To whom it may concern:

I am writing to express our organization's support for The STARS Project Engineering Academy. BLUE1647 is an entrepreneurship and technology innovation center focused on education, workforce development, business acceleration in technology and 21st century skills. As the CEO of BLUE1647 I witness firsthand how students, businesses and entrepreneurs struggle with technical assistance issues. Therefore BLUE1647 fully supports STARS Project Engineering Academy's efforts to improve the city's educational landscape.

Moreover, I am very familiar with the work that STARS Project Engineering Academy has done in Chicago's communities such as empowering students through educational trainings and services that support the long-term success. STARS Project Engineering Academy is truly committed to providing the technological and educational skills to help students succeed.

Please accept this letter as a commitment of BLUE1647's support in STARS Project Engineering Academy, and I urge you to approve their application - in doing so, you will be helping to ensure that students in Chicago get the education they deserve. Please contact me directly at emile@blue1647.com or (312) 624-9655 if you have any questions.

Sincerely,
Emile Cambry, Jr.
CEO Blue 1647

July 8, 2015

Chicago Public Schools
Office of New Schools
42 W. Madison Street, 3rd Fl.
Chicago, IL, 60602

To whom it may concern,

I am writing this letter to express my strong support of STARS Project Engineering Academy (SPEA). I first met Yolanda Sanchez when she was a science teacher at Benito Juarez H.S. when she lead her students to win 1st, 2nd, & 3rd place at the Regional Science Bowl competition. Yolanda has an impressive track record of success as a teacher, leader, and creator of educational opportunities. As CEO of The Resurrection Project (TRP), an organization that has served Little Village for over 20 years, I know the exact needs of the community. Little Village is in dire need of SPEA.

Little Village has the highest dropout rate in the city and I have no doubt that SPEA can dramatically change these figures and transform the community for the better. Just like Yolanda Sanchez, I also want high school and college graduations to be the norm in our communities. TRP's La Casa, an off-campus college dormitory, is a testament to my commitment to help increasing the number of students completing college.

I fully support SPEA's goal to increase the number of our community's youth to enter STEM careers since jobs in these fields are projected to grow to more than 9 million by 2022. Little Village has a long history of being a low-income community. It is a well-known fact that low-income neighborhoods tend to also have low attainment of education. By providing a solid foundation in STEM education, I know that SPEA will also make a positive economic impact in the community in the long run for its residents.

I believe it is important for Little Village students to have the opportunity and support to excel in a collegiate environment; this excellence can be obtained through SPEA. By approving SPEA's application, you are helping to positively transform the lives of thousands of students and generations to come.

Sincerely,

Raul Raymundo
Chief Executive Officer
The Resurrection Project

June 11, 2015

Chicago Public Schools
Office of New Schools
42 W. Madison Street, 3rd Fl.
Chicago, Illinois, 60602

To whom this may concern,

It is my privilege to write this letter supporting the application for STARS Project Engineering Academy (SPEA). I am an engineer at Alcatel-Lucent and I also sit on the Board of Directors of the Society of Hispanic Professional Engineers (SHPE). As a SHPE Board Member, I serve as the Vice President of Community Affairs and Student Relations. I'm fully aware of the dire need to have more women and minorities in STEM fields, which is why I've supported SPEA from the moment that I first learned about it. I've gotten to know Yolanda Sanchez and her incredible passion for creating opportunities through STEM (Science, Technology, Engineering, & Mathematics) education. She is an extraordinary leader and I have no doubt that STARS Project Engineering Academy will make a tremendous impact in the lives so many students and families in Little Village.

I strongly believe in SPEA's mission and its holistic approach to education. The community of Little Village deserves a high-quality school that focuses on preparing students for college and professional careers. SPEA will not only provide quality education to its students, but it will serve as an icon and resource for the children and families of the community. Our country is facing a challenge of having to hire STEM professionals from abroad because we don't have enough qualified professionals in the U.S. If we as a nation do not produce more professionals in STEM careers, we will no longer be the leading country in the world. As a Hispanic female engineer who grew up in the Little Village community, and an advocate for STEM education, I urge you to approve SPEA's application. In doing so, you will be helping to ensure that the children in our communities will receive a quality education and that SPEA will help our country by increasing the number of women and minorities in STEM fields.

Sincerely,

Socorro Quiroz
LTE Network Test Engineer
Alcatel-Lucent
SHPE-Chicago Board of Directors
VP Community Affairs & Student Relations (Education)

Instructions:

1. Please fill out a separate **ADA Report** for each of the following:
 - Your proposed facility;
 - Your back-up facility; and
 - Any temporary facility you contemplate using if your facility is not ready in time for your school's opening.
2. Answer the questions in Sections I-VII with regard to the *current state of the facility*, regardless of any plans you may have to renovate it; detail any planned renovations in Section VIII. Note in that section the details of any spaces for which you intend to change the use (e.g., converting a storage area into a lunchroom).
3. Survey each building for compliance with the **ADA Standards for Accessible Design, 28 CFR Part 36** (available at www.ada.gov), which are strictly required in new construction and alterations and are used as a guide in pre-existing, unaltered buildings/spaces. If your facility will serve any children under the age of 12 or will include a playground area, please include evaluation of **ADA guidelines for children's facilities and/or play areas**, respectively, both of which can be found at www.access-board.gov.
4. You or your building professional should survey each building feature listed below for each standard listed parenthetically after. Small deviations from **ADA standards** can amount to total exclusion from a facility for some persons with disabilities, and visual surveys alone, without careful measurements, will not be sufficient to detect these often critical deviations. Please note that the below-cited standards are not necessarily all of the standards applicable to the particular feature or to your building.
5. City permits or Certificates of Occupancy do not demonstrate or ensure **ADA compliance**.
6. **CPS** will provide assistance in completing this Report upon request. Please contact the Recruitment and Selection Team at the Office of New Schools (773-553-1110 or newschoolapplicants@cps.k12.il.us) to submit a request or if you have any questions about this Report.

