Description	Rationale
Integrate Reading CCS into grades K-8 reading instruction.	The Reading CCSS will make teachers focus on creating and teaching lessons that are rigorous which will prepare students to be college and career ready.
Increase technology in the classroom for student and teacher use for instruction.	Stowe School has implemented Study Island and Achieve 3000 this year. These programs have helped our students to make gains on the Scantron. Both these programs have been an excellent resource for teachers to use for differentiating instruction.
Improve student attendance to over 97%.	Stowe School's attendance rate has remained steady at 95%. Students need to be in school to receive rigorous instruction.
