Team meetings

Date	Participants	Topic
03/10/2016	All ILT members listed above	Review of data on SQRP, Review progress on previous CIWP, identify priorities to bring back to grade level meetings.
02/25/2016	All ILT members listed above	Reviewed the current CIWP mid year data,

reviewed power point to be presented to the LSC this week.

03/24/2016

All ILT members listed above

Narrow in on priorities that need to be set

School Excellence Framework

Culture of & Structure for Continuous Improvement

4 of 4 complete

Leadership & Collective Responsibility:

Score

Leadership & Collective Responsibility is characterized by an unwavering commitment to fulfilling a shared vision of success. There is a clear focus and high expectations for staff and students, motivating the entire school community to continue striving for success for every student.

1 2 3 4

According to the 2014-2015 My Voice, My School teacher survey this school is "Well-Organized for Improvement" which means that the school has a very strong culture and climate, suggesting that the school is set up for success.

Guide for Leadership & Collective Responsibility

- **Set the direction and create a sense of purpose by building consensus on and implementing a shared vision.**
 - Consider the demographics of the school community in developing a shared vision.
 - Help stakeholders understand the relationship between the school's vision and their initiatives and priorities.
 - Consistently use informal and formal opportunities to champion and articulate the vision.
 - Act in ways that consistently reflect the school's core values, beliefs, and priorities in order to establish trust.
 - Ensure the school's identity, vision, and mission drive school decisions.
- **Inspire a culture of collective responsibility for the success of ALL students in the whole school (not solely teacher's own students).**
- **Empower others to make or influence significant decisions.**
 - Build shared leadership structures and opportunities for job-embedded leadership training and development.
 - Capitalize on the leadership skills of others.
 - Constantly listen and synthesize what is heard, and learn from all sources.
- **Employ the skills to effectively manage change.**
 - Master skills associated with large-scale strategic planning processes and implementation of such plans.
 - Steer through the challenges associated with making improvements, both large and small.
- **Create and sustain a coherent instructional program (coordinated and consistent) with learning goals.**
- **Use the CPS Framework for Teaching to ground instructional guidance and coaching.**
 - Model ambitious goals for teaching and learning for all students, including priority groups.
 - Draw from the best available evidence to inform instructional improvement decisions.
- **Enable staff to focus and prioritize what matters most.**
 - Buffer staff from external distractions to the school's priorities and goals.
 - Limit school improvement goals to a few high leverage activities.
 - Prioritize teaching challenging content, engaging students in learning, rigor and ways to raise achievement.

Evidence, Measures, and Standards

Instructional Leadership Team:

Score

The ILT is characterized by having a consistent structure for teacher leadership that is focused on creating and implementing the theories of action that improve teaching and learning. ILT meetings are a productive forum to identify challenges, collect and review evidence, exchange ideas, and propose and implement solutions to challenges to school improvement.

1 2 3 4

The ILT at Mayer meets every other week. They are working on the CIWP. They have also reviewed past goals and how they have progressed on them. The ILT looks at NWEA data mid-year and focuses in on various subgroups. The ILT has also been instrumental in developing a school-wide homework policy. They are also piloting a social emotinoal program called Project Happiness and have led Professional Development on the program

Guide for Instructional Leadership Team

- **Engage in on-going inquiry (e.g. continuous improvement cycles) as a basis for improvement.**
 - Gain productive insight and take substantial new action or adjust strategy that clearly addresses root causes.
 - Relentlessly ask, “**Is it working?**” about every program, initiative, and strategy in the school.
 - Vet Initiatives and strategies on the basis of their direct or proven impact on outcomes.
 - Monitor if previous actions were implemented (fidelity) and working as intended. Ask, “**If not, why not?**”
- **Share leadership for improving teaching and learning with representative school members.**
 - Organize the team around a common understanding of team’s purpose and instructional priorities.
 - Represent all relevant specialty content areas, programs, related services, and grade bands/department teams and is an appropriate size.
 - Represent a balance of work styles (e.g. task-oriented, provides push-back, synthesizes, etc.)
- **Use protocols and ask probing questions.**
 - Ask questions focused on factors within sphere of control and avoid a focus on student factors.
 - Use appropriate protocols and level of analysis (grade, school-wide, individuals) for meeting purpose.
 - Systematically consider root cause(s) based on thorough review of evidence.
- **Use timely and relevant data/evidence sources.**
 - Gather and use current and relevant local student, school, teacher performance (e.g. attendance data, assessment results), and operational data formatively to review and revise school and classroom practices as needed.
 - Disaggregate data for priority student groups (e.g. English learners, diverse learners).
- **Schedule and structure frequent meetings.**
 - Meet regularly (2-4 times per month).
 - Use an agenda with a clear focus.
- **Collaborate effectively, value transparency, and inform and engage stakeholders.**
 - All team members have equity of voice and are actively engaged in asking questions.
 - Celebrate small wins and improvements.
 - Regularly inform and engage stakeholders of key data and work of the ILT.
- **Build the capacity of teacher teams to lead cycles of learning and problem solving focused on student learning data and student work.**