Name of Proposed School

 STARS Project Engineering Academy

Address of Facility

 2434 S. California Av
 Chicago, IL 60608

Year Constructed Unknown _____

Dates of Any Known Alterations Unknown _____

(check one) proposed back-up _____ temporary _____

I. Site:

A. Do the parking lot and the routes from the parking lot, bus drop-off, and sidewalks comply with all ADA Standards? (E.g., parking & drop-off zones: § 4.1.2(5), § 4.6; exterior routes: § 4.1.2(1)-(4), § 4.3 – § 4.5; curb ramps § 4.7)

The routes from the bus stop and parking lot comply with ADA Standards. The building is served by (2) parking lots on the east and west sides but both parking lots need to have the ADA complaint spots restriped, clearly delineated and should include signage (Estimated cost: \$000,000)

B. Is there a playground area? (y/n) N If so, does it comply with all ADA play area guidelines?

II. Entrance:

A. Does the main building entrance comply with all ADA Standards? (E.g., entrance ramps § 4.8; entrances § 4.1.3(8), 4.14; doors § 4.13 or automatic; signage § 4.1.2(7); intercoms: reach ranges 4.2, operability 4.27)

The main building entrance which assumed to be located on the east side of the building is accessible but lacks an intercom and signage related to accessibility. The secondary entrance is located on the west side of the building but has a stone threshold which would hinder or impede access (Estimated cost: \$000,000)

B. If there are other, inaccessible entrances, do they have signage directing to the accessible entrance? (E.g., §4.1.3(8))

This signage is not in place and must be added (Estimated cost: \$000,000)

III. Interior Routes:

A. Are all floor levels (including basements, half-levels & mezzanines that have functional rooms) served by an ADA-compliant elevator or other allowable means of vertical access (specify)? (E.g., elevator reqts: § 4.10)

No. The existing building entrances are located at grade and the program spaces, located either above grade or below grade are not serviced by an ADA complaint elevator or comparable means of vertical access. The west entrance is served by a chair lift which reaches the 2nd floor (church, not part of school) and lower level (kitchen, cafeteria, PE).

B. Are all rooms & spaces on each floor on accessible route (i.e., no rooms up a step or curb from the regular floor level; no rooms set off from the regular floor by a narrow corridor)? (E.g., § 4.1.3, § 4.3-§ 4.5)

Yes, all rooms are on an accessible route.

C. If the school includes student lockers, does the appropriate number meet ADA Standards for reach and operability? (E.g., § 4.1.3(12), § 4.25, § 4.27)

The school does not include any student lockers.

D. Are there objects that protrude more than 4" into circulation paths, which may pose a danger to people who are blind or visually impaired? (E.g., § 4.4)

No. Some doors however are placed in series in such a way that would not provide adequate clearance when opened into corridor. There is also a non-functioning water fountain located in the south end stairwell that protrudes into the path of circulation that should be removed (Estimate cost: \$000,000) It is recommended that these doors be relocated as required to avoid this condition (Estimated cost: \$000,000)

IV. Classrooms

A. Do all classrooms & instructional spaces comply with ADA Standards? (E.g.: doors & doorways: § 4.13; signage: § 4.1.2(16) & § 4.34; shelves/storage: § 4.1.2(12); sinks § 4.24; protruding objects: § 4.4; chalkboards § 4.2.4; controls § 4.1.3(13), § 4.27; lab stations; § 4.1.3(18), § 4.32)

Yes, with the following exception:

- **ADA complaint signage must be added to all classrooms and program spaces (Estimated Cost: \$000,000)**

B. List any classrooms that are on an inaccessible floor level, noting any that are specially equipped classrooms (e.g., rooms with built-in lab tables, kitchen equipment, computer labs)?

Due to the original construction of the building, all program spaces including classrooms and special purpose rooms are located on an inaccessible level.

Unique Purpose Rooms (e.g., gym, locker rooms, auditorium, multipurpose room, cafeteria, library, administrative offices)

C. List any unique purpose rooms or spaces that are on a floor level for which there is no wheelchair access.

Due to the original construction of the building, all program spaces including classrooms and special purpose rooms are located on an inaccessible level.

D. Other than access to their floor level, do all unique purpose rooms & spaces comply with ADA Standards? (E.g., doors & doorways: § 4.13; protruding objects: § 4.4; signage: § 4.1.2(16) & § 4.34; gym & auditorium fixed seating/amplification systems: § 4.1.3(10) & § 4.33; cafeteria: § 4.1.3(18), § 4.3, § 4.5, § 5; locker rooms: § 4.1.3(11), (12), (21) & § 4.16- § 4.23, § 4.35; libraries § 8; administrative offices: § 4.2, § 4.5)

- **Gym**
Not applicable
- **Locker Rooms**
Not applicable
- **Pool/Natatorium**
Not applicable
- **Auditorium**
Not applicable
- **Multipurpose Room**
Not applicable
- **Cafeteria**
Yes, ADA Compliant
- **Library**
Not applicable
- **Principal's/Administrative Office**
Not applicable
- **Courtyard**
Not applicable
- **Greenhouse/Public-Use Green Roof/Garden**
Not applicable
- **Other Unique Space** (specify) _____

