievement to students, families, postsecondary institutions, and prospective employers.**
  - Ensure that students, families, teachers, counselors, advisors, and support specialists have the detailed information they need to make important decisions about a student's education.
  - Measure, report, and document student progress and proficiency:
    - Against a set of clearly defined cross-curricular and content-area standards and learning objectives collaboratively developed with staff.
    - Separately from work habits, character traits, and behaviors, so that educators, counselors, advisors, and support specialists can accurately determine the difference between learning needs and behavioral or work-habit needs. academic mindsets and behaviors (CCSR).
  - Ensure consistency and fairness in the assessment of learning, and assignment of scores and proficiency levels against the same learning standards, across students, teachers, assessments, learning experiences, content areas, and time.
  - Ensure grades are not used as a form of punishment, control, or compliance.

**Multi-Tiered System of Supports:**

Score

The school is characterized by full implementation a system of academic and social emotional (SEL) supports for all students. Every

day, in all classrooms, all teachers provide: Universal instruction in the core curriculum - academic & SEL (Tier 1) to all students; additional targeted academic and SEL supports (Tier 2) where needed; and deep and intense supports (Tier 3) based on individual and small group needs. The school also monitors On Track data (grades/GPA and attendance (ES), and course credits (HS)) to provide interventions/supports for students at risk for failure and/or truancy.

Multi-Tiered System of Support:

Established MTSS team and they hold meetings twice a month; referral process in place; actionable plans develop from MTSS meetings; current "On Track" metric is below 75%.

Guide for Multi-Tiered System of Supports

- **TIER 1 - Persist in adjusting instruction so individual student misunderstandings or advanced needs are successfully accommodated. (3e)**
  - Intervene in a timely and effective way to help students who are struggling.
  - When formative assessments show a need for intervention or enrichment, teachers make effective impromptu adjustments that individualize instruction for students.
  - Use progress monitoring data to trace effectiveness of interventions and student response to intervention.
- **TIER 1 - Customize the learning environment, pace, and approach of teaching and curriculum in order to meet each learners' individual needs ('Personalized Learning').**
  - Empower student to advance their learning.
  - Use up-to-date individual student profiles that include strengths, needs, motivations, and outlines an individualized path to reach his/her goals.
  - Classrooms are student-centered with student agency.
  - Each student has the opportunity to advance upon demonstrating mastery.
- **ON TRACK - Provide universal supports to prevent failing and absenteeism and targeted interventions for grades below "C" or chronic absenteeism. (On Track)**
  - Identify students off track due to low attendance and poor course performance and provide intensive supports to address root causes of why students have low grades and poor attendance.
- **TIER 2 & 3 - Collaborate and work as teams of teachers and Related Service Providers (RSP) to plan and monitor targeted student support with varied instructional strategies and SEL support of varying degrees of intensity for all students.**
  - Monitor students requiring and receiving targeted and intensive instruction/interventions.
  - Use the Problem Solving Process to plan Tier 2 and 3 instruction/interventions.
  - Determine appropriate interventions for students or groups of students not making adequate progress.
  - Use progress monitoring data to track effectiveness of interventions and student response to intervention.
- **TIER 2 & 3 – Implement Personal Learning Plans (PLP) goals and intervention strategies for students requiring school year supports as described in Elementary School Promotion Policy (Board Report 09-1028-PO2).**
  - Ensure implementation of these plans, review subsequent 5 week data, determine the effectiveness of the strategies and adjust plans as needed.
- **Communicate to parents/guardians the additional supports and/or interventions provided for their child to better align school and home environments.**

Evidence, Measures, and Standards

**Culture for Learning:**

Score

1 2 **3** 4

A culture for learning is characterized by a school atmosphere that reflects the educational importance of the work undertaken by both students and staff. It describes the norms that govern the interactions among individuals about the mindsets (e.g. ability/confidence to grow with effort), academic behaviors (e.g. attending classes, completing assignments), the learning strategies and skills, the value of perseverance despite challenges and obstacles, and the general tone of the school. The classroom is characterized by high cognitive energy, by a sense that what is happening there is important, and that it is essential to "get it right." There are high expectations for all students. The classroom is a place where teachers and students value learning and hard work, and students take visible delight in accomplishing their work. Staff believe they can make a difference, that their hard work is the fundamental cause of student achievement, and are invested in student outcomes.

## Culture for Learning:

Students goals setting (school-wide)

Staff goal setting is part of the culture now

Improvement of staff implementing accommodations for DLs (academic and behavioral)

School-wide attendance incentives are motivational for students and teachers

School halls and walls celebrate student work and effort

structures and expectations in place for a positive learning environment

frequent staff collaboration and investment in student outcomes

CHAMPS is used school-wide with fidelity; school-wide expectations for classroom set up implemented; in many classrooms

participation points are earned; in some classrooms perseverance points are earned; quarterly awards assemblies recognize and celebrate student achievement and effort; school-wide policy that allows students to re-do and re-submit assignments;

GROWS: student motivation to persevere (productive struggle), more growth mindset activities need to be integrated into classroom, more frequent celebrations effort and aptitude needed (not just quarterly assemblies), completion of homework and classwork at original due dates needs improvement (NO Opt Out)

Increase in cognitively demanding tasks needed.

