POSTGRADUATE TRAINING

| | |
|-------------------------------------------------------------------------------------------------------|-----------|
| Northwestern McGaw Medical Center, Chicago, IL Hematology/Oncology Fellowship Program | 2013-2016 |
| Mayo Clinic, School of Graduate Medicine, Rochester, MN Internal Medicine Residency Program | 2010-2013 |

EDUCATION

| | |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------|
| Feinberg School of Medicine, Northwestern University, Chicago, IL Doctor of Medicine | 2006-2010 |
| Northwestern University, Chicago, IL Master of Public Health Thesis: The Potential Implications of Health Reform Legislation on Addressing the Primary Care Physician Shortage Among Low-Income US Population: Resolution of House and Senate Bill Differences | 2006-2010 |
| Stanford University, Stanford, CA Bachelor of Science - Biomedical Engineering; Minor- Spanish | 2002-2006 |

MEDICAL LICENSURE AND BOARD CERTIFICATION

| | |
|---------------------------------------------------------|--------------|
| Licensed Physician State of Illinois | 2013-Present |
| Certified Diplomat, American Board of Internal Medicine | 2013 |
| Licensed Physician State of Minnesota | 2011-2013 |

HONORS AND AWARDS

| | |
|------------------------------------------------------------------------|------------|
| Chief Fellow, Division of Hematology/Oncology, Northwestern University | 2015-2016 |
| 40 Under 40 Young Women Professionals Award | 2015 |
| Driskell Immunology Fellow | 2014 -2016 |

Residency

| | |
|--------------------------------------------------------------------------------|------|
| Dr. Shaina Rozell Street | 2012 |
| Honorary street sign named for humanitarian work and achievement in Harvey, IL | |
| Mayo's Clinic Quality Fellows Bronze Certification | 2010 |

Medical School

| | |
|-------------------------------------------------------------------------------------------------------|------|
| Provident Foundation Scholarship | 2009 |
| Medical scholarship honoring Dr. Daniel Hale Williams honoring students with a commitment to medicine | |

| | |
|-------------------------------------------------------------------------------------------------------------------------|------|
| Cook County Physicians Award Medical scholarship awarded to one student from selected medical schools in Cook County | 2007 |
| National Medical Fellowship Recipient Awarded to those under-represented in medicine | 2007 |
| Dr. Charles E. Gavin Recipient Humanitarian Award honoring students with a commitment to medicine | 2007 |

EDUCATIONAL ACTIVITIES

Teaching Experience

| | |
|-----------------------------------------------------|------------|
| Department of Medicine Diversity Council | 2014- 2016 |
| Northwestern University Feinberg School of Medicine | 2014- 2016 |
| Scientific Basis of Medicine: Small Group Sessions | |

| | |
|-------------------------------------------------------------------------------------------------------------------------------------------------------|-----------|
| Student National Medical Association Health Professions Recruitment and Exposures Program (HPREP) | 2007-2009 |
| Organized program to assist in exposing high school students to science-related activities while introducing them to careers in the health profession | |

Academic Career Development Activities

| | |
|------------------------------------------------------------------------------------------------------------------------------------------------------------|------|
| Mayo Quality Fellows Program Program that provides quality improvement education and certification learning to identify and measure health care quality | 2010 |
|------------------------------------------------------------------------------------------------------------------------------------------------------------|------|

| | |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------|
| Stanford Business Leadership Program 50 students chosen for their strong commitment to career development and education Intimate teaching on leadership skills taught by various Stanford Professors and leading corporate sponsors | 2004 |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------|

Mentorship

| | |
|-------------------------------------------------------------------------------------------------------------------------------------------------|--------------|
| Governor's Literacy and Tutorial Program tutored and motivated a diversified group of students from pre-school through 8 th grade | 2003-2005 |
| Demoiselle 2 Femme (Young Ladies to Women) Program dedicated to mentoring and training adolescent women into transition into womanhood | 1999-Present |

RESEARCH ACTIVITIES

Northwestern University Robert H. Lurie Cancer Center

| | |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|------|
| Dept. Internal Medicine, Division of Hematology- Oncology | 2015 |
| Principal Investigator: Halla Nimeiri, Al Benson | |
| Project: A Phase II Study of FOLFOX Combined with nab-Paclitaxel in the treatment of Metastatic or Advanced Unresectable Gastric, Gastro-esophageal Adenocarcinoma | |

Northwestern University Robert H. Lurie Cancer Center

| | |
|-----------------------------------------------------------------------------------|------|
| Dept. Internal Medicine, Division of Hematology- Oncology | 2014 |
| Principal Investigator: Tim Kuzel, Joshua Meeks, Benedito Carneiro, Shaina Rozell | |

Project: A Phase 1 Study of neoadjuvant treatment of bladder carcinoma with gemcitabine, cisplatin and pembrolizumab (MK-3475).

Project: A Phase 2 study of adjuvant treatment of high-risk bladder carcinoma with pembrolizumab (MK-3475)

Northwestern University Robert H. Lurie Cancer Center

Dept. Internal Medicine, Division of Hematology- Oncology

2014

Principal Investigator: Tim Kuzel,

Project: NU 038 Database of Patients with Stage IV Renal Cell Carcinoma

Mayo Clinic Graduate School of Medicine

Dept. Internal Medicine, Division of Hematology- Oncology

2011-2013

Principal Investigator: Ayalew Tefferi

Project: "Prognostic analysis of karyotype metaphase number and abnormal/normal metaphase ratio in primary myelofibrosis"

Northwestern University

Dept. The Graduate School of Public Health

2007

Principal Investigator: Shaina Rozell, Enrique Rios Devora Grynspan

Site: Northwestern University International Program/Universidad de Panamericana, Mexico City, D.F

Project: "Deciphering Mexico's Healthcare system"

PRESENTATIONS AT NATIONAL AND INTERNATIONAL MEETINGS

1. **Rozell S.** Survivorship Care. What's Next, Life after Treatment? Cancer Connections. 7 November 2014, Chicago, IL
2. **Rozell S.** Pancreatic Neuroendocrine Tumors. Gastrointestinal Malignancies 2014 Update of Clinical Care. 7 March 2014, Chicago, IL
3. **Rozell S.** An Atypical Case of Marginal Zone Lymphoma. Chicago Lymphoma Rounds 14 November 2013, Chicago, IL
4. **Rozell S, Dean D.** The Internist's Tumor –A Case of Renal Cell Carcinoma to the Thyroid Gland 12 Years After Radical Nephrectomy. Presented at the Twenty First American Association of Clinical Endocrinologists annual scientific meeting , 23 May 2012, Philadelphia, PA
5. **Rozell S, Hardegree E, Wilson W.** A Woman With Blurred Vision Who Didn't Know "HACEK" She Was (Infective endocarditis and endophthalmitis in congenital heart disease). Presented at American College of Physicians annual scientific meeting, 20 Apr 2012, New Orleans, LA.

