School Excellence Framework

Culture of & Structure for Continuous Improvement

4 of 4 complete

Leadership & Collective Responsibility:

Score

Leadership & Collective Responsibility is characterized by an unwavering commitment to fulfilling a shared vision of success. There is a clear focus and high expectations for staff and students, motivating the entire school community to continue striving for success for every student.

1 2 **3** 4

Leadership & Collective Responsibility

Leadership & Collective Responsibility is characterized by an unwavering commitment to fulfilling a shared vision of success. There is a clear focus and high expectations for staff and students, motivating the entire school community to continue striving for success for every student.

RESPONSE:

The following information is disseminated through Professional Development, Parent Action Committee (PAC), Open House, Eighth Grade Parent Informational Meeting, and Local School Council principal report. The Mission and Vision Statements are displayed on the website, in various locations around the school and distributed to all parents, students, and staff members. The student affirmation is derived from the Vision Statement and recited daily as a reminder that reinforces a positive learning environment conducive to maximizing their potential. In efforts to enhance content knowledge and pedagogical skills, teachers are in a perpetual state of improving their craft through professional development, collaboration, and continuing education. Information gleaned from these resources are shared with colleagues.

Mission Statement

The mission of Adam Clayton Powell, Jr. Paideia Academy is to provide a quality education that enhances the development of the whole child. The Powell family promotes mutual respect, positive self-esteem, an appreciation for lifelong learning and fosters high expectations for academic achievement. We are dedicated to providing a positive learning environment conducive to maximizing the potential of all students, utilizing an innovative, rigorous, standards-based, data-driven curriculum that includes instructional best practices, the development of critical thinking skills and a respect for diverse learning styles.

Vision Statement

The vision of Adam Clayton Powell, Jr. Paideia Academy will be parents, school, and community working together to create an educational environment that encourages all students to become productive citizens and lifelong scholars. Our faculty and staff seek to instill in all students a love of learning by striving for academic excellence while building strong character so students are prepared to be successful in today's global society.

School Culture and Climate

This school is "Well-Organized for Improvement" which means that the school has a very strong culture and climate, suggesting the school is set up for success. Results are based on student and teacher responses to the My Voice, My School 5Essentials survey. For more information on this survey and additional measures of school culture and climate. According to 5Essentials survey: Effective Leaders-Strong, Collaborative Teachers-Strong, Supportive Environment-Strong, Ambitious Instruction-Very Strong, Involved Families-Neutral, Teacher Participation: 96.8%, and Student Participation: 99.9%.

Guide for Leadership & Collective Responsibility

- **Set the direction and create a sense of purpose by building consensus on and implementing a shared vision.**
 - Consider the demographics of the school community in developing a shared vision.
 - Help stakeholders understand the relationship between the school's vision and their initiatives and priorities.
 - Consistently use informal and formal opportunities to champion and articulate the vision.
 - Act in ways that consistently reflect the school's core values, beliefs, and priorities in order to establish trust.
 - Ensure the school's identity, vision, and mission drive school decisions.
 - Use the Multi-Tiered System of Support framework as a standard for how to distribute leadership and make significant decisions both academically and social-emotionally.
- **Inspire a culture of collective responsibility for the success of ALL students in the whole school (not solely teacher's own students).**
- **Empower others to make or influence significant decisions.**
 - Build shared leadership structures and opportunities for job-embedded leadership training and development.
 - Capitalize on the leadership skills of others.
 - Constantly listen and synthesize what is heard, and learn from all sources.
- **Employ the skills to effectively manage change.**
 - Master skills associated with large-scale strategic planning processes and implementation of such plans.
 - Steer through the challenges associated with making improvements, both large and small.

- **Create and sustain a coherent instructional program (coordinated and consistent) with learning goals.**
- **Use the CPS Framework for Teaching to ground instructional guidance and coaching.**
 - Model ambitious goals for teaching and learning for all students, including priority groups.
 - Draw from the best available evidence to inform instructional improvement decisions.
- **Enable staff to focus and prioritize what matters most.**
 - Buffer staff from external distractions to the school's priorities and goals.
 - Limit school improvement goals to a few high leverage activities.
 - Prioritize teaching challenging content, engaging students in learning, rigor and ways to raise achievement.

Evidence, Measures, and Standards

EVIDENCE, MEASURES, AND STANDARDS	
Suggested Evidence	<ul style="list-style-type: none"> ✓ School's vision, beliefs, and how it is shared (e.g. presentations to community, promotional materials) ✓ Five Essentials – Program Coherence
Measures	<ul style="list-style-type: none"> ✓ Five Essentials
Five Essentials	<ul style="list-style-type: none"> Effective Leaders Collaborative Teachers

Instructional Leadership Team:

The ILT is characterized by having a consistent structure for teacher leadership that is focused on creating and implementing the theories of action that improve teaching and learning. ILT meetings are a productive forum to identify challenges, collect and review evidence, exchange ideas, and propose and implement solutions to challenges to school improvement.

Score

1 2 **3** 4

The ILT is characterized by having a consistent structure for teacher leadership that is focused on creating and implementing the theories of action that improve teaching and learning. ILT meetings are a productive forum to identify challenges, collect and review evidence, exchange ideas, and propose and implement solutions to challenges to school improvement.

The team meets annually for a weekend to review data from NWEA MOY , during this time collaboration among Teachers to address deficits, glows and grows. We discuss what's next, student learning, student achievement, school wide PBS ILT team meets on a regularly scheduled time, with a representation of all grade levels, counseling, case management and the administrative team. During these meetings topics include progress monitoring of standards for classroom instruction and student mastery of said topics. Some tools that are used to measure the classroom effectiveness are Measureup Live at 5 week intervals.

Guide for Instructional Leadership Team

- **Engage in on-going inquiry (e.g. continuous improvement cycles) as a basis for improvement.**
 - Gain productive insight and take substantial new action or adjust strategy that clearly addresses root causes.
 - Relentlessly ask, "**Is it working?**" about every program, initiative, and strategy in the school.
 - Vet Initiatives and strategies on the basis of their direct or proven impact on outcomes.
 - Monitor if previous actions were implemented (fidelity) and working as intended. Ask, "**If not, why not?**"
- **Share leadership for improving teaching and learning with representative school members.**
 - Organize the team around a common understanding of team's purpose and instructional priorities.
 - Represent all relevant specialty content areas, programs, related services, and grade bands/department teams and is an appropriate size.
 - Represent a balance of work styles (e.g. task-oriented, provides push-back, synthesizes, etc.)
- **Use protocols and ask probing questions.**
 - Ask questions focused on factors within sphere of control and avoid a focus on student factors.
 - Use appropriate protocols and level of analysis (grade, school-wide, individuals) for meeting purpose.
 - Systematically consider root cause(s) based on thorough review of evidence.
- **Use timely and relevant data/evidence sources.**
 - Gather and use current and relevant local student, school, teacher performance (e.g. attendance data, assessment results), and operational data formatively to review and revise school and classroom practices as needed.
 - Disaggregate data for priority student groups (e.g. English learners, diverse learners).
- **Schedule and structure frequent meetings.**
 - Meet regularly (2-4 times per month).
 - Use an agenda with a clear focus.
- **Collaborate effectively, value transparency, and inform and engage stakeholders.**
 - All team members have equity of voice and are actively engaged in asking questions.
 - Celebrate small wins and improvements.
 - Regularly inform and engage stakeholders of key data and work of the ILT.

- **Build the capacity of teacher teams to lead cycles of learning and problem solving focused on student learning data and student work.**

Evidence, Measures, and Standards

EVIDENCE, MEASURES, AND STANDARDS	
Suggested Evidence	<ul style="list-style-type: none"> ✓ ILT Effectiveness Rubric Score ✓ ILT artifacts (e.g. agenda, calendar, protocols, minutes) ✓ Evidence that work of ILT has contributed to positive outcomes for students and staff ✓ Teacher team agendas/minutes reflective of ILT focus
Measures	✓ Five Essentials: Instructional Leadership

Professional Learning:

Professional Learning includes sufficient time, support, and 'safe practice' space to internalize new knowledge to change practice and beliefs. Adults persevere in collaboration with their colleagues to innovate and improve implementation of new practices.

Score

1 2 **3** 4

School level professional development includes technology curriculum integration programs such as Stride Academy, Compass Learning, IXL Math, Blue Streak, Reading A-Z, Think Cerca, Pearson Realize Math (Envision), and Scholastic Ebook. Teachers are encouraged to visit each other's classroom to observe teaching practices that they can use. Classroom teachers in conjunction with special education teachers conduct weekly collaborative meetings. The Principal, Assistant Principal, and literacy consultant conducts bi-monthly common planning meetings to analyze data and student work, discuss instructional plans and consider academic/behavioral interventions for improvement. Teachers share ownership for student learning in their classrooms by setting grade level goals. Mentor teachers and literacy consultant are assigned to new teachers and struggling teachers. During school improvement days consultants are brought in to support staff in various areas. Additionally, supports are provided by the network to assist with data interpretation and curriculum alignment.

