What are the takeaways after the review of metrics?

Metrics

Connectedness & Wellbeing

Using the associated references, is this practice consistently implemented? References Yes Universal teaming structures are in place to support student connectedness and wellbeing, including a Behavioral Health Team and Climate and Culture Team. BHT Key Component Assessment SEL Teaming Structure Student experience Tier 1 Healing Centered supports, including SEL curricule Studies integrated SEL

What are the takeaways after the review of metrics?

Tier 1, 2 and 3 structures are in place to support student connectedness via the BHT and Culture/Climate Team, and Calm Classroom strategies. Restorative practices are in place to restore positive interactions and provide students strategies to resolve conflict. All students are encourgaed and invited to attend tutoring, mentoring, and OST programs to address deficit areas and increases acceleration to students interests and needs. Students with chronic absences and tardies are addressed by parent communication and family support where needed and classroom/school-wide incentives. We have an active student elected by peers as student council president to exercise student voice across the school setting.

Partnership & Engagement

Using t	Using the associated references, is this practice consistently implemented?					
Yes	The school proactively fosters relationships with families, school committees, and community members. Family and community assets are leveraged and help students and families own and contribute to the school's goals.	Spectrum of Inclusive Partnerships				
Yes	Staff fosters two-way communication with families and community members by regularly offering creative ways for stakeholders to participate.	<u>Reimogining With</u> <u>Cammunity</u> <u>Toolkit</u>				
Partially	School teams have a student voice infrastructure that builds youth-adult partnerships in decision making and centers student perspective and leadership at all levels and efforts of continuous improvement (Learning Cycles & CIWP).	<u>Student Voice</u> Infrastructure <u>Rubric</u>				

What are the takeaways after the review of metrics?

The fosters relationships with families via various modes of communcations. Parents are provided surveys throughout the school year to leverage collaboration, input, and feedback of a variety of school needs and goals. Parents and and community stakeholders participate in monthly LSC meetings. Parents and community stakeholders are invited to a host of school wide event during the school day and after school hours (ie, awards assembly, STEAM night, open house, Literacy night, parent/teacher conferences, etc.). Parents receive several communications notifications via different modalities; email, phone call, memo, robocall, in person during drop-off/pick-up, etc. Using some of the communication methods mentioned, school wide attendance meetings are held with families who require individualized support and resouces to increase attendence and decrease truancy. We have an active student elected by peers as student council president. We have partenerships with The Museum of Science and Industry, The Nature Museum, Project Lead the Way and The Good

What is the feedback from your stakeholders?

Increase student voice to build staff-student partnerships in school-wide decisons. Making space for staff to evaluate and reflect on decisions, initiatives, and data aroung school-wide initiatives with students.

Connectedness & Wellbeing

What student-centered problems have surfaced during this reflection? If this Foundation is later chosen as a priority, these are problems the school may address in this CIWP.

Students need to have a designated protocol of how, where, and when to give suggestions and feedback on school-wide initiatives. Teachers needs structured and consistent strategies for including student perspective around a sense of trust and belonging in the classroom community.

What, if any, related improvement efforts are in progress? What is the impact? Do any of your efforts address barriers/obstacles for our student groups furthest from opportunity?

We will continue to welcome families and community partners and stakeholders in our school community to participate in academic showcases and exhibitions, and actively contribute in decision-making discussions.

Goal Setting

Indicators of a Quality CIWP: Goal Setting

Each priority has both Practice Goals & Performance Goals reflecting end-of-year outcomes (numerical targets are optional and based on on applicable baselines and trend data).

Practice Goals, and at least 1 Performance Goal per priority, can be frequently monitored (reported 3X/year or more).

IL-EMPOWER Goal Requirements For CIWP goals to fulfill IL-EMPOWER requirements, please ensure the following: -The CIWP includes a reading Performance goal -The CIWP includes a math Performance acal

Resources: 💋

Jump to... Priority TOA Goal Setting Progress Select the Priority Foundation to pull over your Reflections here =>

Curriculum & Instruction

Numerical Targets [Optional] 🛛 📩

Goals seek to address priorities and opportunity gaps by embracing the principles of <u>Targeted Universalism</u>. There is consensus across the team(s) responsible for meeting the goals that the goals are ambitious and attainable based on anticipated strategies and unique school contexts.

Goals are reviewed and adjusted with most-current data sources, including MOY and EOY.

Schools designated as Comprehensive or Targeted Support by ISBE meet specified IL-EMPOWER goal requirements.

