Mission Statement as of May 2013

John Whistler Elementary Math and Science Lake Calumet Network School's mission is to provide a student centered learning environment that provides instruction and rigor for all students in Common Core reading, mathematics, science, writing and technology. Teachers will be highly qualified and will implement Common Core instruction with fidelity to promote challenging and higher order instruction to meet the academic needs of all students to prepare them for college and the world of work. We will become a community of learners that places an emphasis on collaboration among parents, teachers, schools and the community. Students will be life long learners.

School Priorities as of May 2013

Description	Rationale
Improve the complexity level of questioning in all content areas	Then student work generated will be more rigorous
Provide CCSS professional development for ILT members	Then ILT will participate in instructional rounds to identify trends in the instructional program
Increase the use of technology to help students remediate their weaknesses and advance their strengths	Then staff will be able to use data to identify students strengths and weaknesses. The data will be utilized to create flexible instructional groups
Implement CHAMPS school-wide	Then the number of student referrals to the office will decrease and provide more time on task for students. The culture and climate will improve.
Create a data room and individual data binders for each teacher classroom	Then teachers will be able to identify students strengths and weaknesses