Guide for Professional Learning

- **Select and design professional learning (PL) to achieve school-wide improvement, including closing priority group achievement gaps.**
 - Use data to identify performance and practice gaps to inform PL plan.
 - Use research about best practices to identify potential learning and subject matter experts to support.
 - Solicit feedback from staff to inform selection of PL opportunities.
 - Provide PL relevant to the cultural and linguistic needs of students.
 - Provide both whole staff and differentiated PL to individual teacher levels.
- **Implement and sustain on-going, job-embedded professional learning (PL) (e.g. coaching, peer learning opportunities, action research)**
 - Recommend and/or provide PL opportunities directly related to individuals' specific areas of need and professional growth goals.
 - Encourage staff to broaden networks to bring new knowledge and resources to learning environment.
 - Teachers initiate opportunities for professional growth and proactively seek opportunities to enhance content knowledge and pedagogical skill.
- **Structure time for teachers to collaborate and learn together.**
 - Create schedules and systems to conduct peer observations, and coaching. Reflect on its impact.
 - Teachers provide and accept collegial support and feedback to/from colleagues.
 - Teachers participate in and facilitate professional inquiry in teams to advance student learning.
- **Make 'safe practice' an integral part of professional learning.**
 - Allow teachers ample time to try new strategies, refine skills, grapple with implementation problems, and share knowledge and experience.
 - Provide support that addresses the specific challenges of changing classroom practice. Provide coaching/mentoring support to validate continuing to work through struggles.
- **Monitor implementation to ensure staff uses new knowledge to improve practice and it is having the desired effect on practice and student outcomes.**
 - Conduct frequent non-REACH observations to provide coaching and actionable feedback.
- **Provide induction and support for new teachers.**
 - Assign each new teacher a mentor who is skilled in pedagogy and is an open, collaborative colleague.
 - Schedule a series of 'learning experiences' for new teachers that helps them navigate important initiatives (e.g. REACH) and provides information on school specific goals and resources.

Evidence, Measures, and Standards

Aligned Resources:

Resources (e.g. time, budget, staff, and community resources) are aligned to school priorities. Improving achievement guides resource allocation. Making the most of student time and staffing is a priority. The school organizes resources school-wide through schedules and staffing plans that target additional time and individual attention to those students who need it most and to highest priority subject areas.

Score

1 2 **3** 4

Teacher Assistants and Parent Workers have been hired and provided schedules to monitor students during lunch and recess periods; as well as dedicated aids for those students who need extra attention within the classrooms throughout the school day. Community based organizations include: Project Syncere, Joffrey Ballet Arts, West Point School of Music, Polished Pebbles, Pretty Brown Girl, Male Mentoring and Girl Scouts. These after-school programs instructs students in art and philosophy. The school allocates funds to purchase technology equipment and musical instruments for the music program. The school has increased technology use to 1:1 from previous years of sharing throughout the building. Discrepancy funds are allocated for school-wide priorities as the need arises. These programs assist students with improving focus skills and SEL skills

Guide for Aligned Resources

- **Design a school day that is responsive to student needs.**
 - Use CPS Instructional Time Guidelines to maximize instructional time.
 - Use CPS Instructional Block Guidelines to maximize academic-engaged time.
- **Align the budget to the CIWP priorities and the mission of the school.**
 - Avoid overemphasis on the purchase of products/programs that are not research based or do not respond to SEF needs.
 - Leverage strategic source vendors to maximize dollars.
 - Seek and obtain grants to support articulated needs.
 - Use grant funds strategically to support areas of highest need.
 - Maximize the use of supplemental funding to close any priority group achievement gaps.
- **Streamline purchase procedures to minimize lapses between ordering and receiving materials.**
- **Evaluate, to the extent possible, the consequences for student learning of resource allocation decisions to develop an evidence base of outcomes of particular uses of resources.**
- **Have a 'hiring team' and collaborative hiring process with clear selection criteria to identify and select best available candidates.**
 - Actively work to build a pool of potential staff members, particularly difficult to fill positions (e.g. staff to serve English learners).
 - Use an interview process including a protocol for questioning and select highly qualified candidates.
 - Require a classroom lesson demonstration to assess candidate expertise, philosophy and commitment.
 - Check teachers' previous performance at CPS schools.
- **Strategically assign teachers to grade and content areas to create a balanced team with a variety of strengths.**
 - Ensure all students have fair access to high-quality teachers in the school.
- **Effectively utilize Related Service Providers at the classroom level.**
- **Use data including teacher evaluations and exit interviews to inform a retention strategy.**
 - Create a positive climate and working conditions for teaching that attracts and retains educator talent.
 - Create opportunities for growth including opportunities for staff to assume additional leadership roles or pursue personal growth goals.
 - Track retention rates over time and use this information to isolate staffing strengths and identify opportunities to improve.
 - Solicit information from staff using exit interviews/surveys to understand reasons for leaving school or district.
- **Make outreach efforts to engage community members as partners and resources.**
- **Partner with one or more organizations that share the values of the school and have a complementary mission to the school's vision.**
 - Monitor the impact of partner organizations' activity.

Expectations for depth & breadth of Student Learning

4 of 4 complete

Curriculum:

Score

1 2 3 4

The curriculum – what students should know and be able to do - makes standards come alive for students. All students have access to an academically rigorous curriculum that inspires students to think and contribute high quality work to authentic audiences beyond the classroom. The curriculum fully integrates academic and social emotional learning opportunities for all students, including diverse learners, English learners, and advanced learners. The school regularly examines the curriculum to check alignment to standards and opportunities for all students to meet those standards.

Teachers create lessons with a deliberate focus on the learning objects to be standards-based, clearly, written in the form of student learning outcomes, aligned to methods of assessment, and varied to account for the needs of groups of students. All classroom assignments, homework assignments, and formal assessments are in alignment based on the identified learning standards. Lessons and units are developed to incorporate the knowledge of content, students, and resources. Teachers are cognizant of presenting or articulating the "big idea" to capture the attention of the each student and to further develop the necessary skills and competencies for understanding the lesson. Students are exposed to grade appropriate texts in various forms to enhance reading comprehension skills.

All Sixth Grade students participate in Project SYNCERE (Supporting Youth's Needs with Core Engineering Research Experiments). This program provides a curriculum that integrates science, technology, engineering, and mathematics (STEM) through the use of project-based learning. Seventh and eighth grade students are participating in a Robotics Engineering program in collaboration with the University of Illinois.

Students from grades 3rd-8th attend field trips to the various museums; Museum of Science & Industry, Field Museum of Natural History, DuSable Museum, Oriental Museum, and other educational sights such as Lincoln Park Zoo and the Peggy Notebaert Nature Museum to reinforce lessons that have been taught in the classroom.

All staff have received professional development on Stride Academy, ThinkCerca, IXL Math, LLI (Literacy Leveled Interventions), Envision Math, Blue Streak, Measureuplive. In addition, teachers have been trained to use small group instruction effectively. The strategies and interventions from these programs are incorporated in the daily classroom operations which prove to have positive results in implementing instruction and managing the desired classroom instructional environment.

To further fulfill the mission of Powell Academy, our goal is to take advantage of every opportunity to educate our children at all opportune times of the day. After-school tutoring (two days per week) and enrichment (Saturdays) programs are offered to K – 8th grade students who are performing below the 24th percentile or above the 80th percentile, respectively, according to our district assessment. Data supports that these added educational opportunities are beneficial. Powell is also offering after-school tutoring (4:00 p.m. – 5:30 p.m.) to selected 1st - 8th grade students.

In addition to academics, we offer several social-emotional support programs. Including Check-in-Check Out, small group intervention programs with the counselor, male mentoring implemented by support staff and security personnel, Pretty Brown Girls, Polished Pebbles, Girls on the Run mentoring, and Ballet. All of our academic and social emotional-support programs include diverse learners and ELL students.

Powell also offers the After School Matters program which targets academic as well as social and emotional learning.

- - **Align units of instruction (horizontally/vertically) to scope and sequence maps and pace units and lessons appropriately.**
 - Focus so units can be adequately addressed in the time available.
 - Examine formative data to determine mastery and pace. Discuss how much time it takes to adequately address the essential elements, and the viability of documents that articulate essential content and timing of delivery (e.g. pacing guides, curriculum maps).
- **Utilize the ‘big ideas’ that should be taught to determine whether students are being taught the body of knowledge, the understandings and the skills expected.**
 - Identify the essential understandings – what students should learn in greater depth. In other words, know ‘covering everything but learning nothing’ does not work.
- **Expose and extend opportunities for all students to grade appropriate levels of text complexity in all types of texts, including informational in all content areas.**
 - Articulate language goals that are separate from and support content goals. Literacy - reading, writing and speaking are essential ‘learning tools’ across the curriculum (disciplinary literacy).
- **Engage all learners in content areas by fully integrating opportunities for all learners, including:**
 - Diverse learners to demonstrate core knowledge and skills.
 - English Learners to develop academic language to demonstrate mastery.
 - Use English and native language development standards in addition to content standards to differentiate instruction and assessments for English learners, to ensure meaningful access to content, regardless of English language proficiency.
 - Understand research and implement programs to develop native language literacy for English learners.
 - Advanced learners to extend core knowledge and skills.
- **Integrate academic and social emotional learning.**
- **Connection to real world, authentic application of learning. For example,**
 - Provide opportunities for meaningful project-based learning.
 - Integrate field-based learning through partnerships with city institutions (e.g. museums), colleges, universities, and community based organizations.
- - Curriculum is culturally relevant/sustaining and provides opportunities to explore and celebrate students’ communities, culture, history, and language.
 - Curriculum is tailored to the strengths, needs, and interests of each student.

Instructional Materials:

Materials to present learning content and what the learner uses to demonstrate are characterized by variability and flexibility.