Increase and self management and accountability

## Guide for Culture for Learning

- **Create a culture that reflects a shared belief in the importance of learning and hard work.**
  - Use strategies to reinforce and cultivate student curiosity.
  - Make learning goals relevant to students, and inspire students to stay committed to their learning goals.
  - Consistently communicate the expectation that all students can achieve at high levels.
  - Utilize strategies to encourage daily and timely attendance.
- **Convey high learning expectations for all students and develop structures that enable practice and perseverance for each individual student.**
  - Clearly display school-wide expectations for academic and personal success throughout the building.
  - Set high expectations according to grade-appropriate learning objectives.
  - Differentiate expectations so all students stretch to not only meet but exceed personal learning goals.
  - Recognize high levels of student achievement. All students receive recognition.
  - Encourage student resilience and hard work.
  - Ensure students feel safe to share misunderstandings and struggles.
- **Encourage students to take ownership and pride in their work where students assume responsibility for high-quality work by persevering, initiating improvements, addressing critiques, making revisions, adding detail and/or helping peers.**
  - Students self-assess (e.g. checking own work before giving to teacher) to develop a reflective habit of mind essential for improvement. This ensures students take responsibility for their own learning, focuses attention on criteria for success, and increases effort and persistence.
- **Provide students frequent, informative feedback.**
  - Tell/show students what they have done well (through positive reinforcement) and what they need to do to improve, including clarifying criteria and goals.
  - Give feedback on the task, the processes used to complete the task, and on the student's ability to self-regulate their own learning.
- **Develop academic mindsets and behaviors.**
  - Teach a growth mindset that over time with effort and practice, students can learn and succeed.
  - Encourage students' sense of belonging to the school and classroom community (see Relational Trust).
  - Employ strategies including ongoing monitoring and support of students' academic behaviors.
  - Praise effort and process. For example, "Good job, that must have taken a lot of effort" instead of, "Good job. You must be really smart."

## Evidence, Measures, and Standards

Evidence, Measures, and Standards

### Relational Trust:

Score

1 2 **3** 4

The school is characterized by high levels of relational trust between all school participants - the “glue” or the essential element that coordinates and supports the processes essential to effective school improvement. Interactions, both between the teacher and students and among students, are highly respectful, reflecting genuine warmth and caring. Students contribute to high levels of civility. Interactions are sensitive to students as individuals, appropriate to the ages and development of individual students, and to the context of the class. The net result of interactions is that of academic and personal connections among students and adults.

#### Relational Trust:

Trust between S and T, respectful interactions between S-T, T extend personal time and resources to assist S, T know S as individuals, H.U.G. (Hello, Update, Goodbye) is an established check in/check out program; staff utilizes restorative discipline practices to engage students in reflection about their behavior and to teach replacement behaviors; MSMV results; teacher-teacher trust "very high", parent-teacher trust "strong"; teachers stay after-school to provide tutoring for students across grade levels; the number of sports programs has declined

Interactions with diverse learners needs improvement "those kids"  
Bridging gap between K-3 and 4-6 teachers

### Guide for Relational Trust

- **Develop trusting relationships with students so each student has at least one trusted adult in the school.**
  - Adults are responsible for occasional check-ins or serve as mentors.
- **Adult-student interactions are positive, caring, and respectful.**
  - Ensure a greater proportion of interactions are positive (as opposed to corrective) between staff and student consistently school-wide.
- **Student interactions are mutually supportive and respectful, with strong norms for positive behavior.**
  - Create opportunities for students to build positive relationships with peers.
  - Create opportunities for older students to mentor younger students.
- **Understand diversity and its impact on student learning; recognize and integrate the learning opportunities that come from a diverse community.**
  - Create opportunities for students to learn about the community they serve (e.g. culture and neighborhoods).
  - Have mutual respect for individual differences (e.g. gender, race, culture, etc.) at all levels of the school—student-student; adult-student; adult-adult and overall norms for tolerance.
  - Provide training to engage diverse families and communities.
- **Support and respect one another, personally and professionally (Teacher-Teacher Trust, Teacher-Principal Trust)**
  - Respect other teachers who take the lead in school improvement efforts.
  - Respect colleagues who are experts at their craft.
  - Exchanges are marked by genuinely listening to what each person has to say and by taking these views into account in subsequent actions. Even when people disagree, individuals can still feel valued if others respect their opinions.
  - Personal regard springs from a collective willingness to extend beyond the formal requirements of a job definition or a union contract (e.g. openness or reaching out to others).
- **Utilize relationships as a means of deterring truant behavior brought on by unspoken hurdles a child may be facing.**

**Student Voice, Engagement, & Civic Life:**

Score

Students are interested and engaged in learning, invested in their school, and contributing to their community. The school provides early and ongoing exposure to a wide range of extracurricular activities and rigorous courses and programming.