Evidence, Measures, and Standards

EVIDENCE, MEASURES, AND STANDARDS	
Suggested Evidence	<ul style="list-style-type: none"> ✓ ILT Effectiveness Rubric Score ✓ ILT artifacts (e.g. agenda, calendar, protocols, minutes) ✓ Evidence that work of ILT has contributed to positive outcomes for students and staff ✓ Teacher team agendas/minutes reflective of ILT focus
Measures	✓ Five Essentials: Instructional Leadership
Five Essentials	Effective Leaders Collaborative Teachers
CPS Framework for Teaching	4a. Reflecting on Teaching & Learning 4d. Growing and Developing Professionally 4e. Demonstrating Professionalism
CPS Performance Standards for School Leaders	A1. Assesses the Current State of School Performance and Develops a CIWP A2. Implements Data Driven Decision Making and Data Driven Instruction B5. Supports Teacher Teams

Professional Learning:

Professional Learning includes sufficient time, support, and ‘safe practice’ space to internalize new knowledge to change practice and beliefs. Adults persevere in collaboration with their colleagues to innovate and improve implementation of new practices.

Score

1 2 3 4

According to the 2014-2015 My Voice, My School teacher survey Oscar Mayer teachers feel they strongly collaboratively work together and strive for success. The teachers also expressed a strong feeling of being in a safe and supportive school with high expectations. in the same survey. Staff meetings, assistant and para-professional meetings, grade level meetings, collaborative projects between grades, interdisciplinary units, all help to contribute to the strong opinions of teachers that Mayer has a climate of professional learning.

Guide for Professional Learning

- **Select and design professional learning (PL) to achieve school-wide improvement, including closing priority group achievement gaps.**

- Use data to identify performance and practice gaps to inform PL plan.
- Use research about best practices to identify potential learning and subject matter experts to support.
- Solicit feedback from staff to inform selection of PL opportunities.
- Provide PL relevant to the cultural and linguistic needs of students.
- Provide both whole staff and differentiated PL to individual teacher levels.
- **Implement and sustain on-going, job-embedded professional learning (PL) (e.g. coaching, peer learning opportunities, action research)**
 - Recommend and/or provide PL opportunities directly related to individuals' specific areas of need and professional growth goals.
 - Encourage staff to broaden networks to bring new knowledge and resources to learning environment.
 - Teachers initiate opportunities for professional growth and proactively seek opportunities to enhance content knowledge and pedagogical skill.
- **Structure time for teachers to collaborate and learn together.**
 - Create schedules and systems to conduct peer observations, and coaching. Reflect on its impact.
 - Teachers provide and accept collegial support and feedback to/from colleagues.
 - Teachers participate in and facilitate professional inquiry in teams to advance student learning.
- **Make 'safe practice' an integral part of professional learning.**
 - Allow teachers ample time to try new strategies, refine skills, grapple with implementation problems, and share knowledge and experience.
 - Provide support that addresses the specific challenges of changing classroom practice. Provide coaching/mentoring support to validate continuing to work through struggles.
- **Monitor implementation to ensure staff uses new knowledge to improve practice and it is having the desired effect on practice and student outcomes.**
 - Conduct frequent non-REACH observations to provide coaching and actionable feedback.
- **Provide induction and support for new teachers.**
 - Assign each new teacher a mentor who is skilled in pedagogy and is an open, collaborative colleague.
 - Schedule a series of 'learning experiences' for new teachers that helps them navigate important initiatives (e.g. REACH) and provides information on school specific goals and resources.

