Reflection on Foundations Protocol

Partnerships & Engagement

Indicators of a Quality CIWP: Reflection on Foundations Schools reflect by triangulating various data sources, inclusive of quantitative and qualitative data, and disaggregated by student groups.

Reflections can be supported by available and relevant evidence and accurately represent the school's implementation of practices.

Stakeholders are consulted for the Reflection of Foundations.

Schools consider the impact of current ongoing efforts in the Reflection on Foundation.

What is the impact? Do any of your efforts address barriers/obstacles for our student groups furthest from opportunity? Teachers have worked to improve differentiated instruction for example in our English class our performance play offers a wide variety of roles, but for those not interested in performing a playbill writing activity is provided. Students are able to master multiple skills, and their talents are more able to shipe. Teachers are finding that this type of varied and	

What student-centered problems have surfaced during this reflection?

If this Foundation is later chosen as a priority, these are problems the school may address in this CIWP.

PROBLEMS EXPERIENCED BY MOST STUDENTS:

1.) Students enter IJLA with vast differences in credit needs, courses completed, and life schedules, but we do not have a clear pathway or course catalog. This causes more confusion for what is expected / required to graduate

2.)Students are disconnected, distrustful, disengaged, and/or harmed by traditional curriculum and schooling, especially textbook learning, or rote memorization, etc. 3.)In certain classes students feel there is not a developed curriculum for each course; students feel some teachers are less prepared.

4.) Students become disconnected or disengaged after short periods of time or after too much teacher driven "solo" work and they complain when teachers don't have differentiated instruction.

tailored instruction should be offered in all classes. Thanks to the project-based curriculum students furthest from opportunity are able to get back on track. For example students who haven't been able to master their grade level skills are able to work collaboratively with other students to successfully learn the content material.

to shine. Teachers are finding that this type of varied and

<u>Assessment</u>

SEL Teaming

Structure

What are the takeaways after the review of metrics?

The takeaways are that we have established a BHT and a C&I team. Moving forward, we will have integrated peace/check-in circles at the beginning of every class and throughout all content areas. The entire team, ensures to meet weekly to discuss student concerns and plan for students' wellbeing. Overall, the stakeholders have a foundation and system in place that supports the needs of the students. We have to identify additional roles that will assist with carrying out items on here for the next school year. We need to train staff on the peace circle facilitation at the beginning of the year and quarterly refreshers. Continue PDs on restorative conversations and de- escalation practices

Reflection on Foundation					

relevance and high quality curricular activites.

Using the associated documents, is this practice consistently implemented?

What are the takeaways after the review of metrics?

* Rigor Walk Data-40% of classes are aligned to standards, culturally relevant and offer high quality curricular activites, 40% is mostly aligned to standards and culturally relevant, but lacks high quality curricular activities, 20% of courses lacks alignment to standards, culturally

Another takeaway is that teachers need more development in producing cohesive units of study. *80% of teachers are implementing the Inner Core and making adjustments in the environment to meet students where they're at. *Our ILT team fully collaborates, meets regularly, and shares leadership amongst each other to accomplish goals. * Regarding balanced assessment systems our progress reports and student self reflections and student quarterly symposium and STAR test inform our decision making, however our weaknesses are that some projects lack grade level implementation of standards and greater evidence is needed to assess student progress. * Regarding daily evidence based assessments 20% offers consistent assessments and feedback for students and 60% are moving in this direction but

are focused more on weekly assessments and 20% is lacking evidence of learning.

Partially	All teachers, PK-12, have access to high quality curricular materials, including foundational skills materials, that are standards-aligned and culturally responsive.
Partially	Students experience grade-level, standards-aligned instruction.
Yes	Schools and classrooms are focused on the Inner Core (identity, community, and relationships) and leverage research-based, culturally responsive powerful practices to ensure the learning environment meets the conditions that are needed for students to learn.
Yes	The ILT leads instructional improvement through distributed leadership.
Partially	School teams implement balanced assessment systems that measure the depth and breadth of student learning in relation to grade-level standards, provide actionable evidence to inform decision-making, and monitor progress towards end of year goals.
Partially	Evidence-based assessment for learning practices are enacted daily in every classroom.

