Mission Statement as of May 2013

We will provide a relevant student- centered curriculum focused on social justice, creating an academically nurtutring environment that promotes critical and creative thinking, instills pride and respect for others and self, and equips all of our students to become the leaders of tomorrow.

School Priorities as of May 2013

Description	Rationale
Uplift will implement a literacy plan driven by the CCSS across all content areas with an emphasis on creative and critical thinking skills	Based on the School Progress Report and the results of EPAS, all of our students are not currently making the two point expected gains in reading.
Uplift will foster a College and Career ready school culture that prepares students for post - secondary opportunities	One of our core values is College Preparation. Each year 100% of the seniors are accepted to post - secondary institutions across the country, however, only 19.6% are College and Career Ready.
Uplift's Math department will implement unit plans driven by the CCSS that develop persistent ways of thinking to solve real-world issues and challenges mathematically.	Based on the School Progress Report and the results of EPAS only 15.2% of our students are meeting or exceeding state standards in mathematics.