Board Member Application Form

General

| | |
|---------------------|------------------------------------------------------------------------|
| Name: | Shaina Rozell |
| E-mail Address: | srozell@gmail.com |
| PHONE : | (708)439-3777 |
| Position/Title: | Physician-Hematologist/Oncologist |
| Job Description: | Providing care to hematology and oncology patients in the Chicago area |
| Type of Experience: | Medicine, Science, Engineering |

Role of a Board Member

Please indicate whether you are currently or have previously served on the Board of a school or any non-profit organization.

Yes ☐

No ☒

If yes, please list and describe:

| |
|--|
| |
|--|

What is your understanding of the role of a Board member of a public charter, contract, or alternative school?

I understand that I am personally committed to the vision of the Hope Network of Schools.
That I am responsible for attending meetings as well as responsible for voting on implementation of certain rules, bylaws etc.
That I am responsible for implementation of models, as well as reviewing contracts

Why are you interested in serving as a member of a public charter, contract, or alternative school?

I am extremely passionate and invested in providing and transitioning girls into successful women, specifically in the math and science fields

Why do you believe that you are qualified to serve as a Board member of a public charter, contract, or alternative school? What previous experience, skills, or background do you have that is relevant to serving on the Board of the proposed charter, contract, or alternative school?

I have a biomedical engineering background. Shortly thereafter I pursued a medical degree as well as a master's in public health. I believe that I am equipped with tools and skills that can ensure and empower students to excel in the fields of Science, Technology, and Mathematics.

Moreover as a product of Demoiselle 2 Femme, NFP, I can wholeheartedly speak of the program and its method of ensuring that " children succeed" and have access to a brighter future.

What is your understanding of the school's mission, vision, educational philosophy and program?

As a Board member, how do you assess whether a school is (or is not) achieving its mission?

The mission of the school is to provide an academic foundation designed to develop and empower the students to become community and global leaders in the areas of science, technology, engineering, arts and mathematics.

As a board member, I will assist in creating benchmarks for students to meet as a way to ensure that the school is achieving its mission.

Describe the role that the Board will play (or currently does play) in the school's operation.

Will be establishing budgets

Will review contracts, and review financial reports

Will track students success in meeting those benchmark

Will provide networking opportunities as well as create partnerships with other local organizations and hospital, such as student shadowing, health care immersion programs etc.

How would you handle a situation in which you believe one or more members of the school's board were acting unethically or not in the best interests of the school?

Will call a meeting with a member individually to discuss the situation. I have experience mediating. If not resolved then this would need to be discussed with the board in order to resolve the underlying problem.

Verification

I declare that the above statements reflect my own views, opinions, and experience.

EDUCATION

| | |
|---------------------------------------------------------------------------------------------------------------------------|----------|
| Nova Southeastern University, School of Health Sciences, Ft. Lauderdale, FL <i>Awarded Doctorate in Health Science</i> | Dec 2015 |
| University of Illinois at Chicago (UIC) School of Public Health, Chicago, IL <i>Awarded Master of Public Health</i> | Aug 2010 |
| Wayne State University School of Medicine, Detroit, MI <i>Awarded Master of Science in Basic Medical Science</i> | Dec 2004 |
| University of Michigan, Ann Arbor, MI <i>Awarded Bachelor of Science in Biology</i> | May 1997 |

Research Interests

- Development and execution of best practices in community based engagement and outreach and evidence based community engaged research
- Implementation Science, Shared Decision Making and Dissemination Research
- Development of Public Health outreach, research and engagement programs for academic cancer center and Federally Qualified Health Center (FQHC)
- Conduct and design of clinical and translational cancer research
- Engagement of Faith Based Communities in research and capacity building
- Expertise as instructor and lecturer in graduate and undergraduate health sciences courses
- Development of graduate and undergraduate curriculums in clinical and community engaged research and public health and health sciences
- Role and conduct of training and educational curriculum for Community Health Workers

RESEARCH EXPERIENCE

University of Illinois Cancer Center, Research Scientist, Director Community Engaged Research and Implementation Science
March 2016-Present

Roles and Responsibilities

- Co-Investigator and oversee community engagement and co-develop training and education for NCI P20 GUIDE Project
- Serve as site Co-Investigator and National Co-Chair for Community Engagement for NIH UG3 Precision Medicine All of Us Research Project
- Serve as UIC Core Co-Lead on NCI U54 ChicagoCHEC project with NU and NEIU
- Align cancer research, screening and navigation of ambulatory care network of 12 federally qualified health centers (FQHCs) with mission and vision of UI Cancer Center
- Oversee all aspects of community engaged research within a network of 12 federally qualified health centers

University of Illinois Cancer Center, Senior Research Specialist (Administrator, Community Engaged Research)

February 2014-February 2016

Roles and Responsibilities

- Developed Office of Community Engaged Research and Implementation Science in the UI Cancer Center
- Established a funded portfolio of over \$18 million in a 24 month period
- Serve as site Project Director for two NCI funded multi-institutional cancer disparities grants U54 and P20
- Developed strategic priorities to align community engaged research with model of community focused cancer center

University of Chicago, Center for Interdisciplinary Studies, Inquiry and Innovation (Ci3) in Sexual and Reproductive Health: Research Manager

June 2013-January 2014

University of Illinois at Chicago, Center for Clinical and Translational Sciences (CCTS): Director of Clinical Research Recruitment, Retention and Community Engagement

February 2012-April 2013

University of Illinois at Chicago, Urban Health Program Early Outreach Program: Director

August 2011-February 2012

University of Illinois at Chicago Medical Center, Department of Neurosurgery: Research Manager

September 2010-April 2012

University of Illinois at Chicago Medical Center, Department of Neurosurgery: Director of Clinical Research Development

September 2007-September 2010

University of Illinois at Chicago Medical Center, Department of Neurosurgery: Research Specialist

