Dear Office of Innovation and Incubation
At Chicago Public Schools,

My name is Ya Duavia Gordon
and I am currently a member of the Moving
Everest School Community. I am passionate
about the expansion of Moving Everest because
of their mission, vision and the educational
opportunities available for students. This is how I
have personally been impacted by Moving
Everest: Moving Everest Charter
School was placed in a neighborhood
where (3) schools that were not
up to my standards were located.
The last 4 years have been amazing
& consistent. The scholastics they
have provided has molded my son
into an amazing scholar.

I believe that the expansion of the school will
have a positive impact on the community
because scholars will not have to
readjust themselves in a new school
environment. Most times school is
the only constant for children in
lower income neighborhoods. This
school has become that constant
for kids in this neighborhood.

Thank you for providing this opportunity for my
family and I'm excited for more families to make
the choice of Moving Everest for their family.

Sincerely,
