

CIWP Team & Schedules

Resources 

Indicators of Quality CIWP: CIWP Team

The CIWP team includes staff reflecting the diversity of student demographics and school programs.

The CIWP team has 8-12 members. Sound rationale is provided if team size is smaller or larger.

The CIWP team includes leaders who are responsible for implementing Foundations, those with institutional memory and those most impacted.

The CIWP team includes parents, community members, and LSC members.

All CIWP team members are meaningfully involved in the planning process for CIWP components and include other stakeholders, as appropriate for their role, with involvement along the [CPS Spectrum of Inclusive Partnerships](#) (from the CPS Equity Framework).

| Theory of Action | 6/30/23 | 8/15/23 |
| Implementation Plans | 7/15/23 | 9/1/23 |
| Goals | 7/31/23 | 9/15/23 |
| Fund Compliance | 8/15/23 | 9/15/23 |
| Parent & Family Plan | 9/1/23 | 9/15/23 |
| Approval | 9/15/23 | 9/15/23 |

SY24 Progress Monitoring Schedule

Indicate the SY24 dates when your CIWP team will hold progress monitoring check-ins.
As a reference, these dates will auto-populate in your implementation plans.

CIWP Progress Monitoring Meeting Dates

| | |
|-----------|----------|
| Quarter 1 | 11/07/23 |
| Quarter 2 | 01/16/24 |
| Quarter 3 | 4/16/24 |
| Quarter 4 | 6/4/23 |

Indicators of a Quality CIWP: Reflection on Foundations

Schools reflect by triangulating various data sources, inclusive of quantitative and qualitative data, and disaggregated by student groups.
 Reflections can be supported by available and relevant evidence and accurately represent the school's implementation of practices.
 Stakeholders are consulted for the Reflection of Foundations.
 Schools consider the impact of current ongoing efforts in the Reflection on Foundation.

What are the takeaways after the review of metrics?

Metrics

| | | | | |
|-----------|--|--|---|---|
| Yes | All teachers, PK-12, have access to high quality curricular materials, including foundational skills materials, that are standards-aligned and culturally responsive. | CPS High Quality Curriculum Rubrics | Our takeaways are we need to spend more time allowing students to engage in the lessons more quickly, such as ways for them to engage in discussions using Accountable Talks. We need to implement small groups for MTSS within as well outside of the classroom. Teachers need to practice and plan scaffolded lessons. K-2 students in the beginning of the year who score early mid or above grade level need to receive enrichment and those below immediate interventions within and outside of the classroom. The BHT needs a schedule for students who are struggling behaviorally but not necessarily academically.  | IAR (Math) IAR (English) Rigor Walk Data (School Level Data) PSAT (EBRW) PSAT (Math) STAR (Reading) |
| Partially | Students experience grade-level, standards-aligned instruction. | Rigor Walk Rubric Teacher Team Learning Cycle Protocols Quality Indicators Of Specially Designed Instruction | | |
| Partially | Schools and classrooms are focused on the Inner Core (identity, community, and relationships) and leverage research-based, culturally responsive powerful practices to ensure the learning environment meets the conditions that are needed for students to learn. | Powerful Practices Rubric Learning Conditions | <p>What is the feedback from your stakeholders?</p> <p>On the Star Assessment, 3-8 grade students made little gains within Benchmarks from BOY to EOY in both reading and math. Intermediate students' attendance/tardiness prevents them from attending the entire first instructional period. We need to add incentives for students throughout the testing periods to motivate students to do their best. We need to engage parents in the educational process. Continue data conversations among students/teachers. We need school-wide data walls for 3-8 grade posted outside of the classroom. </p> | STAR (Math) iReady (Reading) iReady (Math) Cultivate Grades ACCESS TS Gold Interim Assessment Data |
| Yes | The ILT leads instructional improvement through distributed leadership. | Continuum of ILT Effectiveness Distributed Leadership | | |
| Yes | School teams implement balanced assessment systems that measure the depth and breadth of student learning in relation to grade-level standards, provide actionable evidence to inform decision-making, and monitor progress towards end of year goals. | Customized Balanced Assessment Plan ES Assessment Plan Development Guide HS Assessment Plan Development | | |
| No | Evidence-based assessment for learning practices are enacted daily in every classroom. | Assessment for Learning Reference Document | <p>What, if any, related improvement efforts are in progress? What is the impact? Do any of your efforts address barriers/obstacles for our student groups furthest from opportunity?</p> <p>As a school, we have fully implemented MTSS through pull-out and tutoring by all available staff members. As a results, most students receiving these interventions improved and met their goals as indicated in Branching Minds. Scheduling obstacles prohibited the MTSS team from fully addressing the needs of our Middle School population. </p> | |

What student-centered problems have surfaced during this reflection?

If this Foundation is later chosen as a priority, these are problems the school may address in this CIWP.

Students wanted their voice to heard and less teacher presentations. They want to be college ready when they graduate. Teachers lecturing should decrease. Students feel that teachers have influence on their learning and they learn best in small groups and models and examples are the highest modes. Working independently 1/3 of the population. Earning great grades and passing is important to most students. 