1 **2** 3 4

Student Voice, Engagement, & Civic Life:

Increase in variety of after-school programs offered  
 increase in variety for K-2 needed  
 teachers are expected create service learning opportunities connected to at least 1 unit per year  
 increased focus on AAI and growth mindset this year  
 Girls and boys mentoring increased  
 Older students interacting with younger students in ELA and math increased (book and math buddies)

**Guide for Student Voice, Engagement, & Civic Life**

**Study politics**

- Teachers teach about the structure and function of government as well as local, national, and international political structures and power dynamics.
- Teachers invite students to reflect on their own role in the political landscape, engage in analyses of power, and identify strategies they can use to utilize civic power as an individual and as a member of a community.
- **Become informed voters and participants in the electoral process**
  - Students learn about the history and structures of the local and national voting process and ballot issues and candidates.
  - The school supports non-partisan engagement in all parts of the electoral process, including voter education, voter mobilization and registration.
  - There are a variety of school/classroom activities or simulations that support student voter preparation and participation in the electoral process.
- **Engage in discussions about current and controversial issues.**
  - Students prepare for discussions, learn about issues that matter to them through deliberation, evaluate evidence from a range of sources, consider competing views, develop arguments, and deepen their viewpoints.
  - With teachers' support, students learn how to engage in and lead respectful and productive democratic discussions where everyone expresses their viewpoints, shares evidence, and listens to one another.
  - Teachers teach how to find different points of view online and instruct how to engage in respectful, informed, and productive online dialogue.
- **Explore their identities and beliefs**
  - Teachers design learning experiences that enable students to explore how their identities influence their lived experiences and their perspectives.
  - Students are encouraged to learn about and understand the perspectives of those who have different identities and beliefs.
  - School staff reflect on their own identities and consider how that impacts their role and support of teaching and learning with youth.
- **Exercise student voice**
  - Students can participate on multiple decision/policy making bodies and their perspectives are regularly included in decisions at their school.
  - Student Voice Committee represents the diversity of the school, addresses school-based issues, and regularly gathers input from their peers to inform and impact school policy and decisions.
  - Teachers respond to and integrate students' lived experiences, perspectives, and interests in class.
  - Authentically **interact with civics leaders**
  - Students learn about community, city, state, and national civic leaders and their roles in civil society.
  - School staff support engagement with civic leaders by inviting them into classrooms/the school and identifying face-to-face or online avenues for students to share their feedback and perspectives with civic leaders.
- **Engage with their community**
  - Students complete at least 2 service learning projects before graduation in which they gain exposure to civic organizations, leaders, and careers. Students gain tools to work cooperatively in partnership with peers, community members, and organizations to advance a specific cause
- **Take informed action** where they work together to propose and advocate for solutions.
  - Students research and analyze issues that matter to them, identify root causes, develop a theory of action, determine relevant audiences, outline specific goals, implement a response, and reflect before, during and after experiences.
  - Students use social and digital platforms to raise awareness about issues, produce and circulate multimedia content, and mobilize involvement.
- Experience a **Schoolwide civics cultur**
  - School leaders articulate a commitment to and vision for the importance of civic learning; students are civic leaders in the school.
  - Schools integrate civic learning across the curriculum, including projects that address relevant issues in their schools and communities.
  - School staff have professional development, collaboration time, and curriculum resources to infuse civic learning across disciplines.

- Systems and structures exist where students are invited to participate in shaping school's policies, goals, instruction, and climate.

## Evidence, Measures, and Standards

### Safety & Order:

The school is characterized by high levels of safety and order. Students feel physically and emotionally safe from harm, and adults work to actively maintain a safe, orderly school environment.

Score

1 2 **3** 4

#### Safety & Order:

S are overall aware of expectations and follow them  
SEL focus this year (students and parents)  
additional training for Second Step  
extra supports are available

Utilize Student Logger to record student behavior, parent contact and interventions school-wide; number of misconducts have decreased over the years (from 10.5% to 2%); CHAMPS and PBS are used school-wide; heavy emphasis on utilizing restorative practices

## Guide for Safety & Order

- **Ensure students and adults feel physically, socially, intellectually, and emotionally safe throughout the school.**
- **Provide clear procedures for reporting and responding to safety concerns.**
- **Manage efficient and orderly transitions between activities.**
  - Manage classroom routines and procedures to maximize instructional time.
  - Orchestrate the environment so students contribute to the management of classroom routines (e.g. transitions) without disruption of learning).
  - Arrival, dismissal, and other school-wide transitions are safe, efficient, and orderly.
- **Provide a framework for positive behavior throughout the school based on shared values and expectations.**
  - Have shared expectations for positive behavior. (See Restorative Approaches to Discipline)
- **Teach, model, and reinforce (by all staff members) clear behavior expectations for all areas of the school.**
  - All adults use active supervision (move, scan, and interact) in all settings.
- **Have a voice and take informed action.**
  - Students are included in key conversations about their learning experience and work with the principal and staff to identify issues and implement solutions. (e.g. student voice committee).
  - Students initiate and lead some school improvement initiatives.
  - Students participate in democratic decision-making at the school level.
  - Students identify and research issues of relevance and work together to propose/advocate for solutions.
- **Emphasize proactive, instructive, and restorative approaches to student behavior and minimize punitive consequences through policies and procedures. (See Restorative Approaches to Discipline)**
  - Adults correct misbehavior in ways that reinforce established expectations and cause minimal disruption to learning.
- **Clarify criteria for office referrals versus classroom managed behavior.**

