Mission Statement as of May 2013

Through our small learning community structure, including Global Village, Jorndt Urban Mentorship Program (JUMP), Freshman Academy, Advancement Via Individual Determination (AVID), and the International Baccalaureate Diploma and Middle Years Program, we are committed to fostering the development of the whole child through rigorous, differentiated, community-based and globally-focused instruction.

School Priorities as of May 2013

Description	Rationale
Implement teacher/consultant-crafted benchmarks and assessments in ELA, Math, Social Science, and Science for the 9th & 12th grade level by summer of 2012.	The benchmarks and assessments are specifically derived from CCSS. Through the PARCC framework, we will need to develop benchmarks within units of study that include viable formative and summative performance tasks. This has been an ongoing process at the 9th grade and the goal is to establish a vertical alignment at the 10th grade. In order to have a rigorous curriculum, it is necessary to continue the deepening our understanding of Common Core and implement the benchmarks and assessments at the 10th grade level.
Developing teacher capacity through the school, Network, and district opportunities to ensure that the implementation of 9th-12th grade curriculum is aligned to CCSS.	Professional learning opportunities need to be focused on helping teachers develop a repertoire of engagement strategies to optimize student learning. It is important to develop a systematic professional learning cycle aligned to CCSS with various professional learning opportunities to reinforce classroom practices. This priority places a strong emphasis on a constant analysis of the instruction core: teacher delivery, student learning, and content mastery.