[Return to Top](#) **Inclusive & Supportive Learning Environment**

| Using the associated references, is this practice consistently implemented? | References | What are the takeaways after the review of metrics? | Metrics |
|---|--|--|---|
| Partially | <p>School teams implement an equity-based MTSS framework that includes strong teaming, systems and structures, and implementation of the problem solving process to inform student and family engagement consistent with the expectations of the MTSS Integrity Memo.</p> <p>MTSS Integrity Memo MTSS Continuum Roots Survey</p> | <p>Progress monitoring is effective for MTSS students and needs supported for Tier 1 and 2. Family engagement needs to be expanded upon to notify them of their engagement and process. We need a defined process for the students who need support in Tier 3 and referred to the problem solving team. We need forms to track their process. The forms will be created and tweaked by the Problem Solving Team.</p> | <p>Unit/Lesson Inventory for Language Objectives (School Level Data) MTSS Continuum Roots Survey ACCESS MTSS Academic Tier Movement Annual Evaluation of Compliance (ODLSS)</p> |
| Yes | <p>School teams create, implement, and progress monitor academic intervention plans in the Branching Minds platform consistent with the expectations of the MTSS Integrity Memo.</p> <p>MTSS Integrity Memo</p> | | |
| Partially | <p>Students receive instruction in their Least Restrictive Environment. Staff is continually improving access to support Diverse Learners in the least restrictive environment as indicated by their IEP.</p> <p>LRE Dashboard Page</p> | <p>What is the feedback from your stakeholders?</p> <p>The support staff requires training on how to assist and support all students in the general education setting. Professional development will need to be provided for special education staff and students. Closer monitoring of special education students. Schedules need to be created for each student and all of their peers.</p> | <p>Quality Indicators of Specially Designed Curriculum EL Program Review Tool</p> |
| Partially | <p>Staff ensures students are receiving timely, high quality IEPs, which are developed by the team and implemented with fidelity.</p> <p>IDEA Procedural Manual</p> | | |
| Yes | <p>English Learners are placed with the appropriate and available EL endorsed teacher to maximize required Tier I instructional services.</p> <p>EL Placement Recommendation Tool ES EL Placement Recommendation Tool HS</p> | <p>What, if any, related improvement efforts are in progress? What is the impact? Do any of your efforts address barriers/obstacles for our student groups furthest from opportunity?</p> <p>Special education and general education teachers need to work together to develop IEPs. IEPs need to be created in a timely manner. It has to be a week before the meeting to occur. A calendar will be created to track the process of the IEP completion. Intake meeting for special education students enrolling at Madison with an IEP. We need to bring artifacts to the table along with progress monitoring. We need to improve our recordkeeping process. Every quarter the emergency forms need updating. Better communication for ELs within the school and how information is spread.</p> | |
| Partially | <p>There are language objectives (that demonstrate HOW students will use language) across the content.</p> | | |
| <p>What student-centered problems have surfaced during this reflection? If this Foundation is later chosen as a priority, these are problems the school may address in this CIWP.</p> <p>Problems: Communication between stakeholders regarding a child's EL status as well as Special Education plans. Transfer students need to be strategically and immediately placed. We need to plan for EL learners from other countries.</p> | | | |

[Return to Top](#) **Connectedness & Wellbeing**

| Using the associated references, is this practice consistently implemented? | References | What are the takeaways after the review of metrics? | Metrics |
|---|---|--|--|
| Partially | <p>Universal teaming structures are in place to support student connectedness and wellbeing, including a Behavioral Health Team and Climate and Culture Team.</p> <p>BHT Key Component Assessment SEL Teaming Structure</p> | <p>Tier 2 and 3 intervention supports and groups: Rainbows, Relationship Series, Bounce Back, individual supports, small groups, peace circles. This type of program needs to be extended to primary students to support their well-being.</p> | <p>% of Students receiving Tier 2/3 interventions meeting targets Reduction in OSS per 100</p> |

| | | | | |
|---|--|---|---|--|
| | | | | Reduction in repeated disruptive behaviors (4-6 SCC) |
| Partially | Student experience Tier 1 Healing Centered supports, including SEL curricula, Skyline integrated SEL instruction, and restorative practices. | Tier 1 students are receiving support from Calm Classroom and Second Step intervention. The fidelity level is unknown at this time. | | Access to OST Increase Average Daily Attendance Increased Attendance for Chronically Absent Students |
| Partially | All students have equitable access to student-centered enrichment and out-of-school-time programs that effectively complement and supplement student learning during the school day and are responsive to other student interests and needs. | <p>What is the feedback from your stakeholders?</p> <p>We need more consistent feedback from all areas under the MTSS umbrella to communicate with one another. There needs to be a support system in the primary building to support young learners' emotional needs. Their needs to be student interest surveys conducted to determine interest. Consider offering programming to all grade levels. There needs to be an enrollment process/intake to connect new parents and students to the school. A team will meet with the parent to discuss the school, offerings, and create an opportunity for the school to get background information on the child and his/her family.</p> |  | Reconnected by 20th Day, Reconnected after 8 out of 10 days absent Cultivate (Belonging & Identity) Staff trained on alternatives to exclusionary discipline (School Level Data) |
| No | Students with extended absences or chronic absenteeism re-enter school with an intentional re-entry plan that facilitates attendance and continued enrollment. | | | Enrichment Program Participation: Enrollment & Attendance Student Voice Infrastructure Reduction in number of students with dropout codes at EOY |
| <p>What student-centered problems have surfaced during this reflection? If this Foundation is later chosen as a priority, these are problems the school may address in this CWP.</p> | | <p>What, if any, related improvement efforts are in progress? What is the impact? Do any of your efforts address barriers/obstacles for our student groups furthest from opportunity?</p> | | |
| The student-centered problems are the primary population requires more support with behavior/social-emotional supports and interventions.  | | Our plan to create an intervention room for the primary students within the modular building. We are attempting to create space for the counselor or social worker to have a dedicated space. We need funding to create proper decor and furniture to setup a conducive environment.  | | |

