Mission Statement as of May 2013

Our mission is to strive to provide a rigorous, data driven and research-based academic program that equips every student with the skills needed to maximize their core areas reading, mathematics, science, social studies, and technology abilities. We believe this can be achieved through shared leadership, reduced class sizes, peer tutoring, parental involvement, continuous professional development, cultural enrichment, extra-curricular activities, collaborative planning and conflict resolutions creating a least restrictive environment for all students. So every student can succeed in high school and beyond.

School Priorities as of May 2013

Description	Rationale
Teachers deliver Common Core aligned to literacy instruction supported by high quality instructional materials and outside resources.	We have a need to implement a rigorous literacy curriculum. Only 51% of our students are meeting growth targets and college readiness / career path standards.
Teachers deliver Common Core aligned to math instruction supported by high quality instructional materials and outside resources.	We have a need to implement a rigorous math curriculum. Only 60% of our students are meeting growth targets and college readiness / career path standards.
Provide reading and mathematics intervention (RTI) to students flagged on beginning of year screeners and monitor progress.	We scored our school a "2" in "intervention" on the SEF. By improving our intervention methods we will ensure all students are able to grow in math and reading proficiency.
Teachers must effectively model and implement appropriate expectations aligned to the school's mission. School will build stronger relationships between students, staff, parents and community.	We scored our school a "2" in "climate and culture" on the SEF. By improving our school environment we will improve our overall performance and our potential to improve student learning.