V. Restrooms & Water Fountains:

A. Are all restrooms accessible? (E.g., § 4.1.3(11), § 4.13(16)-(23))

Yes, ADA Compliant

B. If there are other, inaccessible entrances, do they have signage directing to the accessible entrance? (E.g., §4.1.3(8))

No. (Estimated cost: \$000,000)

C. If drinking fountains exist, are there accessible fountains in close proximity? (E.g. § 4.1.3(10), § 4.15)

There are existing(2) drinking fountains but they are either nonfunctioning (1st floor) or non-complaint (1st floor and 3rd floor)

VI. Fire Alarms & Text Telephones:

A. Does the building have ADA-compliant visual (strobe) alarms? (E.g. § 4.28)

No, (Estimated cost: \$000,000)

B. Does the school provide a text telephone for communications with people who are deaf, hard of hearing or speech impaired? (note: portable units are available)

STARS Project Engineering Academy does not currently provide such a system but is amenable to utilizing any units offered by CPS.

VII. Remediation Plans: If any of the above currently does not comply with ADA standards, please describe in detail your remediation plan, including:

- The details of what you will renovate: For example, describe, if applicable:
 - **Interior Routes**
 - **Door swings**
 - **Existing door swings that hinder corridor clearances will be relocated prior to the start of the 2016-2017 academic year.**
 - **Classrooms**
 - **Signage**
 - **ADA Complaint signage will be provided for all areas and classrooms prior to the start of the 2016-2017 academic year.**
 -
 - **Restrooms and Water Fountains**
 - **Water Fountain**
 - **A minimum of (2) ADA complaint drinking fountains will be installed prior to the start of the 2016-2017 academic school year**
 - how you will modify parking and entrances to be accessible;
 - **The main entrance (east side of building) will be improved to include an intercom, automatic door opener and ADA Complaint parking space including related signage.**
 - how you will provide vertical access to any currently inaccessible floor levels;
 - **Due to the current configuration of the existing building, this facility will serve the needs of the STARS Project Engineering Academy for the 2016-2017 academic year only. The current size of the building cannot accommodate growth beyond the first year of operation. Because of the anticipated occupancy period (1 academic school year) and due to the structural configuration of the building, the introduction of vertical access is not feasible at this time.**
 - which and how many restrooms you will make accessible;
 - **All restrooms are currently accessible**
 - and for any element which you described as not accessible above, what specific renovation or other measure you will undertake to make it accessible;
 - **Please refer to sections above**
- Your deadline for completion of the renovation;
 - **All proposed capital improvements as related to ADA Compliance will be completed by July 2016.**
- Any interim alternate access measures planned; and/or
 - **See attached ADA 504 Plan for this facility. It has been determined that a contingency plan or alternate facility plan is not necessary due to the following:**
 - **Period of occupancy is excepted for only (1) academic school year**
- Any legal justifications for non-compliance.
 - **STARS Project Engineering Academy believes in providing accessible facilities for our users wherever financially and structurally possible. The cost to provide 100% compliance for the building located at 2434 S. California Av cannot be justified**
- Make sure to describe the details of any spaces for which you intend to change the use (e.g., converting a storage area into a lunchroom).
 - **No such changes will be made**

Any capital improvements will comply with the ADA Standards for Accessible Design, 28 C.F.R. part 36; The Environmental Barriers Act, 410 ILCS 25/1 the Illinois Accessibility Code, Section 400.510, Public Facilities and the Chicago Building Code, Chapter 18-11.

ADA / SECTION 504 PLAN

STARS Project Engineering Academy
2434 S. California Av.
Chicago, IL 60608

I. Introduction

This plan will outline how STARS Project Engineering Academy will provide access at 2434 S. California St. for students, staff, parents and visitors with disabilities by complying with the requirements of the Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act (Section 504).

The Executive Director of the school, Yolanda Sanchez will be responsible for ensuring that all measures of this plan are implemented and fully coordinated.;

II. Building

The building located at 2434 S. California Av. consists of a 3 story masonry and concrete structure connected to an adjoining 2 story masonry and concrete structure. The date original of construction is unverified. The building consists of approximately 24,000 total square feet of which the school will occupy 12,500 square feet on the third floor, basement level and partially on the first floor.

Due to the original construction of the building, the entrance is located at grade and the remaining floors and program spaces are located either above or below grade. The building does not include an elevator and has a generally low level of accessibility. Any accessible features were added in later alterations and improvements.

III. Accessibility

The facility was originally constructed as a church and school building in a configuration that is commonly found throughout many Catholic Archdiocese locations. The building contains few accessible features which are listed below as well as future measures to be implemented as part of the temporary occupancy of the space.

I. Current Accessibility Measures

- Accessible route to main entrance
- Accessible main entrance
- ADA compliant restrooms
- Chair lift serving lower level cafeteria and kitchen

2. Future Accessibility Measures - Implemented before July 2016

- Interior routes (horizontal) will be accessible and will serve all spaces with no protrusions
- Classrooms, instructional spaces and unique purpose rooms will be accessible
- ADA compliant water fountains

- ADA compliant signage throughout facility
- ADA compliant visual strobe alarms for all applicable spaces
- Restriping of ADA Complaint parking spaces
- ADA complaint intercom and door opener

The STARS Project Engineering Academy is scheduled for a July 2016 opening and completion of the above listed measures is expected prior to the opening of the campus.

Any capital improvements will comply with the ADA Standards for Accessible Design, 28 C.F.R. part 36; The Environmental Barriers Act, 410 ILCS 25/1 the Illinois Accessibility Code, Section 400.510, Public Facilities and the Chicago Building Code, Chapter 18-11.

