Mission Statement as of May 2013

Our mission at Jackie Robinson is to create a community school centered on educating the whole child as they become active, creative, confident and strategic scholars.

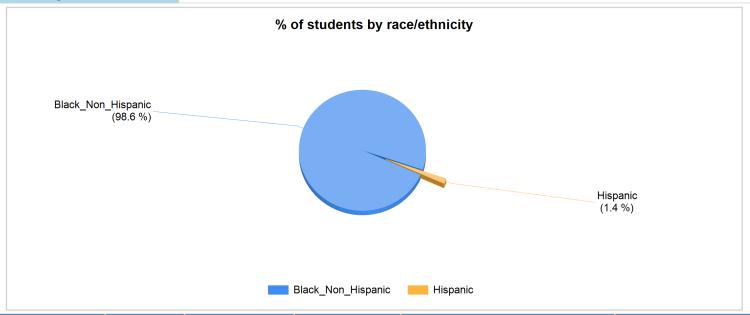

School Priorities as of May 2013

Description	Rationale
Implement and monitor ELA and math curriculum, that reflects a Workshop Approach focused on independent reading, independent worktime and guided reading and math; instruction and assessments will be aligned to Common Core State Standards to increase student achievement and teacher instructional and professional capacity in ELA and math.	On the SEF we scored ourselves a '2' on Instruction and a '2' on curriculum. By improving administration and teacher pedagogy we will ensure all students are able to grow in math and reading. On the NWEA 26.1 % of students are meeting growth targets in math and 39.1% of students meeting growth targets in reading. In order to ensure student progress from BOY to EOY we must map out and monitor currculum and assessments to ensure teachers are supported to successfully provide consistent and cohesive instruction which will increase our instructional capacity in reading and math as measured by students' performance on CPS and school-based benchmark assessments.
The PBIS team, administration and teachers will provide a sustainable RTI model that supports targeted interventions and enrichments in ELA and mathematics.	We need to consistently analyze data then determine the appropriate interventions and monitor the results of the interventions to ensure all students are able to show growth in math and reading proficiency. Based on ILT and classroom teachers weekly analysis of student data, (school based assessments, NWEA assessment, Dibels, TRC and Mclass Math benchmark assessments and student work) we scored ourselves a '2' in the areas of Monitoring and Adjusting and Interventions. This indicates a high need to build teacher and ILT capacity using data to focus instruction. To succesfully implement interventions for students, administration and teachers must have an in-depth understanding of all assesmment tools that are utilized so we can determine the appropriate interventions for students (wholeclass, small group or individual, push-in and pull-out services).

Provide a comprehensive Health and Wellness program to support students' social emotional development.

We rated our school a "3"on the School Effectiveness Framework, in the area of Behavior and Safety and Bonding. However, we rated ourselves a '2' on Instruction, which indicates there is a disconnect between behavior, safety, bonding and instruction. By monitoring the use of PBIS, as aligned to classroom-based student expectations through CHAMPS, we will ensure that our school environment is one that fosters effective teaching and learning. Additionally, implementation of an instructional component focused on health and wellness, and socio-emotional development, will help to improve students' overall physical and mental health, thereby increasing their capacity for academic growth in all subject areas. Which will result in increased academic achievement for students as measured on classroom assessments and student report cards along with a decrease of teacher's discipline referrals.

Programs & Services		
Advanced Placement Courses	No	
CTE: Citywide	No	
CTE: Other	No	
CTE: Traditional Academy	No	
CTE: Traditional Program	No	
Health and Wellness	Crisis Intervention Services, School-based Dental Services	
IB Wall-to-Wall/Programme	No	
Parent and Community	Community Service, Leadership Development For Parents, Meeting Space For Parent Groups, Parent Advisory/Group, Parent Advocacy, Parent Patrol	
School-wide Programs and Models	Early Childhood Program, Kindergarten, Supplemental Educational Services (SES) Tutoring	
Selective Enrollment/Gifted Program	No	
Service Leadership	No	
Supports And Resources	Jackie Robinson is a neighborhood school where our teachers are practitioners and students are scholars. Our curriculum focuses on literacy, mathematics, science, social science, fine arts, health, and physical education. Robinson has strong partnerships with the Sue Duncan Organization, CityLight NICK Center, Loyola University, University of Chicago and many more.	
Theme Based Magnet	No