### Restorative Approaches to Discipline:

Score

1 2 3 4

The school is characterized by having and implementing policies and procedures that emphasize proactive, instructive, and restorative approaches minimizing punitive consequences. Discipline practices primarily focus on shaping behavior as opposed to punishing behavior. The school only uses out-of-school suspension as a last resort and utilizes a systems-change approach to bring about a more restorative culture. The school is also characterized by strong and consistent school and classroom climates. The school reinforces positive behaviors and responds to misbehaviors in calm, respectful, and thoughtful ways, teaching students important social and emotional skills that enable them to get along with others, make responsible decisions, and focus on learning. When misbehavior occurs, the school seeks to understand the underlying reasons (root cause) in order to design a response that effectively changes student behavior using a menu of instructive, corrective and restorative responses.

#### Restorative Approaches to Discipline:

More people present in building to pull out groups and support SEL  
 teachers revisit/refer back to expectations previously taught  
 documentation of interventions has improved (student logger)  
 heavy emphasis on utilizing restorative practices this year; utilize Think Sheet as a tool for students to reflect on their actions/behaviors; utilize Second Step curriculum weekly at all grade levels; CHAMPS and PBS school-wide; teachers partner together for time out spaces for students; teachers are expected to integrate ISBE SEL standards into core content lesson planning.  
 held parent workshops several times this year focused on Second Step, Positive Discipline etc  
 low suspension rates  
 counselor held "support" groups throughout the year for grade level teams struggling with restorative approaches to discipline

Consistency needed with CHAMPS, Second Step and positive behavior reinforcements

### Guide for Restorative Approaches to Discipline

- **PROACTIVE - Reinforce positive student behavior with clear expectations, routines, and procedures.**
  - A team meets regularly to organize systems that support a restorative environment.
  - Develop, reinforce, and model shared agreements and clear, positively stated expectations.
  - Well-managed routines and transitions maximize instructional time.
  - Engage families as partners.
  - Contact families frequently to inform them of positive student behavior and progress.
  - Vary acknowledgements and provide both short and long term opportunities for reinforcement for all students.
- **INSTRUCTIVE - Integrate universal SEL skills instruction and core content.**
  - Intentionally teach competencies outlined in SEL Standards. Use discipline as opportunity to teach these skills.
  - Use a Multi-tiered System of Supports (MTSS) for social, emotional, and behavioral growth.
    - Use data to determine which behaviors should be retaught or more heavily reinforced.
  - Explicitly teach expected behavior and positively reinforce consistently school-wide.
  - Avoid power struggles with students by offering choices. Redirect students privately and respectfully.
- **RESTORATIVE - Employ a discipline system that guides students to take ownership, resolve conflict, and learn from their actions.**
  - Support all staff to engage in restorative conversations and respond to behavior incidents in ways that de-escalate conflict, reteach expectations, build social & emotional skills, repair relationships, and cause minimal disruption to learning.
  - Support staff in understanding the impact of trauma on student behaviors and using trauma-sensitive approaches to discipline.
  - Identify clear disciplinary procedures for classroom-managed behaviors and office-managed behaviors. Develop a continuum of interventions and logical consequences that address the root cause of behavior and align to MTSS processes.
  - Ensure discipline systems minimize the use of punitive responses, including removing students from the classroom or school community.
  - Respond equitably to students in all subgroups. Implement processes that address and meet the needs of students who are impacted by behavior incidents.
  - Designate an administrator, such as a dean or restorative practices coordinator, responsible for leading centrally-managed response to behaviors using consistent, restorative processes.
  - Provide opportunities for students to take responsibility for repairing harm caused by their actions, generate solutions, and resolve conflicts with peers or staff.

### Parent and Family Partnership:

Score

1 2 **3** 4

All schools have authentic partnerships with parents or family members that lead to a sense of shared responsibility for the academic, physical, and social emotional development of their students. Through meaningful consultation with parents, these partnerships include creating an intentional process to foster and sustain school-wide procedures, programs, and activities which involve and empower parents or family members and are responsive to student and family's needs. Schools provide a variety of parent volunteer opportunities (both in and out of school) and leadership opportunities (ie - PACs, BACs and PLNs), which support school operations, instructional programs and community partnerships. Research shows that when families, schools and communities partner in promoting learning and healthy development for all students schools thrive and student outcomes increase. The development and implementation of effective outreach and communication strategies will be inclusive of all families and school staff, creating a two-way feedback loop process which will lead to an increase in the home-school connection to identify, problem-solve and design actions which target instructional and student programs.