What is the feedback from your stakeholders?

*Students' Feedback: Student surveys of their learning styles and interests show that they value hands on projects, small group work, relevant topics, and multiple ways to learn, such as guest speakers, plays, field trips, videos and games. Students want very clear instructions, rubrics and guides. Students appreciate more cohesive and "real-life" learning and projects instead of disjointed assignments such as one-off worksheets etc. Our students like to be challenged especially if its meaningful to them. Students express postive relationships with their teachers and find most of their teachers very supportive, this also includes students trusting teachers with real-life situations, such as helping students open up a bank account, completing forms, moving, immigration paperwork etc. Students appreciate that bilingual instruction is provided in most classes and students are able to use their first language when communicating in class. *Teacher Feedback: New teachers are not given an orientation or a formal mentor, however we have a strong collaborative team. We have not been given any observational feedback from walk-throughs or even informal visits. Most teachers are consitently seeking to improve their C&I practices. *Parents' Feedback: Parents have shown appreciation for our culturally relevant and meaningful curriculum and their kids show more interest in shool and activities. Some parents have noticed that the students with higher skills are not challenged as much as they need to be. Most parents appreciate the community setting, strong teacher-student relationships, and general support from teachers and staff.

What student-centered problems have surfaced during this reflection?

PROBLEMS EXPERIENCED BY MOST STUDENTS:

1.) Students enter IJLA with vast differences in credit needs, courses completed, and life schedules, but we do not have a clear pathway or course catalog. This causes more confusion for what is expected / required to graduate

2.)Students are disconnected, distrustful, disengaged, and/or harmed by traditional curriculum and schooling, especially textbook learning, or rote memorization, etc. 3.)In certain classes students feel there is not a developed curriculum for each course; students feel some teachers are less prepared.

4.) Students become disconnected or disengaged after short periods of time or after too much teacher driven "solo" work and they complain when teachers don't have differentiated instruction.

What, if any, related improvement efforts are in progress? What is the impact? Do any of our efforts address barriers/obstacles for our student groups furthest from opportunity?

Teachers have worked to improve differentiated instruction for example in our English class our performance play offers a wide variety of roles, but for those not interested in performing a playbill writing activity is provided. Students are able to master multiple skills, and their talents are more able to shine. Teachers are finding that this type of varied and tailored instruction should be offered in all classes. Thanks to the project-based curriculum students furthest from opportunity are able to get back on track. For example students who haven't been able to master their grade level skills are able to work collaboratively with other students to successfully learn the content material.

Determine Priorities

Resources: 💋

Resources: 🜠

What is the Student-Centered Problem that your school will address in this Priority?

Students...

PROBLEMS EXPERIENCED BY MOST STUDENTS: In certain classes here, students feel there is not a developed curriculum for each course; students feel some teachers are less prepared, and students question the effectiveness of certain courses. As a result, students become disconnected or disengaged after short periods of time or after too much teacher driven "solo" work, and they complain when teachers don't have differentiated, relevant and interesting instruction.

L.....

Determine Priorities Protocol

Indicators of a Quality CIWP: Determine Priorities

Schools determine a minimum of 2 Foundations to prioritize, with at least one being within the Instructional Core.

Priorities are informed by findings from previous and current analysis of data (qualitative and quantitative).

For each priority, schools specify a student-centered problem (within the school's control) that becomes evident through each associated Reflection on Foundation.

Priorities are determined by impact on students' daily experiences.

What is the Root Cause of the identified Student-Centered Problem?

As adults in the building, we...

have learned that students are disconnected, distrustful, disengaged, and/or harmed by traditional curriculum and schooling, especially textbook learning, rote memorization, etc. because they don't see a connection between the content that's being taught in school and what is needed to be successful outside of school. Diverse learners are not receiving the services that they need in accordance to their IEPs and therefore they are easily disengaged from their classwork. Also English Language Learners have not been identify correctly due to lack of English Language Proficiency Test

5 Why's Root Cause Protocol

🔥 Indicators of a Quality CIWP: Root Cause Analysis

Each root cause analysis engages students, teachers, and other stakeholders closest to each priority, if they are not already represented by members of the CIWP team.

