

The following report was created using information entered into the Oracle SIPAAA Tool and Public Sector Budget tool for Fiscal Year 2012.

What is SIPAAA?

The School Improvement Plan for Advancing Academic Achievement is a strategic plan created by each Chicago Public School. This plan identifies the school's strengths, concerns, and priority areas for improvement; it is approved by the Local School Council and Chief Area Officer, where applicable. The action plan described in the SIPAAA, supported by the school's funds, is implemented and adjusted over a two-year period.

For schools requiring school improvement plans as described in NCLB Title I Section 1116, the school improvement plan shall go through a three tiered review: First, it will be reviewed by the area office to whom the principal reports. Second, it will be reviewed by the Chief Education Office or designee. Third, it will be approved by the Chief Executive and the Board of Education. Additionally, the plan will be monitored on an on-going basis. Reports will be issued detailing the progress the school makes towards implementation of the plan and the correction of its educational deficiencies.

- ✔ **TIP** Schools may add more information related to services or resources provided by the district in the open text box below.

- Specify the services and resources that the district has provided to revise your school improvement plan and other services the district will provide toward implementation of strategies and activities. (i.e., data analysis, identifying professional development needs for instruction, and analysis/revision of the school's budget).

The OLSCR will continue to assist parents and their schools with their effort to better educate their children. Through our office we will continue to provide Parent Training Workshops through our Parent Resource Center, and on a school by school need. Parents have asked for and received training on these topics, Title I Part A Section 1118, Title I Budget Training, Reading and Math Literacy, GED Glasses, Computer Skills and numerous other workshops.

- ✔ **TIP** You cannot delete the pre-populated text within the boxes below.

- Specify the services and resources that the state has provided to revise the plan and other services the district will provide toward implementation of strategies and activities.

ISBE uses the Illinois Regional Support Providers (RESPRO) as its way of implementing the statewide System of Support. While this is usually

accomplished through a contract with third party providers, CPS is it's own RESPRO. There is a three-tiered system of support for CPS schools with priority given to (1) schools in greatest need of improvement and in corrective action status, (2) schools in school improvement status, and (3) support schools that need assistance with school improvement but not on status. The purpose of the CPS RESPRO is to (1) review and analyze data; (2) collaborate with stakeholders; (3) assist schools identify services and resources that have the greatest likelihood of improving student achievement; (4) evaluate effectiveness of strategies and activities; and (5) make recommendations for improvement.

The School Support Team provides sustained and intensive support for those schools to make adequate yearly progress towards meeting Illinois Learning Standards.

- Please list the names of the following individuals assigned to your school-Area Instructional Officer, School Improvement Coordinator, Management Support Director, Literacy, Math, Science Coaches and any External Partners (Third Party Providers and Universities)
