Replace Web Caching Systems

Project Summary

Project Type: IT, Educational Programming and Other Projects

Department: ITS

Status: Planning

Unit Number:

Budget Amount: $6,500,000

Budget Year: 2018

Estimated Project Start: July 2017

Estimated Project Complete: September 2018

Current web caching systems are end of support and only cache traffic immediately in front of our Internet egress. To better support the schools while maintaining the current purpose of reducing load on the Internet egress, we need to deploy a distributed caching solution with systems located at all 600 schools and in the core.