[Return to Top](#) **Postsecondary Success**

Postsecondary only applies to schools serving 6th grade and up. If your school does not serve any grades within 6th-12th grade, please skip the Postsecondary reflection.

| | Using the associated references, is this practice consistently implemented? (If your school does not serve any grade level listed, please select N/A) | References | What are the takeaways after the review of metrics? | Metrics |
|-----|--|---|---|--|
| Yes | An annual plan is developed and implemented for providing College and Career Competency Curriculum (C4) instruction through CPS Success Bound or partner curricula (6th-12th). | College and Career Competency Curriculum (C4) | We need to consider doing more with Work Based Learning Activities, to support students' career aspirations such as career day and job shadowing.  | Graduation Rate Program Inquiry: Programs/participation/attainment rates of % of ECCC |

| | |
|-----------|--|
| Partially | Structures for supporting the completion of postsecondary Individualized Learning Plans (ILPs) are embedded into student experiences and staff planning times (6th-12th). Individualized Learning Plans |
| No | Work Based Learning activities are planned and implemented along a continuum beginning with career awareness to career exploration and ending with career development experiences using the WBL Toolkit (6th-12th). Work Based Learning Toolkit |
| N/A | Early College courses (under Advanced Coursework) are strategically aligned with a student's Individualized Learning Plan goals and helps advance a career pathway (9th-12th). |
| N/A | Industry Recognized Certification Attainment is backward mapped from students' career pathway goals (9th-12th). ECCE Certification List |
| N/A | There is an active Postsecondary Leadership Team (PLT) that meets at least 2 times a month in order to: intentionally plan for postsecondary, review postsecondary data, and develop implementation for additional supports as needed (9th-12th). PLT Assessment Rubric |
| N/A | Staffing and planning ensures alumni have access to an extended-day pay "Alumni Coordinator" through the Alumni Support Initiative during both the summer and winter/spring (12th-Alumni). Alumni Support Initiative One Pager |

What student-centered problems have surfaced during this reflection?

If this Foundation is later chosen as a priority, these are problems the school may address in this CIWP.

Consistent exposure to opportunities to college or careers post secondary options. Expose the sixth graders to opportunities what they need to prepare for high schools. 🍌

What is the feedback from your stakeholders?

Students need to be encourage to have high goals and focus on their grades in order to increase their options for higher learning. 🍌

What, if any, related improvement efforts are in progress? What is the impact? Do any of your efforts address barriers/obstacles for our student groups furthest from opportunity?

We can improve in this area by exposing students to opportunities to explore careers and colleges throughout the year in grades 6-8. GoCPS needs to be explored with students so that they are aware of their options. Once students are accepted in a high school, they can have a signing day with their new school. We can also have a bulletin board to show where students have been accepted for high school. 🍌

What are the takeaways after the review of metrics?

Metrics

| | |
|-----------|--|
| Partially | The school proactively fosters relationships with families, school committees, and community members. Family and community assets are leveraged and help students and families own and contribute to the school's goals. Spectrum of Inclusive Partnerships |
|-----------|--|

We are performing well in this area but need to enhance the outreach and be more inclusive to include primary students and their families. 🍌

- [Cultivate](#)
- [5 Essentials Parent Participation Rate](#)
- [5E: Involved Families](#)

| | | |
|-----------|---|---|
| Partially | Staff fosters two-way communication with families and community members by regularly offering creative ways for stakeholders to participate. | Reimagining With Community Toolkit |
| Partially | School teams have a student voice infrastructure that builds youth-adult partnerships in decision making and centers student perspective and leadership at all levels and efforts of continuous improvement (Learning Cycles & CIWP). | Student Voice Infrastructure Rubric |

[SE: Supportive Environment](#)

Level of parent/community group engagement (LSC, PAC, BAC, PTA, etc.) (School Level Data)

Level of parent engagement in the ODLSS Family Advisory Board (School Level Data)

Formal and informal family and community feedback received locally. (School Level Data)

What is the feedback from your stakeholders?