The root cause is based on evidence found when examining the student-centered problem.

Root causes are specific statements about adult practice.

Root causes are within the school's control.

Goal Setting

	Resources: 🗭
Indicators of a Quality CIWP: Goal Setting	IL-EMPOWER Goal Requirements
Each priority has both Practice Goals & Performance Goals reflecting end-of-year outcomes (numerical targets are optional and based on on applicable baselines and trend data).	For CIWP goals to fulfill IL-EMPOWER requirements, please ensure the following:
Practice Goals, and at least 1 Performance Goal per priority, can be frequently monitored (reported 3X/year or more).	-The CIWP includes a reading Performance goal -The CIWP includes a math Performance goal
Goals seek to address priorities and opportunity gaps by embracing the principles of <u>Targeted Universalism</u> .	-The goals within the reading, math, and any other
There is consensus across the team(s) responsible for meeting the goals that the goals are ambitious and attainable based on anticipated strategies and unique school contexts.	IL-EMPOWER goals include numerical targets -Schools designated as Targeted Support identify the student groups named in the designation within the goals
Goals are reviewed and adjusted with most-current data sources, including MOY and EOY.	above and any other IL-EMPOWER goals
Schools designated as Comprehensive or Targeted Support by ISBE meet specified IL-EMPOWER goal requirements.	

Numerical Targets [Optional] 🛛 📩

Performance Goals

your practice goals. 🛛 🖉	SY24	SY25	SY26			
C&I:1 All teachers, PK-12, have access to high quality curricular materials, including foundational skills materials, that are standards-aligned and culturally responsive.	Each teacher will have perfected at least one signature unit for each course. We will measure progress by reviewing and editing the Unit Maps and Syllabi at the end of each quarter.	Each teacher will have four signature units as part of their curriculum. We will measure progress by reviewing and editing the Unit Maps and Syllabi at the end of the year.	Each course fits within a thematic, inter-disciplinary framework. We will measure progress towards this goal by collecting student feedback through student surveys and by assessing the connections between each courses's assignments.			
C&I:3 Schools and classrooms are focused on the Inner Core (identity, community, and relationships) and leverage research-based, culturally responsive powerful practices to ensure the learning environment meets the conditions that are needed for students to learn.	Identify what is culturally relevant to the students in connection with the Inner Core and implent that information in each courses' curriculum. We will monitor progress by collecting feedback from students by the end of quarter.	For each course to generate a real-word impact that reaches beyond the classroom. Our progress can be measured by collecting both qualitative and quantitative data from the targeted community stakeholders.	Establish school-wide themes by quarter that connect content and projects between 2 or more courses to build more integrated symposium projects and more indepth learning experiences that produce a tangible real world impact on our school and/or communities. This goal will be measured by seeing an increase in students passing their courses from 42% passing to 65% by 2026.

Curriculum & Instruction

C&I:5 School teams implement balanced assessment systems that measure the depth and breadth of student learning in relation to grade-level standards, provide actionable evidence to inform decision-making, and monitor progress towards end of year goals. Create at least one signature, dual, culminating assessment (final exam and symposium project) for each course. We will measure progress by seeing if at least 50% pass the final exam and symposium project.

Each course will have four (quarterly) signature symposium projects and final exams. We will measure progress by reviewing the results of the final assessments on a quarterly basis, with the goal of a 58% passing rate.

Resources: 💋

Ensure full integration between our school-wide themes, each course's symposium projects, in depth connections between 2 or more courses, and that all courses have 4 signature units established and fully digitized. We will measure progress by reviewing the results of the final assessments on a quarterly basis, with the goal of a 65% passing rate.

