Mission Statement as of May 2013

Our mission is to provide an educational experience that prepares all students to be critical thinkers and college and career ready by focusing our efforts on increasing achievement in literacy through a rigorous balance of focused instruction driven by the common core standards, the arts, and health and nutrition education.

School Priorities as of May 2013

Description	Rationale
Teachers will deliver a rigorous curriculum aligned to the Common Core by increasing their understanding of unit design and performance assessments through targeted ongoing professional development beginning the summer of 2012.	We need to implement a rigorous literacy curriculum as we have below 35% meeting growth targets in literacy for grades 3-8 and 60% in K-2.
We will focus on Guided Reading to increase student comprehension; enabling teachers to differentiate instruction by regularly analyzing and monitoring student reading levels.	We need to differentiate our instruction so that all students can be successful at their own instructional level as we have less than 35% of our students meeting their growth targets in literacy for grades 3-8 and 56% in K-2.
We will continue to provide an integrated arts, health and nutrition curriculum aligned closely to literacy standards while also impacting students' social/emotional and academic needs.	We would like to continue as a Go For the Gold Award Winning School because students who make better nutritional choices and those who are involved in our arts related programs, have shown an increase in our attendance.

Programs & Services

Advanced Placement Courses	No
CTE: Citywide	No
CTE: Other	No
CTE: Traditional Academy	No
CTE: Traditional Program	No
Health and Wellness	Crisis Intervention Services, School-based Dental Services
IB Wall-to-Wall/Programme	No