#### Parent Partnership:

Active parent organizations (PTO, LSC, PAC)  
 PAC focused on SEL this year (family events focused on SEL)  
 BAC needed as our ELL population increases  
 Monthly calendar and newsletter for families is distributed; utilize Blackboard regularly to communicate with parents about events, deadlines, meetings; school website is used to communicate school events, link parents to individual classroom web pages, provide resources, and showcase school events and achievements

Notice decrease in report card pick up, parent portal usage, attendance at academic focused events

### Guide for Parent and Family Partnership

- **Establish a non-threatening, welcoming environment that is warm, inviting, and helpful.**
- **Provide frequent, high quality, well publicized opportunities for families and community to participate in authentic and engaging activities in the school community (e.g. student performances/ exhibitions, literacy or math events).**
- **Provide multiple opportunities for parents to ask questions, raise concerns, and give feedback.**
  - Respond to families' concerns and requests for information professionally and in a timely manner, providing resources and solutions to address the concerns.
- **Solicit the support and engagement of families as partners in the instructional program (e.g. volunteering, working at home with their child, involvement in class and school projects in and out of school, and parent workshops).**
  - Host events for parents to share with other parents how home and school complement each other.
  - Share best practices around learning and development with parents to support students at home.
  - Inform parents of grade level standards and expectations and grading policies with a clear description of what meeting the standard looks like.
  - Inform parents of attendance expectations and the impact of attendance on a student's trajectory.
  - Assist parents to volunteer in the school and/or participate on teams/committees.
  - Promote the use of **Parent Portal** and **Parent University** to connect and engage parents with school.
- **Frequently communicate with families about class and individual activities and individual student's progress.**
  - Regularly inform parents of their child's progress across all relevant measures: attendance, discipline, academics, social-emotional learning, and health and wellness.
  - Send regular, positive, personalized communication from a staff member.
  - Use a variety of consistent communication methods (e.g. calls, text, newsletter, website, face to face) sensitive to cultural norms and needs.
- **Conduct intensive outreach to families in need of specialized support through home visits and collaboration with social services agencies.**
  - School responses to student excessive absences and/or tardiness includes outreach to families.
- **Provide proactive communication (e.g. parent handbook and resources).**
- **Partner equitably with parents speaking languages other than English.**
  - Information is provided to parents in their native language.
  - Parent meetings scheduled with interpreters present to facilitate participation.

	2016-2017 Actual	2017-2018 Actual	2017-2018 SQRP Goal	2018-2019 SQRP Goal	2019-2020 SQRP Goal
OSS per 100 (all students)					
The number of out-of-school suspensions per 100 students shows the number of reported incidents that result in a OSS for every 100 students at the school. This helps account for schools of different sizes when considering how frequently students are suspended, and makes it possible to make school level comparisons. The rate is calculated by taking the number of incidents that result in an out-of-school suspension and dividing it by the total number of enrolled students and then multiplying that figure by 100.  The goal is to reduce this metric by at least 7% annually for SY18-20.	2.24	1.97	2.01	1.87	1.74
OSS per 100 (Diverse Learners students only)					
The number of out-of-school suspensions per 100 students for diverse learners shows the number of reported incidents for diverse learners that result in a OSS for every 100 diverse learners at the school. This helps account for schools of different sizes when considering how frequently diverse learners are suspended, and makes it possible to make school level comparisons of diverse learner suspension rates. The rate is calculated by taking the number of incidents that result in an out-of-school suspension for diverse learners and dividing it by the total number of enrolled diverse learners and then multiplying that figure by 100.  The goal is to reduce this metric by at least 14% annually for SY18-20.	0.00	0.00	0.00	0.00	0.00
OSS per 100 (African American students only)					

The number of out-of-school suspensions per 100 students for African American shows the number of reported incidents for African American that result in a OSS for every 100 students at the school. This helps account for schools of different sizes when considering how frequently students are suspended, and makes it possible to make school level comparisons. The rate is calculated by taking the number of incidents that result in an out-of-school suspension for diverse learners and dividing it by the total number of enrolled African American students and then multiplying that figure by 100.

The goal is to reduce this metric by at least 7% annually for SY18-20.

2.46	2.20	2.24	2.09	1.94
------	------	------	------	------

% of Group 3 Misconducts Routed to OSS

This metric indicates the number of times (reported as a percent) a school assigns an out-of-school suspension to a student for their involvement in a Group 3 incident from the Student Code of Conduct. Whenever possible, interventions and consequences that do not exclude the student from their regular educational schedule should be attempted. The rate is calculated by taking the number of Group 3 incidents that result in an out-of-school suspension and dividing it by the total number of Group 3 incidents and then multiplying that figure by 100.

The goal is reduce this metric by at least 60% for SY18-19 and another 40% for SY19-20.