-The goals within the reading, math, and any other IL-EMPOWER goals include numerical targets -Schools designated as Targeted Support identify the student groups named in the designation within the goals above and any other IL-EMPOWER goals

Performance Goals

Practice Goals

Identify the Foundations Practice(s) most aligned to	Specify your practice goal	and identify how you will measure progress	s towards this goal. 🖄
your practice goals. 🛛 📩	SY24	SY25	SY26
C&I:5 School teams implement balanced assessment systems that measure the depth and breadth of student learning in relation to grade-level standards, provide actionable evidence to inform decision-making, and monitor progress towards end of year goals.	Grades K-8 will use a universal assessment system to measure student learning, reflect on trends across grade levels. We will utilize OST funding for students grades K-8 for after school programming to ensure high quality core instruction and supplementary instruction to close achievement gaps.	Teachers in grade K-8 will engage in professional developments for rigorous instruction, teachers will increase instructional planning time, supplement district-centralized formative assessments, as well as analyze school wide data to determine instructional effectiveness. Teachers will hold data driven instructional cycles where teachers review formative assessments and balanced grading during teacher team meetings. We will utilize OST funding for students grades K-8 for after school programming to ensure high quality core instruction and supplementary instruction to close achievement gaps.	connections, and expand student access to a wide range of rigorous texts including texts of appropriate grade level complexity that allow students to use complex reasoning, draw conclusions from observation, design and conduct experiments, and encourage debates amongst peers. We will utilize OST funding for students grades K-8 for ofter school programming to ensure high quality core instruction and supplementary instruction to close achievement gaps.
C&I:2 Students experience grade-level, standards-aligned instruction.	Teachers will provide rigorous instruction using Webb's DOK Levels of Questions 3 & 4 that provides student centered learning in which they colloborate with peers. This will lead to students' ability to create a written or tangible product. Teachers will use rubrics along with CheckPoint and IReady Assessments to measure growth.	Based upon the data collected from assessments, teachers will attend training at the national level. These trainings will inform teachers how to enage students in higherlevel thinking using best practices. If teachers implement their training with fidelity then students will be create products that reflect standard based learning at their grade level.	Teachers will provide real world applications, interdisciplinary connections, and expand student access to a wide range of rigorous texts including texts of appropriate grade level complexity that allow students to use complex reasoning, draw conclusions from observation, design and conduct experiments, and encourage debates amongst peers. We will utilize OST funding for students grades K-8 for after school programming to ensure high quality core instruction and supplementary instruction to close achievement gaps.
C&I:1 All teachers, PK-12, have access to high quality curricular materials, including foundational skills materials, that are standards-aligned and culturally responsive.	Teachers in grades K-8 will engage in professional developments at the state and national level with a focus on culturally responsive curriculum to effectively integrate culturally relevant teaching into their existing teaching practices.	Teachers will provide a culturally relevant curriculum that connects to researched-based, real-word text, and best practices for all students to access applicable resources and engage in a wide range of grade level complex text.	Teachers will prioritize students intellectual growth creating an environment where students affirm and appreciate multiple perspectives shared during peer-to-peer discouse to reflect attributes of critical thinking such as: strategic thinking and extending thinking.

your practice goals. A P&E:3 School teams have a student voice infrastructure that builds youth-adult partnerships in decision making and centers student perspective and leadership at all levels and efforts of continuous improvement (Learning Cycles & CIWP).	SY24 The school team will attend professional developments that educate staff on how to implement an effective student government. In addition to this the staff will collaborate with other schools to gain an understanding on their student council structures and establish a student council handbook.	SY25 The school team will implement an elected student council as well as attend porfesional developments and workshops to develop essential skills on peer jury implementation in order to give students more opportunities for equitable student voice within the decision- making process.	SY26 The peer jury will be selected by the Culture and Climate Team to determine balanced and equitable restortative practices to ensure student accountability for violating the student code of conduct.
C&W:2 Student experience Tier 1 Healing Centered supports, including SEL curricula, Skyline integrated SEL instruction, and restorative practices.	Staff will attend professional developments and workshops to further enhance their knowledge base on SEL programs that aid in cultivating students to gain a better understanding of their thoughts emotions, self-awareness and development of empathy among their peers.	Staff will implement SEL curricula with adaptations that support staff and students' feedback on implementation and effectiveness of positive relationships among teachers.	Staff will continue to acquire knowledge in the development of restorative processes that restore, rebuild and reconnect by attending professional developments, workshops and conferences.
C&W:1 Universal teaming structures are in place to support student connectedness and wellbeing, including a Behavioral Health Team and Climate and Culture Team.	Schools will appropriate supportive and equitable approaches to develop and sustain a learning environment that promotes the growth of self awareness, self management, social awareness, interpersonal skills and positive decision making skills that students need to facilitate positive interactions with peers.	The Behavioral and Health Team and Climate and Culture Team leaders will attend professional developments to increase effectiveness of restorative practices, empathetic communication with students, and reinforce competencies and behaviors targeted towards effective risk prevention, and a safe academically engaged and responsive environment.	The Cultural and Climate Team will facilitate student leadership committees that affirm student agency through the expression and reflection of students' thoughts, opinions, and values that they share to drive change within the school culture.

