**Mission Statement as of May 2013**

Portage Park School strives to provide a superior educational setting to prepare our diverse student population for ongoing academic success. We call upon the skills and expertise of our entire learning community--including but not limited to teachers, support personnel, and parents--to facilitate and advance the academic and social skills of our students. We will continue to use the most current teaching materials, methods, and available technology to enhance learning opportunities in a supportive and caring environment.

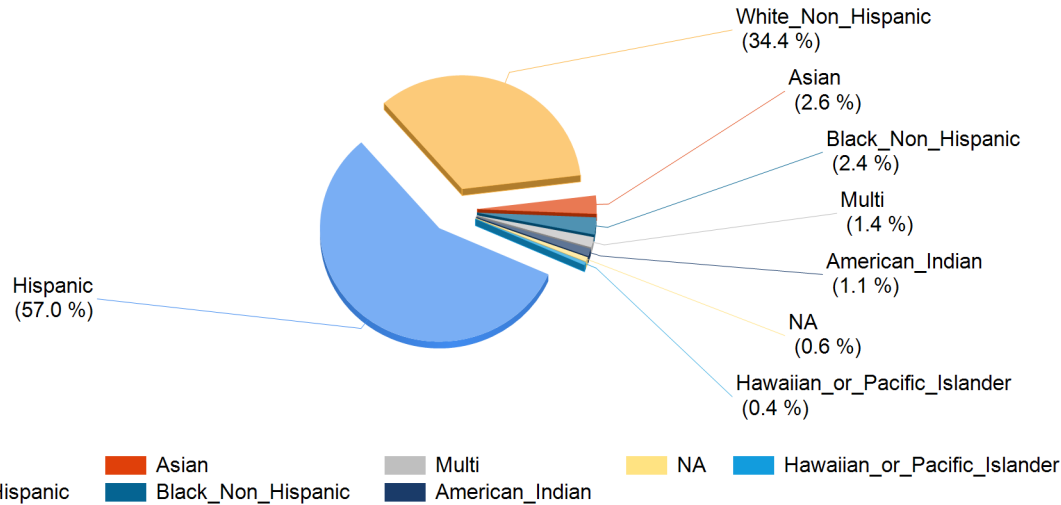

**School Priorities as of May 2013**

Description	Rationale
Improve reading scores by aligning curriculum and implementing the CCS. Introduce high-interest literature through high-quality rigorous instruction.	Our reading scores level off in the intermediate and upper grades.
Improve writing achievement through a sequenced writing program which emphasizes writing as a process and includes a variety of age-appropriate assignments while aligning grammar and usage objectives.	We do have writing portfolios in use now that follow the students from year to year but the quality of work is inconsistent. We do not have grammar books or workbooks at every grade level.
Improve mathematics achievement by implementing the CCS and use available technology to offer remediation to students below level.	Too many students score poorly on third grade ISAT math tests and struggle to catch up with their peers.
