Reflection on Foundations Protocol

Partnerships & Engagement

Indicators of a Quality CIWP: Reflection on Foundations

Schools reflect by triangulating various data sources, inclusive of quantitative and qualitative data, and disaggregated by student groups.

Reflections can be supported by available and relevant evidence and accurately represent the school's implementation of practices.

Stakeholders are consulted for the Reflection of Foundations.

Schools consider the impact of current ongoing efforts in the Reflection on Foundation.

Curriculum & Instruction

Using t	he associated references, is this practice consistently implemented?	References	What are the takeaways after the review of metrics?	Metrics
Yes	All teachers, PK-12, have access to high quality curricular materials, including foundational skills materials, that are standards-aligned and culturally responsive.	<u>CPS High Quality</u> <u>Curriculum</u> <u>Rubrics</u>	Our on-track data for all students improved with the exception of one department. In English, Math, Social Studies, and the non-core departments, our students had higher percentages of A's and B's and a lower failure rate than last school year. The number of students with D's and F's also decreased over the same time period. On SAT Suite data, our students improved at every level on Evidence-based Reading and Writing; for example, grade 11 students increased 37	J <u>AR (Math)</u> J <u>AR (English)</u> Rigor Walk Data (School Level Data)
Partially	Students experience grade-level, standards-aligned instruction.	Rigor Walk Rubric Teacher Team Learning Cycle Protocols Quality Indicators Of Specially Designed Instruction	points. While SAT Suite math scores improved in grades 9 and 10, grade 11 students dropped seven points from the previous test. The 10th grade students appear to be those who are struggling the most and with the poorest metrics. As these students rise to 11th grade, we need to prepare ourselves for the upcoming struggles and create intervention protocols and practices to support these students entering their junior year. Males are behind females in terms of academic performance in the four core subjects, with failures averaging in the low teens for males (10%-14% male students failing core subjects), but below 10% female students failing core subjects.	<u>PSAT (EBRW)</u> <u>PSAT (Moth)</u> <u>STAR (Reoding)</u>
Partially	Schools and classrooms are focused on the Inner Core (identity, community, and relationships) and leverage research-based, culturally responsive powerful practices to ensure the learning environment meets the conditions that are needed for students to learn.	<u>Powerful</u> <u>Practices Rubric</u> <u>Learning</u> <u>Conditions</u>	What is the feedback from your stakeholders? Our continued emphasis on our three school priorities has improved our school's mission and vision. Teachers have indicated that a continued push on the same three priorities will help develop continuity and improve their practice. Course level team meeting were particularly effective according to most stakeholders. Shared PD time and teacher-led professional development were highlights during the year.	<u>STAR (Math)</u> i <u>Ready (Reading)</u> <u>iReady (Math)</u>
Partially	The ILT leads instructional improvement through distributed leadership.	Continuum of ILT Effectiveness Distributed Leadership Foundational Pillars	One area of need expressed is to develop consistent grade level teams to focus on targeted students for reclamation and support. First and second-year teachers indicating coaching and course team support were influential in their growth. This was evidenced by improved REACH observations and discussions as the school year progressed. Concerns about student attendanceparticularly for 1st periodand student tardiness were consistent throughout the school year, as were concerns about student accountability for off-task or disruptive behaviors. School teams employed a checks and balance system that creates equitable access and decision-making as it relates to student academic achievement. Stakeholders used a shared	<u>Cultivate</u> <u>Grades</u> <u>ACCESS</u>
Partially	School teams implement balanced assessment systems that measure the depth and breadth of student learning in relation to grade-level standards, provide actionable evidence to inform decision-making, and monitor progress towards end of year goals.	Customized Balanced Assessment Plan ES Assessment Plan Development Guide HS Assessment Plan Development	leadership model to obtain best practices for monitoring school, student, staff progress. Learning cycles were used to monitor and improve students' progress as it relates to various performance indicators. Stakeholders collected, analyzed, developed, and implemented plans to increase individual and school wide student mastery level of understanding. Stakeholders made use of the Depth of Knowledge and Blooms Taxonomy level of learning to ensure that students experienced highest level mastery.	<u>TS Gold</u> Interim Assessment Dota
Partially	Evidence-based assessment for learning practices are enacted daily in every classroom.	Assessment for Leorning Reference Document	 What, if any, related improvement efforts are in progress? What is the impact? Do any of your efforts address barriers/obstacles for our student groups furthest from opportunity? Continued emphasis on assessing in the moment helped teachers improve in this area, which lead to an increase in seen data checks from the MOY Network walk-through to the EOY Network walk-through. Data showed the level of complexity for many tasks observed at the end of the year increased significantly from the BOY to the EOY Network walkthroughs data showed student tasks attacking more complex tasks with fewer teacher-supported accommodations than seen earlier in the year. As indicated above, most students improved in the SAT Suite exoms with particular. 	