IV. Supplemental Access Procedures

STARS Project Engineering Academy is committed to serving and accommodating persons with disabilities. The facility at 2434 S. California will be occupied temporarily (July 2016 to August 2017) and can only accommodate the initial academic year. Despite this condition, STARS will work to accommodate disabled persons on a case by case basis and will endeavor to either re-program space usage to the greatest extent possible.

V. Independent Access to Accessibility Features

It is STARS Project Engineering Academy's intent to keep any and all ADA features independently accessible and available to users at all times.

VI. Maintenance of Accessibility Features

STARS Project Engineering Academy will maintain any and all accessibility features through a routine maintenance program that will include all aspects of the building including but not limited to: exterior accessible routes; plumbing fixtures; signage; door hardware; annual inspection of A/V fire alarm systems.

VII. Communications / Information Technology

STARS Project Engineering Academy will work with CPS to identify any resources so that our communications and information technology programs may be ADA compliant to the greatest extent possible.

ADA Compliance Report

Instructions:

1. Please fill out a separate **ADA Report** for each of the following:
 - Your proposed facility;
 - Your back-up facility; and
 - Any temporary facility you contemplate using if your facility is not ready in time for your school's opening.
2. Answer the questions in Sections I-VII with regard to the *current state of the facility*, regardless of any plans you may have to renovate it; detail any planned renovations in Section VIII. Note in that section the details of any spaces for which you intend to change the use (e.g., converting a storage area into a lunchroom).
3. Survey each building for compliance with the **ADA Standards for Accessible Design, 28 CFR Part 36** (available at www.ada.gov), which are strictly required in new construction and alterations and are used as a guide in pre-existing, unaltered buildings/spaces. If your facility will serve any children under the age of 12 or will include a playground area, please include evaluation of **ADA guidelines for children's facilities and/or play areas**, respectively, both of which can be found at www.access-board.gov.
4. You or your building professional should survey each building feature listed below for each standard listed parenthetically after. Small deviations from **ADA standards** can amount to total exclusion from a facility for some persons with disabilities, and visual surveys alone, without careful measurements, will not be sufficient to detect these often critical deviations. Please note that the below-cited standards are not necessarily all of the standards applicable to the particular feature or to your building.
5. City permits or Certificates of Occupancy do not demonstrate or ensure **ADA compliance**.
6. **CPS will provide assistance in completing this Report upon request. Please contact the Recruitment and Selection Team at the Office of New Schools (773-553-1110 or newschoolapplicants@cps.k12.il.us) to submit a request or if you have any questions about this Report.**

Name of Proposed School

STARS Engineering Academy

Address of Facility

2743 W 36th PL
Chicago, IL

Year Constructed _____ **Unknown at time of inspection** _____

Dates of Any Known Alterations ___ **Unknown at time of inspection** _____

(check one) proposed _____ back-up temporary _____

I. Site:

A. Do the parking lot and the routes from the parking lot, bus drop-off, and sidewalks comply with all ADA Standards? (E.g., parking & drop-off zones: § 4.1.2(5), § 4.6; exterior routes: § 4.1.2(1)-(4), § 4.3 – § 4.5; curb ramps § 4.7)

Parking lot routes are non-existent but will be created as part of the adaptive reuse of the facility. All improvements will be considered new construction and will comply all local state and federal ADA guidelines, codes and requirements.

B. Is there a playground area? (y/n) N If so, does it comply with all ADA play area guidelines?

II. Entrance:

A. Does the main building entrance comply with all ADA Standards? (E.g., entrance ramps § 4.8; entrances § 4.1.3(8), 4.14; doors § 4.13 or automatic; signage § 4.1.2(7); intercoms: reach ranges 4.2, operability 4.27)

Main entrance complies but will require new hardware and signage. All improvements will be considered new construction and will comply all local state and federal ADA guidelines, codes and requirements.

- B. If there are other, inaccessible entrances, do they have signage directing to the accessible entrance? (E.g., §4.1.3(8))

III. Interior Routes:

- A. Are all floor levels (including basements, half-levels & mezzanines that have functional rooms) served by an ADA-compliant elevator or other allowable means of vertical access (specify)? (E.g., elevator reqts: § 4.10)

Most rooms will be located on the first floor but an elevator will be installed to serve the second floor. All improvements will be considered new construction and will comply all local state and federal ADA guidelines, codes and requirements.

- B. Are all rooms & spaces on each floor on accessible route (i.e., no rooms up a step or curb from the regular floor level; no rooms set off from the regular floor by a narrow corridor)? (E.g., § 4.1.3, § 4.3-§ 4.5)

All rooms will be served by an accessible route. All improvements will be considered new construction and will comply all local state and federal ADA guidelines, codes and requirements.

C. If the school includes student lockers, does the appropriate number meet ADA Standards for reach and operability? (E.g., § 4.1.3(12), § 4.25, § 4.27)
ADA standards for locker reach and operability will be met. All improvements will be considered new construction and will comply all local state and federal ADA guidelines, codes and requirements.

- D. Are there objects that protrude more than 4" into circulation paths, which may pose a danger to people who are blind or visually impaired? (E.g., § 4.4)

No protrusions into the circulation path are expected. All improvements will be considered new construction and will comply all local state and federal ADA guidelines, codes and requirements.

IV. Classrooms

- A. Do all classrooms & instructional spaces comply with ADA Standards? (E.g.: doors & doorways: § 4.13; signage: § 4.1.2(16) & § 4.34; shelves/storage: § 4.1.2(12); sinks § 4.24; protruding objects: § 4.4; chalkboards § 4.2.4; controls § 4.1.3(13), § 4.27; lab stations; § 4.1.3(18), § 4.32)

All classrooms and instruction spaces will comply with ADA Standards. All improvements will be considered new construction and will comply all local state and federal ADA guidelines, codes and requirements.

