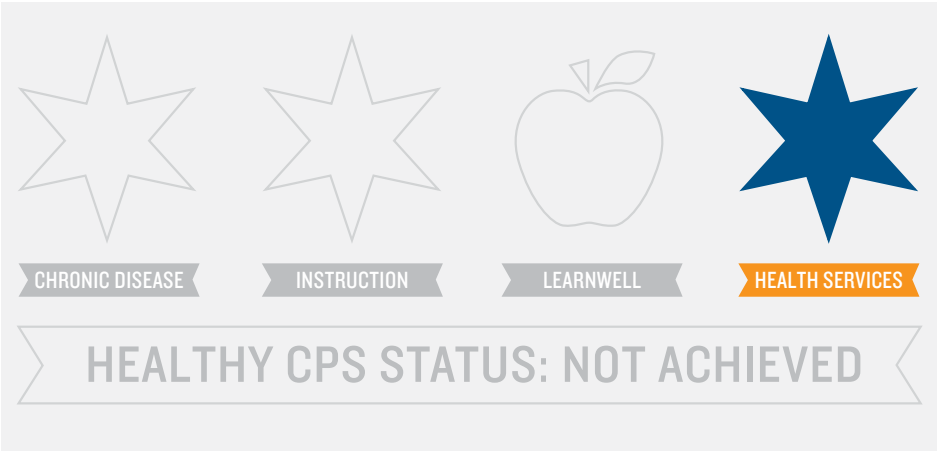
SCHOOL YEAR 2016-2017

Healthy CPS Alignment Report

GALE



The Healthy CPS Status pictured on the left is based on data from the Healthy CPS Survey, Learning Hub and IMPACT. The Healthy CPS status will be reflected on the SY1718 School Progress Report.

Healthy CPS demonstrates a school's commitment to a safe and healthy learning environment by offering access to daily physical activity, nutritious foods, school-based health services, health education and supports for students with chronic conditions.

The Healthy CPS Indicator is the first ever comprehensive health-focused measure that is included on the CPS school progress report. It was created to help schools streamline health and wellness initiatives already taking place at the school. Learn more at cps.edu/HealthyCPS

This report includes data from IMPACT, Learning Hub and self-reported on Healthy CPS Survey completed in May 2017.
If you have questions, please contact OSHW at 773.553.1311 or OSHW@cps.edu