What student-centered problems have surfaced during this reflection?

If this Foundation is later chosen as a priority, these are problems the school may address in this CIWP.

One clear student-centered problem that we have to address is that our male students are lagging behind our female students in passing core subjects. The passing rate for females in core subjects does not dip below 91%. However, our male students range from 85-89% passing in core subjects. This is primarily a concern for students without IEPs, as that subgroup performs on par with their female peers. Our IEP/LRE students have demonstrated a positive increase in grade performance; students with D's and F's has declined from last year to this year.

Wolverine Wednesdays all year, and that initiative was pushed school-wide at the beginning of the second semester. We intend to begin SAT Wednesdays throughout grades 9-11 from the start of the year.

students improved in the SAT Suite exams with particular growth in EBRW. Grade 11 teachers participated in SAT

What, if any, related improvement efforts are in progress? What is the impact? Do any of your efforts address barriers/obstacles for our student groups furthest from opportunity?

.

In their learning journey, many of our students need support in identifying and addressing areas of improvement. Our students need intental support with reflecting on the learning process. This will enable them to take ownership when identifying areas of challenges or areas tof improvement.

Teachers are implementing MTSS for our students to ensure that all students receive the individualized support they need for academic success. As teachers implement MTSS strategies, the administrative team will work with each grade-level counselor and teacher to ensure that students are being prepared to identify and address areas of improvement. Empowering students will enable them to take an active role in their learning journey., a skill that students will utilize beyond their Simeon experience. A member from the administrative team will attend student council meetings to ensure that the student voice is represented in the decision-making process (as it pertains to activities, events, culture & climate, etc.). Review surveys (quarterly) to address the concerns and ideas of our parents, students, and other stakeholders.

Determine Priorities

Root Cause

Resources: 💋

What is the Student-Centered Problem that your school will address in this Priority?

Students...

We are looking to continue our increase in SAT Suite scores-growth occurred over the 9th, 10th, and 11th grade teams. We want to address the disparity between our male students and our female students in terms of GPA and SAT scores. We need to build the college resiliency through our high impact core instruction; students will persevere through post-secondary opportunities because of the experiences we have given them at Simeon.

Determine Priorities Protocol

Indicators of a Quality CIWP: Determine Priorities

Schools determine a minimum of 2 Foundations to prioritize, with at least one being within the Instructional Core.

Priorities are informed by findings from previous and current analysis of data (qualitative and quantitative).

For each priority, schools specify a student-centered problem (within the school's control) that becomes evident through each associated Reflection on Foundation. Priorities are determined by impact on students' daily experiences.

Return to Top

5 Why's Root Cause Protocol

Resources: 💋

As adults in the building, we...

... noticed that African American males are still behind by failures averaging in the low teens for males (10%-14% male students failing core subjects) but below 10% female students failing core subjects.

*** We need to meet with at-risk males every three weeks to develop reclamation and remediation plans

...will provide targeted tutoring and reteaching/reassessing opportunities for all students with Ds or Fs

...collaborate and develop specific SAT learning tasks for EBRW and Math skill-building octivities

...provide specific accommodations for diverse learning students to ensure they are accessing grade level and SAT content

Indicators of a Quality CIWP: Root Cause Analysis

Each root cause analysis engages students, teachers, and other stakeholders closest to each priority, if they are not already represented by members of the CIWP team.

The root cause is based on evidence found when examining the student-centered oroblem

Root causes are specific statements about adult practice.

Root causes are within the school's control

Goal Setting

	Resources: 🗭
Indicators of a Quality CIWP: Goal Setting	IL-EMPOWER Goal Requirements
Each priority has both Practice Goals & Performance Goals reflecting end-of-year outcomes (numerical targets are optional and based on on applicable baselines and trend data).	For CIWP goals to fulfill IL-EMPOWER requirements, please ensure the following:
Practice Goals, and at least 1 Performance Goal per priority, can be frequently monitored (reported 3X/year or more).	-The CIWP includes a reading Performance goal -The CIWP includes a math Performance goal
Goals seek to address priorities and opportunity gaps by embracing the principles of Targeted Universalism.	-The goals within the reading, math, and any other
There is consensus across the team(s) responsible for meeting the goals that the goals are ambitious and attainable based on anticipated strategies and unique school contexts.	IL-EMPOWER goals include numerical targets -Schools designated as Targeted Support identify the student groups named in the designation within the goals
Goals are reviewed and adjusted with most-current data sources, including MOY and EOY.	above and any other IL-EMPOWER goals
Schools designated as Comprehensive or Targeted Support by ISBE meet specified IL-EMPOWER goal requirements.	