Sources considered: -5 Essentials Survey -School Report card
 -Student Council Agendas and Sign-in sheets -Photographic Artifacts
 -Madison's Facebook page. Madison has received the CPS SCORE program allow students to choose programs based on their various interests and/or talents. In addition to this Madison support student voice and interest through the following activities: Middle School Student council, Learning garden, Rock Band, Flag Football, Track, Sneaker Ball, Earth Day clean up, After-school basketball, Student Council Fundraising Events, Across Grade Level Peer Tutoring, and Science Club.

What student-centered problems have surfaced during this reflection?

If this Foundation is later chosen as a priority, these are problems the school may address in this CIWP.

Primary students were not included in the enrichment program. 🍌

What, if any, related improvement efforts are in progress? What is the impact? Do any of your efforts address barriers/obstacles for our student groups furthest from opportunity?

We will reach out to more organizations for partnerships. 🍌

Reflection on Foundation

Using the associated documents, is this practice consistently implemented?

| | |
|-----------|--|
| Yes | All teachers, PK-12, have access to high quality curricular materials, including foundational skills materials, that are standards-aligned and culturally responsive. |
| Partially | Students experience grade-level, standards-aligned instruction. |
| Partially | Schools and classrooms are focused on the Inner Core (identity, community, and relationships) and leverage research-based, culturally responsive powerful practices to ensure the learning environment meets the conditions that are needed for students to learn. |
| Yes | The ILT leads instructional improvement through distributed leadership. |
| Yes | School teams implement balanced assessment systems that measure the depth and breadth of student learning in relation to grade-level standards, provide actionable evidence to inform decision-making, and monitor progress towards end of year goals. |
| No | Evidence-based assessment for learning practices are enacted daily in every classroom. |

What are the takeaways after the review of metrics?

Our takeaways are we need to spend more time allowing students to engage in the lessons more quickly, such as ways for them to engage in discussions using Accountable Talks. We need to implement small groups for MTSS within as well outside of the classroom. Teachers need to practice and plan scaffolded lessons. K-2 students in the beginning of the year who score early mid or above grade level need to receive enrichment and those below immediate interventions within and outside of the classroom. The BHT needs a schedule for students who are struggling behaviorally but not necessarily academically.

What is the feedback from your stakeholders?

On the Star Assessment, 3-8 grade students made little gains within Benchmarks from BOY to EOY in both reading and math. Intermediate students' attendance/tardiness prevents them from attending the entire first instructional period. We need to add incentives for students throughout the testing periods to motivate students to do their best. We need to engage parents in the educational process. Continue data conversations among students/teachers. We need school-wide data walls for 3-8 grade posted outside of the classroom.

What student-centered problems have surfaced during this reflection?

Students wanted their voice to heard and less teacher presentations. They want to be college ready when they graduate. Teachers lecturing should decrease. Students feel that teachers have influence on their learning and they learn best in small groups and models and examples are the highest modes. Working independently 1/3 of the population. Earning great grades and passing is important to most students.

What, if any, related improvement efforts are in progress? What is the impact? Do any of our efforts address barriers/obstacles for our student groups furthest from opportunity?

As a school, we have fully implemented MTSS through pull-out and tutoring by all available staff members. As a results, most students receiving these interventions improved and met their goals as indicated in Branching Minds. Scheduling obstacles prohibited the MTSS team from fully addressing the needs of our Middle School population.

[Return to Top](#)

Determine Priorities

Resources: 

What is the Student-Centered Problem that your school will address in this Priority?

Students...

will be provided standards-based aligned instruction that leads to the administration of evidence-based informative/formative assessments for learning practices that will be enacted daily in core subjects.

[Determine Priorities Protocol](#)

Indicators of a Quality CIWP: Determine Priorities

Schools determine a minimum of 2 Foundations to prioritize, with at least one being within the Instructional Core.
 Priorities are informed by findings from previous and current analysis of data (qualitative and quantitative).
 For each priority, schools specify a student-centered problem (within the school's control) that becomes evident through each associated Reflection on Foundation.
 Priorities are determined by impact on students' daily experiences.

[Return to Top](#)

Root Cause

Resources: 

What is the Root Cause of the identified Student-Centered Problem?

As adults in the building, we...

1. need a better understanding of the common core state standards at all grade levels and how to implement them
2. need to utilize the big ideas that should be taught to determine whether students are being taught the body of knowledge

Indicators of a Quality CIWP: Root Cause Analysis

Each root cause analysis engages students, teachers, and other stakeholders closest to each priority, if they are not already represented by members of the CIWP team.

3. need to plan learning activities that will engage students in the learning process and allow for student ownership
4. need to supplement, when necessary, to fill in the gaps within the core curriculum
5. need to use questioning and discussions of technique to monitor student understanding
6. need to create standards-based informative and formative assessments to determine students' needs

The root cause is based on evidence found when examining the student-centered problem.
 Root causes are specific statements about adult practice.
 Root causes are within the school's control.

[Return to Top](#)

Theory of Action

What is your Theory of Action?

If we...