5.88	0.00	0.00	0.00	0.00
------	------	------	------	------

Serious Misconducts (Group 4-6) per 100

The number of serious misconducts per 100 students shows the number of reported SCC Group 4, 5, or 6 incidents reported for every 100 students at the school. This helps account for schools of different sizes when considering how frequently serious misconducts occur at the school, and makes it possible to make school level comparisons. This can be one indicator of how well schools are implementing social and emotional learning curriculum and integrating SEL into core academic instruction. Misconducts classified as Groups 4-6 include moderate, serious, or illegal behaviors. The rate is calculated by taking the number of Group 4, 5, and 6 misconduct codes assigned to students and dividing it by the total number of enrolled students and then multiplying that figure by 100. NOTE: This number may be higher than anticipated as sometimes multiple Group 4, 5, and 6 violations of the Student Code of Conduct may be assigned to a signal incident.

The goal is to reduce this metric by at least 10% annually for SY18-20.

3.92	2.54	2.79	2.51	2.26

Strategies

Strategy 1

If we do...

Develop and implement a year long study focused on raising the level of rigor in all classrooms

...then we see...

collaborative cycles (year long) focused on rigorous tasks, increase teacher collaboration within and across grade bands(planning, peer observations and debrief, action planning, analysis of student work )

...which leads to...

more robust unit plans (increase in rubric scoring), differentiated tasks for students, increased REACH ratings (domain 3) and reflection on practice (domain 4), improved score (green) on MSMV teacher collaboration section, improved quality of student work, improved ratings on self evaluations and rubrics, increased student ownership

Tags:

Area(s) of focus:

Action step	Responsible	Timeframe	Status
Create planning schedule for teachers within grade bands to begin meeting to review standards, crosswalk and create the protocols, common language, expectations for critique	Principal and C&I Director	May 18, 2018 to Jun 20, 2018	Not started
Secure substitutes to cover classrooms during planning sessions	Principal and Clerk	May 18, 2018 to Jun 20, 2018	Not started
Provide PD in August focused on rigor and differentiation	Principal and D&I Director, Consultant	Aug 7, 2018 to Aug 9, 2018	Not started
Teachers will develop lessons collaboratively within grade bands and content areas	Teachers	Aug 7, 2018 to Aug 9, 2018	Not started
Purchase one professional texts focused on increasing rigor and assign as summer reading	Principal	Jun 1, 2018 to Aug 24, 2018	Not started
Schedule collaborative cycle (planning, peer observations and debrief )following the same cycle as current BMLT	Principal and ILT	Oct 5, 2018 to May 31, 2019	Not started
Create templates for each part of the collaborative cycle	Principal and ILT	Sep 18, 2018 to Sep 18, 2018	Not started
Create templates for students to self evaluate and determine areas of strengths, improvements and needs (S.I.N.S.)	(Blank)	select	Not started
develop protocols and expectations for using critique (define it) as a tool for improvement in all content areas	(Blank)	select	Not started

Strategy 2

If we do...	...then we see...	...which leads to...
Differentiate independent tasks that students engage in during work stations/centers	differentiated learning menus/playbooks; students completing leveled and/or tiered tasks independently while teacher works with small groups of students; and students completing self-assessments, writing tasks that demonstrate deeper critical and organized thinking	increase in growth percentiles (6%) on EOY NWEA scores, catch up growth in attainment, improved writing based on teacher created rubrics, increase PARCC constructed responses by 5-10%

Require learning menus/playbooks in grades 2-6 for reading and math	Gates, Teachers	Oct 8, 2018 to Jun 3, 2019	Not started
If we utilize thinking maps in every content area across all grade levels to allow students to graphically organize and layer thinking	(Blank)	select	Not started
If we utilize thinking maps in every content area across all grade levels to allow students to graphically organize and layer thinking	(Blank)	select	Not started

### Strategy 3

If we do...

Increase the amount and fidelity of Tier 2 assessments and interventions (academic and behavior)

...then we see...

- 1) identification of students who need Tier 2 supports
- 2) interventions selected for Tier 2 students
- 3) differentiated supports for Tier 2 students in all classrooms

...which leads to...

- 1) Improved student growth on NWEA (math and reading) by EOY (10%)
- 2) Decrease in number of student discipline referrals put into Student Logger
- 3) Decrease in number of annual Special Education referrals

Fund Compliance

## Supplemental General State Aid(SGSA)

My school receives SGSA funds

By checking the above box, the school is verifying that the attendance center complies with the statement regarding the use of SGSA funds:

1. The attendance center allocation is correctly based on the number of students eligible to receive free and reduced lunch and breakfast.
2. The attendance center has an approved plan, developed in consultation with teachers, administrators, and other appropriate personnel, and parents of these students attending the attendance center.
3. The attendance center's plan is approved by the LSC and CPS.
4. SGSA funded activities fall within the allowable program categories: early childhood education, reduced class size, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular programs as determined by the Illinois state board of education.
5. SGSA Funds supplement and do not supplant non-categorical and other categorical funds allocated to the attendance center.
6. SGSA funds are supporting only those activities specified in the school's approved plan/amendment.
7. SGSA funds are not used for capital expenditures. 8. SGSA funds are not used for any political or lobbying activities by the attendance center.