Performance Goals

Return to Top				Determine 1	Priorities	
						Resources: 😥
What	is the Student-Centered	Problem that yo	our school wil	l address in this Pri	iority?	Determine Priorities Protocol

Students...

The student-centered problem that we will address in this priority is to increase our graduation rate, increase the acceptance rate per college offers to 85%, increase our CTE certification by 50%, and increase the number of our students taking dual credit/dual enrollment by 50%.

Indicators of a Quality CIWP: Determine Priorities

Schools determine a minimum of 2 Foundations to prioritize, with at least one being within the Instructional Core.

Priorities are informed by findings from previous and current analysis of data (qualitative and quantitative).

For each priority, schools specify a student-centered problem (within the school's control) that becomes evident through each associated Reflection on Foundation. Priorities are determined by impact on students' daily experiences.

Return to Top

Root Cause

What is the Root Cause of the identified Student-Centered Problem?

5 Why's Root Cause Protocol

Resources: 💋

Resources: 😰

As adults in the building, we...

We noticed that the issues surrounding students being accepted into CTE trades after high school and we noticed that we need to increase more Dual credit and AP COURSES opportunites for more students.

Indicators of a Quality CIWP: Root Cause Analysis

Each root cause analysis engages students, teachers, and other stakeholders closest to each priority, if they are not already represented by members of the CIWP team. The root cause is based on evidence found when examining the student-centered problem. Root causes are specific statements about adult practice. Root causes are within the school's control.

	What is the	Root Cause	of the identify	ed Student-(Centered Problem		Resources: 😭			

5 Why's Root Cause Protocol

As adults in the building, we...

.We noticed that we are still having issues with our suspension rate and the full implementation of restorative practices. In order to decrease the suspension rate by 10%, we have to Provide multi-tiered intervention/support to students, especially our African-African males and diverse learners.

Indicators of a Quality CIWP: Root Cause Analysis

Each root cause analysis engages students, teachers, and other stakeholders closest to each priority, if they are not already represented by members of the CIWP team. The root cause is based on evidence found when examining the student-centered problem.

Resources: 💋

Root causes are specific statements about adult practice.

Root causes are within the school's control.

	Indicators of a Quality CIWP: Implementation Planning Implementation Plan Milestones, collectively, are comprehensive to implementing their respective Theories of Action and are written as SMART goals. The number of milestones and action steps per milestone should be impactful and feasible. Implementation Plan identifies team/person responsible for implementation management, monitoring frequency, scheduled progress checks with CIWP Team, and data used to report progress of implementation. Implementation Plan development engages the stakeholders closest to the priority, even if they are not already represented by members of the CIWP team. Action steps reflect a comprehensive set of specific actions which are relevant to the strategy for at least 1 year out. Action steps are inclusive of stakeholder groups and priority student groups. Action steps have relevant owners identified and achievable timelines.

Goal Setting

	Resources: 😰
Indicators of a Quality CIWP: Goal Setting	IL-EMPOWER Goal Requirements
Each priority has both Practice Goals & Performance Goals reflecting end-of-year outcomes (numerical targets are optional and based on on applicable baselines and trend data).	For CIWP goals to fulfill IL-EMPOWER requirements, please ensure the following:
Practice Goals, and at least 1 Performance Goal per priority, can be frequently monitored (reported 3X/year or more).	-The CIWP includes a reading Performance goal -The CIWP includes a math Performance goal
Goals seek to address priorities and opportunity gaps by embracing the principles of <u>Targeted Universalism</u> .	-The goals within the reading, math, and any other
There is consensus across the team(s) responsible for meeting the goals that the goals are ambitious and attainable based on anticipated strategies and unique school contexts.	IL-EMPOWER goals include numerical targets -Schools designated as Targeted Support identify the student groups named in the designation within the goals
Goals are reviewed and adjusted with most-current data sources, including MOY and EOY.	above and any other IL-EMPOWER goals
Schools designated as Comprehensive or Targeted Support by ISBE meet specified IL-EMPOWER goal requirements.

