Mission Statement as of May 2013

By emphasizing literacy and the integration of fine and performing arts across the curriculum, considering these to be keys to achievement in all disciplines, Swift faculty and staff expect a high degree of success in making its vision manifest. Faculty and staff will work as a team, embracing the school's diverse population, comprised of a high percentage of English Language Learners and Special Education students. Swift will promote collaboration between all teachers through common planning time and targeted professional development to support staff and students, so that each learns from the others. Swift is also committed to providing professional development for parents at regularly scheduled PAC/Bilingual Parent Meetings.

School Priorities as of May 2013

| Description | Rationale |
|--|--|
| Teachers hone their ability to solicit higher order thinking and products. | By incorporating high order thinking in classroom lessons we will better prepare students to be successful in meeting Common Core State Standards. |
| Teachers are mindful that all students are accountable. | We believe it's important for students to have ownership of their progress/educational goal. To do this, it is important that teachers implement programs/systems within the classroom to foster accountability. |
| Teachers create tasks that are rigorous to promote students to exceeds. | To avoid student plateaus, tasks should be differentiatied in order to allow every student the opportunity to progress despite having already met the standard. |
| Implement best bilingual/ELL practices in differentiated instruction and Arts Integration based on WIDA Standards. This should occur in all inclusion programs involving ELL students to ensure equal access to quality Swift curricula. | At Swift, we have 331 students in the ELL/Bilingual program who are in need of acquiring English language proficiency that goes beyond basic interpersonal communication skills to build their academic language proficiency. This will enable ELL's to engage in content specific learning that is conducted in English. |
| Provide regular engagement opportunities to families on a monthly basis to improve parent perception of engagement and build meaningful partnerships that support student learning. | We have a need to increase parental engagement as we have below 50% parent perception of engagement and only an "average" rating of involved families. |

| rograms & Services | |
|------------------------------------|---|
| dvanced Placement Courses | No |
| reative | Ballroom Dancing, Band/Orchestra, Choir/Chorus, Dance, Drama, Drawing, Ethnic/Folk Dance, Film and Video, Graphic Design, Modern/Hip-Hop Dance, Murals, Painting, Photography, Plays/Acting, Talent Show, Theater |
