

ART IN MOTION

a college, career & community

MOVEMENT

The mission of Art In Motion is to provide all students—regardless of their zip code—an opportunity to achieve their fullest academic and artistic potential through a personalized and performing arts learning model that is driven by challenging academic and arts standards. Our community will unite to empower the next generation with the life skills needed to thrive in our global society.

Art In Motion (AIM) is a proposed performing arts charter high school opening in 2018 and is designed to serve 1200 students in grades 7-12 and located in the Grand Crossings neighborhood on the Southside of Chicago pending approval

SCHOOL DESIGN ANCHORS

PERSONALIZED ARTS PATHWAY

the arts will be used as a medium for students to develop their way finding abilities to design their future in an arts college or career

NEXT GENERATION LEARNING

students will experience flexible learning environments enabled by state of the art technology and new age communication media

INNOVATIVE PARTNERSHIPS

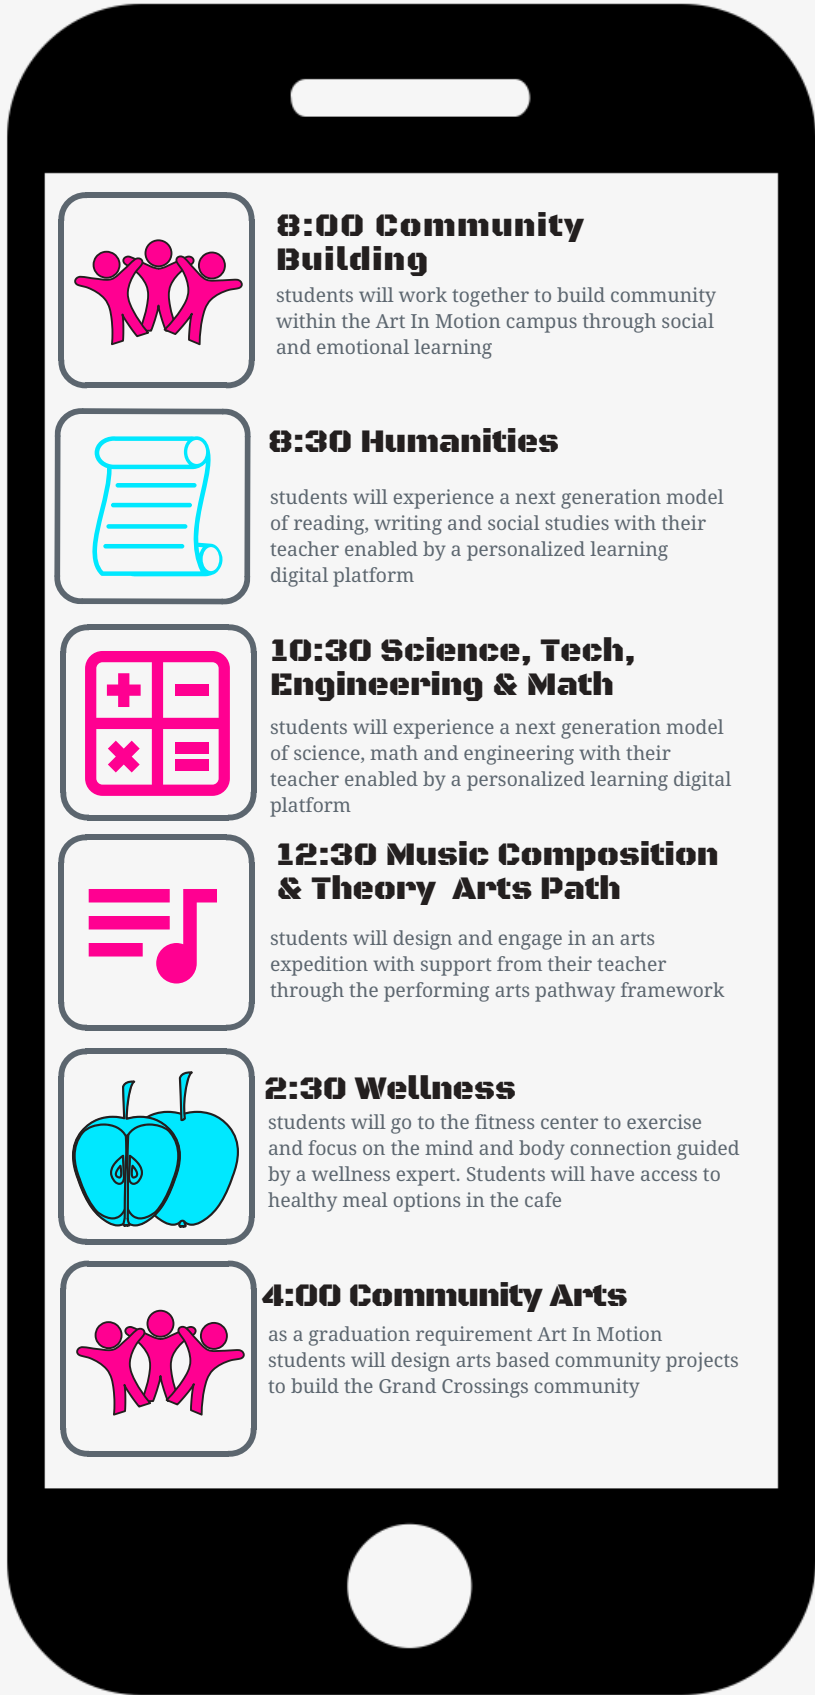

multiple industries will partner together to provide resources and opportunity to build our learning community

PERSONALIZED ARTS PATHWAY

Way finding is the cognitive process and experience of locating, following and discovering a route through and to a destination. Students will ultimately use their way finding abilities to design their path into an arts college or career.

Students at Art In Motion (if approved) will journey through arts expeditions in multiple disciplines, processes and levels of study. As a student advances through grade levels they narrow their focus in preparation for graduation.

**"THE BEST WAY TO
PREDICT YOUR FUTURE IS
TO CREATE IT."**

8:00 Community Building

students will work together to build community within the Art In Motion campus through social and emotional learning

8:30 Humanities

students will experience a next generation model of reading, writing and social studies with their teacher enabled by a personalized learning digital platform

10:30 Science, Tech, Engineering & Math

students will experience a next generation model of science, math and engineering with their teacher enabled by a personalized learning digital platform

12:30 Music Composition & Theory Arts Path

students will design and engage in an arts expedition with support from their teacher through the performing arts pathway framework