Materials are identified and adapted to increase access to learning for all students. Materials include multimedia and embedded, just-in-time supports; varied tools and supports; alternative pathways, and varied levels of support and challenge. (adapted from UDL Guidelines 2.0)

Score

1 2 **3** 4

- Diverse Learners included
- Scholastic
 - LLI
 - Blue Streak
 - IXL
 - Flocabulary
 - Vocabulary Workbooks
 - Raz-Kids (K-4 th)
 - enVision Math
 - Guided Reading (k-4th)
 - Compass Learning
 - All classes have access to technology(i.e. Desktops, iPads, Chrome Books, 2 Computer Labs)

Guide for Instructional Materials

Instructional materials (including technology) are.....

- **Aligned to curricular plans and expectations of the standards.**
- **Varied and flexible.**
 - Are selected and adapted based on learning objectives and learner needs.
 - Include a variety of quality media, manipulatives and supplies to achieve valued learning outcomes.
- **Intentionally planned by identifying or adapting appropriate tools (including technology) for specific instructional needs.**
 - Student outcomes and developmental appropriateness determine when and who will use the materials.
 - Materials are updated/upgraded in response to new information and understandings.
- **Equitably available and accessible to all teachers and students.**
 - Teachers and students have available a variety of high quality, standards-aligned instructional materials and resources.
 - Materials are in English and native language for English learners.
 - Reference and resource materials are readily available and circulated throughout the school.
- **Include multimedia and embedded, just-in-time supports (e.g. hyperlinked glossaries, background information, and on-screen coaching) – for conveying conceptual knowledge.**
 - Students interact with instructional materials to engage all modalities in the learning process.
 - Technology is integral to students learning experiences.
 - Units and lessons include grade-appropriate levels of texts and other materials so every student can access the content/skills.
- **Include tools and supports needed to access, analyze, organize, synthesize, and demonstrate understanding in varied ways – for learning and expression of knowledge.**
 - The needs of the students at different performance levels are met by using a variety of instructional materials that allow students to draw on all of their learning capacities.
 - The teacher models effective use of various materials.
 - Students understand that materials are a means to acquire language, knowledge, and competencies.
 - Technology enhances students' higher order, creative thinking and problem solving.
 - Materials connect subject area content to real life applications.
- **Include alternative pathways including choice of content, varied levels of support and challenge, and options for recruiting and sustaining interest and motivation – for engaging and learning.**
 - Students make choices about instructional materials as part of learning.
 - Materials address the needs of the total child: cognitive, linguistic, social, emotional, physical, and aesthetic.
 - Consumables are often non-print supplies that promote active, hands-on learning.

Rigorous Student Tasks:

The school regularly examines student work - what students are being asked to do on in their classrooms - across grades or courses in all content areas. Examining the texts and tasks students experience provides the necessary insight to gauge rigor and illuminate how the standards are actualized prompting the question whether or not approaches support the true spirit of college and career readiness. (adapted from The Education Trust – Equity in Motion Series)

Score

1 2 3 4

- ILT meet to analyze assessments for DOK and Common Core State Standards
- Provide constructive feedback
- Common Core Aligned Curriculum
- STEM Program (6th- 8th)
- Monitor growth (class work, quizzes, tests; mClass TRC, DIBELS, and Math, on-line programs)
- Peer tutoring
- Students' artifacts
- Students' exhibit student discourse
- Our students use strategies that addresses key shifts in ELA/Math/Science
- Horizontal and vertical learning
- School-Wide Assemblies (Black History, Christmas, Multicultural, Black History Museum, and etc.)

Guide for Rigorous Student Tasks

- **Begin with the belief that all students can learn. (see *Culture for Learning*)**
 - Convey high learning expectations for all students and develop structures that enable practice and perseverance for each individual student.
 - Create an environment where students assume responsibility for high-quality work by persevering, initiating improvements, addressing critiques, making revisions, adding detail and/or helping peers.
 - Communicate the necessity of attendance and engagement everyday in order to succeed.
- **Plan and assign tasks that are cognitively challenging for individual students and require students to provide evidence of their reasoning.**
 - Align tasks with standards-based learning objectives that reflect the depth of knowledge expectations.
 - Tasks are integrative to draw on multiple standards.
 - Teach for Robust Understanding in Mathematics (TRU Math). Engage students with important mathematical ideas, not simply receiving knowledge, requiring students to engage in productive struggle.
- **Tasks reflect the key shifts in literacy.**
 - **Complexity:** Tasks reward close reading of complex text; Focus on comprehension of academic language, not obscure vocabulary.
 - **Evidence:** Cite evidence from text and write to sources, not decontextualized prompts.
 - **Knowledge (non-fiction):** Tasks embed reading and writing across disciplines with a variety of literary and informational complex texts and tasks and demonstrate comprehension through speaking, listening.
- **Tasks reflect the key shifts in mathematics.**
 - **Focus:** Tasks reflect a curricular and instructional focus on the major work in (e.g. operational fluency and number sense in K-2).
 - **Coherence:** Multi-grade progressions stress key beginnings (e.g. ratios in 6th grade) and key end points (e.g. fluency with multiplication in 3rd).
 - **Rigor:** Problems require construction of mathematical reasoning and critiques of other possible solutions.
- **Provide opportunities for students to create authentic work for real audiences (beyond the teacher) to motivate them to meet standards and engage in critique and revision.**
- **Examine student work to identify and showcase the qualities of strategic thinking that are both rich in content and relevant for students.**
 - Analyze models with students to build a vision of quality.
 - Use protocols to collectively reflect regularly on the level of cognitive demand asked of students across the school, particularly priority group students, to think strategically as speakers, listeners, readers, and writers.
 - Analyze student work samples as part of professional learning to best support students' attainment of quality work and standards.

Transitions, College & Career Access & Persistence:

The school creates pathways to success built on a vision in which all students leave secondary school with a clear plan for their initial postsecondary destination, whether in apprenticeship training, work, or college. All students have equal access to college preparatory curriculum to be successful. The school is characterized by structures for developing early postsecondary awareness and the knowledge and skills that lay the foundation for the academic rigor and social development necessary for college and career success. Students are equipped with the confidence in their ability to implement and adapt their plan throughout their lives as they and the world around them change. This vision sees students as the architects of their own lives.(adapted from Creating Pathways to

Score

Success, Ontario)

Powell students are exposed to college planning as early as sixth grade. The guidance counselor meets with students to enlighten them on the qualifications and requirements for high school enrollment specifically selective enrollment. Representatives from selected high schools visit Powell to facilitate workshops on how to prepare for a successful transition into high school and throughout. Seventh and eighth graders attend high school and college fairs to develop and peek their interests in college and career planning. Eighth graders are exposed to the college experience by attending a four-day college tour to various institutions in Georgia, Alabama, and Tennessee. Over 75% of the 8th grade students attend and are accompanied by seven staff members including administration.

Another one of Powell's goals is to ensure that all of our students are responsible citizens and civic minded. To accomplish this goal, students need to know what their constitutional rights are. Our seventh graders visit the State's Capital in Springfield, IL for a one-day information packed guided tour. Mandatory parent informational meetings are held to keep parents informed about these experience and its expectations.

Eligible eighth grade students (15%) are enrolled in 8th Grade Algebra to further prepare them for the high school math curriculum.

Guide for Transitions, College & Career Access & Persistence

- **TRANSITIONS - Have structures and processes in place to ensure successful transitions (e.g. into school , grade to grade, school to school, school to post-secondary).**
 - Mitigate the adverse effects experienced by some students in transition – such as arriving part-way through the school year – that can cause students to fall behind or become disengaged from school.
 - Monitor the progress of English learners after transition from services.
 - Provide programs and interventions that help students as they move from middle school through Freshmen year, including but not limited to: High School Investigation Days, CTE recruitment fairs, Freshmen Connection program (where budget allows), and a robust Freshmen Orientation program. Implement targeted holistic student supports the entire Freshmen year.
 - Provide sustained summer learning experiences to minimize learning loss and support key transition periods (e.g. summers before Kindergarten, HS, and college).
 - Use student data and best practices research to develop focused programs.
 - Expand access beyond students who are struggling academically.
 - Provide school counseling and postsecondary advising transition support and follow-up during "Summer Melt" and the first year of college.
- **AWARENESS - Expose students early to academic/professional worlds beyond K-12.**
 - Provide students opportunities to discover personal talents and skills, identify career interests, and pursue coursework/activities necessary to reach personal, academic and career goals. Expose students to CTE Pathways around career options
 - Expose students to a range of career paths and the educational requirements of each to improve long-term planning and goal-setting.
 - Start the conversation about college in primary grades.
 - Make parents aware of academic opportunities and supports for their child.
- **READINESS – Ensure equitable access to college preparatory curriculum.**
 - Provide access to 8th Grade Algebra to all eligible 8th grade students.
 - Provide access to early college and career coursework and credential opportunities while in HS (e.g. AP credit, Dual credit, industry credentials (CTE), Seal of Biliteracy)
 - Teach students to analyze their transcripts and test scores, as well as connect course selection, attendance, and grades to their continued success and access to postsecondary options, and adjust their actions and behavior to make progress toward graduation and their top postsecondary choice. Provide support and motivation to encourage B's or better and improving attendance.
 - Create opportunities for students to explore college and career knowledge, mindsets, and skills necessary for academic planning and goal setting.
 - Find opportunities to work with all students on academic and personal behaviors, including persistence, engagement, work habits/organization, communication/ collaboration, and self-regulation.
 - In Naviance, develop an Individual Learning Plan that tracks coursework, college and career assessments, goal setting, 6th-12th grade milestones completion that culminates in a concrete postsecondary plan.
 - Provide opportunities for Dual Credit/Dual Enrollment
- **SUCCESS - Provide direct assistance to all students and families through every stage of the college selection, application, and entry process (Transition to College (HS))** including, but not limited to academic planning/advising to assist with:
 - Selecting colleges with the best institutional graduation rates for their level of qualifications. (Students of all qualification levels are more likely to graduate from college if they attend a postsecondary institution with high graduation rates
 - Researching/comparing options including short and long-term financial outcomes, comparing college graduation rates, and other statistics to narrow down options.
 - Researching living wage options such as an apprenticeship or certification programs for students who wish to work after high school and/or want to delay college.
 - Applying to multiple colleges—generally three or more.
 - Navigating financial aid and capitalizing on grant and scholarship opportunities.
 - Equipping students and families with persistence strategies. (College Persistence Toolkit)
 - Help families learn about existing CTE career pathways, apprenticeships/pre-apprenticeship programs

Expectations for depth & breadth of Quality Teaching

3 of 3 complete

Instruction:

The teachers have finely honed instructional skills. They can shift from one approach to another as the situation demands by carefully monitoring the effect of their teaching on student learning. They seamlessly incorporate ideas and concepts from other parts of the curriculum into their explanations and activities. Their questions probe student thinking and serve to extend understanding. They promote the emergence of self-directed learners.