If we use consistent internal walks that focus on high-quality instruction, evidence of curriculum planning, and multi-tiered levels of support, internal learning walks that focus on the alignment of high-quality, standards-based instructional resources across grade levels,

Indicators of a Quality CIWP: Theory of Action

Theory of Action is grounded in research or evidence based practices.

Theory of Action is an impactful strategy that counters the associated root cause.

Theories of action explicitly aim to improve the experiences of student groups, identified in the Goals section, in order to achieve the goals for selected metrics.

Theory of Action is written as an "If we... (x, y, and/or z strategy), then we see... (desired staff/student practices), which results in... (goals)"

All major resources necessary for implementation (people, time, money, materials) are considered to write a feasible Theory of Action.

Resources:

then we see...

teachers who are engaging students in high-quality, standards-based instruction and are equipped with qualitative/quantitative data to serve as evidence for next steps and improved curriculum based instruction

which leads to...

Students having access to standards aligned learning experiences that are rigorous and addresses all learning modalities. This will also then lead to an increase in student academic performance in which 100% of students achieving 1 years of growth per academic year. Finally, this will also lead to 75% of all students being at or above grade level on the i-Ready Reading and Mathematics assessments by the end of SY26.

[Return to Top](#)

Implementation Plan

Resources:

Indicators of a Quality CIWP: Implementation Planning

Implementation Plan Milestones, collectively, are comprehensive to implementing their respective Theories of Action and are written as SMART goals. The number of milestones and action steps per milestone should be impactful and feasible.

Implementation Plan identifies team/person responsible for implementation management, monitoring frequency, scheduled progress checks with CIWP Team, and data used to report progress of implementation.

Implementation Plan development engages the stakeholders closest to the priority, even if they are not already represented by members of the CIWP team.

Action steps reflect a comprehensive set of specific actions which are relevant to the strategy for at least 1 year out.

Action steps are inclusive of stakeholder groups and priority student groups.

Action steps have relevant owners identified and achievable timelines.

| Action Step 5 | The ILT will meet to revisit school year schedules to best meet students' instructional needs. | | | Principal | 9/22/23 | In Progress |
| Implementation Milestone 2 | By October 2023, the ILT and CIWP teams will research and fund 100% core curriculum programs. | | | ILT and CIWP | 10/27/23 | In Progress |
| Action Step 1 | Research and purchase computer based progress monitoring tool for K-8 for science. | | | ILT and CIWP | 9/29/23 | In Progress |
| Action Step 2 | Purchase Social Studies and Science Weekly magazines for grades K-6. | | | Principal | 9/29/23 | In Progress |
| Action Step 3 | Replenish consumable materials for Amplify Science K-8. | | | Principal | 10/13/23 | In Progress |
| Action Step 4 | Funding to replenish/replace technology used by K-8 grade teachers to deliver instruction (Elmos, teacher iPads, Dell laptops, LCD projectors, and Smart Boards) | | | Principal | 10/13/23 | In Progress |
| Action Step 5 | Funds will be used to expand the Reading A-Z subscriptions which includes K-2 Headsprout and IXL Reading, Math, Social Studies and Science for grades K-8. | | | Principal | 10/27/23 | In Progress |
| Implementation Milestone 3 | By the end of January 2024, the ILT will research and fund 100% core curriculum programs. | | | Principal and ILT | 1/26/24 | In Progress |
| Action Step 1 | Tutor Corps tutors will support K-8 Tier 3 students in Reading instruction, monitor their progress and input the results in Branching Minds. | | | MTSS Coordinator/POC | 10/27/23 | In Progress |
| Action Step 2 | The City Year tutors will support 3-8 Tiers 2-3 students in Reading and Math instruction, monitor their progress, and confer with teachers daily about students needs and results that will be logged into Branching Minds. | | | MTSS Coordinator/POC | 10/31/23 | In Progress |
| Action Step 3 | Funds will be used to purchase multimedia visual arts materials for the development of a visual displays that support MTSS and instructional focus. Materials include but not limited to the following: Cold Press Laminator, computer program for the poster maker, field trips to art museums, and easels etc. | | | Principal | 10/27/23 | In Progress |
| Action Step 4 | Purchase and utilize edpuzzle (K-8) and Flocabulary (3-8) to support Science and Social instruction. | | | Teachers | 10/27/23 | In Progress |
| Action Step 5 | Replenish 7th grade materials for Constitution. (Federal and State) | | | Principal | 1/26/24 | In Progress |
| Implementation Milestone 4 | By June 2024, the school will be able to demonstrate the use of researched-based strategies selected by the ILT to improve student growth outcomes on benchmark assessments by 1.0 school years. | | | Principal, ILT, and teachers | 05/31/24 | In Progress |
| Action Step 1 | All classroom teachers, miscellaneous employees, and ancillary staff will be engaged in small group instruction for reading and math for Tier 2 and 3 students. | | | Teachers | 02/08/24 | In Progress |
| Action Step 2 | The ILT will participate in ongoing leadership training geared towards supporting instructional practice that lead to higher student outcomes and equitable learning experiences. | | | Principal and ILT | 06/05/24 | In Progress |
| Action Step 3 | Principal will meet with external partners throughout the year to discuss teacher professional development needs, student learning needs, and develop a schedule for teacher support that centers around better use of currently used curricular materials, teacher moves and instruction using digital/nondigital curriculum. | | | Principal | 5/31/24 | In Progress |
| Action Step 4 | Review and revise reading, math, and science enrichment plans for students who are above grade level. | | | Principal | 1/19/24 | In Progress |
| Action Step 5 | Using the current reading and math data, all Tier 1 students will have and follow an enrichment plan created by the teachers and City Year Tutors. | | | Principal teachers and City Year Tutors | 10/6/23 | In Progress |

