Mission Statement as of May 2013

The mission of Lake View High School is to develop global citizens to be college and career ready in the 21st century through quality teaching and pedagogical innovation.

School Priorities as of May 2013

Description	Rationale
Curriculum and Instruction: Lake View will implement a Common Instruction Framework that will result in high student achievement in tandem with a continuous cycle of data-driven decision making.	Because only 36.8% in Reading, 33.3% in Math and 28.3% in Science are meeting or exceeding the state standards with less than 2% exceeding the standards on the PSAE. The implementation of a Common Instruction Framework will improve our PSAE score.
Organization: Lake View will implement systems and structures that characterize Professional Learning Communities and promote high student achievement.	Currently, we do have teams in place; however, we need to standardize practices throughout the building as well as engage in more professional readings.
Culture/College and Career Readiness: Lake View will focus on college and career readiness steeped in conversations and activities beginning with 9th grade.	In analyzing our fall 2012 Explore 15.7, Plan 16.8 and 2011 ACT 17.8 average, our ACT average is below the score that selective universities require for enrollment. More of an emphasis will be placed on exposing our student to college and university life beginning in 9th grade. This early exposure, along with our instructional framework, will increase the number of students being enrolled into colleges and universities.

Programs & Services

Advanced Placement Courses	Studio Art-Drawing, English Language & Composition, English Literature & Composition, US History, World History, Calculus AB, Statistics, Biology, Chemistry, Physics B, Spanish Language, Spanish Literature & Culture
College and Career	ACT/SAT Prep Courses, College Tours