	 Yes school with an intentional re-entry plan that facilitates attendance and continued enrollment. What is the feedback from your stakeholders? IJLA has focused on social emotional learning and connecting for the past 15 years. There are many strengths that the school has institutionalized that focus on the well being of students (Semester Orientation, restorative practices, enrollment innterviews, BHT referral process, Gad's Hill full-time clinicians, Peace room). IJLA has a philosophy of collaborative decision making and problem solving. Due to issues in school having an effect on everyone, it's imperative to involve all staff to strategically identify and implement solutions. During the 2022-2023, there have only been 2 fights at IJLA. The culture that is created begins with every person that enters the building. The space is a safe space for everyone. This needs to be modeled by every staff member at IJLA. The result is a positive working environment that germinates the hopes and aspirations of our community. 								
What	student-cente	red problen	ns have surface	d during this	reflection?		y, related improvement efforts are in progress? What is the impact? Do any of our address barriers/obstacles for our student groups furthest from opportunity?

	Reflectio	on on Foundation							
Using the associated documents, is this practice consistently implemented? What are the takeaways after the review of metrics?									
Partially	An annual plan is developed and implemented for providing College and Career Competency Curriculum (C4) instruction through CPS Success Bound or partner curricula (6th-12th).	Graduation rate: our school is not listed on the CPS Graduation and drop out rates spreadsheet. Enrollment Rate as of 2021: 8 eoolled out of 49 graduates. As of now, out of 47 graduates 19 are fully enrolled. We have a very detailed and robust orientation program at the start of every semester that guides students through the first week of classes. For KPI data: 78.57% of seniors met the FAFSA graduation requirements. 85.1% of seniors met							
Partially	Structures for supporting the completion of postsecondary Individualized Learning Plans (ILPs) are embedded into student experiences and staff planning times (6th-12th).	the Learn Plan Succeed Requirements.							
Partially	Work Based Learning activities are planned and implemented along a continuum beginning with career awareness to career exploration and ending with career development experiences using the WBL Toolkit (6th-12th).								
N/A	Early College courses (under Advanced Coursework) are strategically aligned with a student's Individualized Learning Plan goals and helps advance a career pathway (9th-12th).	What is the feedback from your stakeholders?							
No	Industry Recognized Certification Attainment is backward mapped from students' career pathway goals (9th-12th).	IDPL Board: No feedback has been provided as of now. City Colleges of Chicago: Informal feedback: We have higher numbers of applicants and enrollments into city colleges than last year. We had more students present at enrollment days than other options schools that have higher numbers of students. We had more placement testing and FAFSA workshop dates at our school then other schools.							
Yes	There is an active Postsecondary Leadership Team (PLT) that meets at least 2 times a month in order to: intentionally plan for postsecondary, review postsecondary data, and develop implementation for additional supports as needed (9th-12th).	CPS Options College and Career Specialist informal feedback: The work is being done. However, due to administrative turnover and technical issues, issues with logging graduation requirement data occurred. We had issues with students being marked as the correct grade level that will end up hurting our final data, but we found a solution.							
No	Staffing and planning ensures alumni have access to an extended-day pay "Alumni Coordinator" through the Alumni Support Initiative during both the summer and winter/spring (12th-Alumni).								
What	student-centered problems have surfaced during this reflection?	What, if any, related improvement efforts are in progress? What is the impact? Do any of our efforts address barriers/obstacles for our student groups furthest from opportunity?							
Students und Lack of docur	nt knowledge about the college application preparation process. ecided about postsecondary interests. nents/access to documents for FAFSA due to parent issues or on. Students need and struggle to obtain full-time employment after	Built strong relationship with city college navigator which resulted in higher numbers of city colleges applicants and enrollment. Advocated for funding for transportation for college and career-related field trips, including: city colleges, Chicago Urban League Vocational and trades fair, Rush Hospital, United Center Health Training, Women in the Trades career fair at							

documentation. Students need and struggle to obtain full-time employment after graduation.

Student poor attendance affects exposure to college and career information and ability to complete graduation requirements.