If Checked: Tomplete School & Family gagement Policy, School & mily Compact, and Parent amily Engagement Budget sections	Our school is a Title I school operating a Schoolwide Program This CIWP serves as your comprehensive Title I plan, which is a federal requirement for every Title I school operating a schoolwide program. As outlined in the federal legislation, this plan must be reviewed on at least an annual basis, and it must be made available to the district, parents, and the public. The following section, Title I Schoolwide Programs and Parent Involvement, 'addresses the federal Title I requirements around meaningful parent and family involvement in developing and implementing Title I schoolwide programs.
If Checked: No action needed	Our school is a non-Title I school that does not receive any Title I funds. (Continue to Approval)

SCHOOL & FAMILY ENGAGEMENT POLICY

ESSA, Title I, Part A law requires schools to develop a parent and family policy that reflects their commitment to develop best engagement practices and maximizes meaningful consultation. Checking the boxes below indicates that your school understands and complies with each requirement listed.

- The school will hold an annual meeting at a time convenient to parents and families during the first month of school to inform them of the school's participation in ESSA, Title I programs and to explain the Title I requirements and their right to be involved in the Title I programs. The school will also hold an annual Title I PAC Organizational meeting at which 4 PAC officers are elected and monthly meeting dates are identified. The school will also offer parental and family engagement meetings, including monthly school PAC meetings, at different times and will invite all parents and key family members of children participating in the ESSA, Title I program to these meetings, and encourage them to attend.
- At the request of parents, schools will provide opportunities for regular meetings, including the School Parent Advisory Council meetings, for parents and family members to formulate suggestions and to participate, as appropriate, in decisions about the education of their children.
- Schools will provide parents a report of their child's performance on the State assessment in at least math, language arts and reading.
- Schools will provide parents timely notice when their child has been assigned to, or taught by, a teacher who is not "highly qualified," as defined in the Title I Final Regulations, for at least four (4) consecutive weeks.
- Schools will assist parents of participating ESSA Title I children in understanding: the state's academic content standards; the state's student academic achievement standards; the state and local academic assessments, including alternate assessments; the requirements of Title I, Part A; how to monitor their child's progress; and how to work with educators.
- Schools will provide information, resources, materials and training, including literacy training and technology, as appropriate, to assist parents and family members in working with their children to improve their academic achievement, and to encourage increased parental involvement.
- Schools will educate all staff in the value and utility of contributions by parents and family and in how to reach out to, communicate, and work with parents and family as equal partners in the education of their children and in how to implement and coordinate parent and family programs and build ties with parents and family members.
- Schools will, to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities with other federal, state, and local programs, including public preschool programs, and conduct
- other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children.
- Schools will ensure that information related to the school and parent and family programs, meetings, and other activities is sent to parents in understandable and uniform formats, including language.

SCHOOL & FAMILY COMPACT

Your school shall jointly develop, with parents, a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement. Checking off the statements below indicates your school will develop a compact that complies with each requirement. Compact statements will be housed at the school and shared with all parents.

- The school will provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the participating student to meet the State's student academic achievement standards.
- The school will hold parent-teacher conferences.
- The school will provide parents with frequent reports on their children's progress.
- The school will provide parents reasonable access to staff.
- The school will provide parents, as appropriate, opportunities to engage in and volunteer with school activities.
- The parents will support their children's learning
- The students will share the responsibility for improved student academic achievement by engaging in behaviors such as good attendance, positive attitude, and class preparation, among others.

PARENT & FAMILY ENGAGEMENT BUDGET

The overarching goal for Title I Parent & Family Engagement funds is to increase student academic achievement through parental and family engagement and supporting skills development. In the box below, identify the academic priority areas around which your parent engagement & skills development will be aligned. As a reminder, use of your funds must accur in consultation with parents.

To Increase parents professional development and parenting skills through training parents and

In order to maintain compliance with the use of Title I Parent & Family Engagement funds, please review and check each box below to indicate that your school understands and complies with the requirements following. We will...

- Spend Parent & Family Engagement Funds in a timely manner (Average 10%/month)
- Collaborate with parents, prioritizing PAC officers, to decide on Title I expenditures
- Assure that funds impact the majority of parents or focus on parents with students most at academic risk
- Provide up to date monthly fund reports to PAC officers
- Maintain a binder with the original documents related to PAC meetings, presentations, fund expenditures and other evidence of collaboration
- Provide support to PAC officers including but not limited to consultation about fund usage, meeting set-up, information dissemination, and organizational support