## ESSA Program

ESSA Schoolwide Program

(Not available to schools receiving NCLB funds for the first time) [Title 1/SW].

The school annually reviews the schoolwide plan/program. The schoolwide program plan is available to CPS, parents, and the public, and the information in the plan is in an understandable and uniform format, and to the extent practicable in a language the parents can understand.

ESSA Targeted Assistance Program Title I funded staff participate in the school's general professional development and school planning activities. Title I funded staff assume limited duties that are assigned to similar personnel including duties beyond the classroom, or that do not benefit Title I students, as long as the amount of time spent on such duties is the same proportion of the total work time with respect to similar staff.

Non-title school that does not receive any Title funds

## Parent Involvement in Targeted Assistance and Schoolwide Programs

I verify that the statement below is correct

Every Student Succeeds Act (ESSA), the reauthorization of the Elementary and Secondary Act of 1965 continues a legislative commitment to parental involvement. Central features of prior reauthorizations, such as school-parent compacts, parent involvement policies, and the parent involvement funding formula remain unaltered. However, the ESSA reauthorization represents a notable shift in the role of parental involvement in the schools. It includes new provisions increasing parental notification requirements, parental selection of educational options, and parental involvement in governance. It envisions parents as informed and empowered decision makers in their children's education.

Parent and Family Plan

Parent and Family Engagement Policy

Complete

Schools must involve parents and family in the joint development and periodic review and revision of the ESSA, Title I school parental and family engagement plan and policy, and in the process of school review and improvement. Please describe how this will be accomplished.

Parents will be encouraged to join the PAC through a minimum of three parent engagement events in August and September. The principal will open host the Title I Principals Annual meeting and review all of the required items on the agenda. Upon review, documents will be updated as needed.

The school will hold an annual meeting at a time convenient to parents and families during the first month of school to inform them of the school's participation in ESSA, Title I programs and to explain the Title I requirements and their right to be involved in the Title I programs. The school will also offer a number of additional parental and family engagement meetings, including school PAC meetings, at different times and will invite all parents and key family members of children participating in the ESSA, Title I program to these meetings, and encourage them to attend. Please describe how this will be accomplished. Please list the projected date of your Title I Annual Meeting and your Title I PAC Organizational Meeting

The Title I Annual Meeting and the Organizational meetings will be held according to the deadlines determined by policy September 30 and October 31 respectively)

At the request of parents and family members, schools will provide opportunities for regular meetings, including the School Parent Advisory Council meetings, for parents and family members to formulate suggestions and to participate, as appropriate, in decisions about the education of their children. Please describe how the school will immediately respond to any such suggestions.

Parents will be regularly informed of PAC, PTO, BAC and LSC meetings where they may provide the school with feedback and discuss ways to improve the school and partner with the school in their children's education. The school will respond to questions as appropriate and in a timely manner. The school will follow up with resolutions.

Schools will provide parents a report of their child's performance on the State assessment in at least math, language arts and reading. Please describe how this will be accomplished.

After each testing window, parents will receive written reports of their children's performance/progress. For state assessments, the reports will be shared as they become available. Individual student assessment data and goal setting will be shared with parents at report card pick up/parent teacher conferences twice a year, minimally.

Schools will provide parents timely notice when their child has been assigned to, or taught by, a teacher who is not "highly qualified," as defined in the Title I Final Regulations, for at least four (4) consecutive weeks. Please describe how this will be accomplished.

If a teacher is deemed not "highly qualified", parents of each child affected, will receive notice in writing. Right to Ask requests will be granted, as well.

Schools will assist parents of participating ESSA Title I children in understanding: the state's academic content standards; the state's student academic achievement standards; the state and local academic assessments including alternate assessments; the requirements of Title I, Part A; how to monitor their child's progress; and how to work with educators. Please describe how this will be accomplished.

Parents will receive information in a timely manner regarding Title I programs, at various times of year, including but not limited to Parent Orientation, Open House, Curriculum Nights and other regular scheduled parent meetings. Information will include the following: Common Core and NGSS standards, curriculum map/pacing guides, state, district and local assessments, description and explanation of the curriculum and formative assessment measures.

Schools will provide information, resources, materials and training, including literacy training and technology, as appropriate, to assist parents and family members in working with their children to improve their academic achievement, and to encourage increased parental involvement. Please describe how this will be accomplished.

School will provide information, resources and materials in the form of workshops and/ trainings to assist parents in working with their children to improve both academic and social-emotional growth

Schools will educate all staff in the value and utility of contributions by parents and family and in how to reach out to, communicate and work with, parents and family as equal partners in the education of their children and in how to implement and coordinate parent and family programs and build ties with parents and family members. Please describe how this will be accomplished.

