# **Reflection on Foundations**

Jump to	Curriculum & Instruction Inclusive & Supportive L	earning	Connectedness & Wellbeing Postsecondary Partnerships	<u>&amp; Engagement</u>								
	Indicators of a Quality CIWP: Reflection on Foundations       Resources         Schools reflect by triangulating various data sources, inclusive of quantitative and qualitative data, and disaggregated by student groups.       Reflections can be supported by available and relevant evidence and accurately represent the school's implementation of practices.       Reflection on Foundations         Stakeholders are consulted for the Reflection of Foundations.       Schools consider the impact of current ongoing efforts in the Reflection on Foundation.											
<u>Return to</u> <u>Τορ</u>	Cur	rriculum 8	k Instruction

### **Reflection on Foundations**

What student-centered problems have surfaced during this reflection? If this Foundation is later chosen as a priority, these are problems the school may address in this CIWP.

Students are largely performing below grade level on standardized assessments (STAR360). Reading scores are declining as students are moving into higher grade levels which is evidenced by lower average percentile ranks per class. Not enough students are performing at grade level on I-ready assessments in grades K-2. While kindergarten students are recovering from the effects of the pandemic, our first and second grade to the destination of the pandemic second grade to an effect. students are still well below grade level showing less than 20% students reading at or above level.

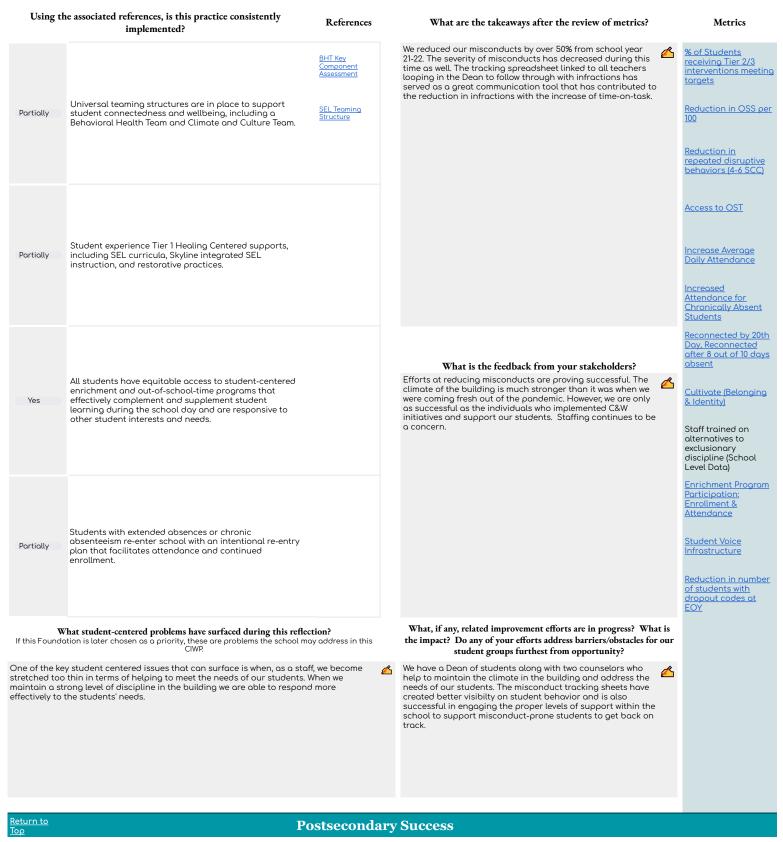

additional teacher in ELA and math classrooms will grant additional time on task for guided reading and more broadly, work on foundational skills in both content areas. These strategic moves will address all student groups in Coles school -- especially those furthest from opportunity by being multiple grade levels behind.

