Mission Statement as of May 2013

To create a community of empowered and independent learners in an atmosphere of mutual respect and trust. Every student will be inspired and challenged to develop his/her academic, social and post-secondary goals.

School Priorities as of May 2013

Description	Rationale
Ensure students participate in the highest quality curricular experience by implementing proven strategies in the classroom, aligning curriculum, focusing on reflection, intervening when necessary.	In order for our students to be successful in their post-secondary endeavors, they must have strong literacy, numeracy and critical thinking skills. While our college eligibility rate (gpa & act score) hovers at approximately 75%, we are committed to continually improving that rate.
Support students and families with post-secondary planning, support and results.	Student and parent feedback (via surveys and focus groups) has indicated a need for more strategic and ongoing guidance and support for post-secondary planning.
Develop a more substantial college bridge experience that begins with incoming juniors and expand on student development efforts.	Approximately 85-90% of our students finish their associate's degree. We would like to develop a more substantial college bridge transition experience to ensure inspiration and success for 100% of our students. This includes a focus on soft skills and self-management skills.
Continue developing staff capacity by providing an engaging professional learning environment	In order to improve our outcomes, all staff must have multiple and varied opportunities to improve their craft in order to meet school, team and individual goals.

Programs & Services

Advanced Placement Courses	US Government & Politics, Calculus AB, Spanish Language
CTE: Citywide	C.P.F.T.A.
CTE: Other	No