Score

1 2 **3** 4

Teachers received professional development on how to effectively communicate standards-based learning objectives to students and address their relevance to learning by way of implementing cohesive and purposeful questioning and discussion techniques. The professional development was specific to the strategies of the gradual release model and flexible grouping. Teachers were coached on how to analyze assessment data to group students based on RIT scores in specific strands. Proper implementation of these strategies will yield the desired results for academic growth. Collected assessment data will also provide opportunities for teachers to accommodate students' questions, needs, learning styles and interests during instruction.

Teachers were also trained using leveled literacy intervention in an effort to address reading and comprehension deficiencies. We received a grant from Scholastic Corporation to provide classroom libraries for K-8th grades. Scholastic also provided training for online access.

Implementation of the gradual release model, flexible grouping, and other strategies will allow teachers the opportunity to follow up after administering formative assessments and provide intervention or enrichment where necessary.

Guide for Instruction

- **Plan a range of effective pedagogical approaches suitable to student learning of the content/skills taught and anticipate student misconceptions.**
- **Effectively communicate with students.**
 - Guide students to articulate the relevance of the objective(s) to learning.
 - Anticipate possible student misunderstanding.
 - Enable students to develop a conceptual understanding of content while making connections to their interests, knowledge, and experience.
 - Enable students to contribute to extending the content by explaining concepts to their classmates.
 - Build on students' language development and understanding of content.
 - Use vocabulary appropriately for students' ages and development. Students contribute to the correct use of academic vocabulary.
- **Use questioning and discussion as techniques to deepen student understanding and challenge.**
 - Use a variety of low- and high-level, open-ended, and developmentally appropriate questions to challenge students cognitively, advance high level thinking and discourse, and promote metacognition.
 - Use techniques that enable students to engage each other in authentic discussions about content. And, enable students to formulate their own questions and respectfully challenge one another using viable arguments based on evidence.
 - Encourage student responsibility for ensuring all voices are heard in the discourse and that all students are listening and responding to questions and answers from their teacher and peers.
 - Require students to cite textual evidence to support/develop a claim.
- **Engage students in learning.**
 - Scaffold instruction to ensure all students, including diverse learners and English Learners, access complex texts and engage in complex tasks.
 - Provide targeted supports to individual students or groups of students based on their identified needs.
 - Provide instruction designed to develop language domains for English learners.
- **Monitor the effect of teaching on student learning and integrate formative assessment into instruction.**
 - Monitor progress and check for understanding for individual students.
 - Change instructional practice based on analysis of current data.
 - Use universally designed assessments that allow for multiple pathways for students to demonstrate understanding of the objective(s).
 - Also see *Balanced Assessment*.
- **Persist in adjusting instruction so individual student misunderstandings or advanced needs are successfully accommodated.**
 - Intervene in a timely and effective way to help students who are struggling.

- When formative assessments show a need for intervention or enrichment, make effective impromptu adjustments that individualize instruction.
- Use progress monitoring data to trace effectiveness of interventions and student response to intervention.
- **Foster student ownership.** Create opportunities for students to have voice and choice in instructional tasks.

Balanced Assessment & Grading:

A balanced assessment system effectively measures the depth and breadth of student learning and monitors student progress towards college and career readiness. It also produces actionable data to inform planning for instruction, academic supports, and resource allocation. To meet these goals, a balanced assessment system must include multiple measures and be responsive to the needs of all students, including diverse learners and English learners.

Score

1 2 **3** 4

Grade Book committee monitored a color coded category system that teachers utilize to track performance on Assignments, Homework, Participation, Formative and Summative Assessments. Teacher implement weekly assignments. Teacher utilizes google calendar to keep abreast of when assessments and dates. Teachers review, reteach, and assess. Interim assessments in reading and mathematics are administered every five weeks utilizing Measureuplive. Teachers utilize this assessment data to drive instruction and remediation. Lesson plans are submitted weekly which includes formative and summative assessments. School grading policy is aligned mandated to the Network grading scale. The network's mandate is that at least one classroom assignment, homework assignment, and assessment (quiz or exam) each is record weekly in the gradebook. Also, all assignments and assessment must be aligned to the recorded learning standard or standards articulated in weekly lesson plans. There must also be evidence of reteaching opportunities if less than eighty percent of the class showed less than eighty percent of mastery on assessments. Administration will conduct weekly audits to monitor timely and sufficient grade entries, alignment of learning standards, reteaching when applicable or necessary, and skill mastery. To monitor students who are considered to be on-track, a section is provided on the form to note how many students have received a grade of "D" or "F" in a subject at the end of the quarter. Subsequently, teachers will conduct a self-audit of their gradebook at the end of each quarter and submit their log to administration. The rational for the gradebook audit log is to maintain a level of consistency in assessing what has been taught and recording outcomes with regularity and fidelity. This practice will also provide the teacher, student, parent, and administration with ongoing awareness of the academic progress of the student.

Guide for Balanced Assessment & Grading

- **Use multiple measures (i.e. a range of assessment types and at multiple points in time) to supplement district-centralized assessments with other formative assessments to provide a more comprehensive picture of student learning.**
- **Use screening, diagnostic, and progress monitoring assessment to correctly identify specific gaps and monitor improvement, especially for students receiving Tier 2 and 3 services, in addition to Tier 1 core instruction. (also see MTSS and Instruction)**
- **Make assessments accessible to students, including diverse learners and English Learners through employing features of universal design and use of accommodations and, where needed, modifications.**
 - Provide accommodations in presentation (i.e. how assessment text and tasks are presented to students), response (i.e. how students provide their answers), and/or setting/timing (i.e. scheduling/location of assessment).
- **Utilize assessments that reflect the key shifts in literacy and mathematics in teacher created or selected assessments.** (see Rigorous Student Tasks)
- **Utilize assessments that measure the development of academic language for English learners.**
- **Have access to and analyze school-wide, teacher team, and classroom assessment data to determine instructional effectiveness and subsequent learning needs**
- **Improve and promote assessment literacy.**
 - Work together on building common assessments within a department, course, or grade level team.

- Invest resources in helping teachers evaluate and improve the quality of formative assessments. For example, use the Assessment Design Toolkit.
- Use common protocols and calibrate on scoring and grading in teacher teams.
- Analyze quality and alignment of assessments and tasks to ensure they meet the expectations of the standards and embed various levels of complexity.
- **Have a grading system that clearly, accurately, consistently, and fairly communicates learning progress and achievement to students, families, postsecondary institutions, and prospective employers.**
 - Ensure that students, families, teachers, counselors, advisors, and support specialists have the detailed information they need to make important decisions about a student's education.
 - Measure, report, and document student progress and proficiency:
 - Against a set of clearly defined cross-curricular and content-area standards and learning objectives collaboratively developed with staff.
 - Separately from work habits, character traits, and behaviors, so that educators, counselors, advisors, and support specialists can accurately determine the difference between learning needs and behavioral or work-habit needs. academic mindsets and behaviors (CCSR).
 - Ensure consistency and fairness in the assessment of learning, and assignment of scores and proficiency levels against the same learning standards, across students, teachers, assessments, learning experiences, content areas, and time.
 - Ensure grades are not used as a form of punishment, control, or compliance.

Multi-Tiered System of Supports:

The school is characterized by full implementation a system of academic and social emotional (SEL) supports for all students. Every day, in all classrooms, all teachers provide: Universal instruction in the core curriculum - academic & SEL (Tier 1) to all students; additional targeted academic and SEL supports (Tier 2) where needed; and deep and intense supports (Tier 3) based on individual and small group needs. The school also monitors On Track data (grades/GPA and attendance (ES), and course credits (HS)) to provide interventions/supports for students at risk for failure and/or truancy.

Score

1 2 3 4

Before:

MTSS team meets biweekly with administration, teachers, counselor, and case manager to review and discuss strengths and weaknesses of targeted students to receive support. Teacher with documentation contacts the MTSS Lead and asks for child to be put on the agenda for presentation. Teacher compiles documentation on the student. Teacher presents the student's strengths and weaknesses. After the presentation, the team makes recommendations for the student. The teacher adheres to the recommendations and begins to employ additional strategies with the student. The teacher continues to attend the bi-weekly MTSS meetings and discusses the strategies and interventions used with the student. The teacher also states if the student is responding positively or not to the interventions. If the student is not responding positively to the interventions after a period of time, the student will move into tier 2, where additional supports are employed. If the student is still not responding positively, the student then moves into tier 3, and an additional teacher begins to work with the student. If the student is still not responding positively, the MTSS team may determine that an FIE is warranted.