Evidence, Measures, and Standards

EVIDENCE, MEASURES, AND STANDARDS	
Suggested Evidence	<ul style="list-style-type: none"> ✓ School's PD Plan – review for goal alignment – does the plan advance the school's improvement agenda? ✓ PD agendas, PD feedback surveys ✓ Teacher practice improving on the Framework for Teaching (e.g. Basic>Proficient, Proficient>Distinguished)
Measures	<ul style="list-style-type: none"> ✓ SQRP Attainment and Growth ✓ Five Essentials: Collaborative Teachers
Five Essentials	<ul style="list-style-type: none"> Effective Leaders Collaborative Teachers
CPS Framework for Teaching	<ul style="list-style-type: none"> 4a. Reflecting on Teaching & Learning 4d. Growing and Developing Professionally 4e. Demonstrating Professionalism
CPS Performance Standards for School Leaders	<ul style="list-style-type: none"> B2. Observes and Evaluates Staff and Gives Feedback to Staff B6. Professional Development Provided for Staff

Aligned Resources:

Resources (e.g. time, budget, staff, and community resources) are aligned to school priorities. Improving achievement guides resource allocation. Making the most of student time and staffing is a priority. The school organizes resources school-wide through schedules and staffing plans that target additional time and individual attention to those students who need it most and to highest priority subject areas.

Score

1 2 **3** 4

Mayer utilizes our funds to maximize touch points with children. Mayer have chosen to hire a full-time response to Intervention specialist and utilizes Auxiliary teachers and assistants to create opportunities for small group instruction. Mayer builds professional development money into its budget. There is money identified for instructional materials and texts that teachers need need. Community sponsors.....White Oak, Lake Shore Athletic Club, DePaul University help enhance our curriculum and school priorities.

Guide for Aligned Resources

- **Design a school day that is responsive to student needs.**
 - Use CPS Instructional Time Guidelines to maximize instructional time.
 - Use CPS Instructional Block Guidelines to maximize academic-engaged time.
- **Align the budget to the CIWP priorities and the mission of the school.**
 - Avoid overemphasis on the purchase of products/programs that are not research based or do not respond to SEF needs.
 - Leverage strategic source vendors to maximize dollars.
 - Seek and obtain grants to support articulated needs.
 - Use grant funds strategically to support areas of highest need.
 - Maximize the use of supplemental funding to close any priority group achievement gaps.
- **Streamline purchase procedures to minimize lapses between ordering and receiving materials.**

- Evaluate, to the extent possible, the consequences for student learning of resource allocation decisions to develop an evidence base of outcomes of particular uses of resources.
- Have a 'hiring team' and collaborative hiring process with clear selection criteria to identify and select best available candidates.
 - Actively work to build a pool of potential staff members, particularly difficult to fill positions (e.g. staff to serve English learners).
 - Use an interview process including a protocol for questioning and select highly qualified candidates.
 - Require a classroom lesson demonstration to assess candidate expertise, philosophy and commitment.
 - Check teachers' previous performance at CPS schools.
- Strategically assign teachers to grade and content areas to create a balanced team with a variety of strengths.
 - Ensure all students have fair access to high-quality teachers in the school.
- Effectively utilize Related Service Providers at the classroom level.
- Use data including teacher evaluations and exit interviews to inform a retention strategy.
 - Create a positive climate and working conditions for teaching that attracts and retains educator talent.
 - Create opportunities for growth including opportunities for staff to assume additional leadership roles or pursue personal growth goals.
 - Track retention rates over time and use this information to isolate staffing strengths and identify opportunities to improve.
 - Solicit information from staff using exit interviews/surveys to understand reasons for leaving school or district.
- Make outreach efforts to engage community members as partners and resources.
- Partner with one or more organizations that share the values of the school and have a complementary mission to the school's vision.
 - Monitor the impact of partner organizations' activity.

