SCHOOL SEGMENT REPORT

The school segment report was designed as a way to review individual school operating budgets as categorized by educational program and grouped by instructional, administrative, support service and facilities costs as described below. The report reflects resources allocated directly in the schools' budgets and also projects the resources budgeted at the central office and city-wide level that are used to support the programs, activities and personnel of the individual schools.

Each school's segment report is available on the CD distributed with this book. The objective of the report is to present school budgets in a transparent and relevant manner. We anticipate using the lessons learned from its on-going development as a guide for further improvements to the transparent allocation and presentation of school resources.

The rows in the school segment report are categorized by account as follows:

Instruction

The budgeted costs in the Instruction segment of the report reflect the resources allocated for direct instructional and classroom purposes at the schools. This includes the salaries and benefits of teachers, teaching assistant principals, instructional assistants and aides. Also included are the non-personnel related costs to support instruction such as textbooks, supplies, educational services, etc. The line labeled Allocation of CW Programs includes the projected cost of the instructional programs budgeted at the city-wide level that will be used to support the related instructional programs at the school.