September 2005-September 2007

Clinical Investigation Specialist, Inc., Gurnee, IL

Project Manager/In-House CRA

January 2005-October 2005

Clinical Investigation Specialist, Inc., Gurnee, IL

Lead Clinical Research Coordinator/In-House CRA

June 2003-January 2005

Beaumont Hospital Department of Nephrology, Detroit, MI

Study Coordinator

Summer 2000

Wayne State University School of Medicine Dept. of Endocrinology, Detroit, MI

Clinical Research Assistant

September 1998-July 1999

University of Michigan Department of Kinesiology, Ann Arbor, MI

Research Assistant in Department of Growth and Development

September 1996- May 1997

TEACHING and ACADEMIC ADMINISTRATION EXPERIENCE

Northwestern University School of Professional Studies: Program Advisor, Master of Science in Regulatory (MSRC) Affairs Program

January 2016-Present

Roles and Responsibilities:

- Oversee curriculum development and alignment with accreditation standards
- Oversee and develop holistic recruitment and graduate admissions process
- Serve as faculty liaison to represent institution and program at local and national level
- Serve as committee chair/First Reviewer for Graduate Students in MSRC Program

Northwestern University School of Professional Studies: Instructor/Lecturer

June 2011-Present

Roles and Responsibilities:

- Classroom instruction of graduate students in Clinical Research.
- Curriculum and Course Content Design.
- Educate graduate level students on current FDA requirements and GCP guidelines for clinical trial design and conduct.

DePaul University College of Health Sciences: Instructor/Adjunct Faculty Member

August 2011-Present

Roles and Responsibilities:

- Create course guide for innovative health Science College whose mission is to prepare undergraduate students to pursue careers and further training in health professions.
- Create syllabus and course content for inaugural course in new college of health sciences.
- Oversee the instruction of over 60 undergraduate pre-health professions majors.
- Work with Department heads to create course objectives and identify teaching tools to meet mission of new department.

University of Illinois at Chicago School of Public Health Teaching Assistant: CHSC 400; Public Health Concepts and Practice

September 2010-June 2013

Roles and Responsibilities:

- Assist Professor in managing 130 students in online introductory course to Community Health Science.
- Assist Professor in grading, and managing online activities for graduate level course.

AWARDS

- 2016 Community Champion Metropolitan Chicago Breast Cancer Task Force
- 2016 Distinguished Service Minority Health Symposium
- 2013 Chicago Urban League Innovator in STEM award
- 2011 UIC Medical Center Recognition for Outstanding Service
- UIC 2007 Nuveen International Research Grant Recipient

GRANT-FUNDED PROJECTS**Ongoing Research Support**

UG3 OD023189 (PI: Winn, R)
NIH/NCI

07/06/16 – 06/30/21

The Illinois Precision Medicine Consortium

The Illinois Precision Medicine Consortium is comprised of 3 major Chicago-area academic institutions to recruit and examine a large and diverse cohort of individuals across all age groups from both sexes, including both healthy people and those with pre-existing diseases. The institutions would follow these individuals through innovative mobile health technologies, electronic health records, and health insurance claims data to enable linkage of genetic and environmental exposures with broad array of health outcomes.

Role: Co-Investigator

P20 CA202908-01 (PI: Winn, R)
NIH/NCI

09/01/15 - 08/30/19

The GUIDE Cancer Research Training Project

The GUIDE (GSU-UICC-Disparities-Education) Cancer Research Training Project is a collaborative initiative between Governors State University (GSU) and University of Illinois' Cancer Center (UICC). The institutions will jointly conduct a pilot research project addressing a local, cancer-related health disparity and will develop a training program for GSU junior faculty and undergraduate students designed to attract and prepare investigators for careers in cancer disparities

Role: Co-Investigator

U54 CA202997-01 (PI: Winn, R)
NIH/NCI

09/01/15 - 08/31/20

The Chicago Collaborative to Promote and Advance Cancer Health Equity

The presence of major cancer health inequities in Chicago is well-documented. This proposed 3 institutional partnership poses a strong and important approach for reducing deeply-engrained disparities. CCPACHE is a partnership in research, education, and community outreach aimed directly at building and fostering the next generation pipeline of students and faculty entering health-related careers, increasing the number of cancer health disparities researchers, and facilitating the translation of cancer research that is directly informed by, and relevant to, Chicagoland communities most impacted by cancer disparities.

Role: Core Co-Lead Community Engagement

U54 CA202997-01 (PI: Winn, R)

09/01/15 - 08/31/20

NIH/NCI

Colorectal Cancer Partnership Development Pilot Project:**The Chicago Collaborative to Promote and Advance Cancer Health Equity**

The presence of major cancer health inequities in Chicago is well-documented. This proposed 3 institutional partnership poses a strong and important approach for reducing deeply-engrained disparities. CCPACHE is a partnership in research, education, and community outreach aimed directly at building and fostering the next generation pipeline of students and faculty entering health-related careers, increasing the number of cancer health disparities researchers, and facilitating the translation of cancer research that is directly informed by, and relevant to, Chicagoland communities most impacted by cancer disparities.

*Role: Co-PI***Grants Under Review**

R25 National Cancer Institute (PI: Watson, K)

The goal of the University of Illinois at Chicago (UIC) **YES-PLUS** Program (Youth Enjoy Science-Pipeline to Learning and Understanding Science) is to support the overarching goal of the National Cancer Institute (NCI) of enhancing the diversity of the biomedical, behavioral and clinical research workforce. Multi-PIs Include: R. Winn and N. Varelas.

Role: PI

R01 National Institute of Health (PI: Winn, R)

The VALUE Project (Violence-Adverse Childhood Experiences-Long term- Urban Epigenetics Changes in Prostate Cancer Risk). . The overarching purpose of this study is to improve our understanding regarding epigenetic mechanisms through which elevated exposure to neighborhood-associated chronic toxic stress (NACTS) may explain higher PCa mortality rates in AA compared to White men.

Role: Co-Investigator

Completed Research Support

Illinois Heart and Rescue Grant (PI: H. Smith) 2014-2015

The purpose of this grant is to increase community engaged efforts for improving outcomes in sudden cardiac arrest and to increase capacity of community based organization to engage in research

Role: Consultant

Illinois Department of Public Health (PI: K. Hoskins) 2014-2015

The purpose of this grant is to expand/develop a breast cancer survivor program that increases health literacy of survivors and disseminates evidence based data to at risk community members and family members.