If Checked: Complete IL-Empower Section below		Our school receives school improvement funding through Title I, Part A, 1003 (IL-Empower) This CIWP serves as your School Improvement Plan, which is required for schools in school improvement status (comprehensive or targeted) as identified by the Illinois State Board of Education (ISBE). The following section, "IL-Empower," addresses grant requirements, assurances, and alignment across your CIWP, grant budget, and state designation.									
If Checked: No action needed		Our school DOES NOT receive school improvement funding through Title I, Part A, 1003 (IL-Empower). (Continue to Parent & Family Plan)									
		IL-Empower									
	IL-E	MPOWER GRANT ASSURANCES									
	By ch	necking the boxes below, you indicate that your school understands and complies with each of the gi	rant assurances listed.								
	The purpose of the IL-Empower grant funds, authorized under Title I, Part A, Section 1003 School Improvement of the Elementary and Secondary Education Act, is to support local education agencies (LEAs), via the Statewide System of Technical Assistance and Support (IL-EMPOWER) to serve schools implementing comprehensive support and improvement activities or targeted support and improvement activities. The goal is to provide all children significant opportunity to receive a fair, equitable, and high-quality education by providing adequate resources to substantially raise the achievement of students in lowest and underperforming schools, as defined by the Illinois State Board of Education (ISBE).										
	The purpose of the funding is to build the capacity of school leaders to implement effective school improvement practices, and the goal is to enable schools in improvement status to improve student achievement and performance outcomes and to exit status.										
 Funding will be used only to develop, implement and/or monitor School Improvement Plans (SIPs) / CIWPs. Grant funds may be used for the following types of planning and implementation activities: a) Paying school personnel to collaborate and to develop, implement, and monitor school improvement plans b) Contracting for professional services from State-Approved Learning Partners c) Conducting school-level needs assessments d) Analyzing data e) Identifying resource inequities f) Researching and implementing evidence-based interventions g) Purchasing atndards-aligned curriculum and materials h) Purchasing and administering local assessments for progress monitoring 											
Supplement, not supplant is in effect. Schools and LEAs shall use IL-Empower grant funds only to supplement the funds that would, in the absence of such federal funds, be made available from state and local sources for the education of students participating in programs assisted under this part, and not to supplant such funds.											
Schools designated for comprehensive or targeted support can expect four years of continuation funding from the initial summative designation. Improvement status defines the up-to four-year term that runs concurrently with the IL-EMPOWER grant program. Status and funding begin with an initial summative designation of comprehensive or targeted and continue through the remaining part of the first year in the planning phase of the grant and are followed by three consecutive years of implementation. School Improvement funding is awarded concurrently with improvement status. Improvement status and grant funding continue concurrently for up to four years regardless of positive changes in annual summative designations because IL-EMPOWER is structured to support local efforts with scaffolded support of sufficient size and longevity to improve outcomes for students and exit improvement status within a four-year grant term.											
	\checkmark	School Improvement Reports (SIR) are due on a triannual basis.									
Schools in comprehensive improvement status must work with a State-Approved Learning Partner to address areas identified in the respective school improvement plans. Schools in targeted improvement status may or may not elect to work with a State-Approved Learning Partner. Approved Learning Partners are contracted by ISBE and are authorized to provide direct professional learning services in evidence-based practices to LEAs and comprehensive and targeted schools. Only vendors selected for an executed contract with ISBE may provide services to IL-Empower districts and schools (both comprehensive and targeted) using Title I, Part A, Section 1003 School Improvement funds, and likewise only those subcontractors included in either the executed contract or subsequent written approval by ISBE may provide services to IL-EMPOWER districts and schools.											
As a grant recipient, you may be required to participate in program evaluation activities, site monit			coring visits, and audit protocols.								
As part of annual grant application and amendment processes, you may be asked to submit additional information regarding budget requests and alignment of budget allocations to CIWP.											
IL-EMPOWER SMART GOALS Of the goals developed earlier in this CIWP, please choose at least 2, and up to 3, that will be your focus areas for IL-Empower. These goals should be in alignment with your ISBE designation and reference specific student groups, as applicable. As part of the annual grant application and amendment processes, please be prepared to outline how your IL-Empower grant budgets will support the chosen goal(s).

