**Mission Statement as of May 2013**

The Ella Flagg Young School community is committed to creating a learning environment that cultivates that all students to be independent readers and writers, creative thinkers, and decision makers. Through an emphasis on literacy, mathematics, science and technology, students will acquire the necessary skills to be productive citizens in a global society.

**School Priorities as of May 2013**

Description	Rationale
Improve math instruction by implementing skill specific interventions targeting intensive and strategic primary students, warning and below students and specific borderline meets to exceed students based on mClass, NWEA and ISAT data.	Our 2011 -2012 mClass and Scantron EOY, Spring 2011 ISAT scores along with our preliminary EXPLORE indicate a need for specific interventions on targeted math concepts.
Improve literacy achievement by Implementing K-8 vertically aligned Common Core English Language Arts standards including interventions, small groups and guided reading using new materials from Appendix A.	Current data shows a low % of students in the exceeds category. A more rigorous K - 8 literacy curriculum will help move students from intensive (DIBELS) to benchmark along with increasing the percentage of students in ISAT and Common Core exceeds.
Improve Science achievement through additional CMSI PD and the creation of a K-8 hands on science lab to increase teacher/student use of F.O.S.S. instructional program.	Science Scantron EOY scores are below district average. Students need increased time with hands on science tasks to increase their knowledge of scientific concepts.
Improve attendance to 95% through parent education and incentive programs targeting parents/guardians of primary students.	We will implement a specific attendance program targeted to primary - our grades with the lowest attendance rates. The attendance rate for Young School is 94.3%. The attendance goal is 95.0%.