SY25-SY26 Implementation Milestones

SY25 Anticipated Milestones In SY25 we anticipate working towards having a solid instructional program in all core subject areas in which 75% of students are working towards their specific, data based goals. 

SY26 Anticipated Milestones In SY26 we anticipate working towards having a solid instructional program in all core subject areas in which 100% of students are working towards their specific, data based goals. 

Resources:

Indicators of a Quality CIWP: Goal Setting

Each priority has both Practice Goals & Performance Goals reflecting end-of-year outcomes (numerical targets are optional and based on on applicable baselines and trend data).
 Practice Goals, and at least 1 Performance Goal per priority, can be frequently monitored (reported 3X/year or more).
 Goals seek to address priorities and opportunity gaps by embracing the principles of [Targeted Universalism](#).
 There is consensus across the team(s) responsible for meeting the goals that the goals are ambitious and attainable based on anticipated strategies and unique school contexts.
 Goals are reviewed and adjusted with most-current data sources, including MOY and EOY.
 Schools designated as Comprehensive or Targeted Support by ISBE meet specified IL-EMPOWER goal requirements.

IL-EMPOWER Goal Requirements

For CIWP goals to fulfill IL-EMPOWER requirements, please ensure the following:

- The CIWP includes a reading Performance goal
- The CIWP includes a math Performance goal
- The goals within the reading, math, and any other IL-EMPOWER goals include numerical targets
- Schools designated as Targeted Support identify the student groups named in the designation within the goals above and any other IL-EMPOWER goals

Performance Goals

| Specify the Goal | Can this metric be frequently monitored? | Metric | Student Groups (Select 1-2) | Baseline | Numerical Targets [Optional] | | |
|---|--|------------------|-----------------------------|----------|------------------------------|------|------|
| | | | | | SY24 | SY25 | SY26 |
| K-8 grade students will achieve at or above grade level status on the i-Ready Reading Assessment by the end of school year. | Yes | iReady (Reading) | Overall | 16% | 25% | 35% | 47% |
| | | | Students with an IEP | 5% | 10% | 15% | 20% |
| K-8 grade students will achieve at or above grade level status on the i-Ready Math Assessment by the end of school year. | Yes | iReady (Math) | Overall | 15% | 24% | 34% | 46% |
| | | | Students with an IEP | 5% | 10% | 15% | 20% |

Practice Goals

Identify the Foundations Practice(s) most aligned to your practice goals.

Specify your practice goal and identify how you will measure progress towards this goal.

| | SY24 | SY25 | SY26 |
|--|---|--|---|
| C&I:4 The ILT leads instructional improvement through distributed leadership. | During this school year, teacher members of the ILT will lead 50% of school-wide professional developments on the curriculum and SEL which will be monitored by agendas and sign-in sheets. | During this school year, teachers members of the ILT will lead 50% of the professional development on the curriculum and SEL and expand it to grade-level and department teams which will be monitored by agendas and sign-in sheets.. | During the school year, the ILT will lead 50% of the grade-level teams, department teams, and data or inquiry teams, and teachers lead professional development which will be monitored by agendas and sign-in sheets.. |
| C&I:2 Students experience grade-level, standards-aligned instruction. | Provide ongoing instructional coaching rather than traditional teacher training on effective planning and coherent support to teachers to improve student instruction and outcomes. The progress will be monitored through weekly coaching logs and classroom observations. | Teachers will start with differentiating one activity. As confidence and experience grows, most lesson activities will be differentiated. The focus of intentional differentiation for process is based on students' content opportunities and challenges. | Teachers will receive coaching and support on making sure the objectives and assessments for the lesson plan are in sync. Progress will be assessed by monitoring lesson plans, coaching logs, and classroom instruction. |
| C&I:6 Evidence-based assessment for learning practices are enacted daily in every classroom. | Create and implement a plan for collecting data to monitor student progress on classroom and district assessments. This process will be guided and monitored by the ILT and administration. | Create and administer standard aligned assessments and monitor the progress of the students and students and making adjustments as needed | ILTs will assess the progress of teachers and students and making adjustments as needed. |

Resources:

Below are the goals for this Theory of Action that were created above. CIWP Teams will use this section to progress monitor the goals on a quarterly basis.

