EMPATHY | PERSEVERANCE | INDEPENDENCE | CURIOSITY

In its first five years, Intrinsic has developed an innovative, personalized learning model that is yielding amazing results for Chicago Public School students. The success of the program and its students has caused demand to grow exponentially, as such, Intrinsic is aiming to open a second campus, downtown, to serve the needs of Chicago students in an area that is accessible to all.

of bi-literacy

## The Intrinsic Way

We put students first. We are warm and strict. We use data to inform decisions. We differentiate. We teach until students learn. We partner with families. We collaborate and ask for help. We are systems thinkers.

We are Intrinsic!

If you have questions or would like to submit feedback please call 708-887-2735 or email us at [mainoffice@intrinsicsschools.org](mailto:mainoffice@intrinsicsschools.org)

# THE CASE FOR GROWTH

Intrinsic's current model is working and is in demand. A downtown campus will build upon our success and give students the opportunity to

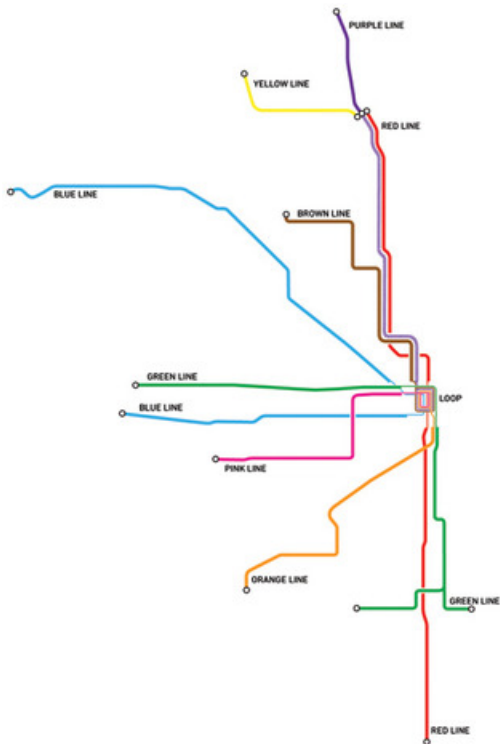

Take college level classes while in high school

Participate in internships and work study

Save money by earning college credit

## Schools Students Deserve

Chicago has a need for high quality high school seats.

Our expansion will add

# 1000

high quality seats to Chicago Public Schools!

## Intrinsic

Intrinsic is a part of the solution and is preparing children for the future. We partner with more than 40 Chicago area schools and believe a second campus is what parents want and what children deserve.

*If you would like to view the application for our proposed new school, it will be publicly posted on [www.cps.edu/2018RFP](http://www.cps.edu/2018RFP)*