- B. List any classrooms that are on an inaccessible floor level, noting any that are specially equipped classrooms (e.g., rooms with built-in lab tables, kitchen equipment, computer labs)?

All classrooms are expected to be on an accessible level. All improvements will be considered new construction and will comply all local state and federal ADA guidelines, codes and requirements.

V. Unique Purpose Rooms (e.g., gym, locker rooms, auditorium, multipurpose room, cafeteria, library, administrative offices)

- A. List any unique purpose rooms or spaces that are on a floor level for which there is no wheelchair access.

All unique purpose rooms including those listed in section b. below will be served by an accessible route and will fully comply with applicable ADA standards.

- B. Other than access to their floor level, do all unique purpose rooms & spaces comply with ADA Standards? (E.g., doors & doorways: § 4.13; protruding objects: § 4.4; signage: § 4.1.2(16) & § 4.34; gym & auditorium fixed seating/amplification systems: § 4.1.3(10) & § 4.33; cafeteria: § 4.1.3(18), § 4.3, § 4.5, § 5; locker rooms: § 4.1.3(11), (12), (21) & § 4.16- § 4.23, § 4.35; libraries § 8; administrative offices: § 4.2, § 4.5)

- **Gym**
 - **Locker Rooms**
 - **Pool/Natatorium**
 - **Auditorium**
 - **Multipurpose Room**
 - **Cafeteria**
 - **Library**
 - **Principal's/Administrative Office**
 - **Courtyard**
 - **Greenhouse/Public-Use Green Roof/Garden**
 - **Other Unique Space (specify)_____**
- Not applicable

VI. Restrooms & Water Fountains:

A. Are all restrooms accessible? (E.g., § 4.1.3(11), § 4.13(16)-(23))

All restrooms will be accessible and compliant with ADA standards

B. If there are other, inaccessible entrances, do they have signage directing to the accessible entrance? (E.g., §4.1.3(8))

C. If drinking fountains exist, are there accessible fountains in close proximity? (E.g. § 4.1.3(10), § 4.15)

All drinking fountains will be accessible and compliant with ADA standards

VII. Fire Alarms & Text Telephones:

A. Does the building have ADA-compliant visual (strobe) alarms? (E.g. § 4.28)

ADA complaint visual strobe alarms will be installed

B. Does the school provide a text telephone for communications with people who are deaf, hard of hearing or speech impaired? (*note: portable units are available*)

This is not planed but the STARS Engineering Academy will work with CPS to implement any recommended systems to accommodate persons with speaking and/or hearing impediments.

VIII. Rem

IX. Remediation Plans: If any of the above currently does not comply with ADA standards, please describe in detail your remediation plan, including:

- The details of what you will renovate: For example, describe, if applicable:
Since this project will requires an adaptive reuse of the existing building, full ADA compliance in all categories will be provided including accessible routes to and from parking spaces, classrooms, special purpose rooms, restrooms; ADA compliant life safety systems, maneuvering clearances, hardware, fixtures and signage
 - how you will modify parking and entrances to be accessible;
 - how you will provide vertical access to any currently inaccessible floor levels;
 - which and how many restrooms you will make accessible;
 - and for any element which you described as not accessible above, what specific renovation or other measure you will undertake to make it accessible;
- Your deadline for completion of the renovation;
Renovation can be completed within 18 months of commencement
- Any interim alternate access measures planned; and/or
- Any legal justifications for non-compliance.
- Make sure to describe the details of any spaces for which you intend to change the use (e.g., converting a storage area into a lunchroom).

APPENDIX TT: 4.3.A REHABILITATION PLAN (TIER 2)

We are proposing two options, one is to lease space at Assumption Church, and a phase-in facility. We are working closely with TRP and Cesar Santoy, to finalize our options.

We are reviewing requirements for CPS updates, which is why we are communicating with Chicago Public Schools, and moving forward with STARS Project Academy team, including Paul Dark, Gladys Lomeli, Rene Holloway, in collaboration with The Resurrection Project and Cesar Santoy, the architect.

Our optional locations are being considered, and the actions required from the SPEA's facility team are being implemented to ensure that the timeframe is suffice and taken into consideration to meet CPS requirements. We will work closely with the parties involved, as mentioned above, as well as CPS, George Cardenas (alderman), Father Arturo and Archdiocese. Our goal is to meet CPS requirements, so we can open up our doors to our students July 2016. We will schedule the necessary ADA requirements, to ensure expectations are fulfilled.

We are in negotiations with Assumption Church, to finalize cost, and sharing cost. We have been in conversation with TRP and Paul Dark to explore TIF, the new market tax credit, Department of Commerce & Economic opportunity, The City of Chicago Department of Community Development, and The Walton Family Foundation, ensuring the location meets CPS requirements for opening year. We are committed to exploring all possibilities to insure ADA compliance, while maintaining an overall fiscal health.

Appendix UU: 4.3.a Sources & Uses of Funds Report

Sources & Uses of Funds Report (for Facility Options)

We have two facility options and we have been working closely with our architect. Both locations need some renovation and we have been working closely with our facility team to evaluate renovation needs and funding resources.

In case we need additional funding to cover facility expenses, we've continued communications with Ernest R. Sawyer, from Ernest R. Sawyer Enterprises Inc. (ERS, Inc.¹) regarding applying for TIF (Tax Increment Financing) funding. Mr. Sawyer has committed to helping SPEA attain any TIF funding that may be available. We've also continued to work with The Resurrection Project (TRP), who will explore additional funding from various funding avenues, which include:

- New Market Tax Credit
- Department of Commerce & Economic Opportunity
- City of Chicago's Department of Community Development

Funds generated from the above mentioned sources would be applied towards necessary renovations at the location that we open SPEA. In addition to these sources, SPEA was recommended by INCS for the Walton Family Foundation Grant, which is a total of \$250,000. We have an experienced grant writer who will submit our completed application before its due date.