Reflection on Foundation

Using the associated documents, is this practice consistently implemented?

| | |
|-----------|--|
| Partially | Universal teaming structures are in place to support student connectedness and wellbeing, including a Behavioral Health Team and Climate and Culture Team. |
| Partially | Student experience Tier 1 Healing Centered supports, including SEL curricula, Skyline integrated SEL instruction, and restorative practices. |
| Partially | All students have equitable access to student-centered enrichment and out-of-school-time programs that effectively complement and supplement student learning during the school day and are responsive to other student interests and needs. |
| No | Students with extended absences or chronic absenteeism re-enter school with an intentional re-entry plan that facilitates attendance and continued enrollment. |

What are the takeaways after the review of metrics?

Tier 2 and 3 intervention supports and groups: Rainbows, Relationship Series, Bounce Back, individual supports, small groups, peace circles. This type of program needs to be extended to primary students to support their well-being.

What is the feedback from your stakeholders?

We need more consistent feedback from all areas under the MTSS umbrella to communicate with one another. There needs to be a support system in the primary building to support young learners' emotional needs. Their needs to be student interest surveys conducted to determine interest. Consider offering programming to all grade levels. There needs to be an enrollment process/intake to connect new parents and students to the school. A team will meet with the parent to discuss the school, offerings, and create an opportunity for the school to get background information on the child and his/her family.

What student-centered problems have surfaced during this reflection?

The student-centered problems are the primary population requires more support with behavior/social-emotional supports and interventions.

What, if any, related improvement efforts are in progress? What is the impact? Do any of our efforts address barriers/obstacles for our student groups furthest from opportunity?

Our plan to create an intervention room for the primary students within the modular building. We are attempting to create space for the counselor or social worker to have a dedicated space. We need funding to create proper decor and furniture to setup a conducive environment.

[Return to Top](#)

Determine Priorities

Resources: 

What is the Student-Centered Problem that your school will address in this Priority?

Students...

behavioral and attendance problems, lack of exposure and availability to student-centered enrichment, and limited accessibility to school programs resulted in a minimal improvements in student outcomes.

[Determine Priorities Protocol](#)

 Indicators of a Quality CIWP: Determine Priorities

Schools determine a minimum of 2 Foundations to prioritize, with at least one being within the Instructional Core.
 Priorities are informed by findings from previous and current analysis of data (qualitative and quantitative).
 For each priority, schools specify a student-centered problem (within the school's control) that becomes evident through each associated Reflection on Foundation.
 Priorities are determined by impact on students' daily experiences.

[Return to Top](#)

Root Cause

Resources: 

What is the Root Cause of the identified Student-Centered Problem?

As adults in the building, we...

[5 Why's Root Cause Protocol](#)

1. need a better understanding of the MTSS process
2. need to utilize the Branching Minds system in documenting students needs
3. need to create plans to improve student attendance
4. need to supplement, when necessary, to fill in gaps in student knowledge
5. need to address student behaviors as they occur
6. need to utilize the BHT to assist in developing school-wide plans to address mental health challenges students are experiencing
7. need to use the Conscious Discipline method to develop a strong culture and climate environment

Indicators of a Quality CIWP: Root Cause Analysis

Each root cause analysis engages students, teachers, and other stakeholders closest to each priority, if they are not already represented by members of the CIWP team.
 The root cause is based on evidence found when examining the student-centered problem.
 Root causes are specific statements about adult practice.
 Root causes are within the school's control.

[Return to Top](#) **Theory of Action**

What is your Theory of Action?

If we...
 do a strategic utilization such as data systems, protocols and menus of intervention; and create the infrastructure such as teams to ensure that every student has access to high quality tier 1 core SEL instruction along with any needed targeted tier 2 and 3 support/interventions

Resources:

Indicators of a Quality CIWP: Theory of Action

Theory of Action is grounded in research or evidence based practices.
 Theory of Action is an impactful strategy that counters the associated root cause.
 Theories of action explicitly aim to improve the experiences of student groups, identified in the Goals section, in order to achieve the goals for selected metrics.
 Theory of Action is written as an "If we... (x, y, and/or z strategy), then we see... (desired staff/student practices), which results in... (goals)"
 All major resources necessary for implementation (people, time, money, materials) are considered to write a feasible Theory of Action.

then we see...
 a culture and climate that supports risk taking and students engaged in interactive learning experiences

which leads to...
 Improved overall quality of SEL instruction and student outcomes for all learners school-wide. This will also then lead to an increase in student academic performance. Finally, this will also lead to an increase in students at or above grade level on the i-Ready Reading and Mathematics assessments by the end of SY26.

[Return to Top](#) **Implementation Plan**

Resources:

Indicators of a Quality CIWP: Implementation Planning

Implementation Plan Milestones, collectively, are comprehensive to implementing their respective Theories of Action and are written as SMART goals. The number of milestones and action steps per milestone should be impactful and feasible.
 Implementation Plan identifies team/person responsible for implementation management, monitoring frequency, scheduled progress checks with CIWP Team, and data used to report progress of implementation.
 Implementation Plan development engages the stakeholders closest to the priority, even if they are not already represented by members of the CIWP team.
 Action steps reflect a comprehensive set of specific actions which are relevant to the strategy for at least 1 year out.
 Action steps are inclusive of stakeholder groups and priority student groups.
 Action steps have relevant owners identified and achievable timelines.

