465	810	57%		

School Type	Grades Served	Performance Rating	Space Use Status	Adjusted Space Use Status
Neighborhood	Pre-K-8	Level 3	Underutilized	

Mission Statement as of May 2013

Claremont Academy will implement a program that: equips students with knowledge, skills and concepts in Literacy, Math, Technology, the Sciences and the Arts nurtures individual interests and talents; inspires and cultivates intellectual curiosity; develops integrity and personal responsibility; encourages a global and technological perspective; embraces diversity; and fosters the social, emotional, and physical well-being of each person.

School Priorities as of May 2013

Description	Rationale
Establish a rigorous curriculum for ELA and Math with an emphasis on unit plans with performance assessments and college and career readiness.	Instruction is the cornerstone for learning and by using data from NWEA, ISAT, and creating performance tasks before teaching begins, we will ensure quality instruction where students are required to think critically and problem solve.
Create an environment where all students maximize learning every day by actively involving all stakeholders including but not limited to parents and community members.	With a high rate of misconducts, students out of medical compliance, and homeless population we will increase parent involvement and improve our community outreach programs to maximize learning every day.
Teachers will effectively utilize technology to develop the best 21st Century practices and student preparedness for their global world.	Students at Claremont have limited access to technology outside of the school and view these devices as useful for games. We will ensure students are college and career ready by engaging students in technology that supports instruction, prompting deep and meaningful discussions.

Programs & Services