Evidence, Measures, and Standards

EVIDENCE, MEASURES, AND STANDARDS	
Suggested Evidence	✓ Schedules
	✓ Teacher retention rates
	✓ Staff exit interviews/surveys (data on reasons for leaving school or district)
	✓ Candidate interview protocol documents
	✓ List of community-based organizations that partner with the school and description of services
	✓ Evidence of effectiveness of the services that community-based organizations provide
	✓ Budget analysis and CIWP
Measures	✓ Five Essentials
Five Essentials	Effective Leaders Collaborative Teachers
CPS Framework for Teaching	4a. Reflecting on Teaching & Learning 4e. Demonstrating Professionalism
CPS Performance Standards for School Leaders	A3. Allocates Resources to Support Student Learning, Prioritizing Time B4. Hires and Retains Highly Effective Teachers

Expectations for depth & breadth of Student Learning

4 of 4 complete

Curriculum:

The curriculum – what students should know and be able to do - makes standards come alive for students. All students have access to an academically rigorous curriculum that inspires students to think and contribute high quality work to authentic audiences beyond the classroom. The curriculum fully integrates academic and social emotional learning opportunities for all students, including diverse learners, English learners, and advanced learners. The school regularly examines the curriculum to check alignment to standards and opportunities for all students to meet those standards.

Score

1 2 3 4

Grade levels have spent time to develop horizontal units in multiple subjects that align with the common core standards. These include common assessments, texts, and student tasks. Teachers bring outside of classroom experiences into the curriculum. Field trips including over night trips link directly back to the curriculum in the classroom. Oscar Mayer is the only school in Chicago that offers the combination of Montessori, International Baccalaureate Middle Years Program and a Fine Arts Focus. The Oscar Mayer staff and community are committed to providing unique and in depth experiences for students. Some of those experiences include Nature's Classroom (5 day overnight), Pretty Lake (3 day overnight), Frog in a Bog at the Indiana Dunes (3 day overnight), Civil Rights Tour (4 day overnight), Washington, D.C. (3 day overnight) and numerous day trips that take advantage of the history and culture the Chicago area has to offer. Oscar Mayer also has a wellness and sustainability focus which includes bees and chickens at the school and having 100% of our students participate in composting each day. When asked if instruction is focused, challenging and engaging Mayer teachers responded on the My Voice, My School survey that they felt very strongly that it was.

Guide for Curriculum

- Adhere to the CPS Content Frameworks (Math (<https://sites.google.com/a/cps.edu/kc/curriculum/content-area-subpages/library-science/cps-virtual>))

library/math-content-framework--virtual-library), Science (<https://sites.google.com/a/cps.edu/kc/curriculum/content-area-subpages/science/cps-science-content-framework>), Social Science (<https://sites.google.com/a/cps.edu/kc/curriculum/content-area-subpages/social-science-1/social-science-content-framework-3-0>), and Literacy (<https://sites.google.com/a/cps.edu/kc/curriculum/content-area-subpages/literacy/cps-literacy-content-framework-2-0>)) to ensure alignment of scope and text and task complexity.

- Provide a range and depth to knowledge and understanding of learning experiences that are language and content rich.
- **Align units of instruction (horizontally/vertically) to scope and sequence maps and pace units and lessons appropriately.**
 - Focus so units can be adequately addressed in the time available.
 - Examine formative data to determine mastery and pace. Discuss how much time it takes to adequately address the essential elements, and the viability of documents that articulate essential content and timing of delivery (e.g. pacing guides, curriculum maps).
- **Utilize the ‘big ideas’ that should be taught to determine whether students are being taught the body of knowledge, the understandings and the skills expected.**
 - Identify the essential understandings – what students should learn in greater depth. In other words, know ‘covering everything but learning nothing’ does not work.
- **Expose and extend opportunities for all students to grade appropriate levels of text complexity in all types of texts, including informational in all content areas.**
 - Articulate language goals that are separate from and support content goals. Literacy - reading, writing and speaking are essential ‘learning tools’ across the curriculum (disciplinary literacy).
- **Engage all learners in content areas by fully integrating opportunities for all learners, including:**
 - Diverse learners to demonstrate core knowledge and skills.
 - English Learners to develop academic language to demonstrate mastery.
 - Use English and native language development in addition to content standards to differentiate for English learners.
 - Understand research and implement programs to develop native language literacy for English learners.
 - Advanced learners to extend core knowledge and skills.
- **Distinguish qualitatively and quantitatively between ‘regular courses’ and ‘advanced courses’ (e.g. AP (<http://apcentral.collegeboard.com/home>), gifted (<https://docs.google.com/a/cps.edu/viewer?a=v&pid=sites&srcid=Y3BzLmVkdXxrY3xneDoyYjllNGI4MmY3YTlxYTgz>), etc.)**
- **Integrate academic and social emotional learning.**
- **Reach outside of the classroom for real world (or simulated) application. For example,**
 - Incorporate web capabilities for interactivity and information sharing.
 - Integrate field-based learning through partnerships with city institutions (e.g. museums (<https://sites.google.com/a/cps.edu/kc/home/teachers/museum-resources>)), colleges, universities, and community based organizations.