Role: Project Director

PERCH Funding through Northwestern University (PI) 2010-2011

The purpose of this grant it to build capacity of a faith based community partner and academic partner to build a community engaged research infrastructure to support community based participatory research

Role: Co-PI

EDUCATION:

Bible Artillery and Training Seminary, Chicago Illinois Doctorate of Humane Letters 2014
Bible Artillery and Training Seminary, Chicago Illinois Doctorate of Divinity 2014
Six Sigma Lean Black Belt, Management and Strategies Institute. 2013
Certified Ethics Associate, Management and Strategies Institute. 2012
Midwest Apostolic Bible College, Chicago, Illinois; Masters of Divinity 2008
North Park University & Theological University, Chicago, Illinois; B.A., Human Development,
Honors, Omicron Psi Honor Society; Inducted December 1998
Kennedy King College, Chicago, Illinois; A.A.S. Social Service Family Welfare, Honors 1992
Phi Theta Kappa International Honor Society; Inducted May 1990

ADDITIONAL EDUCATION EXPERIENCES:

Under Graduate Courses at: Roosevelt University, Chicago, Illinois 1992

Graduate Courses at: Masters Graduate School of Divinity; Evansville, Indiana 2004

PAST (20) TWENTY YEAR PROFESSIONAL WORK EXPERIENCE and HISTORY

- 2013 - Present: Human Resource Director, AGB Investigative Services Inc.
- 2010 – 2013: Program Manager, Chicago Family Health Center; Project HOPE
- 2007 – 2010: Community Case Manager, Chicago Family Health Center; Mobile Health Team (*Homeless Population*)
- 1996 – 2007 Executive Director, Life Skills Institute of America
- 1992 – 1996: Chicago City Colleges, Kennedy King Campus; Wrote and Developed the first Tutorial Policy and Procedures Manual - Coordinator Human Services Tutorial Dept.

PROFESSIONAL EXPERIENCE

- Developed federal, state and private proposals securing approximately 3 million dollars funding
- Prepared, submitted, and responded to reports required by the Federal and State offices of the Department of Health and Human Services.
- Coordinated and Established highly effective diverse community / stakeholder collaborative
- Participated in collaborations to establish partnerships with youth service providers.
- Administered and monitored program budgets in compliance with IDHS and MCHB SPRANS.
- Conducted staff meetings and coordinated professional development sessions.
- Developed the curriculum for the “I Am Worth The Wait” student education program.
- Scheduled and conducted staff in training activities, and attended job related seminars for professional growth and development.
- Provided case management to individuals and families in Homeless Shelters
- Coordinated / acquired services/resources for mental health and alcohol/substance abuse clients.
- Supervised maintenance of filing system, database, counseling, and participant records.

PROFESSIONAL EXPERIENCE (*Continued*)

- Coordinated community meetings and maintained positive relationships with parents of program participants.
- Case Managed families and youth identifying and matching needs to available resources.
- Assessed individuals and families; developed Family Action Plans and Individual Action Plans; facilitated FAP and IAP Reviews.
- Prepared monthly, quarterly, and annual reports.
- Formulated long range plans to ensure effectiveness and quality in meeting project goals.
- Developed and implemented program model for mentoring at risk youths.
- Trained adults and teen peers for mentoring at risk youth through the Life Skills Institute of America.
- Developed and Supervised annual summer youth camps for inner city youths.
- Provided family and individual consulting services for family and individual (*personal*) development.
- Supervised the summer youth jobs program with the city of Chicago (MOWD).
- Hired and trained program and project personnel.
- Developed and facilitated parenting and community group and supportive services.
- Coordinated the CLASS (*Community Leaders Achieving School Success*) Program at the John D. Shoop Academy.
- Provided Life Skills and Personal Development workshops to inner city and at risk youth via community based organizations, churches, private and public schools, 1997 through 2007.

MAJOR PROFESSIONAL INTERESTS & AFFILIATIONS

- Board Member American Heart Association Multicultural Health Council
- Co Chair Chicago Community Health Workers Local Network
- Founder: African American Family Association; NFP (501 -C-3).
- Developed Character Based Development Programs for Adolescents
- Curriculum Development for Prevention and Youth Development Programs
- Chaplain Xi Lambda Chapter Alpha Phi Alpha Fraternity Incorporated
- Member Healthcare Consortium of Illinois General Assembly
- Publisher, Family Voice Newsletter
- Host, Family Forum Cable Television Show
- Member Partnership For A Better Roseland

PERSONAL ACCOMPLISHMENTS - CERTIFICATES & AWARDS

- Omicron Psi Honor Society; Inducted December 1998
- Member Phi Theta Kappa International Honor Society; Inducted May 1990
- Member Alpha Phi Alpha Fraternity Incorporated
- Supervisory Skills Training I and II Northwestern University
- Featured in print publications such as, Citizen Newspaper, Bulletin Newspaper, Chicago Defender, Chicago Gospel Style Magazine, Headway Magazine, and The Citizen.
- Featured on radio and television programs such as WYLL, WVON, WMBI, TV 38 among Friends, Another Perspective, and a CNN News Special.
- Invited to Washington D.C. by the Citizens Select Committee on Public Health Oversight to give testimony at the 1995 Senate Confirmation Hearings of Judge Henry Foster.

Research Interests

- Development and execution of best practices in community based engagement and outreach and evidence based community engaged research
- Implementation Science, Shared Decision Making and Dissemination Research
- Development of Public Health outreach, research and engagement programs for academic cancer center and Federally Qualified Health Center (FQHC)
- Conduct and design of clinical and translational cancer research
- Engagement of Faith Based Communities in research and capacity building
- Expertise as instructor and lecturer in graduate and undergraduate health sciences courses
- Development of graduate and undergraduate curriculums in clinical and community engaged research and public health and health sciences
- Role and conduct of training and educational curriculum for Community Health Workers

RESEARCH EXPERIENCE

University of Illinois Cancer Center, Research Scientist, Director Community Engaged Research and Implementation Science
March 2016-Present

Roles and Responsibilities

- Co-Investigator and oversee community engagement and co-develop training and education for NCI P20 GUIDE Project
- Serve as site Co-Investigator and National Co-Chair for Community Engagement for NIH UG3 Precision Medicine All of Us Research Project
- Serve as UIC Core Co-Lead on NCI U54 ChicagoCHEC project with NU and NEIU
- Align cancer research, screening and navigation of ambulatory care network of 12 federally qualified health centers (FQHCs) with mission and vision of UI Cancer Center
- Oversee all aspects of community engaged research within a network of 12 federally qualified health centers