Now:

1. Bi - Weekly Team Meetings
2. All Staff members are invited to attend meetings
3. Staff members are invited to refer students who are not meeting tier 1 expectations
4. Classroom teachers initiate tier 1 and tier 2 academic interventions.
5. MTSS Team provides tier 3 academic interventions
6. Re-evaluation of team effectiveness to determine next steps
7. Team members re-identified student needs and changed from providing individual academic interventions in a pull out structure to providing interventions while pushing in to the classroom to meet the needs of more students and to ensure alignment to the academic curriculum.
8. Team and individual teachers refer students for a full evaluation when students are not meeting tier 3 expectations over a period of 6 to 10 weeks.
9. SEL interventions occur in CICO and individual and small group settings

Safety and Order:

Before:

To further fulfill the mission of Adam Clayton Powell, Jr., Paideia Academy, our goal is to take advantage of safety and security. Student participates in My School, My Voice in order to get a better understanding of their needs. Administration and Dean of Students meet with students quarterly review expectations for school culture and climate. School-wide expectations for personal success are completed every morning with the school affirmation and pledge of allegiance in English and Spanish to reflect the diversity among the students. There are signs posted throughout the school building to communicate climate expectation among staff and students.

Now:

1. Primary concern of all is safety and security
2. Students/parents complete my voice my school to gain their ideas and opinions of the current state of feeling
3. Monthly SEL theme to guide students with appropriate thoughts and behaviors towards others
4. Quarterly meetings with the student body, the Dean and administration
5. CICO to daily assess students who may be dealing with internal feelings of adversity

Parent Partnership:

Then:

The school develops strong parent partnership by involving parents in PAC (Parent Advisory Council). The PAC committee promote communication between parents and staff and the outlets that are available to them. The school is implementing a Parent Resource Room to provide accessibility of internet access to parents when needed. PAC provide off-site conferences to establish insight on making connections between the school and community. The committee meets monthly with agenda and minutes reviewed and discuss includes: training, job readiness, and. During report card pick-up, committee members meet and greet parent/students. Encourage parent to come observe students during instructional time. Principal Newsletter, Robo call to staff and parents to communicate events and activities be held at the school. A Parent/Student handbook was issue in the beginning of the school year to inform parents and students about procedures, protocols, and expectations.

Now:

1. Monthly PAC Meetings
2. Parent workers in the building to assist with academia and the discipline of the student body but more specifically with the classrooms they are assigned to
3. Monthly Newsletter to parents
4. Parent/student handbook
5. Robo call to parents notifying them of significant events

Guide for Multi-Tiered System of Supports

- **TIER 1 - Persist in adjusting instruction so individual student misunderstandings or advanced needs are successfully accommodated. (3e)**
 - Intervene in a timely and effective way to help students who are struggling.
 - When formative assessments show a need for intervention or enrichment, teachers make effective impromptu adjustments that individualize instruction for students.
 - Use progress monitoring data to trace effectiveness of interventions and student response to intervention.
- **TIER 1 - Customize the learning environment, pace, and approach of teaching and curriculum in order to meet each learners' individual needs ('Personalized Learning').**
 - Empower student to advance their learning.
 - Use up-to-date individual student profiles that include strengths, needs, motivations, and outlines an individualized path to reach his/her goals.

- Classrooms are student-centered with student agency.
- Each student has the opportunity to advance upon demonstrating mastery.
- **ON TRACK - Provide universal supports to prevent failing and absenteeism and targeted interventions for grades below “C” or chronic absenteeism. (On Track)**
 - Identify students off track due to low attendance and poor course performance and provide intensive supports to address root causes of why students have low grades and poor attendance.
- **TIER 2 & 3 - Collaborate and work as teams of teachers and Related Service Providers (RSP) to plan and monitor targeted student support with varied instructional strategies and SEL support of varying degrees of intensity for all students.**
 - Monitor students requiring and receiving targeted and intensive instruction/interventions.
 - Use the Problem Solving Process to plan Tier 2 and 3 instruction/interventions.
 - Determine appropriate interventions for students or groups of students not making adequate progress.
 - Use progress monitoring data to track effectiveness of interventions and student response to intervention.
- **TIER 2 & 3 – Implement Personal Learning Plans (PLP) goals and intervention strategies for students requiring school year supports as described in Elementary School Promotion Policy (Board Report 09-1028-PO2).**
 - Ensure implementation of these plans, review subsequent 5 week data, determine the effectiveness of the strategies and adjust plans as needed.
- **Communicate to parents/guardians the additional supports and/or interventions provided for their child to better align school and home environments.**

Expectations for Quality & Character of School Life

6 of 6 complete

Culture for Learning:

A culture for learning is characterized by a school atmosphere that reflects the educational importance of the work undertaken by both students and staff. It describes the norms that govern the interactions among individuals about the mindsets (e.g. ability/confidence to grow with effort), academic behaviors (e.g. attending classes, completing assignments), the learning strategies and skills, the value of perseverance despite challenges and obstacles, and the general tone of the school. The classroom is characterized by high cognitive energy, by a sense that what is happening there is important, and that it is essential to “get it right.” There are high expectations for all students. The classroom is a place where teachers and students value learning and hard work, and students take visible delight in accomplishing their work. Staff believe they can make a difference, that their hard work is the fundamental cause of student achievement, and are invested in student outcomes.

Score

1 2 **3** 4

The culture and climate expectations are discussed frequently inside and outside of the classroom. Both students and staff sit to confer next steps and strategies for reaching both personal and academic goals. All teachers have participated in the Gradual Release of Responsibility strategy (GRR) professional development. K-1 students have individualized academic TRC and MCLASS goals. Based on network and in-house walks it was shown that 100% of classroom teachers hold data meetings with students whole group and individually.

Teachers use graphic organizer and charts to incorporate student interest and curiosity. The administration and individual classrooms use incentives to motivate students to come to school and arrive on time so they don't miss instruction. Each classroom has academic and attendance data posted showing the change in growth throughout the year. Objectives and standards are updated and posted daily classroom. K-1 incorporates centers where guided reading and math groups based on students ability. We use GoNoodle, treasure chests, contests, trophies and small class celebrations to acknowledge hard work for incentives. Morning and class meetings give students an opportunity to discuss issues and concerns. Student helpers take on leadership roles to help facilitate classroom management and peer-tutoring. Teachers implement hand signals and turn and talk strategies for students to assess themselves on their progress and as an avenue to provide peer feedback. Conferences provide and opportunity for teachers to give feedback about students progress as well as what they need to improve on. We begin our school year by creating a classroom community based on acceptance and respect; working collaboratively with students to develop class guidelines.

To give students a sense of ownership within their class, they procure jobs that assist with the day to day routines. They share materials in the classroom. Morning meeting creates a sense of trust and community within the classroom. k-2 uses progress monitoring every 2 weeks for intensive students. K-2 monitors student sight word progress throughout the year with with ILT is monitoring its implementation. Based on learning walks throughout the year it was shown that 80% of the classroom teachers observed posted and referenced their learning objectives. At least 80% of the teachers observed referenced the objective throughout the lesson in addition the students were able to articulate the objective. Our most recent SQRP indicated that we were well organized for ambitious instruction. Area for growth would be teachers consistently providing samples of individual student learning goals during weekly grade level meetings. Annually Staff and Students complete five essentials survey which enables the school to measure if school is on target as far as meeting students needs academically and socially.

Guide for Culture for Learning

- **Create a culture that reflects a shared belief in the importance of learning and hard work.**
 - Use strategies to reinforce and cultivate student curiosity.
 - Make learning goals relevant to students, and inspire students to stay committed to their learning goals.
 - Consistently communicate the expectation that all students can achieve at high levels.
 - Utilize strategies to encourage daily and timely attendance.
- **Convey high learning expectations for all students and develop structures that enable practice and perseverance for each individual student.**
 - Clearly display school-wide expectations for academic and personal success throughout the building.
 - Set high expectations according to grade-appropriate learning objectives.
 - Differentiate expectations so all students stretch to not only meet but exceed personal learning goals.
 - Recognize high levels of student achievement. All students receive recognition.
 - Encourage student resilience and hard work.
 - Ensure students feel safe to share misunderstandings and struggles.
- **Encourage students to take ownership and pride in their work where students assume responsibility for high-quality work by persevering, initiating improvements, addressing critiques, making revisions, adding detail and/or helping peers.**
 - Students self-assess (e.g. checking own work before giving to teacher) to develop a reflective habit of mind essential for improvement. This ensures students take responsibility for their own learning, focuses attention on criteria for success, and increases effort and persistence.
- **Provide students frequent, informative feedback.**
 - Tell/show students what they have done well (through positive reinforcement) and what they need to do to improve, including clarifying criteria and goals.
 - Give feedback on the task, the processes used to complete the task, and on the student's ability to self-regulate their own learning.
- **Develop academic mindsets and behaviors.**
 - Teach a growth mindset that over time with effort and practice, students can learn and succeed.
 - Encourage students' sense of belonging to the school and classroom community (see Relational Trust).
 - Employ strategies including ongoing monitoring and support of students' academic behaviors.
 - Praise effort and process. For example, "Good job, that must have taken a lot of effort" instead of, "Good job. You must be really smart."