### **Inclusive & Supportive Learning Environment**

Using t	he associated references, is this practice consistently implemented?	References	What are the takeaways after the review of metrics?	Metrics
Partially	School teams implement an equity-based MTSS framework that includes strong teaming, systems and structures, and implementation of the problem solving process to inform student and family engagement consistent with the expectations of the MTSS Integrity Memo.	MTSS Integrity Memo MTSS Continuum Roots Survey	<ul> <li>4 out of 5 students in tier 3 for reading received a D or an F</li> <li>15% folling within tier 2 for reading</li> <li>Less students falling into tier 3 in math than in reading</li> <li>Diverse learners are performing better in math than in reading</li> <li>Time alotted for MTSS is important</li> <li>Why are students performing better in math than reading all across the board?</li> <li>Regarding MTSS, teachers liked that they had the hour at</li> </ul>	Unit/Lesson Inventory for Language Objectives (School Level Data) <u>MTSS Continuum</u> <u>Roots Survey</u>
Partially	School teams create, implement, and progress monitor academic intervention plans in the Branching Minds platform consistent with the expectations of the MTSS Integrity Memo.	MTSS Integrity Memo	end of day for MTSS. - All online programs with the computer or was all instruction in small group, focusing more on reading or math? Questions linger about effectiveness of digital interventions given the school performance and the fact that so much time was spent on digitial intervention tools. - Various modes of resources to implement MTSS (kids are interested in the game portion of some of these digital intervention tools; will move away from IXL as an intervention so much on this CIWP) - Be strateaic and tactful with resoures and learnina	ACCESS MTSS Academic Tier Movement Annual Evaluation of Compliance (ODLSS)
Partially	Students receive instruction in their Least Restrictive Environment. Staff is continually improving access to support Diverse Learners in the least restrictive environment as indicated by their IEP.	<u>LRE Dashboard</u> Page	What is the feedback from your stakeholders? - 9th period rotating interventions would be helpful in primary department for addressing MTSS - Time needed in middle school to bridge gaps and move students (additional blocks of time for ELA and math)	Quality Indicators of Specially Designed Curriculum EL Program Review Tool
Partially	Staff ensures students are receiving timely, high quality IEPs, which are developed by the team and implemented with fidelity.	IDEA Procedural Monual	<ul> <li>Better performance in math than reading</li> <li>Missing DL position in intermediate grades has an impact (hired for the position this year)</li> <li>Class switching based on tiers might be helpful in implementation (rotating intervention period for 9th grade)</li> <li>We need to focus on students who are meeting and exceeding standards as well and keep pushing their learning forward so that they don't backslide.</li> </ul>	
Partially	English Learners are placed with the appropriate and available EL endorsed teacher to maximize required Tier I instructional services.	EL Placement Recommendation Tool ES EL Placement Recommendation Tool HS	What, if any, related improvement efforts are in progress? What is the impact? Do any of your efforts address barriers/obstacles for our student groups furthest from opportunity? Attendance rates for many students are a barrier to success; and if not their attendance their tardiness. City Year is used starting this school year to engage families in stronger efforts	
Partially	There are language objectives (that demonstrate HOW students will use language) across the content.		to improve attendance, Phone calls/home visits/and on-track incentives are asissting efforts that we're engaged in to improve efforts to bring select student groups closer to opportunity.	
	What student-centered problems have surfaced during this refle lation is later chosen as a priority, these are problems the school m CIWP.			
Diverse learn board doing We need afte with their int	some diverse learners were not tiered for tier 2 or 3? ners are doing better in math than reading. If Checked: Complete		Our school receives school improvement funding through Title I, Part A, 1003 (IL-Empower)						
IL-Empower Section below		This CWP serves as your School Improvement Plan, which is required for schools in school improver by the Illinois State Board of Education (ISBE). The following section, "IL-Empower," addresses grant r CIWP, grant budget, and state designation.						
If Checked: No action needed		ur school DOES NOT receive school improvement funding through Title I, Part A, 1003 (IL-Empower). Continue to Parent & Family Plan)						
		IL-Empower						
	IL-F	EMPOWER GRANT ASSURANCES						