University of Illinois Cancer Center, Senior Research Specialist (Administrator, Community Engaged Research)

February 2014-February 2016

Roles and Responsibilities

- Developed Office of Community Engaged Research and Implementation Science in the UI Cancer Center
- Established a funded portfolio of over \$18 million in a 24 month period
- Serve as site Project Director for two NCI funded multi-institutional cancer disparities grants U54 and P20
- Developed strategic priorities to align community engaged research with model of community focused cancer center

University of Chicago, Center for Interdisciplinary Studies, Inquiry and Innovation (Ci3) in Sexual and Reproductive Health: Research Manager

June 2013-January 2014

University of Illinois at Chicago, Center for Clinical and Translational Sciences (CCTS): Director of Clinical Research Recruitment, Retention and Community Engagement

February 2012-April 2013

University of Illinois at Chicago, Urban Health Program Early Outreach Program: Director

August 2011-February 2012

University of Illinois at Chicago Medical Center, Department of Neurosurgery: Research Manager

September 2010-April 2012

University of Illinois at Chicago Medical Center, Department of Neurosurgery: Director of Clinical Research Development

September 2007-September 2010

University of Illinois at Chicago Medical Center, Department of Neurosurgery: Research Specialist

September 2005-September 2007

Clinical Investigation Specialist, Inc., Gurnee, IL

Project Manager/In-House CRA

January 2005-October 2005

Clinical Investigation Specialist, Inc., Gurnee, IL

Lead Clinical Research Coordinator/In-House CRA

June 2003-January 2005

Beaumont Hospital Department of Nephrology, Detroit, MI

Study Coordinator

Summer 2000

Wayne State University School of Medicine Dept. of Endocrinology, Detroit, MI

Clinical Research Assistant

September 1998-July 1999

University of Michigan Department of Kinesiology, Ann Arbor, MI

Research Assistant in Department of Growth and Development

September 1996- May 1997

TEACHING and ACADEMIC ADMINISTRATION EXPERIENCE

Northwestern University School of Professional Studies: Program Advisor, Master of Science in Regulatory (MSRC) Affairs Program

January 2016-Present

Roles and Responsibilities:

- Oversee curriculum development and alignment with accreditation standards
- Oversee and develop holistic recruitment and graduate admissions process
- Serve as faculty liaison to represent institution and program at local and national level
- Serve as committee chair/First Reviewer for Graduate Students in MSRC Program

Northwestern University School of Professional Studies: Instructor/Lecturer

June 2011-Present

Roles and Responsibilities:

- Classroom instruction of graduate students in Clinical Research.
- Curriculum and Course Content Design.
- Educate graduate level students on current FDA requirements and GCP guidelines for clinical trial design and conduct.

DePaul University College of Health Sciences: Instructor/Adjunct Faculty Member

August 2011-Present

Roles and Responsibilities:

- Create course guide for innovative health Science College whose mission is to prepare undergraduate students to pursue careers and further training in health professions.
- Create syllabus and course content for inaugural course in new college of health sciences.
- Oversee the instruction of over 60 undergraduate pre-health professions majors.
- Work with Department heads to create course objectives and identify teaching tools to meet mission of new department.

University of Illinois at Chicago School of Public Health Teaching Assistant: CHSC 400; Public Health Concepts and Practice

September 2010-June 2013

Roles and Responsibilities:

- Assist Professor in managing 130 students in online introductory course to Community Health Science.
- Assist Professor in grading, and managing online activities for graduate level course.

AWARDS

- 2016 Community Champion Metropolitan Chicago Breast Cancer Task Force
- 2016 Distinguished Service Minority Health Symposium
- 2013 Chicago Urban League Innovator in STEM award
- 2011 UIC Medical Center Recognition for Outstanding Service
- UIC 2007 Nuveen International Research Grant Recipient

GRANT-FUNDED PROJECTS**Ongoing Research Support**

UG3 OD023189 (PI: Winn, R)
NIH/NCI

07/06/16 – 06/30/21

The Illinois Precision Medicine Consortium

The Illinois Precision Medicine Consortium is comprised of 3 major Chicago-area academic institutions to recruit and examine a large and diverse cohort of individuals across all age groups from both sexes, including both healthy people and those with pre-existing diseases. The institutions would follow these individuals through innovative mobile health technologies, electronic health records, and health insurance claims data to enable linkage of genetic and environmental exposures with broad array of health outcomes.

Role: Co-Investigator

P20 CA202908-01 (PI: Winn, R)
NIH/NCI

09/01/15 - 08/30/19

The GUIDE Cancer Research Training Project

The GUIDE (GSU-UICC-Disparities-Education) Cancer Research Training Project is a collaborative initiative between Governors State University (GSU) and University of Illinois' Cancer Center (UICC). The institutions will jointly conduct a pilot research project addressing a local, cancer-related health disparity and will develop a training program for GSU junior faculty and undergraduate students designed to attract and prepare investigators for careers in cancer disparities

Role: Co-Investigator

U54 CA202997-01 (PI: Winn, R)
NIH/NCI

09/01/15 - 08/31/20

The Chicago Collaborative to Promote and Advance Cancer Health Equity

The presence of major cancer health inequities in Chicago is well-documented. This proposed 3 institutional partnership poses a strong and important approach for reducing deeply-engrained disparities. CCPACHE is a partnership in research, education, and community outreach aimed directly at building and fostering the next generation pipeline of students and faculty entering health-related careers, increasing the number of cancer health disparities researchers, and facilitating the translation of cancer research that is directly informed by, and relevant to, Chicagoland communities most impacted by cancer disparities.

Role: Core Co-Lead Community Engagement

U54 CA202997-01 (PI: Winn, R)

09/01/15 - 08/31/20

NIH/NCI

Colorectal Cancer Partnership Development Pilot Project:**The Chicago Collaborative to Promote and Advance Cancer Health Equity**

The presence of major cancer health inequities in Chicago is well-documented. This proposed 3 institutional partnership poses a strong and important approach for reducing deeply-engrained disparities. CCPACHE is a partnership in research, education, and community outreach aimed directly at building and fostering the next generation pipeline of students and faculty entering health-related careers, increasing the number of cancer health disparities researchers, and facilitating the translation of cancer research that is directly informed by, and relevant to, Chicagoland communities most impacted by cancer disparities.

