Mission Statement as of May 2013

To create a supportive and effective learning environment that provides rigorous and relevant instruction in an atmosphere that promotes success for all students.

School Priorities as of May 2013

| Description | Rationale |
|--|--|
| Build teacher's capacity to provide quality instruction through their use of higher order performance tasks, strategic questioning and engaging activities into their Common Core State Standards aligned unit and weekly instructional plans. | Teachers will be equipped with the knowledge and skills needed to design rigorous unit and lesson plans that increase student achievement. Classroom content will contain the necessary components to provide rigorous instructional activities that push students towards critical thinking, application of learned material in new and concrete situations and synthesis and evaluation of material for a given purpose. Students will become more engaged in the instructional process through relevant learning experiences that contribute to student ownership of the content and academic progress. |
| Improve the ILTs capacity to be a vehicle for teacher growth through professional development, coaching and ongoing support. | This priority will build teacher's capacity to deliver highly effective differentiated instruction aligned to the Common Core State Standards, by modeling expectations and learning strategies through guided practice and human interactions, in turn increasing the number of students who are meeting and exceeding expected gains. |
| Increase a common, consistent school wide approach to discipline in the classroom setting using the Well Managed Classroom and Restorative Justice model. | Teachers will be equipped with strategies to improve relationships with students and reduce misconducts that result in removal from the classroom. Teachers will be able to focus on classroom content and experience a reduction in the loss of instructional time caused by negative student behavior. Through the use of Restorative Justice and Well Managed Classroom social skills, students will begin to take ownership for their behavior in the classroom and will encourage postive behavior among their peers. |
| Maintain and support attendance strategies that will lead to sustained attendance growth. | Teachers will identify strategies that lead to improved attendance in the classroom and identify practices that will make instruction relevant and engaging for students. Increased attendance will decrease the loss of instructional time and the need for constant remediation due to chronic absences. Students will be motivated to attend school on a daily basis and experience an increased connection to the school, teachers and the curriculum. |
| Streamline and improve all supports for all off track and under credited students in order to increase on track/on pace percentages for all grade levels and prepare students for post-secondary opportunities. | Teachers will have the opportunity to reflect and improve instructional practice to remediate students who are off track. Teachers will assess where students are in terms of mastery of content and skill acquisition. This then allows teachers to add to and modify the curriculum content based on student performance. Through intensive supports and interventions, students are empowered to engage in and take ownership for their academic progress. |

| Programs & Services | |
|-------------------------------------|--|
| Advanced Placement Courses | Studio Art-3D Design, Student Art-Drawing, English Language & Composition, US Government & Politics, Statistics, Biology |
| CTE: Citywide | No |
| CTE: Other | WECEP |
| CTE: Traditional Academy | Construction and Architecture, Culinary & Hospitality |
| CTE: Traditional Program | Culinary Arts |
| Health and Wellness | Crisis Intervention Services, Targeted Behavioral Health Intervention |
| IB Wall-to-Wall/Programme | No |
| Parent and Community | Safe Passage |
| Scholastic | Summer School, Supplemental Educational Services (SES) Tutoring |
| School-wide Programs and Models | Community School, Construction and Architecture, Culinary and Hospitality, Small Learning Community, Supplemental Educational Services (SES) Tutoring, Community Schools |
| Selective Enrollment/Gifted Program | No |
| Service Leadership | JROTC |
| Sports and Fitness | Boys' Baseball, Boys' Bowling, Boys' Cross Country, Boys' Track, Boys' Water Polo, Football, Girls' Baseball, Girls' Bowling, Girls' Cross Country, Girls' Softball, Girls' Track, Girls' Volleyball, Girls' Water Polo, Wrestling |
| Supports And Resources | The Fenger community is committed to developing all students into strong leaders, critical thinkers, productive citizens, and lifelong learners. We seek to strengthen our students' word knowledge, fluency, comprehension, and writing skills in the context of a literacy-driven instructional program. |
| Theme Based Magnet | No |

| % Special education & students with disabilities | | % Receiving free or reduced lunch | | | % attending students who reside in neighborhood if boundary | % applicants enrolled if selective |