Relational Trust:

Score

1 2 **3** 4

The school is characterized by high levels of relational trust between all school participants - the “glue” or the essential element that coordinates and supports the processes essential to effective school improvement. Interactions, both between the teacher and students and among students, are highly respectful, reflecting genuine warmth and caring. Students contribute to high levels of civility. Interactions are sensitive to students as individuals, appropriate to the ages and development of individual students, and to the context of the class. The net result of interactions is that of academic and personal connections among students and adults.

All students engage in Responsive Classrooms Morning Meeting that build a strong sense of community, and set children up for success socially and academically. Each morning, students and teachers gather together to interact with one another in to discuss SEL skill attainment for at least 15 minutes. Students participate in breakfast in the classroom which helps build community mindset within the students. All staff are trained in CHAMPS Behavioral Program, Second Steps and Responsive Classroom along in addition to Calm Classroom. Staff members received in-service on the discipline referral process. Discipline referral forms are sent to Administration for tracking and monitoring behavioral trends school-wide. Opportunities to re-direct student behavior are implemented but not consistently.

Based on the 2017 My Voice, My School survey reported students and teachers do share a high level Of mutual trust and respect. A variety of mentoring programs (i.e. Girls on the Run) have been implemented that encourage positive emotional, social mental and physical development, as well as help develop important strategies and skills that help them navigate life experiences. Teacher/staff volunteers are dynamic role models dedicated to empowering students to healthy and confident citizens. The School Counselor assist families referrals for external agencies as well as utilizing the services of SASS. The principal conducts one-on-one meetings with individual teachers/staff to discuss academic goals.

Guide for Relational Trust

- **Develop trusting relationships with students so each student has at least one trusted adult in the school.**
 - Adults are responsible for occasional check-ins or serve as mentors.
- **Adult-student interactions are positive, caring, and respectful.**
 - Ensure a greater proportion of interactions are positive (as opposed to corrective) between staff and student consistently school-wide.
- **Student interactions are mutually supportive and respectful, with strong norms for positive behavior.**
 - Create opportunities for students to build positive relationships with peers.
 - Create opportunities for older students to mentor younger students.
- **Understand diversity and its impact on student learning; recognize and integrate the learning opportunities that come from a diverse community.**
 - Create opportunities for students to learn about the community they serve (e.g. culture and neighborhoods).
 - Have mutual respect for individual differences (e.g. gender, race, culture, etc.) at all levels of the school—student-student; adult-student; adult-adult and overall norms for tolerance.
 - Provide training to engage diverse families and communities.
- **Support and respect one another, personally and professionally (Teacher-Teacher Trust, Teacher-Principal Trust)**
 - Respect other teachers who take the lead in school improvement efforts.
 - Respect colleagues who are experts at their craft.
 - Exchanges are marked by genuinely listening to what each person has to say and by taking these views into account in subsequent actions. Even when people disagree, individuals can still feel valued if others respect their opinions.
 - Personal regard springs from a collective willingness to extend beyond the formal requirements of a job definition or a union contract (e.g. openness or reaching out to others).
- **Utilize relationships as a means of deterring truant behavior brought on by unspoken hurdles a child may be facing.**

Student Voice, Engagement, & Civic Life:

Score

Students are interested and engaged in learning, invested in their school, and contributing to their community. The school provides early and ongoing exposure to a wide range of extracurricular activities and rigorous courses and programming.

1 2 **3** 4

Students completed My Voice, My School survey. Students participate in Student Council, WE Conference, Google Code, and outside corporate partners such as Citibank, Real Men Read, Dads with Donuts, Mom & Muffins, PROJECT SYNCERE, and NTC (National Theater for Children) Powell Teachers has integrated a technology based approach to teaching all subjects. Sites like Compass Learning, Stride Academy, IXL, Bluestreak, and Flocabulary keep students engaged as they offer an interactive curriculum that meets the needs of diverse learners.

Guide for Student Voice, Engagement, & Civic Life

Study politics

- Teachers teach about the structure and function of government as well as local, national, and international political structures and power dynamics.
- Teachers invite students to reflect on their own role in the political landscape, engage in analyses of power, and identify strategies they can use to utilize civic power as an individual and as a member of a community.
- **Become informed voters and participants in the electoral process**
 - Students learn about the history and structures of the local and national voting process and ballot issues and candidates.
 - The school supports non-partisan engagement in all parts of the electoral process, including voter education, voter mobilization and registration.
 - There are a variety of school/classroom activities or simulations that support student voter preparation and participation in the electoral process.
- **Engage in discussions about current and controversial issues.**
 - Students prepare for discussions, learn about issues that matter to them through deliberation, evaluate evidence from a range of sources, consider competing views, develop arguments, and deepen their viewpoints.
 - With teachers' support, students learn how to engage in and lead respectful and productive democratic discussions where everyone expresses their viewpoints, shares evidence, and listens to one another.
 - Teachers teach how to find different points of view online and instruct how to engage in respectful, informed, and productive online dialogue.
- **Explore their identities and beliefs**
 - Teachers design learning experiences that enable students to explore how their identities influence their lived experiences and their perspectives.
 - Students are encouraged to learn about and understand the perspectives of those who have different identities and beliefs.
 - School staff reflect on their own identities and consider how that impacts their role and support of teaching and learning with youth.
- **Exercise student voice**
 - Students can participate on multiple decision/policy making bodies and their perspectives are regularly included in decisions at their school.
 - Student Voice Committee represents the diversity of the school, addresses school-based issues, and regularly gathers input from their peers to inform and impact school policy and decisions.
 - Teachers respond to and integrate students' lived experiences, perspectives, and interests in class.
 - Authentically **interact with civics leaders**
 - Students learn about community, city, state, and national civic leaders and their roles in civil society.
 - School staff support engagement with civic leaders by inviting them into classrooms/the school and identifying face-to-face or online avenues for students to share their feedback and perspectives with civic leaders.
- **Engage with their community**
 - Students complete at least 2 service learning projects before graduation in which they gain exposure to civic organizations, leaders, and careers. Students gain tools to work cooperatively in partnership with peers, community members, and organizations to advance a specific cause
- **Take informed action** where they work together to propose and advocate for solutions.
 - Students research and analyze issues that matter to them, identify root causes, develop a theory of action, determine relevant audiences, outline specific goals, implement a response, and reflect before, during and after experiences.
 - Students use social and digital platforms to raise awareness about issues, produce and circulate multimedia content, and mobilize involvement.
- Experience a **Schoolwide civics cultur**
 - School leaders articulate a commitment to and vision for the importance of civic learning; students are civic leaders in the school.
 - Schools integrate civic learning across the curriculum, including projects that address relevant issues in their schools and communities.
 - School staff have professional development, collaboration time, and curriculum resources to infuse civic learning across disciplines.
 - Systems and structures exist where students are invited to participate in shaping school's policies, goals, instruction, and climate.

Safety & Order:

The school is characterized by high levels of safety and order. Students feel physically and emotionally safe from harm, and adults work to actively maintain a safe, orderly school environment.

Score

1 2 **3** 4

All staff are trained in CHAMPS Behavioral Program and Responsive Classroom. Staff members received in-service on the discipline referral process and restorative practice. Discipline referral forms are sent to the Dean of Student for consequence dissemination, tracking and monitoring behavioral trends and providing proactive solutions/interventions school-wide. Opportunities to re-direct student behavior are implemented but not consistent. Teachers/staff have implemented GoNoodle to provide students with brain break throughout the day.

Guide for Safety & Order

- **Ensure students and adults feel physically, socially, intellectually, and emotionally safe throughout the school.**
- **Provide clear procedures for reporting and responding to safety concerns.**
- **Manage efficient and orderly transitions between activities.**
 - Manage classroom routines and procedures to maximize instructional time.
 - Orchestrate the environment so students contribute to the management of classroom routines (e.g. transitions) without disruption of learning).
 - Arrival, dismissal, and other school-wide transitions are safe, efficient, and orderly.
- **Provide a framework for positive behavior throughout the school based on shared values and expectations.**
 - Have shared expectations for positive behavior. (See Restorative Approaches to Discipline)
- **Teach, model, and reinforce (by all staff members) clear behavior expectations for all areas of the school.**
 - All adults use active supervision (move, scan, and interact) in all settings.
- **Have a voice and take informed action.**
 - Students are included in key conversations about their learning experience and work with the principal and staff to identify issues and implement solutions. (e.g. student voice committee).
 - Students initiate and lead some school improvement initiatives.
 - Students participate in democratic decision-making at the school level.
 - Students identify and research issues of relevance and work together to propose/advocate for solutions.
- **Emphasize proactive, instructive, and restorative approaches to student behavior and minimize punitive consequences through policies and procedures. (See Restorative Approaches to Discipline)**
 - Adults correct misbehavior in ways that reinforce established expectations and cause minimal disruption to learning.
- **Clarify criteria for office referrals versus classroom managed behavior.**

Restorative Approaches to Discipline:

The school is characterized by having and implementing policies and procedures that emphasize proactive, instructive, and

Score

restorative approaches minimizing punitive consequences. Discipline practices primarily focus on shaping behavior as opposed to punishing behavior. The school only uses out-of-school suspension as a last resort and utilizes a systems-change approach to bring about a more restorative culture. The school is also characterized by strong and consistent school and classroom climates. The school reinforces positive behaviors and responds to misbehaviors in calm, respectful, and thoughtful ways, teaching students important social and emotional skills that enable them to get along with others, make responsible decisions, and focus on learning. When misbehavior occurs, the school seeks to understand the underlying reasons (root cause) in order to design a response that effectively changes student behavior using a menu of instructive, corrective and restorative responses.

