Mission Statement as of May 2013

The mission of the McDade Classical School is to prepare and develop a community of learners who are active, responsible, self-motivating and self-evaluating life-long learners who think critically, problem-solve, communicate effectively, and respect themselves and others.

School Priorities as of May 2013

Description	Rationale
Staff will provide common core aligned literacy instruction supported by high quality texts.	We have need to implement a more rigorous literacy and math curricula as we have below 50% meeting growth targets in literacy and math for all grades.
Staff will provide reading and math intervention to students identified on the beginning of the school-year assessments and monitor progress throughout the school-year.	We scored our school a "3" in intervention on the SEF. By improving our intervention methods we will ensure all students are able to grow in math and reading proficiency.
Staff will use technology to support differentiated instruction.	Based on the trends in the school's data, there seems to be a need to change some instructional practices.
