School Type	Grades Served	Performance Rating	Space Use Status	Adjusted Space Use Status
Neighborhood	Pre-K-8	Level 2	Underutilized	

### Mission Statement as of May 2013

Our mission is to provide all students with successful educational experiences in a safe and least restricted environment, while integrating world language and technology throughout the core curriculum. We will utilize effective collaboration to analyze data in order to make unified instructional decisions and to establish rigorous instruction and high academic standards. As a result of challenging academic programs, Tilton's students will become college and career ready, capable of transferring their skills to become positive, contributing members of their community and society.

### School Priorities as of May 2013

Description	Rationale
Effectively implementing Common Core aligned instruction across core subjects i.e. language arts, literacy, math, science and social studies supported by high quality texts.	We have to develop a clear understanding of the common core and as well as implement a rigorous curriculum that encompasses literacy, language arts, math, science and social studies. This will help increase students' performance. The Scantron shows that less than 50% of our students are meeting their growth targets for all grades as well as on the Explore exam only 8.8% of our students met the national standards.
Building a collaborative culture through high performing teams.	Enhance our professional learning community to help educators to become more skillful in teaching and to enrich and extend the learning for all students. This will improve student achievement. The ISAT data shows that less than 50% of our students are meeting and or exceeding.
Create enrichment program for students during, before and after school programs that will enrich student curriculum and increase student learning with an emphasis on college and career readiness.	Increase school-wide enrichment programs. These programs will increase student achievement in math and reading by 20%.
Creation of continuous improvement cycle focused on school climate.	Improving school climate will increase student success and engagement within the school.

Programs & Services	
Advanced Placement Courses	No
CTE: Citywide	No
CTE: Other	No
CTE: Traditional Academy	No
CTE: Traditional Program	No
Health and Wellness	Crisis Intervention Services, School-based Dental Services
