Mission Statement as of May 2013

Onahan School envisions to create a school climate that promotes mutual respect, individuality, and continuous learning opportunities for all students, staff and community members. Onahan strives to meet the academic, social and emotional needs of every student with an instructional focus on rigor and implementation of the common core state standards. Quality instruction and challenging learning experiences will ensure the needs of diverse learners are met and all students will be provided with the means necessary to make progress towards college and career readiness benchmarks.

School Priorities as of May 2013

Description	Rationale
Teachers to develop lesson plans and instructional units aligned to the Common Core State Standards, supported by high quality texts.	Student growth targets are below 50% for most grades. By increasing the rigor of literacy, students will be better prepared to meet the expected growth targets.
Increase % of students at "Benchmark" on mClass and Keeping Pace Math.	Students meeting "Benchmark" status on mClass Math at beginning of year is less than 50%.
Provide interventions to students flagged at less than 10% on the Fall NWEA assessment. Monitor through the RTI process.	Interventions implemented for struggling learners will increase the % of students meeting growth targets.
