Mission Statement as of May 2013

Our Mission is College, Career, and Life Readiness.

School Priorities as of May 2013

Description	Rationale
Faculty and staff members will effectively use CHAMPS and other whole school systems to promote a safe and secure learning environment.	We scored our school a "2" in "Behavior & Safety" on the School Effectiveness Framework. By implementing common positive behavior strategies and an effective discipline system, we will ensure that the school is safe and secure for all students.
Teachers will design and deliver differentiated curriculum aligned to Common Core and College Readiness Standards supported by level appropriate and balanced instructional materials.	With EPAS and PSAE scores below the national average, we have a need to design curriculum and instructional materials that are aligned to the Common Core and College Readiness Standards.
Faculty and staff will design a stakeholder plan to increase parent, community & business groups, and alumni engagement in school related activities.	We scored our school a "2" in "Family and Community Engagement" on the School Effectiveness Framework. By creating a strategy and allocating resources, we will ensure that there is an improvement stakeholder participation.
Provide support to non-core instructional and beyond curriculum programs to increase student attendance and school involvement.	With an Attendance Rate below the SY2011-2012 goal of 90%, we have a need to provide programs that increase students' interest and participation in school related functions.
Provide intervention to students in core subjects to improve academic progress and On-Track Metrics.	With a Freshmen On-Track Rate below the school goal of 82%, we have a need to design an intervention program that support students' academic and socio-emotional development.