The school contacts family frequently via ClassDojo, emails, phone calls, letters, Remind, Parent Conferences and sometimes home visits. Routines are established at the beginning of the school year with CHAMPS and also the Student Code of Conduct Booklet is sent home in effort to engage parents/guardians as partners in our restorative process. All staff should continue to incorporate CHAMPS within their instruction. Although staff continuously responds to behavior effectively to change student behavior, improvement is still needed in this area.

Guide for Restorative Approaches to Discipline

- **PROACTIVE - Reinforce positive student behavior with clear expectations, routines, and procedures.**
 - A team meets regularly to organize systems that support a restorative environment.
 - Develop, reinforce, and model shared agreements and clear, positively stated expectations.
 - Well-managed routines and transitions maximize instructional time.
 - Engage families as partners.
 - Contact families frequently to inform them of positive student behavior and progress.
 - Vary acknowledgements and provide both short and long term opportunities for reinforcement for all students.
- **INSTRUCTIVE - Integrate universal SEL skills instruction and core content.**
 - Intentionally teach competencies outlined in SEL Standards. Use discipline as opportunity to teach these skills.
 - Use a Multi-tiered System of Supports (MTSS) for social, emotional, and behavioral growth.
 - Use data to determine which behaviors should be retaught or more heavily reinforced.
 - Explicitly teach expected behavior and positively reinforce consistently school-wide.
 - Avoid power struggles with students by offering choices. Redirect students privately and respectfully.
- **RESTORATIVE - Employ a discipline system that guides students to take ownership, resolve conflict, and learn from their actions.**
 - Support all staff to engage in restorative conversations and respond to behavior incidents in ways that de-escalate conflict, reteach expectations, build social & emotional skills, repair relationships, and cause minimal disruption to learning.
 - Support staff in understanding the impact of trauma on student behaviors and using trauma-sensitive approaches to discipline.
 - Identify clear disciplinary procedures for classroom-managed behaviors and office-managed behaviors. Develop a continuum of interventions and logical consequences that address the root cause of behavior and align to MTSS processes.
 - Ensure discipline systems minimize the use of punitive responses, including removing students from the classroom or school community.
 - Respond equitably to students in all subgroups. Implement processes that address and meet the needs of students who are impacted by behavior incidents.
 - Designate an administrator, such as a dean or restorative practices coordinator, responsible for leading centrally-managed response to behaviors using consistent, restorative processes.
 - Provide opportunities for students to take responsibility for repairing harm caused by their actions, generate solutions, and resolve conflicts with peers or staff.

Parent and Family Partnership:

Score

All schools have authentic partnerships with parents or family members that lead to a sense of shared responsibility for the academic, physical, and social emotional development of their students. Through meaningful consultation with parents, these partnerships include creating an intentional process to foster and sustain school-wide procedures, programs, and activities which involve and empower parents or family members and are responsive to student and family's needs. Schools provide a variety of parent volunteer opportunities (both in and out of school) and leadership opportunities (ie - PACs, BACs and PLNs), which support school operations, instructional programs and community partnerships. Research shows that when families, schools and communities partner in promoting learning and healthy development for all students schools thrive and student outcomes increase. The development and implementation of effective outreach and communication strategies will be inclusive of all families and school staff, creating a two-way feedback loop process which will lead to an increase in the home-school connection to identify, problem-solve and design actions

which target instructional and student programs.

Most teachers are proactive in their communication with parents regarding student progress. The administration and counselor proactively engage in two-way communication with families to learn how to best support each other. Parent meetings are held to address behavior, social media, academics and grade promotion requirements. Teachers communicate with parents via ClassDojo, Remind or Email. The administration regularly distribute communications to parents, staff, and community via CPS Blackboard Connect, Smore, Twitter, School-website and Facebook

1. Monthly PAC Meetings
2. Parent workers in the building to assist with academia and the discipline of the student body but more specifically with the classrooms they are assigned to
3. Monthly Newsletter to parents
4. Parent/student handbook
5. Robo call to parents notifying them of significant events

Guide for Parent and Family Partnership

- **Establish a non-threatening, welcoming environment that is warm, inviting, and helpful.**
- **Provide frequent, high quality, well publicized opportunities for families and community to participate in authentic and engaging activities in the school community (e.g. student performances/ exhibitions, literacy or math events).**
- **Provide multiple opportunities for parents to ask questions, raise concerns, and give feedback.**
 - Respond to families' concerns and requests for information professionally and in a timely manner, providing resources and solutions to address the concerns.
- **Solicit the support and engagement of families as partners in the instructional program (e.g. volunteering, working at home with their child, involvement in class and school projects in and out of school, and parent workshops).**
 - Host events for parents to share with other parents how home and school complement each other.
 - Share best practices around learning and development with parents to support students at home.
 - Inform parents of grade level standards and expectations and grading policies with a clear description of what meeting the standard looks like.
 - Inform parents of attendance expectations and the impact of attendance on a student's trajectory.
 - Assist parents to volunteer in the school and/or participate on teams/committees.
 - Promote the use of **Parent Portal** and **Parent University** to connect and engage parents with school.
- **Frequently communicate with families about class and individual activities and individual student's progress.**
 - Regularly inform parents of their child's progress across all relevant measures: attendance, discipline, academics, social-emotional learning, and health and wellness.
 - Send regular, positive, personalized communication from a staff member.
 - Use a variety of consistent communication methods (e.g. calls, text, newsletter, website, face to face) sensitive to cultural norms and needs.
- **Conduct intensive outreach to families in need of specialized support through home visits and collaboration with social services agencies.**
 - School responses to student excessive absences and/or tardiness includes outreach to families.
- **Provide proactive communication (e.g. parent handbook and resources).**
- **Partner equitably with parents speaking languages other than English.**
 - Information is provided to parents in their native language.
 - Parent meetings scheduled with interpreters present to facilitate participation.

Strategies

Strategy 1

If we do...

If we are consistent in our approach to PBIS discipline program

...then we see...

the school's climate begin to transform. We will sustain a school culture that fosters acceptance, respect and empathy as well as students will develop skills to avoid, manage and resolve conflict

...which leads to...

a climate of warmth and safety and a culture and climate where students feel safe to learn and take risks, thereby leading to an increases in student achievement and self-confidence through agency, authority and identity.

Fund Compliance

Supplemental General State Aid(SGSA)

My school receives SGSA funds

By checking the above box, the school is verifying that the attendance center complies with the statement regarding the use of SGSA funds:

1. The attendance center allocation is correctly based on the number of students eligible to receive free and reduced lunch and breakfast.
2. The attendance center has an approved plan, developed in consultation with teachers, administrators, and other appropriate personnel, and parents of these students attending the attendance center.
3. The attendance center's plan is approved by the LSC and CPS.
4. SGSA funded activities fall within the allowable program categories: early childhood education, reduced class size, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular programs as determined by the Illinois state board of education.
5. SGSA Funds supplement and do not supplant non-categorical and other categorical funds allocated to the attendance center.
6. SGSA funds are supporting only those activities specified in the school's approved plan/amendment.
7. SGSA funds are not used for capital expenditures. 8. SGSA funds are not used for any political or lobbying activities by the attendance center.

ESSA Program

ESSA Schoolwide Program

(Not available to schools receiving NCLB funds for the first time) [Title 1/SW].

The school annually reviews the schoolwide plan/program. The schoolwide program plan is available to CPS, parents, and the public, and the information in the plan is in an understandable and uniform format, and to the extent practicable in a language the parents can understand.

ESSA Targeted Assistance Program Title I funded staff participate in the school's general professional development and school planning activities. Title I funded staff assume limited duties that are assigned to similar personnel including duties beyond the classroom, or that do not benefit Title I students, as long as the amount of time spent on such duties is the same proportion of the total work time with respect to similar staff.

Non-title school that does not receive any Title funds

Parent Involvement in Targeted Assistance and Schoolwide Programs

I verify that the statement below is correct

Every Student Succeeds Act (ESSA), the reauthorization of the Elementary and Secondary Act of 1965 continues a legislative commitment to parental involvement. Central features of prior reauthorizations, such as school-parent compacts, parent involvement policies, and the parent involvement funding formula remain unaltered. However, the ESSA reauthorization represents a notable shift in the role of parental involvement in the schools. It includes new provisions increasing parental notification requirements, parental selection of educational options, and parental involvement in governance. It envisions parents as informed and empowered decision makers in their children's education.

Parent and Family Plan

Parent and Family Engagement Policy

Complete

Schools must involve parents and family in the joint development and periodic review and revision of the ESSA, Title I school parental and family engagement plan and policy, and in the process of school review and improvement. Please describe how this will be accomplished.

Members of the Parent Advisory Council and the Local School Council present during Open House at the beginning of the school year to describe and explain the curriculum, academic assessment tools used to measure student progress and proficiency levels that students are expected to meet. These endeavors are reiterated during Report Card Pick Up days. The school counselor, social worker, Safe School, Healthy Students program, PAC and LSC all work together to provide proper descriptions, explanations and notifications.