		EMPOWER GRANT ASSURANCES hecking the boxes below, you indicate that your school understands and complies with each of the grant assurances listed.						
		The surgeon of the U. Fare surgeon except for the surgeon state tight I. Durit A. Constinue 1000 Colored Line			A =+ := +=			
		e purpose of the IL-Empower grant funds, authorized under Title I, Part A, Section 1003 School Improvement of the Elementary and Secondary Education Act, is to pport local education agencies (LEAs), via the Statewide System of Technical Assistance and Support (IL-EMPOWER) to serve schools implementing comprehensive pport and improvement activities or targeted support and improvement activities. The goal is to provide all children significant opportunity to receive a fair, equitable, d high-quality education by providing adequate resources to substantially raise the achievement of students in lowest and underperforming schools, as defined by e Illinois State Board of Education (ISBE).						
		The purpose of the funding is to build the capacity of school leaders to implement effective school improvement status to improve student achievement and performance outcomes and to exit status		is to enable schoo	ols in			
		unding will be used only to develop, implement and/or monitor School Improvement Plans (SIPs) / CIWPs. Grant funds may be used for the following types of planning ) Paying school personnel to collaborate and to develop, implement, and monitor school improvement plans ) Contracting for professional services from State-Approved Learning Partners ) Conducting school-level needs assessments ) Analyzing data ) Identifying resource inequities Researching and implementing evidence-based interventions ) Purchasing standards-aligned curriculum and materials						
		Purchasing and administering local assessments for progress monitoring upplement, not supplant is in effect. Schools and LEAs shall use IL-Empower grant funds only to supplement the funds that would, in the absence of such federal funds, e made available from state and local sources for the education of students participating in programs assisted under this part, and not to supplant such funds.						
		Schools designated for comprehensive or targeted support can expect four years of continuation funding from the initial summative designation. Improvement status defines the up-to four-year term that runs concurrently with the IL-EMPOWER grant program. Status and funding begin with an initial summative designation of comprehensive or targeted and continue through the remaining part of the first year in the planning phase of the grant and are followed by three consecutive years of implementation. School Improvement funding is awarded concurrently with improvement status. Improvement status and grant funding continue concurrently for up to four years regardless of positive changes in annual summative designations because IL-EMPOWER is structured to support local efforts with scaffolded support of						
		sufficient size and longevity to improve outcomes for students and exit improvement status within a four-year grant term.  School Improvement Reports (SIR) are due on a triannual basis.						
		Schools in comprehensive improvement status must work with a State-Approved Learning Partner to address areas identified in the respective school improvement plans. Schools in targeted improvement status may or may not elect to work with a State-Approved Learning Partner. Approved Learning Partners are contracted by ISBE and are authorized to provide direct professional learning services in evidence-based practices to LEAs and comprehensive and targeted schools. Only vendors selected for an executed contract with ISBE may provide services to IL-Empower districts and schools (both comprehensive and targeted) using Title I, Part A, Section 1003 School Improvement funds, and likewise only those subcontractors included in either the executed contract or subsequent written approval by ISBE may provide services to IL-EMPOWER districts and schools.						
		s a grant recipient, you may be required to porticipate in program evaluation activities, site monitoring visits, and audit protocols.						
		is a grant recipient, you may be required to plate pate in program evaluation activities, site momenting visits, and addit proceeds.						
		as part of annual grant application and amenoment processes, you may be asked to submit additional information regarding dudget requests and alignment of dudget allocations to CIWP.						
IL-EMPOWER SMART GOALS Of the goals developed earlier in this CIWP, please choose at least 2, and up to 3, that will be your focus areas for IL-Empower. These goals should be in alignment with your ISBE designation and reference specific student groups, as applicable. As part of the annual grant application and amendment processes, please be prepared to outline how your IL-Empower grant budgets will support the chosen goal(s).

