Mission Statement as of May 2013

Henry O. Tanner Elementary School is a community of students, parents, and staff dedicated to the development of all stakeholders' desire to learn and achieve. With the implementation of a rigorous instructional program that fosters accountability, strong work ethic and values, character development, and a life-long passion for learning, students will develop a strong educational foundation. As a result of our collaborative efforts, all Tanner students will be prepared for college and career readiness.

School Priorities as of May 2013

Description	Rationale
Teachers deliver Common Core aligned literacy instruction supported by high quality informational texts.	We have a need to implement a rigorous literacy curriculum as we have below 50% of our students at or above grade level.
Teachers will be afforded opportunities for extensive collaboration and student intervention.	Based on our school's data, our low-level learners have shown minimal growth. Also, teachers have limited opportunities to plan across grade levels to ensure vertical alignment.
All stakeholders will be engaged in ongoing professional development opportunities that strengthen their professional and instructional capacity.	We scored our school a 2 in instruction on the SEF. By improving our professional and instructional capacity, we will ensure all students are able to meet specific growth targets in reading and math.