Built strong relationship with city college navigator which resulted in higher numbers of city colleges applicants and enrollment. Advocated for funding for transportation for college and career-related field trips, including: city colleges, Chicago Urban League Vocational and trades fair, Rush Hospital, United Center Health Training, Women in the Trades career fair at Arturo Velazquez Technical Institute, and Aon Coding Field trip. We implemented guest speaker events including Women's Month Career Forum with a women creatives panel, an immigration and children's lawyer, a Coding specialist, Healthy Hood Health forum, a Dance choreographer and a fight choreographer. We have started to implement within class career exposure including: a partnership with Rush Hospital and Healthy Hood where students recieve lectures on health disparities and hands on experiences that will continue through the summer. The former minister of education for the Black Panther Party spoke in History class about the importance of education and serving your community your career. All Star Theater representative teaching performance and speaking skills in English classes.

Resources: 💋 **Determine Priorities Protocol** What is the Student-Centered Problem that your school will address in this Priority? Students... are undecided about interests and lack documentation for college application process. Indicators of a Quality CIWP: Determine Priorities Schools determine a minimum of 2 Foundations to prioritize, with at least one being within the Instructional Core. Priorities are informed by findings from previous and current analysis of data (qualitative and quantitative). For each priority, schools specify a student-centered problem (within the school's control) that becomes evident through each associated Reflection on Foundation. Priorities are determined by impact on students' daily experiences. **Root Cause** Return to Top Resources: 💋

Determine Priorities

5 Why's Root Cause Protocol

As adults in the building, we...

have not built partnerships with appropriate agencies to help access documentation such as IDs, social security cards, driver's license. We need more exposure to varied career paths and more access to interships.

Indicators of a Quality CIWP: Root Cause Analysis

Each root cause analysis engages students, teachers, and other stakeholders closest to each priority, if they are not already represented by members of the CIWP team. The root cause is based on evidence found when examining the student-centered problem. Root causes are specific statements about adult practice.

Resources:

Root causes are within the school's control.

Return to Top

Return to Top

Theory of Action

What is your Theory of Action?

If we....

expose students to more career pathways and provide them with the resources to obtain/retrieve proper documentation

Indicators of a Quality CIWP: Theory of Action

Theory of Action is grounded in research or evidence based practices.

Goal Setting

Indicators of a Quality CIWP: Goal Setting

Each priority has both Practice Goals & Performance Goals reflecting end-of-year outcomes (numerical targets are optional and based on on applicable baselines and trend data).

Practice Goals, and at least 1 Performance Goal per priority, can be frequently monitored (reported 3X/year or more). Goals seek to address priorities and opportunity gaps by embracing the principles of Targeted Universalism.

There is consensus across the team(s) responsible for meeting the goals that the goals are ambitious and attainable based on anticipated strategies and unique school contexts.

Goals are reviewed and adjusted with most-current data sources, including MOY and EOY.

Schools designated as Comprehensive or Targeted Support by ISBE meet specified IL-EMPOWER goal requirements.

Parent and Family Plan If Checked: \checkmark Our school is a Title I school operating a Schoolwide Program This CIWP serves as your comprehensive Title I plan, which is a federal requirement for every Title I school operating a schoolwide program. As outlined in Complete School & Family the federal legislation, this plan must be reviewed on at least an annual basis, and it must be made available to the district, parents, and the public. The following section, "Title I Schoolwide Programs and Parent Involvement," addresses the federal Title I requirements around meaningful parent and family Engagement Policy, School & Family Compact, and Parent involvement in developing and implementing Title I schoolwide programs. & Family Engagement Budget sections If Checked: Our school is a non-Title I school that does not receive any Title I funds. (Continue to Approval) No action needed

SCHOOL & FAMILY ENGAGEMENT POLICY

ESSA, Title I, Part A law requires schools to develop a parent and family policy that reflects their commitment to develop best engagement practices and maximizes meaningful consultation. Checking the boxes below indicates that your school understands and complies with each requirement listed.

