

## Connected Futures Academies Petition for Support

Connected Futures Academies (CFA), is a newly proposed public school designed to serve high school dropouts. We are seeking your support to encourage Chicago Public Schools to approve our application to open September 2014.

CFA High School offers an innovative program combining a high school degree and entrance into Chicago City Colleges. CFA's primary goal is to prepare students for productive careers after high school. In partnership with New Covenant Missionary Baptist Church and other Faith Based organizations, we believe our school will provide the support our youth need to re-enter high school, gain a quality education, and become prepared for future job opportunities. **Please help us educate our youth and empower our communities through education by signing this petition.**
