Mission Statement as of May 2013

The mission of Steinmetz Academic Centre is to focus on student learning for all students through which they gain knowledge and develop skills needed to function in a global society and to lead productive lives. To achieve this mission, faculty and staff will focus on implementing a rigorous international-minded curriculum, forming smaller learning communities, participating in professional learning communities, increasing student engagement and personalization, and using best practices and school-wide literacy strategies to build students' critical thinking, problem-solving, and comprehension skills.

School Priorities as of May 2013

Description	Rationale
Train teachers in anchor standards in literacy in CCSS. Adjust curriculum maps to reflect these standards.	Due to the lack of increase in ACT reading scores, we will focus on the implementation of a literacy curriculum that is skill based and differentiated for our students.
Create a survey to assess staff development needs to increase personalization and engagement. Create a professional development calendar based on survey results.	The My Voice, My School survey results indicated a lack of positive school identity. By supporting and providing better learning experiences for our teachers, we will increase student engagement and differentiation in the classroom.
Use data to develop summative and formative assessments, analyze the results of such assessments and use that data to drive further instruction.	We want to establish protocols by which our curriculum is analyzed and adapted so that it best meets the needs of all students.

Programs & Services

Advanced Placement Courses	English Language & Composition, English Literature & Composition, US Government & Politics, US History, Environmental Science, Spanish Language
CTE: Citywide	C.P.F.T.A.
CTE: Other	No
CTE: Traditional Academy	No
CTE: Traditional Program	Computer Programming, IT Applications, Digital Media
