Students at PECHS report a varying degree of connectedness with the school and individual staff. Students need universal tier one supports, with targeted tier 2 and 3 supports to ensure all areas of need are being addressed.

If this Foundation is later chosen as a priority, these are problems the school may address in this CIWP.

Students at PECHS do not experience a wall-to-wall postsecondary going culture, with staff members taking a reactionary approach to Postsecondary mapping/planning, rather than starting each year with a proactive plan to support student interests.

Additionally, we "drive" 90% of class instruction and learning, limiting students' abilitiy to have voice, agency, and ownership in their education.

## Indicators of a Quality CIWP: Root Cause Analysis

Each root cause analysis engages students, teachers, and other stakeholders closest to each priority, if they are not already represented by members of the CIWP team. The root cause is based on evidence found when examining the student-centered problem.

Root causes are specific statements about adult practice.

Root causes are within the school's control.

## As adults in the building, we...

work to make connections and establish relationships with students, but struggle in a few areas.

- Developing relationships with students we percieve as "challenging"
   Establising relationships with students who struggle in silence
- 3. Maintain relationships by providing necessary follow up with them

4. Approach SEL instruction as something separate from academic instruction

#### Indicators of a Quality CIWP: Root Cause Analysis

Each root cause analysis engages students, teachers, and other stakeholders closest to each priority, if they are not already represented by members of the CIWP team.

Resources: 💋

The root cause is based on evidence found when examining the student-centered problem.

Root causes are specific statements about adult practice.

Root causes are within the school's control.

## SY25-SY26 Implementation Milestones

SY25 Anticipated Milestones Following our learning year in SY24, we will enter SY25 with a functioning BHT, goals/visions, a system of referrals, and a progress monitoring plan. SY24 is centered on adult learning of the systems/structures in place to support students. During SY25 we will work to incorporate more student voice in the design of the BHT, the supports put in place, and group supports. Each campus will have a student Connectedness and Well-being team to share their experiences with BHT members and have an active role in designing school-wide policies and procedures.

SY26 Anticipated Milestones From here, we will begin expanding our understadning of student needs to supporting teachers with meeting those needs in the classroom. What does the work of the BHT look like in classrooms? How is the work of the BHT universal throughout the buidling and each campus. Students should feel supported in all spaces at all times.

## **Goal Setting**

#### Indicators of a Quality CIWP: Goal Setting

Each priority has both Practice Goals & Performance Goals reflecting end-of-year outcomes (numerical targets are optional and based on on applicable baselines and trend data).

Practice Goals, and at least 1 Performance Goal per priority, can be frequently monitored (reported 3X/year or more).

Goals seek to address priorities and opportunity gaps by embracing the principles of <u>Targeted Universalism</u>. There is consensus across the team(s) responsible for meeting the goals that the goals are ambitious and attainable based on anticipated strategies and unique school contexts.

Goals are reviewed and adjusted with most-current data sources, including MOY and EOY.

Schools designated as Comprehensive or Targeted Support by ISBE meet specified IL-EMPOWER goal requirements.

### **Performance Goals**

By the end of SY24, PECHS will have a Overall menu of tiered supports, with special attention to the universal supports in place. Our goal is to have a menu of interventions created with opportunities for students to provide feedback on how the intervention supports their levels of Cultivate Yes connectedness and wellbeing. From Dec 2023 - Spring 2024, student levels English Learners See above of "Belonging" decreased by 5 points. By the end of SY24, through our implementation of intentional tiered supports, we will see an increase of student levels of "belonging" by 15 points. By the end of SY24, all students English Learners Currently no data receiving Tier II & III interventions will be tracked, surveyed, and the impact of the intervention monitored, to inform what is working for our students and what is not working.