*Role: Co-PI***Grants Under Review**

R25 National Cancer Institute (PI: Watson, K)

The goal of the University of Illinois at Chicago (UIC) **YES-PLUS** Program (Youth Enjoy Science-Pipeline to Learning and Understanding Science) is to support the overarching goal of the National Cancer Institute (NCI) of enhancing the diversity of the biomedical, behavioral and clinical research workforce. Multi-PIs Include: R. Winn and N. Varelas.

Role: PI

R01 National Institute of Health (PI: Winn, R)

The VALUE Project (Violence-Adverse Childhood Experiences-Long term- Urban Epigenetics Changes in Prostate Cancer Risk). . The overarching purpose of this study is to improve our understanding regarding epigenetic mechanisms through which elevated exposure to neighborhood-associated chronic toxic stress (NACTS) may explain higher PCa mortality rates in AA compared to White men.

Role: Co-Investigator

Completed Research Support

Illinois Heart and Rescue Grant (PI: H. Smith) 2014-2015

The purpose of this grant is to increase community engaged efforts for improving outcomes in sudden cardiac arrest and to increase capacity of community based organization to engage in research

Role: Consultant

Illinois Department of Public Health (PI: K. Hoskins) 2014-2015

The purpose of this grant is to expand/develop a breast cancer survivor program that increases health literacy of survivors and disseminates evidence based data to at risk community members and family members.

Role: Project Director

PERCH Funding through Northwestern University (PI) 2010-2011

The purpose of this grant it to build capacity of a faith based community partner and academic partner to build a community engaged research infrastructure to support community based participatory research

Role: Co-PI

**RESOLUTION RE: LARRY B. GRANT
RETIRED PRINCIPAL OF THE BEASLEY MAGNET ELEMENTARY SCHOOL**

WHEREAS, after faithful and dedicated service to the public school children of the City of Chicago, Larry B. Grant has retired from the Chicago Board of Education; and

WHEREAS, at the time of his retirement, Larry B. Grant was the principal of the Beasley Magnet Elementary School, located on the South side of Chicago; and

WHEREAS, Larry B. Grant began his career with the Chicago Public Schools as a teacher at DuSable High School; and

WHEREAS, Larry B. Grant also served as a coordinator and counselor, going on to become the principal in 1995; and

WHEREAS, Larry B. Grant is an experienced and dedicated educator who is widely respected and acknowledged for his professional expertise and personal approach with students and parents; and

WHEREAS, Larry B. Grant will be greatly missed by the students and faculty of the Beasley Magnet Elementary School.

NOW, THEREFORE, BE IT RESOLVED, that we, the President and Members of the Board of Education of the City of Chicago, gathered here this 27th day of June, 2001, do hereby extend to Larry B. Grant our heartiest congratulations upon his retirement as a Principal, and offer to him our sincerest and best wishes for good fortune and prosperity, as well as our gratitude for his contributions to the education and development of the children of Chicago.

FUNDED PROJECTS

EVALUATION SUBCONTRACTS AND PAID CONSULTING

- ***Proviso Partners for Health (12/01/16-11/30/17).*** Subcontract from Loyola Medical Center (via grant from Trinity Health). Formative evaluation focused on identifying barriers and facilitators to nutrition and beverage standards/policies in early care and education settings in Maywood, IL.
- ***Fresh, Local and Equitable: Food as a Creative Platform for Neighborhood Revitalization project (6/01/16-6/30/17).*** Subcontract from the Inner City Muslim Action Network (via grant from the Kresge Foundation). Evaluation and GIS mapping support of a neighborhood wide visioning project using creative place-making and the arts to promote community health, equity, and neighborhood revitalization.
- ***Healthy Fresh Food Financing Initiative: Promoting Community Engagement and Assessing Outcomes (12/18/13-12/31/15).*** Subcontract from the Chicago Community Loan Fund (via grant from the United States Department of Health and Human Services: Administration for Children and Families). Assisted in overseeing community engagement and the evaluation on a project to develop food retail in underserved areas.
- ***Community Gardens Count: Measuring Chicago's Harvest (3/01/14-5/30/15).*** Supported by Neighborspace/DePaul University (via seed grant from Ann and Robert Lurie Children's Hospital, Consortium to Lower Obesity in Chicago Children). Calculated the "nutrition capacity" of community gardens in the City of Chicago.
- ***Green Healthy Neighborhoods in Action Project (GHNA)(12/01/13-6/30/14).*** Funded by Southeast Chicago Commission (via The Chicago Community Trust). Evaluated a project to increase community capacity related to the GHN Plan and sustainability principles through educational workshops, relationship-building with 'expert' resources, city agencies and other Chicago area nonprofits.
- ***Healthy Hotspots: Evaluating an Intervention to Improve Healthy Food Access among Corner Stores in Suburban Cook County (6/01/11-6/30/12).*** Subcontract from the Cook County Department of Public Health/Chicago State University (via Communities Putting Prevention to Work, Centers for Disease Control and Prevention). Assisted with the evaluation of an initiative to improve healthy food availability at small stores in low food resource areas.
- ***Formative Evaluation on Project to Develop a Faith-based Program to Address Childhood Obesity (1/01/05-12/31/05).*** Subcontract from the Children's Memorial Hospital, Consortium to Lower Obesity in Chicago Children (via Michael and Susan Dell Foundation). Chicago, IL. Formative evaluation to identify barriers and facilitators to nutrition and physical activity in predominately African American churches.
- ***Participatory Evaluation of the Community Driven Website Redesign Project (CD-WROM) (1/01/05-12/31/06).*** Children's Memorial Hospital, Consortium to Lower Obesity in Chicago Children. Lead a participatory evaluation of the redesign of the website for a city-wide childhood obesity consortium.
- ***Promoting Healthy Weight Gain in Pregnancy and Postpartum Women (PHLAW) (8/01/01-8/31/03).*** University of Michigan School of Social Work (via Prevention Research Center-Special Interest Project (SIP), Centers for Disease Control and Prevention). Consulted on a project to describe the prevalence, distribution and relationships among metabolic, anthropometric, prenatal care, and other health/socioeconomic characteristics of pregnant Hispanic women, and assess their impact on maternal and /newborn outcomes, including birth weight, pregnancy and newborn complications.