- The school will hold an annual meeting at a time convenient to parents and families during the first month of school to inform them of the school's participation in ESSA, Title I programs and to explain the Title I requirements and their right to be involved in the Title I programs. The school will also hold an annual Title I PAC Organizational meeting at which 4 PAC officers are elected and monthly meeting dates are identified. The school will also offer parental and family engagement meetings, including monthly school PAC meetings, at different times and will invite all parents and key family members of children participating in the ESSA, Title I program to these meetings, and encourage them to attend.
- At the request of parents, schools will provide opportunities for regular meetings, including the School Parent Advisory Council meetings, for parents and family members to formulate suggestions and to participate, as appropriate, in decisions about the education of their children.
- Schools will provide parents a report of their child's performance on the State assessment in at least math, language arts and reading
- Schools will provide parents timely notice when their child has been assigned to, or taught by, a teacher who is not "highly qualified," as defined in the Title I Final Regulations, for at least four (4) consecutive weeks.
- Schools will assist parents of participating ESSA Title I children in understanding: the state's academic content standards; the state's student academic achievement standards; the state and local academic assessments, including alternate assessments; the requirements of Title I, Part A; how to monitor their child's progress; and how to work with educators.
- Schools will provide information, resources, materials and training, including literacy training and technology, as appropriate, to assist parents and family members in working with their children to improve their academic achievement, and to encourage increased parental involvement.
- Schools will educate all staff in the value and utility of contributions by parents and family and in how to reach out to, communicate, and work with parents and family as equal partners in the education of their children and in how to implement and coordinate parent and family programs and build ties with parents and family members.
- Schools will, to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities with other federal, state, and local programs, including public preschool programs, and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children.
- Schools will ensure that information related to the school and parent and family programs, meetings, and other activities is sent to parents in understandable and uniform formats, including language.

SCHOOL & FAMILY COMPACT

Your school shall jointly develop, with parents, a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement. Checking off the statements below indicates your school will develop a compact that complies with each requirement. Compact statements will be housed at the school and shared with all parents.

- The school will provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the participating student to meet the State's student academic achievement standards.
- The school will hold parent-teacher conferences.
- The school will provide parents with frequent reports on their children's progress.
- The school will provide parents reasonable access to staff.
- The school will provide parents, as appropriate, opportunities to engage in and volunteer with school activities.
- The parents will support their children's learning.
- The students will share the responsibility for improved student academic achievement by engaging in behaviors such as good attendance, positive attitude, and class preparation, among others.

PARENT & FAMILY ENGAGEMENT BUDGET

The overarching goal for Title I Parent & Family Engagement funds is to increase student academic achievement through parental and family engagement and supporting skills development. In the box below, identify the academic priority areas around which your parent engagement & skills development will be aligned. As a reminder, use of your funds must occur in consultation with parents.

¢.

Assistance to parents in understanding such topics as the challenging State academic standards, State and local academic assessments, and how to monitor a child's progress and work with educators to improve the achievement of their children

work with educators to improve the achievement of their children Provide materials and training to help parents to work with their children to improve their children's achievement, such as literacy training and using technology (including education about the barme of accurring to encourse to work with their children to improve their children's achievement, such as literacy training and using technology (including education about the barme of accurring to encourse to encourse the forter accurate involvement.

about the harms of copyright piracy), as appropriate, to foster parental involvement Educate teachers, specialized instructional support personnel, principals, and other school leaders, and other staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school; Coordinate and integrate parent involvement programs and activities with other Federal, State, and local programs, including public preschool programs, and conduct other activities,

In order to maintain compliance with the use of Title I Parent & Family Engagement funds, please review and check each box below to indicate that your school understands and complies with the requirements following. We will...

- Spend Parent & Family Engagement Funds in a timely manner (Average 10%/month)
- Collaborate with parents, prioritizing PAC officers, to decide on Title I expenditures
- Assure that funds impact the majority of parents or focus on parents with students most at academic risk
- Provide up to date monthly fund reports to PAC officers
- Maintain a binder with the original documents related to PAC meetings, presentations, fund expenditures and other evidence of collaboration
- 🗹 🛛 Provide support to PAC officers including but not limited to consultation about fund usage, meeting set-up, information dissemination, and organizational support
