Mission Statement as of May 2013

Southside Occupational Academy fosters a safe and supportive environment for all students to participate in an individualized transition education, capitalizing on student's interests and strengths while preparing them to become contributing members of their community.

School Priorities as of May 2013

Description	Rationale
Provide focused Professional Development and mentoring for school based personnel.	We scored our school a 3 in Professional Learning on the SEF. By enhancing our professional development and mentoring program, we will ensure all staff will be prepared to meet the transition educational needs of each student.
School staff will guide students and parents in completing essential steps in transition to post secondary life.	Parental input gained from questionnaires, PAC/LSC meetings, IEP meetings and surveys have indicated that students need increased preparation, support, and guidance for meaningful, valued and sustainable life outcomes.
Teachers will collaborate to discuss effective pedagogy, the transition curriculum, Common Core Standards, and assessments as they relate to positive school outcomes.	We scored a "3" in "Ongoing Communication", and "Use of Time". By improving on communication and providing time to collaborate, we will ensure that all stakeholder concerns, ideas, and questions are addressed.
Teachers will implement data-driven instruction utilizing a school-wide progress monitoring system.	We scored a "2" in monitoring and adjusting data on the SEF. By improving our data collection methods we will ensure all students' progress will be monitored in order to develop appropriate IEPs and plan for each students' post-secondary life.
Faculty and staff will implement PBIS as part of a whole school positive behavior support system to provide a positive and safe environment for all stakeholders.	Based on data gathered from IMPACT, we need to increase student attendance, improve student behavior within the school environment, and reduce the number of student misconducts.