CURRENT GRANTS

- 1R01HL130513-01A1 Phillips (PI) 06/01/16-04/30/21
NIH/NHLB
Improving Blood Pressure and Vascular Risk with Resistance Exercise in African Americans. The goal of this study is to test the comparative effectiveness of 8-weeks of resistance or aerobic exercise training and de-training on blood pressure in African Americans with pre- and stage 1 hypertension compared to Caucasians.
Role: Co-Investigator
- 2015-38422-24069 Ramirez-Valles, Jesus (PI) 08/16/15 - 08/16/19
USDA/NIFA
Hispanic Public Health Nutrition Initiative. Fellowship program to addresses childhood obesity and prevention by supporting Latina/o undergraduate and graduate students' training in nutrition and food sciences.
Role: Co-Investigator
- 5R25HL126145-03 Beech (PI) 09/01/14-08/31/18
NIH/NHLBI
HBCU PRIDE (Programs to Increase Diversity among Individuals Engaged in Health Research). The purpose of the project is to design, implement, and evaluate an evidence-based, culturally and environmentally-relevant research training and mentoring program specifically designed for URM early career faculty employed in HBCUs (HBCU PRIDE).
Role: Mentor
- P30 AG022849 Hughes (PI) 10/01/14 - 09/30/19
National Institute on Aging
Midwest Roybal Center for Health Promotion and Translation
A pilot evaluation of a virtual health game to promote healthy eating and physical activity in older adults.
Role: Co-Investigator
- C2014-01448 Suarez-Balcazar (PD) 10/01/14-9/30/17
Chicago Community Trust
Promoting Healthy Lifestyles Among Latino Youth with Disabilities and Their Families. This project uses a community-based participatory approach to promote healthy lifestyle behaviors among Latino youth with disabilities and their families through nutrition education, accessible and inclusive physical activity, goal setting, and family coaching and mentoring.
Role: Co-Project Director
- No Number McCaffery/Barnes-Boyd (PI) 7/01/14-6/30/17
USDA/FNS (Subcontract through Illinois Department of Human Services)
Chicago Partnership for Health Promotion (CPHP). Part of the National SNAP-Ed Network, the goal of CPHP is to assist families eligible for SNAP in making healthy food choices within a limited budget and choose physically active lifestyles consistent with the current Dietary Guidelines for Americans by implementing evidence-based strategies including individual and family education, as well as policy, systems, and environmental change interventions.
Role: UIC Co-Investigator
- 1U48DP005010-01CDC Powell (PI) 9/30/2014-9/29/2019

Illinois Prevention Research Center: Supporting Policy and Environmental Change.

The mission of Illinois Prevention Research Center (IPRC) is to collaborate with communities, community agencies, coalitions, small businesses, local and state government, and other partners to engage in interdisciplinary prevention research to test, develop, adapt, implement and evaluate policies and environmental approaches aimed at improving nutrition, physical activity, and tobacco-related health behaviors to reduce chronic disease risk and to reduce disparities in these health behaviors and outcomes.

Role: Co-Investigator

- #11AQ0001 Odoms-Young (PI) 07/01/11-06/30/17
Illinois Department of Human Services
Improving Retention Rates among Children in WIC in the State of Illinois. Investigates barriers/facilitators to child retention in the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) and attempts to by identifying best practices and culturally appropriate service models to improve WIC participation and health outcomes for eligible participants.
Role: Principal Investigator

PREVIOUS GRANTS (SINCE 2010)

- 1R01CA154406-NIH/NCI Stolley (PI) 09/01/11-07/31/16
Moving Forward: A Weight Loss Program for African American Breast Cancer Survivors. Randomized intervention study evaluating a six-month cognitive-behavioral community-based weight loss intervention for African American breast cancer survivors on body-mass index and behavioral, biological, and psychosocial outcomes.
Role: Co-Investigator
- R21HD080157 Kong (PI) 04/01/14 - 03/31/16
Eunice Kennedy Shriver National Institute of Child Health and Human Development
Technology-Based Measurement of Home Food Availability in Households of Low-Income African-American and Hispanic Families with Young Children. The goal of this pilot study is to build upon the research that examines home food availability by testing an objective approach for measuring home food availability in the households of low-income African American and Hispanic families with young children. Specifically, this study sets out to conduct comprehensive home inventories using universal product scanners (UPC) in the households of African American and Hispanic families with young children (2-5 years) residing in low-income communities.
Role: Co-Investigator
- 2011-67001-30109 Fitzgibbon (PI) 02/01/11-01/31/16
United States Department of Agriculture
Adaptation and Dissemination of an Evidence-Based Obesity Prevention Intervention
Study to adapt and disseminate an evidence-based obesity prevention program for preschool children and their parents/caregivers through nutrition education programs (SNAP-Ed and EFNEP) targeting low-income families.
Role: Co-Investigator
- #217030 Odoms-Young (PI) 08/31/11-08/01/14
American Cancer Society-Illinois

- Using Evidence based Strategies to Promote Weight Loss in African American Women: Building on the Lessons Learned from the Obesity Reduction Black Intervention Trial (ORBIT)**. Randomized pilot intervention to promote weight loss and subsequent cancer risk in low-income African American women using the principles of community based participatory research. The study focuses specifically on identifying how risk (e.g. Adverse Childhood Experiences, John Henryism, low income) and resilience (e.g. spirituality) can impact weight loss in African American women.
Role: Principal Investigator
- No number Odoms-Young (PI) 7/01/13-6/30/13
UIC-Institute for Research on Race and Public Policy
- "Muslim Run": Developing a Curriculum to Improve Healthy Food Options in Small Arab-American Owned Stores in African-American Communities**. Study to pilot a curriculum to improve healthy food availability in corner stores in low-income African American communities.
- No Number Odoms-Young (PI) 9/01/12-5/31/13
UIC-Institute for Policy and Civic Engagement (IPCE)
- Civic Engagement and Food Justice: Understanding Community Residents' perceptions of food access and the changing food landscape in Chicago**. Study to understand community resident's perceptions of their local food environment and engage them in a community-driven process to identify policy and programmatic solutions to improve food equity.
Role: Principal Investigator
- 1R13 CA162844 Fiese/Fitzgibbon (Co-PIs) 09/23/11-08/31/13
NIH/NCI
- Illinois Early Childhood Activity Program (I-CAP): Assessing Physical Activity from Circuits to Communities**. Research study to develop innovative methods of assessing physical activity in preschool age children that can be used in natural environments.
Role: Co-Investigator
- 1RC1 CA149400 Fitzgibbon (PI) 09/30/09-08/31/12
NIH / NCI
- Evaluating economic subsidies to improve dietary intake among low-income families**
The overall purpose of the study is to examine the mechanisms by which economic incentives offered in the WIC program impact dietary intake of children.
Role: Co-Investigator
- #61202 Kumanyika/Grier (PI) 09/01/08-5/31/12
Robert Wood Johnson Foundation (Subcontract from the University of Pennsylvania)
- Community-partnered research to reduce obesity in African American children and adolescents**. This study examines neighborhood food environment and marketing influences on dietary behaviors in African American families and adolescents.
Role: Principal Investigator on UIC subcontract
- No Number Odoms-Young (PI) 9/01/11-5/31/12
UIC-Institute for Research on Race and Public Policy (IRRPP)
- Building Community Capacity to Improve the Health and Well-Being of Low-Income African American Women and their Families**. Partnered with Greater Englewood Healthy Start to develop train the trainer nutrition education curriculum for African American mothers/fathers of young children using photovoice.
Role: Principal Investigator
- No Number Odoms-Young (PI) 9/01/10-5/31/11

