Practice Goals

Identify the Foundations Practice(s) most aligned to your practice goals.	Specify your practice goal SY24	and identify how you will measure progres SY25	ss towards this goal. <u>८</u> SY26
C&I:6 Evidence-based assessment for learning practices are enacted daily in every classroom.	Teachers engage in cycles of inquiry (COI) in their CCATs focused on building Project Based Learning classroom instructional practice	Teachers deepen their engagement with Project Based Learning classroom instructional practices, leveraging school drafted observation tools to progress monitor growth towards full implementation, growth areas, and strengths.	Full school adoption of both PBL and SBG. Teachers COI are built around improving practice and strengthening units that are aligned to grade level standards and responsive to student needs.
C&I:2 Students experience grade-level, standards-aligned instruction.	Pilot team of teachers engages in safe practice around Standards Based Grading. Learning from this team is used to support learning for the staff in SY25.	Standards based grading and standards aligned classroom tasks help to support classes that are more tightly aligned with grade-level, standards aligned instruction.	All staff adoption of standards based grading and standards aligned classroom tasks. This work helps to foster a learning culture that focuses on student growth and master of skills.
C&I:4 The ILT leads instructional improvement through distributed leadership.	CCAT Leads are selected and lead their teams through the COI process, identifying a specific problem of practice.	CCAT leads continue to develop PBL/STEAM practices through implementation of COIs.	Staff continues to build and master practices for each portion of the cycle of inquiry process, building more robust structures for distributive leadership across the building.

fewer students being referred to tier two and three supports via the BHT, dean and case manager and stronger culture of learning where all students participate fully as evidenced by consistent high student on-track rates.

Implementation Plan

Resources: 💋

Indicators of a Quality CIWP: Implementation Planning Implementation Plan Milestones, collectively, are comprehensive to implementing their respective Theories of Action and are written as SMART goals. The number of milestones and action steps per milestone should be impactful and feasible.

Implementation Plan identifies team/person responsible for implementation management, monitoring frequency, scheduled progress checks with CIWP Team, and data used to report progress of implementation.

Implementation Plan development engages the stakeholders closest to the priority, even if they are not already represented by members of the CIWP team.

Action steps reflect a comprehensive set of specific actions which are relevant to the strategy for at least 1 year out.

Action steps are inclusive of stakeholder groups and priority student groups.

Action steps have relevant owners identified and achievable timelines.

Goal Setting

	Resources: 😰
Indicators of a Quality CIWP: Goal Setting	IL-EMPOWER Goal Requirements
Each priority has both Practice Goals & Performance Goals reflecting end-of-year outcomes (numerical targets are optional and based on on applicable baselines and trend data).	For CIWP goals to fulfill IL-EMPOWER requirements, please ensure the following:
Practice Goals, and at least 1 Performance Goal per priority, can be frequently monitored (reported 3X/year or more).	-The CIWP includes a reading Performance goal -The CIWP includes a math Performance goal
Goals seek to address priorities and opportunity gaps by embracing the principles of <u>Targeted Universalism</u> .	-The goals within the reading, math, and any other
There is consensus across the team(s) responsible for meeting the goals that the goals are ambitious and attainable based on anticipated strategies and unique school contexts.	IL-EMPOWER goals include numerical targets -Schools designated as Targeted Support identify the student aroups named in the designation within the goals
Goals are reviewed and adjusted with most-current data sources, including MOY and EOY.	above and any other IL-EMPOWER goals
Schools designated as Comprehensive or Targeted Support by ISBE meet specified IL-EMPOWER goal requirements.

	Goal Settin	g		

UPLIFT HS_SY24-SY26_CIWP: 610394

Each priority has both Practice Goals & Performance Goals reflecting end-of-year outcomes (numerical targets are optional and based on on applicable baselines and trend data).

Practice Goals, and at least 1 Performance Goal per priority, can be frequently monitored (reported 3X/year or more). Goals seek to address priorities and opportunity gaps by embracing the principles of <u>Targeted Universalism</u>.

There is consensus across the team(s) responsible for meeting the goals that the goals are ambitious and attainable based on anticipated strategies and unique school contexts.

Goals are reviewed and adjusted with most-current data sources, including MOY and EOY.

Schools designated as Comprehensive or Targeted Support by ISBE meet specified IL-EMPOWER goal requirements.

Performance Goals

Numerical Targets [Optional] 🛛 📩

For CIWP goals to fulfill IL-EMPOWER requirements, please ensure the following: -The CIWP includes a reading Performance goal -The CIWP includes a math Performance goal -The goals within the reading, math, and any other IL-EMPOWER goals include numerical targets -Schools designated as Targeted Support identify the student groups named in the designation within the goals above and any other IL-EMPOWER goals

Practice Goals

Identify the Foundations Practice(s) most aligned to your practice goals.	Specify your practice goal SY24	and identify how you will measure progres SY25	s towards this goal. <u>⁄</u> SY26
P&E:1 The school proactively fosters relationships with families, school committees, and community members. Family and community assets are leveraged and help students and families own and contribute to the school's goals.	By the end of SY24, the school will build a calendar of programming the showcases the work of the school for the community and for families. Additionally, the team will have a draft communication strategy to help publicize these events.	By the end of SY25, the school will build on and refine the yearlong programing calendar and begin to empower parent and partner organizations to own portions of the planning and communicating (PAC, BAC, LSC, etc.)	By the end of SY26, the school will continue refining the yearlong programing calendar and fully empower parent and partner organizations to own and execute portions of the planning, communicating and implementation of parent-orientated events (PAC, BAC, LSC, etc.)
P&E:2 Staff fosters two-way communication with families and community members by regularly offering creative ways for stakeholders to participate.	By the end of the 2024 school year, the school will have established a minimum of three foundational communication channels aimed at enabling two-way interaction between staff and stakeholders. Additionally, the school will have hosted at least two community involvement events, focusing on creative avenues for stakeholder participation, with a participation rate of at least 30% of families.	By the end of the SY25, the school will have refined existing communication channels based on stakeholder feedback and increased the frequency of creative community involvement events to four per year, targeting a participation rate of 50% of families.	By the end of the 2026 school year, the school aims to sustain a 50% family participation rate and will introduce at least two innovative methods for two-way communication and stakeholder involvement, based on evolving technologies or community needs.