¹ ERS, Inc is an experienced, multi-disciplinary consulting firm offering professional services in the fields of Urban Planning, Development Consulting, Community Planning, Project Management and TIF Consulting. ERS, Inc. has assisted the City of Chicago with the implementation of more than 20 Tax Increment Financing Districts.

STARS
PROJECT ENGINEERING ACADEMY

Dear Sponsor:

STARS Project Academy is a 501(c)(3) grassroots non-profit organization of diverse professionals committed to providing opportunities for minorities to enter the fields of STEM (Science, Technology, Engineering, and Mathematics). Our mission is to provide a holistic education by inspiring, challenging, and empowering future engineers, while embracing a healthy lifestyle.

To achieve our mission, our primary focus is to unite community leaders, corporations, and local entities to bring STARS Project Engineering Academy (SPEA) to the Little Village Community of Chicago. Our curriculum is STEM-centric and will equip high school students with the necessary tools, including Career & Technical Education credits and certifications, to be innovative leaders in today's global economy. In addition, the curriculum will include a healthy living lifestyle and experiential learning.

HOW DOES YOUR (100% tax deductible) CONTRIBUTIONS SUPPORT OUR EFFORTS?

We invite you to support any of our annual events and be part of our family. We will keep you informed of all ongoing activities. Please review our sponsorship opportunities. Selection of an annual sponsorship level will ensure our ongoing communication and collaboration, and will provide support and resources for future students at SPEA. Support and resources include access to talented STEM professionals, field trips, scholarships, and a rigorous curriculum.

As an annual sponsor, your organization will be provided access to the following fundraising events, which aid in providing specific opportunities to students and their parents:

Casino Night Fundraiser and STEM Community Festival - Expose community's middle school students (our prospective incoming freshmen) to STEM careers through fun hands-on STEM activities.

Golf Outing - Create STEM awareness by providing field trips to educational venues such as museums and engineering facilities.

GALA - Scholarships for graduating high school seniors & college students to pursue STEM careers.

Thank you in advance for helping us make a difference in our community. If you would like more information, please feel free to visit our website or contact Event Coordinator and Fundraising Chair, Jose Valdez.

Sincerely,

Jose Valdez

A Message from the Office for Peace and Justice

Mailing address: Office for Peace and Justice

ATTN: Nepal Emergency Appeal
Catholic Relief Services
3525 S. Lake Park Ave., Chicago, IL 60653

Thousands of our Nepalese brothers and sisters are suffering death, displacement, and extreme loss due to the massive earthquakes that have affected Nepal and neighboring countries. Please pray for their comfort and peace in the midst of this natural disaster. Please consider donating to Catholic Relief Services:

www.ChicagoPeaceAndJustice.org/NepalEmergencyAppeal

Manteniendo a las familias juntas

¿Tienes preguntas acerca de los programas DAPA y DACA que anunció el president y qué significa el caso en las cortes de inmigración para estos programas?

El Congresista Luis V. Gutierrez contestará tus preguntas en un
FORO COMUNITARIO SOBRE LA ACCIÓN EJECUTIVA
EN INMIGRACIÓN

Sábado 6 de junio, 2015
10:00 am - 12:00 pm
Gimnasio de la escuela Sta. Inés

Para preinscribirse

Llame a la oficina en Chicago del congresista Luis V. Gutierrez al (773) 342-0774 o en gutierrezevent.eventbrite.com con su nombre, dirección, número de teléfono y correo electrónico.

Community Meeting STARS Project Engineering Academy

Wednesday / *Miércoles*, June 10, 2015
6:00 pm - 7:00 pm
St. Agnes School Gym

Do you know what STEM means? Come learn about new educational options for your child. Learn about STEM (Science, Technology, Engineering, and Mathematics) education and opportunities for your child in STEM careers.

Reunión comunitaria para hablar de STARS Project Engineering Academy

¿Sabe lo que significa STEM? Venga a informarse acerca de nuevas opciones educativas para sus hijos. Recibirá información de la educación STEM (Ciencia, Tecnología, Ingeniería y Matemáticas) y de las oportunidades que existen para sus hijos en carreras STEM.

Mensaje de la Oficina de Paz y Justicia de la Arquidiócesis ("Office for Peace and Justice")

ATTN: Nepal Emergency Appeal
Catholic Relief Services
3525 S. Lake Park Ave., Chicago, IL 60653

Miles de nuestros hermanos y hermanas de Nepal están sufriendo muerte, desplazamiento, y pérdidas extremas debido a los terremotos que afectaron Nepal y países vecinos. Por favor oren por su bienestar y paz en medio de este desastre natural. Por favor consideren hacer una donación a través de Catholic Relief Services:

www.ChicagoPeaceAndJustice.org/NepalEmergencyAppeal

**IS GOD CALLING YOU TO BE A PRIEST?
ARE YOU IN HIGH SCHOOL OR COLLEGE?**

**¿Te está llamando Dios para que seas sacerdote?
¿Estás en la secundaria o en colegio?**

Reúnete con el Obispo Alberto Rojas del Vicariato III, con sacerdotes y seminaristas de la Arquidiócesis de Chicago. Será una tarde de oración, conversación, y cena con el Obispo Rojas. Para reservar ponte en contacto con el sacerdote de tu parroquia o con Padre Tom Boharic al (773) 522-0142 o en tomboharic@gmail.com