UIC-Institute for Policy and Civic Engagement (Conference Grant)

Policy and Community Action to Expand Family Food Access on Chicago's South Side.

Organized community wide forum focus on social determinants of food access, nutrition, and health in African Americans.

Role: Principal Investigator

- #65852 Zenk (PI) 05/01/09-04/30/11
Robert Wood Johnson Foundation-Healthy Eating Research National Program
Impact of a New WIC Food Package Fruit and Vegetable Cash-Voucher on Vendor Participation and Fruit and Vegetable Supply Characteristics. Evaluates the impact of the WIC food package revision on retailer participation and fruit and vegetable supply characteristics in Northern Illinois.
Role: Co-Investigator
- No Number Odoms-Young (PI) 09/01/09-12/31/10
UIC Cancer Center Pilot Grant
Examining the Use of Economic Subsidies to Support Healthy Eating Behavior in Low-income Families: Implications for Understanding the Role of Nutrition Policy in Cancer Prevention. Project that examines how neighborhood food environments influence dietary intake behaviors in low-income parents/children receiving a fruit and vegetable subsidy.
Role: Principal Investigator
- #65089 Odoms-Young (PI) 10/1/08-12/31/10
Robert Wood Johnson Foundation-Healthy Eating Research National Program
The Relationship between Perceived and Objective Food Environments, Dietary Intake, and Weight Status in Latino Families. Examines relationships between food accessibility, dietary intake, and weight gain in Latino families with preschool age children.
Role: Principal Investigator

TEACHING/MENTORING EXPERIENCE: COURSEWORK

- **Northern Illinois University-Public Health and Health Education-AHPH (Course Title and Description)**
 - *Undergraduate Courses: BS Program in Public Health*

2002-2005 AHPH 402: Community Health Issues and Problems (Primary Instructor, 3 credit hours). Taught course highlighting the conceptual tools for understanding community and school health issues; introduced principles and methods for promoting health, emphasized community health perspectives based on the multilevel nature of health, discussed the development of effective health promotion programs.

- Graduate Courses: Master of Public Health Program (MPH)

2002-2005 AHPH 501: Behavioral and Social Aspects of Public Health (Primary Instructor, 3 credit hours). Developed a course and provided instruction graduate students on health behavior theory and intervention development; an overview of the types and distributions of diseases in U.S. population; Investigation of the relationship between beliefs, behaviors, and health; discussion of the relationship between concepts of health and disease and social, cultural, and personal values.

2003-2004 AHPH 520: Primary Prevention and Health Promotion (Primary Instructor, 3 credit hours). Analysis of primary prevention in the area of community health including health promotion program planning, development, implementation, and evaluation strategies.

2004-2005 AHPH 588: Community Health Promotion Programs (Primary Instructor, 3 credit hours). Experiential involvement with health promotion programming and wellness life styles. Case study approach used to reinforce the experiential component.

2005-2007 and 2010-2016 FCNS 602: Issues in Eating Disorders and Obesity (Co-Instructor, 3 credit hours). Interdisciplinary examination of eating disorders within the social and family context. Body image, self-esteem, cultural context, appropriate exercise and nutrition, human development, family science theory, family stress, child abuse, and interventions. Issues related to prevention, intervention, and genetics/physiology.

- **University of Illinois at Chicago-Human Nutrition (Course Title and Description)**

- Undergraduate Courses: BS in Nutrition Science/Coordinated Dietetics Program

1998, 2003, 2010-2014 HN 313: Introduction to Community Nutrition (Primary Instructor, 3 credit hours). Assessment, planning and evaluation of community nutrition programs using a systems approach.

1998 HN 202: Culture and Food and HN 203: Culture and Food Lab (Primary Instructor, 2 credits hours each). Provides a perspective on factors that affect the development of food habits, similarities and differences across cultures and practical application of accurately preparing, presenting, and modifying cultural specific foods.

- Graduate Courses: Traditional MS/Coordinated Dietetics Program/PhD Program in Human Nutrition

2010-2017 HN 594/HN 560: Advanced Topics in Public Health Nutrition: Development and Evaluation of Community-Based Nutrition (Primary Instructor, 3 credit hours). Focuses on understanding the role and application of both theory and empirical data in the development and evaluation of community-based nutrition interventions.

2013 HN 440. The Research Process (Co-Instructor, 3 credit hours). Covers methods for reading and critiquing current scientific literature, overview of study designs used to address different types of research questions, basic overview of study design, data analysis and interpretation of results.

2009-2013 KN 501: Current Research in Kinesiology and Nutrition (Co-Instructor, 1 credit hour). Journal club to discuss current topics in Kinesiology and Nutrition including obesity, behavioral interventions, race and health, and health disparities/equity.

- **University of Illinois at Chicago-School of Public Health (Course Title and Description)**

- *Graduate Courses: Health Policy and Administration Program (MPH)*

2011-2015 HPA: 494 Health Disparities in the U.S. (Co-Instructor, 3 credit). Introductory course providing an overview of health disparities by gender, socioeconomic status, race/ethnicity, and sexual orientation.