Parent and Family Plan

If Checked:	\checkmark	Our school is a Title I school operating a Schoolwide Program
Complete School & Family Engagement Policy, School & Family Compact, and Parent & Family Engagement Budget sections		This CIWP serves as your comprehensive Title I plan, which is a federal requirement for every Title I school operating a schoolwide program. As outlined in the federal legislation, this plan must be reviewed on at least an annual basis, and it must be made available to the district, parents, and the public. The following section, "Title I Schoolwide Programs and Parent Involvement," addresses the federal Title I requirements around meaningful parent and family involvement in developing and implementing Title I schoolwide programs.
If Checked:		Our school is a non-Title I school that does not receive any Title I funds. (Continue to Approval)
No action needed		(continue to Approva)

SCHOOL & FAMILY ENGAGEMENT POLICY

ESSA, Title I, Part A law requires schools to develop a parent and family policy that reflects their commitment to develop best engagement practices and maximizes meaningful consultation. Checking the boxes below indicates that your school understands and complies with each requirement listed.

- The school will hold an annual meeting at a time convenient to parents and families during the first month of school to inform them of the school's participation in ESSA, Title I programs and to explain the Title I requirements and their right to be involved in the Title I programs. The school will also hold an annual Title I PAC Organizational meeting at which 4 PAC officers are elected and monthly meeting dates are identified. The school will also offer parental and family engagement meetings, including monthly school PAC meetings, at different times and will invite all parents and key family members of children participating in the ESSA, Title I program to these meetings, and encourage them to attend.
- At the request of parents, schools will provide opportunities for regular meetings, including the School Parent Advisory Council meetings, for parents and family members to formulate suggestions and to participate, as appropriate, in decisions about the education of their children.
- 🗹 🛛 Schools will provide parents a report of their child's performance on the State assessment in at least math, language arts and reading.
- Schools will provide parents timely notice when their child has been assigned to, or taught by, a teacher who is not "highly qualified," as defined in the Title I Final Regulations, for at least four (4) consecutive weeks.
- Schools will assist parents of participating ESSA Title I children in understanding: the state's academic content standards; the state's student academic achievement standards; the state and local academic assessments, including alternate assessments; the requirements of Title I, Part A; how to monitor their child's progress; and how to work with educators.
- Schools will provide information, resources, materials and training, including literacy training and technology, as appropriate, to assist parents and family members in working with their children to improve their academic achievement, and to encourage increased parental involvement.
- Schools will educate all staff in the value and utility of contributions by parents and family and in how to reach out to, communicate, and work with parents and family as equal partners in the education of their children and in how to implement and coordinate parent and family programs and build ties with parents and family members.
- Schools will, to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities with other federal, state, and local programs, including public preschool programs, and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children.
- Schools will ensure that information related to the school and parent and family programs, meetings, and other activities is sent to parents in understandable and uniform formats, including language.

SCHOOL & FAMILY COMPACT

Your school shall jointly develop, with parents, a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement. Checking off the statements below indicates your school will develop a compact that complies with each requirement. Compact statements will be housed at the school and shared with all parents.

- The school will provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the participating student to meet the State's student academic achievement standards.
- The school will hold parent-teacher conferences.
- The school will provide parents with frequent reports on their children's progress.
- The school will provide parents reasonable access to staff.
- The school will provide parents, as appropriate, opportunities to engage in and volunteer with school activities.
- The parents will support their children's learning.
- The students will share the responsibility for improved student academic achievement by engaging in behaviors such as good attendance, positive attitude, and class preparation, among others.

PARENT & FAMILY ENGAGEMENT BUDGET

The overarching goal for Title I Parent & Family Engagement funds is to increase student academic achievement through parental and family engagement and supporting skills development. In the box below, identify the academic priority areas around which your parent engagement & skills development will be aligned. As a reminder, use of your funds must occur in consultation with parents.

Our academic priority areas for parent development are STEAM-aligned instructional practices that prepare students with 21st Century Skills and Habits of Mind. We also will prioritize strong literacy skill development for our students.

In order to maintain compliance with the use of Title I Parent & Family Engagement funds, please review and check each box below to indicate that your school understands and complies with the requirements following. We will...

- Spend Parent & Family Engagement Funds in a timely manner (Average 10%/month)
- Collaborate with parents, prioritizing PAC officers, to decide on Title I expenditures
- Assure that funds impact the majority of parents or focus on parents with students most at academic risk
- Provide up to date monthly fund reports to PAC officers
- Maintain a binder with the original documents related to PAC meetings, presentations, fund expenditures and other evidence of collaboration
- Provide support to PAC officers including but not limited to consultation about fund usage, meeting set-up, information dissemination, and organizational support