**MEET THE BISHOP OF VICARIATE III
MOST REV. ALBERTO ROJAS
AND PRIESTS AND SEMINARIANS FROM THE
ARCHDIOCESE OF CHICAGO
SUNDAY, JUNE 14, 2015 — 5:00 P.M.
ST. SYLVESTER PARISH
2157 N. HUMBOLDT BLVD., CHICAGO**

**EVENING PRAYER, CONVERSATION, AND DINNER WITH BISHOP ROJAS
TO RSVP CONTACT YOUR PARISH PRIEST OR FR. TOM BOHARIC
al (773) 522-0142 o en tomboharic@gmail.com**

**Community Meeting
STARS Project Engineering Academy**

Wednesday / June 10, 2015
6:00 pm - 7:00 pm, St. Agnes School Gym

Do you know what STEM means? Come learn about new educational options for your child. Learn about STEM (Science, Technology, Engineering, and Mathematics) education and the new STEM high school coming to Little Village. Parents and students are welcome to attend and learn about the pathways to college that STARS Project Academy (with University of Illinois Chicago's Partnership) will provide.
For any questions contact Gladys Lomeli at (773) 343-5455, glomeli@starsproject.com.

**STEM Activity Day
Saturday, June 20, 2015**

9:30 am - 12:00 pm at Little Village Library, 2311 S. Kedzie Ave.

Bring your middle school children (grades 6th - 8th) to do fun engineering activities with SHPE-UIC (Society of Hispanic Professional Engineers) students! Children will learn how exciting STEM (Science, Technology, Engineering, & Mathematics) can be and careers they can pursue. This FREE event is excellent for parents to learn about STEM educational opportunities for their children. For any questions contact Gladys Lomeli at (773) 343-5455, glomeli@starsproject.com.

**This is something you
do not want to miss it.**

Esto es algo que no se querrán perder.

Some of our St. Agnes School students, parents, faculty and Fr. Tom were recorded for a Radio show. Our show is scheduled to be broadcast for Sunday, June 14th, 10:00 to 11:00 am.

Algunos de nuestros estudiantes, padres de familia y maestros de nuestra escuela Sta. Inés de Bohemia y el Padre Tom fueron grabados para un programa de radio. Este programa será transmitido el domingo 14 de junio de 10 a 11 de la mañana. No se lo pierdan.

**Reunión comunitaria para
hablar de STARS Project
Engineering Academy**

Miércoles 10 de junio de 2015
6:00 pm - 7:00 pm

En el gimnasio de la escuela Sta. Inés

¿Sabe lo que significa STEM? Venga a informarse acerca de nuevas opciones educativas para sus hijos. Recibirá información de la educación STEM (Ciencia, Tecnología, Ingeniería y Matemáticas) y de la nueva STEM High School por venir a La Villita. Padres y estudiantes están invitados a asistir y aprender como seguir el camino hacia la universidad que STARS Project Academy en combinación con la Universidad de Illinois en Chicago ofrecerá.

Día de Actividades STEM

Sábado 20 de junio de 2015
9:30 am - 12:00 pm

En la biblioteca de La Villita
2311 S. Kedzie Ave.

Traiga a sus niños entre 6º y 8º grado a participar en divertidas actividades con estudiantes de ingeniería de SHPE-UIC (Sociedad de Ingenieros Profesionales Hispanos - Universidad de Illinois en Chicago). Los niños aprenderán lo divertido que es la ciencia, la tecnología, la ingeniería y las matemáticas, y también las carreras a las que pueden aspirar en esas áreas. Este evento GRATUITO es una manera excelente para que los padres se informen de las oportunidades educacionales para sus hijos con STEM. Llame a Gladys Lomeli al (773) 343-5455, glomeli@starsproject.com para más información.

You are invited to

St. Agnes of Bohemia

Summer Camp / Campamento de verano

For children / Para niños(as) 5 - 11 years old

July 6 to 24, 2015

Monday - Friday / Lunes a viernes

July 6th-24th

9:00 am to 1:00 pm

Cost: \$75

(That is about \$1 an hour / Casi \$1 la hora)

Activities include field trips, science experiments, art projects, sports, lunch, and much more!

Tendremos paseos, haremos experimentos científicos, proyectos de arte, deportes, almuerzo incluido y mucho más.

St. Agnes of Bohemia

Summer Sports Camp / Campamento de deportes

Basketball, volleyball, soccer, and more!!

Instruction, drills, and games / Instrucción, ejercicios y juegos

Monday - Friday / Lunes a viernes

July 6th-24th

Students entering 4th to 9th grade / *Estudiantes que comenzarán 4º y 9º grado*
1:30 pm - 3:30 pm

Camp will be at St. Agnes's gym each day

Campamento se llevará a cabo en el gimnasio de la escuela Sta. Inés

Cost: \$45

Space is limited for both camps, please register in the school as soon as possible **from 8:00 am to 2:00 pm.**

Payment is due at the time of registration and **no refunds will be given.**

*El espacio es limitado en ambos campamentos, por favor inscribir en la escuela lo antes posible **entre 8:00 am y 2:00 pm.***

*El pago deberá hacerse al momento de inscribir y **no habrá reembolsos.***

For questions please contact / *Para preguntas ponerse en contacto con*
Jessica Conlin at jconlin@school.stagnesofbohemia.org
or (773) 522-0143.

Summer Camp has this affordable cost thanks to the generosity and valuable support of Mr. Jim Zangrilli. Podemos tener este costo tan accesible para el campamento de verano gracias al apoyo invaluable del Sr. Jim Zangrilli.