The school will hold an annual meeting at a time convenient to parents and families during the first month of school to inform them of the school's participation in ESSA, Title I programs and to explain the Title I requirements and their right to be involved in the Title I programs. The school will also offer a number of additional parental and family engagement meetings, including school PAC meetings, at different times and will invite all parents and key family members of children participating in the ESSA, Title I program to these meetings, and encourage them to attend. Please describe how this will be accomplished. Please list the projected date of your Title I Annual Meeting and your Title I PAC Organizational Meeting

At the beginning of the year during Open House, members of the Local School Council (LSC) and the Parent Advisory Council (PAC) advertise about the school's participation in NCLB, Title I programs and to explain the Title I requirements and their rights to be involved in the Title I programs. Parent Advisory and Local School Council members meet on a monthly basis to discuss and participate in Title I programs. The aforementioned councils and administration send flyers home every month, one week before the LSC meeting and a reminder flyer a day before the meeting to ensure timely and sufficient notification. NCLB Title I meetings are held during the Report Card Pick-Up days. The community is also notified via an outgoing recorded voice message about the NCLB Title I meetings.

At the request of parents and family members, schools will provide opportunities for regular meetings, including the School Parent Advisory Council meetings, for parents and family members to formulate suggestions and to participate, as appropriate, in decisions about the education of their children. Please describe how the school will immediately respond to any such suggestions.

At the beginning of the year during Open House, members of the Local School Council (LSC) and the Parent Advisory Council (PAC) advertise about the school's participation in NCLB, Title I programs and to explain the Title I requirements and their rights to be involved in the Title I programs. Parent Advisory and Local School Council members meet on a monthly basis to discuss and participate in Title I programs. Powell's Principal through the Open House State of the School Address and Powell website communicates to the parents the school's previous year's academic performance on district and state assessments, communicates the grade level and school-wide assessment goals for the present school year, proficiency levels students must meet to be promoted according to CPS promotion policy and shares information relevant to their children and a school-wide plan for academic improvement.

Schools will provide parents a report of their child's performance on the State assessment in at least math, language arts and reading. Please describe how this will be accomplished.

At the beginning of the year during Open House, members of the Local School Council (LSC) and the Parent Advisory Council (PAC) advertise about the school's participation in NCLB, Title I programs and to explain the Title I requirements and their rights to be involved in the Title I programs. Parent Advisory and Local School Council members meet on a monthly basis to discuss and participate in Title I programs.

Schools will provide parents timely notice when their child has been assigned to, or taught by, a teacher who is not "highly qualified," as defined in the Title I Final Regulations, for at least four (4) consecutive weeks. Please describe how this will be accomplished.

Adam Clayton Powell, Jr. Paideia Academy does not have any teacher on staff that is not highly qualified as defined in the Title 1 Final Regulations. Powell administration will not hire a teacher that is not highly qualified according to the Title I Final Regulations. In keeping with CPS hiring policy, Powell does not hire any teacher that has not been cleared through the CPS HR screening process and listed on the CPS HR Candidate website.

Schools will assist parents of participating ESSA Title I children in understanding: the state's academic content standards; the state's student academic achievement standards; the state and local academic assessments including alternate assessments; the requirements of Title I, Part A; how to monitor their child's progress; and how to work with educators. Please describe how this will be accomplished.

Members of the Parent Advisory Council and the Local School Council are present during Open House at the beginning of the school year to describe and explain the curriculum, academic assessment tools used to measure student progress and proficiency levels that students are expected to meet. These endeavors are reiterated during Report Card Pick-Up Days, quarterly grade-level parent meetings, MTSS parent meetings, Special Education (IEP) meetings. School administration, school counselor/case manager, social worker, LSC and PAC all work together to provide proper descriptions, explanations and notifications.

Schools will provide information, resources, materials and training, including literacy training and technology, as appropriate, to assist parents and family members in working with their children to improve their academic achievement, and to encourage increased parental involvement. Please describe how this will be accomplished.

Powell provides information, resources, materials and trainings including literacy training and technology, as appropriate to assist parents in working with their children to improve academic achievement through an Introduction to the basis of literacy development during Kindergarten Orientation-Brochures/ packets of information concerning parental role in the literacy development of their child distributed to parents during Kindergarten Orientation, Open House, Report Card Pick Up Days and parent-teacher conferences, Family Literacy Night during the school year-Book giveaways during kindergarten and Family Literacy Night. Open House presentation made by academic coaches-Study Island and Think Through Math computer-tutorial program orientation and parent/student password distribution during Open House and Report Card Pick-Up Days, weekly parent-teacher conferences conducted face-to-face, via phone or emails, Parent Literacy Corner information in Grade level newsletters distributed every month, weekly student homework logs and student projects, Family Math and Science Night during the school year and the Family Fine Arts and Physical Education Night.

Schools will educate all staff in the value and utility of contributions by parents and family and in how to reach out to, communicate and work with, parents and family as equal partners in the education of their children and in how to implement and coordinate parent and family programs and build ties with parents and

family members. Please describe how this will be accomplished.

Teachers during Teacher Institute Days, Professional Development Days and grade level team meetings will be provided with professional development by the administration, school leadership team, academic coaches, Safe Schools, Healthy Students program coordinator, the PAC facilitator and other parent action organization such as the PTA/PTO on the value and utility of contributions by parents and the importance of making parents partners in the education of their children. This is also reiterated during the College and Career Readiness Parent meetings, Multi-Tiered Intervention Team meetings, Special Education (IEP) meetings, and community meetings with parents.

Schools will, to the extent feasible and appropriate, coordinate and integrate parent and family programs and activities with Head Start, Reading First, Early Reading First involvement, Even Start, Home Instruction Programs for Preschool Youngsters, the Parents as Teachers Program, public preschool, and other programs, to further encourage and support parents and families in more fully participating in their children's education. Please describe how this will be accomplished.

Currently, Powell Academy does not have a pre-school program but Powell assist and partner with local pre-school and daycare centers to integrate parent programs and activities- Early Literacy, Math Basics and Character Education so the children in their care are prepared for kindergarten at Powell Academy.

Schools will ensure that information related to the school and parent and family programs, meetings, and other activities is sent to parents in understandable and uniform formats, including language. Please describe how this will be accomplished.

The school through the Principal's Back-to-School Letter in the student agenda books and student/parent handbook, grade level monthly newsletters, quarterly school newsletters, Academic Coaches newsletters, the school website, Principal's Monthly Reports to the Local School Council ensure information related to the school and parent involvement is sent to parents. Principal's Academic Preparation Letter to Parents and the Principal's State of the School Address Report provides written notices about the school's academic status identification, school and parent programs, meetings and other activities to parents of each student that is easily understood by Powell parents. The Bilingual coordinator/Spanish teacher is also available to translate for Spanish-speaking parents in parent conferences as well as Spanish translated CPS communications are distributed to Spanish-speaking parents and students.

Policy Implementation Activities

The LSC will approve the school improvement plan and monitor the CIWP.

In the CIWP, the school identifies current parental and family engagement practices and outlines activities related to expanding parent and family partnership programs.

The school will coordinate the parent and family engagement programs identified in the CIWP.

The school will evaluate the Parent and Family Engagement Policy for effectiveness and make improvements as necessary.

School-Parent Compact

Complete

The school will provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the participating student to meet the State's student academic achievement standards. Describe how the school will provide high-quality curriculum and instruction in a supportive environment. (Restate the school mission.)

The mission of Adam Clayton Powell, Jr., Paideia Academy is to provide a quality education that enhances the development of the whole child. The Powell family promotes mutual respect, self-esteem, an appreciation for learning, and fosters high expectations to achieve academic achievement. We are dedicated to providing a positive learning environment conducive to maximizing the potential for all students utilizing an innovative, rigorous data-driven curriculum that includes best practices, critical thinking and respect for diverse learning styles.

The school will hold parent-teacher conferences. Describe the kinds of parent-teacher conferences that will be held and the dates on which they are scheduled.

Parent-teachers are held in accordance to the district's calendar. Parents will have an opportunity to meet privately with their child's teacher to discuss academic performance and how they may partner and support the teacher in insuring the student's ultimate success.

The school will provide parents with frequent reports on their children's progress. Describe when and how the school will provide reports to parents.

Parents will receive progress reports in accordance with the dates prescribed by the district.

The school will provide parents access to staff. Describe when, where and how staff will be available for consultations with parents.

Parents are extended the opportunity to request in writing a conference with the teacher. Request forms are made available in the main office.

The school will provide parents opportunities to volunteer and participate in their children's classes. Describe how and when parents and family members may volunteer, participate, and observe classroom activities.

Parents may scheduled times to observe in their child's classroom without interrupting class instruction. Parents will be allowed to observe for a 30 minute block of time.

The parents will support their children's learning. Describe how the parents will assist learning (i.e. monitoring attendance, homework completion).

Parents are encouraged to sign up for parent portal to monitor their child's academic progress.

The parents will participate in decisions relating to the education of their children. Describe when, where and how parents will consult with the school.

Parents are encouraged to visit the school and to make inquiry at any given time regarding their child's academic performance.

The students will share the responsibility for improved student academic achievement. Describe how the students will assure academic achievement (i.e. good attendance, positive attitude, class preparation).

Students are held accountable for their classwork, homework, and participation during instructional times. Students are encouraged to take ownership of their work and behavior.

Parent Budget

Complete

Goals: Indicate goals, timeline of activities and training topics that are designed to assist parents and families with increasing their students' academic achievement. The overarching goal is to increase student academic achievement through parental and family engagement involvement; specify your goals.

Increase parent involvement with PAC, school and faculty to assist parents with gaining knowledge about student and school strengths in order to improve student performance. This will be completed after the organization meeting and before April of every school year.

Allocate your Mandated Title 1 Parent and Family Engagement Funds to support your Parent and Family Engagement Program.
