

It's easier to build strong children than to repair a broken man

**Letter of Interest
Kemet Leadership Academy for Boys of Color**

Chicago Public Schools

To: the New Schools Division of CPS

I am, Tiffany Franklin the parent/guardian of [REDACTED] a middle school [REDACTED] grade male in the Chicago Public Schools. Should Kemet Leadership Academy be allowed to open on the South Side of Chicago, I would consider enrolling my child into this school for middle school grade boys of color that provide a safe teaching and learning environment. A school that offers strong male mentoring, strong tutoring and after school programs which includes football (flag and tackle), baseball, basketball, robotics, classes in home repair and culinary arts. Everything young boys need to become strong men.

Sincerely

PETITION TO CHICAGO PUBLIC SCHOOLS AND THE CITY OF CHICAGO

We, the parents of Chicago Public School students and members of the community, do hereby request that Kemet Leadership Academy Charter School receive immediate APPROVAL as a Charter School under CPS and ISBE. This is to address issues impacting our community and the development of young boys of color. Such as lack of positive role models, negative social-emotional behaviors, lower attendance and graduation rates, criminal influences and higher incarceration rates. Kemet Leadership Academy will provide a positive male mentoring and supportive environment; as well as an enriching academic foundation for boys in the 5th to 8th grades. Core Values will be instilled through Rites of Passage, Leadership Development, and Self Actualization. Classes and services will include Science, Technology, Robotics, Engineering, Arts and Math (STREAM), Afterschool programs including tutoring, football, basketball, baseball, swimming and track. My signature represents my support of this model and concept to be implemented as soon as possible.

This is to address issues impacting our community and the development of young boys of color. Such as lack of positive role models, negative social-emotional behaviors, lower attendance and graduation rates, criminal influences and higher incarceration rates. Kemet Leadership Academy will provide a positive male mentoring and supportive environment; as well as an enriching academic foundation for boys in the 5th to 8th grades. Core Values will be instilled through Rites of Passage, Leadership Development, and Self Actualization. Classes and services will include Science, Technology, Robotics, Engineering, Arts and Math (STREAM), Afterschool programs including tutoring, football, basketball, baseball, swimming and track. My signature represents my support of this model and concept to be implemented as soon as possible.