Basketball at St. Agnes!

Open Gym - Opening Day

Wednesday June 24th

6-8pm - Gymnasium

Male and Female - Grades 5th-12th

Come to our first open Gym for the summer and find out our plans for Basketball at St. Agnes.

Ven a nuestro primer gimnasio abierto de verano y entérate cuales son nuestros planes de baloncesto en Sta. Inés. Niños y Niñas del 5º al 12º grado.

STEM Community Festival

Saturday, June 27, 2015

11:00 am - 4:00 pm - St. Agnes Gym

Join us for a family day of STEM (Science, Technology, Engineering, & Mathematics) activities and parent resources! Professional engineers and SHPE-UIC students among other engineering organizations will engage your child in exciting hands-on activities. Come learn about pathways to college, careers in STEM, and how healthy choices can improve our lifestyle. **For any questions contact Gladys Lomeli at (773) 343-5455, glomeli@starsproject.com.**

Festival comunitario STEM

Sábado 27 de junio de 2015

11:00 am - 4:00 pm - St. Agnes Gym

Acompañenos en este día familiar de actividades STEM (ciencia, tecnología, ingeniería y matemáticas) e información para los padres. Ingenieros profesionales y estudiantes de SHPE-UIC (Sociedad de Ingenieros Profesionales Hispanos - Universidad de Illinois en Chicago) participarán con sus hijos en fascinantes actividades. Vengan y aprendan como seguir el camino a la universidad, acerca de carreras STEM, y como opciones saludables pueden mejorar su estilo de vida. **Llame a Gladys Lomeli al (773) 343-5455, glomeli@starsproject.com para más información.**

Aviso

Tenemos en la oficina parroquial algunas fotografías de niños(as) que hicieron su Primera Comunión en los años 2002, 2003, 2005, 2006, 2007 y 2008. Si cree que alguna de ellas pueda ser suya, le pedimos pase a recogerla a la oficina a más tardar el domingo 21 de junio. **Después de esta fecha serán desechadas.**

También, ya tenemos las fotografías que se tomaron durante la cena del 40º aniversario de Padre Don. Por favor pasen a la oficina si les interesa comprar la suya.

Notice

We have in the parish office some unclaimed First Communion pictures from the years 2002, 2003, 2005, 2006, 2007 y 2008. If you believe one of them could be yours, please pass by the office by June 21st. **After this date they will be shredded.**

As well, we have the pictures that were taken during Fr. Don's 40th anniversary dinner. Please pass by the office if you are interested in buying yours.

¡Hágase Ciudadano! ULTIMO TALLER GRATUITO

Sábado 27 de junio, 2015

Instituto del Progreso Latino

2520 S. Western Ave.

Puertas abren a las 8:00 am,

Taller empieza a las 9:00 am

APPENDIX OO: COMMUNITY PETITION SAMPLE

WHY COMMUNITIES SUPPORT STARS PROJECT ENGINEERING ACADEMY

- Every scholar - College Readiness
- Basic Engineering Certification
- Experiential Learning
- Small School ~ 160 scholars per grade
- Small class size ~ 26 Scholars
- Peer-Mentoring Education Program
- Tuition-Free & Enrollment by Lottery
- Extended School Day (~9 hrs), 185 days
- Disciplined and Supportive Environment

Our Mission: STARS Project Engineering Academy (SPEA) commits to provide a holistic education by *inspiring, challenging, and empowering* future engineers, while embracing a healthy lifestyle.

As a member of the Southwest Side community in which STARS Project Engineering Academy intends to operate, I am signing this petition to affirm that I have read STARS Project Engineering Academy’s mission; there is an urgent need for this school in our community and I would like to see STARS Project Engineering Academy open as a public charter school in the fall of 2016.

WHY COMMUNITIES SUPPORT STARS PROJECT ENGINEERING ACADEMY

- Every scholar - College Readiness
- Basic Engineering Certification
- Experiential Learning
- Small School ~ 160 scholars per grade
- Small class size ~ 26 Scholars
- Peer-Mentoring Education Program
- Tuition-Free & Enrollment by Lottery
- Extended School Day (~9 hrs), 185 days
- Disciplined and Supportive Environment

Our Mission: STARS Project Engineering Academy (SPEA) commits to provide a holistic education by *inspiring, challenging, and empowering* future engineers, while embracing a healthy lifestyle.

As a member of the Southwest Side community in which STARS Project Engineering Academy intends to operate, I am signing this petition to affirm that I have read STARS Project Engineering Academy's mission; there is an urgent need for this school in our community and I would like to see STARS Project Engineering Academy open as a public charter school in the fall of 2016.

APPENDIX OO: COMMUNITY PETITION SAMPLE

WHY COMMUNITIES SUPPORT STARS PROJECT ENGINEERING ACADEMY

- Every scholar - College Readiness
- Small School ~ 150 scholars per grade
- Tuition-Free & Enrollment by Lottery
- Basic Engineering Certification
- Disciplined and Supportive Environment
- Extended School Day (~9.19 f hrs), 183 days
- Experiential Learning
- Peer-Mentoring Education Program
- Small class size - 25 Scholars

Our Mission: STARS Project Engineering Academy equips our future engineers through a rigorous Academic Pathway, and prepares our scholars to transform the world through partnership, perseverance, and exceptional performance.

As a member of the Southwest Side community in which STARS Project Engineering Academy intends to operate, I am signing this petition to affirm that I have read STARS Project Engineering Academy's mission; there is an urgent need for this school in our community; and I would like to see STARS Project Engineering Academy open as a Public Charter school in the fall of 2015.