#### **Parent and Family Plan**

$\checkmark$	Our school is a Title I school operating a Schoolwide Program
	This CWP serves as your comprehensive Title I plan, which is a federal requirement for every Title I school operating a schoolwide program. As outlined in the federal legislation, this plan must be reviewed on at least an annual basis, and it must be made available to the district, parents, and the public. The following section, Title I Schoolwide Programs and Parent Involvement," addresses the federal Title I requirements around meaningful parent and family involvement in developing and implementing Title I schoolwide programs.
	Our school is a non-Title I school that does not receive any Title I funds. (Continue to Approval)

#### SCHOOL & FAMILY ENGAGEMENT POLICY

Er Fo & F

ESSA, Title I, Part A law requires schools to develop a parent and family policy that reflects their commitment to develop best engagement practices and maximizes meaningful consultation. Checking the boxes below indicates that your school understands and complies with each requirement listed.

- The school will hold an annual meeting at a time convenient to parents and families during the first month of school to inform them of the school's participation in ESSA, Title I programs and to explain the Title I requirements and their right to be involved in the Title I programs. The school will also hold an annual Title I PAC Organizational meeting at which 4 PAC officers are elected and monthly meeting dates are identified. The school will also offer parental and family engagement meetings, including monthly school PAC meetings, at different times and will invite all parents and key family members of children participating in the ESSA, Title I program to these meetings, and encourage them to attend.
- At the request of parents, schools will provide opportunities for regular meetings, including the School Parent Advisory Council meetings, for parents and family members to formulate suggestions and to participate, as appropriate, in decisions about the education of their children.
- Schools will provide parents a report of their child's performance on the State assessment in at least math, language arts and reading.
- Schools will provide parents timely notice when their child has been assigned to, or taught by, a teacher who is not "highly qualified," as defined in the Title I Final Regulations, for at least four (4) consecutive weeks.
- Schools will assist parents of participating ESSA Title I children in understanding: the state's academic content standards; the state's student academic achievement standards; the state and local academic assessments, including alternate assessments; the requirements of Title I, Part A; how to monitor their child's progress; and how to work with educators.
- Schools will provide information, resources, materials and training, including literacy training and technology, as appropriate, to assist parents and family members in working with their children to improve their academic achievement, and to encourage increased parental involvement.
- Schools will educate all staff in the value and utility of contributions by parents and family and in how to reach out to, communicate, and work with parents and family as equal partners in the education of their children and in how to implement and coordinate parent and family programs and build ties with parents and family members.
- Schools will, to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities with other federal, state, and local programs, including public preschool programs, and conduct
- other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children.
- Schools will ensure that information related to the school and parent and family programs, meetings, and other activities is sent to parents in understandable and uniform formats, including language.

#### SCHOOL & FAMILY COMPACT

Your school shall jointly develop, with parents, a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement. Checking off the statements below indicates your school will develop a compact that complies with each requirement. Compact statements will be housed at the school and shared with all parents.

- The school will provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the participating student to meet the State's student academic achievement standards.
- The school will hold parent-teacher conferences.
- The school will provide parents with frequent reports on their children's progress.
- The school will provide parents reasonable access to staff.
- The school will provide parents, as appropriate, opportunities to engage in and volunteer with school activities.
- The parents will support their children's learning
- The students will share the responsibility for improved student academic achievement by engaging in behaviors such as good attendance, positive attitude, and class preparation, among others.

#### PARENT & FAMILY ENGAGEMENT BUDGET

The overarching goal for Title I Parent & Family Engagement funds is to increase student academic achievement through parental and family engagement and supporting skills development. In the box below, identify the academic priority areas around which your parent engagement & skills development will be aligned. As a reminder, use of your funds must accur in consultation with parents.

Funds will be used for the following goals: Increase parents apptitude on formative assessment by offering workshops, increase parents knowledge of the MTSS intervention process and allow them to gain insight on Tier I and Tier II performance and intervention information. Create a vessel for parent communication and support especially for our growing ELL and STLS population.

In order to maintain compliance with the use of Title I Parent & Family Engagement funds, please review and check each box below to indicate that your school understands and complies with the requirements following. We will...

- Spend Parent & Family Engagement Funds in a timely manner (Average 10%/month)
- Collaborate with parents, prioritizing PAC officers, to decide on Title I expenditures
- Assure that funds impact the majority of parents or focus on parents with students most at academic risk
- Provide up to date monthly fund reports to PAC officers
- Maintain a binder with the original documents related to PAC meetings, presentations, fund expenditures and other evidence of collaboration
- Provide support to PAC officers including but not limited to consultation about fund usage, meeting set-up, information dissemination, and organizational support