Parent and Family Plan If Checked: \checkmark Our school is a Title I school operating a Schoolwide Program This CIWP serves as your comprehensive Title I plan, which is a federal requirement for every Title I school operating a schoolwide program. As outlined in Complete School & Family the federal legislation, this plan must be reviewed on at least an annual basis, and it must be made available to the district, parents, and the public. The following section, "Title I Schoolwide Programs and Parent Involvement," addresses the federal Title I requirements around meaningful parent and family Engagement Policy, School & Family Compact, and Parent involvement in developing and implementing Title I schoolwide programs. & Family Engagement Budget sections If Checked: Our school is a non-Title I school that does not receive any Title I funds. (Continue to Approval) No action needed

SCHOOL & FAMILY ENGAGEMENT POLICY

ESSA, Title I, Part A law requires schools to develop a parent and family policy that reflects their commitment to develop best engagement practices and maximizes meaningful consultation. Checking the boxes below indicates that your school understands and complies with each requirement listed.

- The school will hold an annual meeting at a time convenient to parents and families during the first month of school to inform them of the school's participation in ESSA, Title I programs and to explain the Title I requirements and their right to be involved in the Title I programs. The school will also hold an annual Title I PAC Organizational meeting at which 4 PAC officers are elected and monthly meeting dates are identified. The school will also offer parental and family engagement meetings, including monthly school PAC meetings, at different times and will invite all parents and key family members of children participating in the ESSA, Title I program to these meetings, and encourage them to attend. \checkmark
- At the request of parents, schools will provide opportunities for regular meetings, including the School Parent Advisory Council meetings, for parents and family members to formulate suggestions and to participate, as appropriate, in decisions about the education of their children. \checkmark
- \checkmark Schools will provide parents a report of their child's performance on the State assessment in at least math, language arts and reading
- Schools will provide parents timely notice when their child has been assigned to, or taught by, a teacher who is not "highly qualified," as defined in the Title I Final Regulations, for at \checkmark least four (4) consecutive weeks
- Schools will assist parents of participating ESSA Title I children in understanding: the state's academic content standards; the state's student academic achievement standards; the \checkmark state and local academic assessments, including alternate assessments; the requirements of Title I, Part A; how to monitor their child's progress; and how to work with educators.
- Schools will provide information, resources, materials and training, including literacy training and technology, as appropriate, to assist parents and family members in working with \checkmark their children to improve their academic achievement, and to encourage increased parental involvement.
- Schools will educate all staff in the value and utility of contributions by parents and family and in how to reach out to, communicate, and work with parents and family as equal \checkmark partners in the education of their children and in how to implement and coordinate parent and family programs and build ties with parents and family members.
- Schools will, to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities with other federal, state, and local programs, including public preschool programs, and conduct \checkmark other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children.
- Schools will ensure that information related to the school and parent and family programs, meetings, and other activities is sent to parents in understandable and uniform formats, \checkmark including language.

SCHOOL & FAMILY COMPACT

Your school shall jointly develop, with parents, a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement. Checking off the statements below indicates your school will develop a compact that complies with each requirement. Compact statements will be housed at the school and shared with all parents.

- The school will provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the participating student to meet the State's student \checkmark academic achievement standards
- \checkmark The school will hold parent-teacher conferences.
- \checkmark The school will provide parents with frequent reports on their children's progress.
- \checkmark The school will provide parents reasonable access to staff.
- \checkmark The school will provide parents, as appropriate, opportunities to engage in and volunteer with school activities.
- \checkmark The parents will support their children's learning.
- The students will share the responsibility for improved student academic achievement by engaging in behaviors such as good attendance, positive attitude, and class preparation, \checkmark among others.

PARENT & FAMILY ENGAGEMENT BUDGET

The overarching goal for Title I Parent & Family Engagement funds is to increase student academic achievement through parental and family engagement and supporting skills development. In the box below, identify the academic priority areas around which your parent engagement & skills development will be aligned. As a reminder, use of your funds must occur in consultation with parents.

It is our goal to provide a welcoming environment for families and invite them to participate as equal partners in the education of their children. We want to provide parents opportunities to acquire necessary information, knowledge, and skills to support their children's education at home and at school. It is also important that we engage parents in the school's volunteer program so they can participate in supporting school-wide, classroom, and parent involvement activities. In addition, we want to respond to parent concerns and/or complaints to ensure child's educational needs are met.

In order to maintain compliance with the use of Title I Parent & Family Engagement funds, please review and check each box below to indicate that your school understands and complies with the requirements following. We will...

- Spend Parent & Family Engagement Funds in a timely manner (Average 10%/month)
- Collaborate with parents, prioritizing PAC officers, to decide on Title I expenditures \checkmark
- \checkmark Assure that funds impact the majority of parents or focus on parents with students most at academic risk
- Provide up to date monthly fund reports to PAC officers
- d to PAC
- Provide support to PAC officers including but not limited to consultation about fund usage, meeting set-up, information dissemination, and organizational support \checkmark