Team/Individual Responsible for Implementation Plan

Parent and Family Plan

If Checked:

Our school is a Title I school operating a Schoolwide Program

This CIWP serves as your comprehensive Title I plan, which is a federal requirement for every Title I school operating a schoolwide program. As outlined in the federal legislation, this plan must be reviewed on at least an annual basis, and it must be made available to the district, parents, and the public. The following section, "Title I Schoolwide Programs and Parent Involvement," addresses the federal Title I requirements around meaningful parent and family involvement in developing and implementing Title I schoolwide programs.

Complete School & Family Engagement Policy, School & Family Compact, and Parent & Family Engagement Budget sections

If Checked:

Our school is a non-Title I school that does not receive any Title I funds. (Continue to Approval)

No action needed

SCHOOL & FAMILY ENGAGEMENT POLICY

ESSA, Title I, Part A law requires schools to develop a parent and family policy that reflects their commitment to develop best engagement practices and maximizes meaningful consultation. Checking the boxes below indicates that your school understands and complies with each requirement listed.

- The school will hold an annual meeting at a time convenient to parents and families during the first month of school to inform them of the school's participation in ESSA, Title I programs and to explain the Title I requirements and their right to be involved in the Title I programs. The school will also hold an annual Title I PAC Organizational meeting at which 4 PAC officers are elected and monthly meeting dates are identified. The school will also offer parental and family engagement meetings, including monthly school PAC meetings, at different times and will invite all parents and key family members of children participating in the ESSA, Title I program to these meetings, and encourage them to attend.
- At the request of parents, schools will provide opportunities for regular meetings, including the School Parent Advisory Council meetings, for parents and family members to formulate suggestions and to participate, as appropriate, in decisions about the education of their children.
- Schools will provide parents a report of their child's performance on the State assessment in at least math, language arts and reading.
- Schools will provide parents timely notice when their child has been assigned to, or taught by, a teacher who is not "highly qualified," as defined in the Title I Final Regulations, for at least four (4) consecutive weeks.
- Schools will assist parents of participating ESSA Title I children in understanding: the state's academic content standards; the state's student academic achievement standards; the state and local academic assessments, including alternate assessments; the requirements of Title I, Part A; how to monitor their child's progress; and how to work with educators.
- Schools will provide information, resources, materials and training, including literacy training and technology, as appropriate, to assist parents and family members in working with their children to improve their academic achievement, and to encourage increased parental involvement.
- Schools will educate all staff in the value and utility of contributions by parents and family and in how to reach out to, communicate, and work with parents and family as equal partners in the education of their children and in how to implement and coordinate parent and family programs and build ties with parents and family members.
- Schools will, to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities with other federal, state, and local programs, including public preschool programs, and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children.
- Schools will ensure that information related to the school and parent and family programs, meetings, and other activities is sent to parents in understandable and uniform formats, including language.

SCHOOL & FAMILY COMPACT

Your school shall jointly develop, with parents, a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement. Checking off the statements below indicates your school will develop a compact that complies with each requirement. Compact statements will be housed at the school and shared with all parents.

- The school will provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the participating student to meet the State's student academic achievement standards.
- The school will hold parent-teacher conferences.
- The school will provide parents with frequent reports on their children's progress.
- The school will provide parents reasonable access to staff.
- The school will provide parents, as appropriate, opportunities to engage in and volunteer with school activities.
- The parents will support their children's learning.
- The students will share the responsibility for improved student academic achievement by engaging in behaviors such as good attendance, positive attitude, and class preparation, among others.

PARENT & FAMILY ENGAGEMENT BUDGET

The overarching goal for Title I Parent & Family Engagement funds is to increase student academic achievement through parental and family engagement and supporting skills development. In the box below, identify the academic priority areas around which your parent engagement & skills development will be aligned. As a reminder, use of your funds must occur in consultation with parents.

In order to engage parents and families we will create programs to encourage in-person participation. If parents are actively involved in their children's school, then attendance rates and student achievement will increase. We will also provide parent training on various topics such as how to help your child at home with homework and how to improve your child's and family members mental and physical health. We will have family and community night that promote engagement within the school. Engage outside partnership to assist parents with parenting skills and other supports that parents may need to support the family. 

In order to maintain compliance with the use of Title I Parent & Family Engagement funds, please review and check each box below to indicate that your school understands and complies with the requirements following. We will...

- Spend Parent & Family Engagement Funds in a timely manner (Average 10%/month)
- Collaborate with parents, prioritizing PAC officers, to decide on Title I expenditures
- Assure that funds impact the majority of parents or focus on parents with students most at academic risk
- Provide up to date monthly fund reports to PAC officers
- Maintain a binder with the original documents related to PAC meetings, presentations, fund expenditures and other evidence of collaboration
- Provide support to PAC officers including but not limited to consultation about fund usage, meeting set-up, information dissemination, and organizational support