The principal will continue to educate staff in the value and utility of contributions by parents; how to improve communication with parents; how to partner equally with parents regarding students growth and attainment; how to listen more attentively to parents; and utilize empathy, reflection and diplomacy to build collaborative relationships.  
Teachers will communicate students progress via Parent Portal, progress and report card distribution every 5 weeks.

Schools will, to the extent feasible and appropriate, coordinate and integrate parent and family programs and activities with Head Start, Reading First, Early Reading First involvement, Even Start, Home Instruction Programs for Preschool Youngsters, the Parents as Teachers Program, public preschool, and other programs, to further encourage and support parents and families in more fully participating in their children's education. Please describe how this will be accomplished.

Shoemith does not have Pre K program. We will continue to use our school's social media and website to communicate and highlight Shoemith. We will continue to host prospective parent events throughout the year and target local day care and early childhood programs.

Schools will ensure that information related to the school and parent and family programs, meetings, and other activities is sent to parents in understandable and uniform formats, including language. Please describe how this will be accomplished.

All information related to the school and parent programs, meetings, and other activities will be disseminated to parents in English and other languages, as available.

#### Policy Implementation Activities

The LSC will approve the school improvement plan and monitor the CIWP.

In the CIWP, the school identifies current parental and family engagement practices and outlines activities related to expanding parent and family partnership programs.

The school will coordinate the parent and family engagement programs identified in the CIWP.

The school will evaluate the Parent and Family Engagement Policy for effectiveness and make improvements as necessary.

Explain why any of the boxes above are unchecked: (type "n/a" if all are checked)

N/A

#### School-Parent Compact

Complete

The school will provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the participating student to meet the State's student academic achievement standards. Describe how the school will provide high-quality curriculum and instruction in a supportive environment. (Restate the school mission.)

At Shoesmith School, we believe that EVERY student in our school is capable of learning and thinking at high levels. We will meet the academic, social and emotional needs of all of our students by providing a safe and nurturing learning environment that encourages self-expression and creativity; setting high expectations for teaching and learning; utilizing rigorous, research based instructional materials; implementing differentiated instructional practices and collaborating with stakeholders.

The school will hold parent-teacher conferences. Describe the kinds of parent-teacher conferences that will be held and the dates on which they are scheduled.

Parent-teacher conferences are held during report card pick up during quarters 1 and 3 each year. In addition, parents and teachers can request conferences for any students "Off Track", below a C in math or reading and below 95% attendance.

The school will provide parents with frequent reports on their children's progress. Describe when and how the school will provide reports to parents.

Parents will receive written reports of their child's progress every five weeks (weeks 5, 15, 25, and 35) and via Parent Portal. Teachers have classroom specific ways to communicate with parents as well (remind 101)

The school will provide parents access to staff. Describe when, where and how staff will be available for consultations with parents.

Staff is available for conferences by appointment. Each teacher distributes his/her office hours in their opening newsletter and post them on their personal web pages. Each teacher is accessible via the school's website. Teachers distribute email addresses at open house, as well.

The school will provide parents opportunities to volunteer and participate in their children's classes. Describe how and when parents and family members may volunteer, participate, and observe classroom activities.

parents are expected to b=volunteer a minimun of 4 hours per school year and document that volunteerism on the Parent Passport. parents approved via the CPS volunteer poliicy can sign up at any of the three BOY parent engagement events or simply send the completed vounteer sheet back via students in yellow folder.

The parents will support their children's learning. Describe how the parents will assist learning (i.e. monitoring attendance, homework completion).

The school will purchase parent newsletter subscription in math, reading and science to assist parents in strategies to use at home. parents are encouraged to talk to children about the importance of school, check planners and yellow folders, daily, on time atrendance, setting routines at home, including a quiet, consistent place for students to work.

The parents will participate in decisions relating to the education of their children. Describe when, where and how parents will consult with the school.

Parents are encouraged to join parent organizations, including PAC, PTO, BAC and LSC (elections; attend school activities; and maintain frequent contact with teachers.

The students will share the responsibility for improved student academic achievement. Describe how the students will assure academic achievement (i.e. good attendance, positive attitude, class preparation).

Come to school on time, prepared with appropriate supplies at least 96% of the time, follow PBS and CHAMPS expectations, set goals for student growth.

Parent Budget

Complete

Goals: Indicate goals, timeline of activities and training topics that are designed to assist parents and families with increasing their students' academic achievement. The overarching goal is to increase student academic achievement through parental and family engagement involvement; specify your goals.

For SY 18-19 and SY 19-20, the PAC has set a goal to increase parent understanding of SEL (social-emotional learning through parent workshops, guest speakers.

Allocate your Mandated Title 1 Parent and Family Engagement Funds to support your Parent and Family Engagement Program.

Account(s)	Description	Allocation
51130, 52130	<b>Teacher Presenter/ESP Extended Day</b> For Teacher presenter, ESP Extended Day, please remember to put money on the benefits line. Non-Instructional pay rate applies.	\$ 200 .00