Evidence, Measures, and Standards

EVIDENCE, MEASURES, AND STANDARDS	
Suggested Evidence	<ul style="list-style-type: none"> ✓ Curriculum maps, vertical/horizontal ✓ Sequencing and pacing guides ✓ Thematic units which cover multiple disciplines ✓ Comprehensive unit plans including assessments
Measures	<ul style="list-style-type: none"> ✓ SQRP Attainment and Growth

Instructional Materials:

Materials to present learning content and what the learner uses to demonstrate are characterized by variability and flexibility.

Materials are identified and adapted to increase access to learning for all students. Materials include multimedia and embedded, just-in-time supports; varied tools and supports; alternative pathways, and varied levels of support and challenge. (adapted from UDL Guidelines 2.0)

Score

1 2 **3** 4

Montessori materials, Chromebooks 1:1 at 4th-8th, text that we select (novels, videos, photography, primary resource documents), utilize pre and post assessments to determine varied levels of support, small group instruction (MARS tasks, problem of the month) Assistants. Executive functioning binders 4th-8th.

Guide for Instructional Materials

Instructional materials (including technology) are.....

- **Aligned to curricular plans and expectations of the standards.**
- **Varied and flexible.**

- Are selected and adapted based on learning objectives and learner needs.
- Include a variety of quality media, manipulatives and supplies to achieve valued learning outcomes.
- **Intentionally planned by identifying or adapting appropriate tools (including technology) for specific instructional needs.**
 - Student outcomes and developmental appropriateness determine when and who will use the materials.
 - Materials are updated/upgraded in response to new information and understandings.
- **Equitably available and accessible to all teachers and students.**
 - Teachers and students have available a variety of high quality, standards-aligned instructional materials and resources.
 - Materials are in English and native language for English learners.
 - Reference and resource materials are readily available and circulated throughout the school.
- **Include multimedia and embedded, just-in-time supports (e.g. hyperlinked glossaries, background information, and on-screen coaching) – for conveying conceptual knowledge.**
 - Students interact with instructional materials to engage all modalities in the learning process.
 - Technology is integral to students learning experiences.
 - Units and lessons include grade-appropriate levels of texts and other materials so every student can access the content/skills.
- **Include tools and supports needed to access, analyze, organize, synthesize, and demonstrate understanding in varied ways – for learning and expression of knowledge.**
 - The needs of the students at different performance levels are met by using a variety of instructional materials that allow students to draw on all of their learning capacities.
 - The teacher models effective use of various materials.
 - Students understand that materials are a means to acquire language, knowledge, and competencies.
 - Technology enhances students' higher order, creative thinking and problem solving.
 - Materials connect subject area content to real life applications.
- **Include alternative pathways including choice of content, varied levels of support and challenge, and options for recruiting and sustaining interest and motivation – for engaging and learning.**
 - Students make choices about instructional materials as part of learning.
 - Materials address the needs of the total child: cognitive, linguistic, social, emotional, physical, and aesthetic.
 - Consumables are often non-print supplies that promote active, hands-on learning.

Evidence, Measures, and Standards

EVIDENCE, MEASURES, AND STANDARDS	
Suggested Evidence	<ul style="list-style-type: none"> ✓ Cross-section of materials from a variety of content areas and grade levels ✓ Evidence of scaffolding and differentiation for all students to access the content/skills ✓ Description of materials in curriculum and/or lesson plans ✓ Presence of varied texts, supplementary media (e.g. videos)
Measures	✓ SQRP Attainment and Growth
Five Essentials	Ambitious instruction Supportive Environment
CPS Framework for Teaching	1a. Demonstrating Knowledge of Content and Pedagogy 1b. Demonstrating Knowledge of Students 1c. Selecting Learning Objectives 1d. Designing Coherent Instruction
CPS Performance Standards for School Leaders	A3. Allocates Resources to Support Student Learning, Prioritizing Time

Rigorous Student Tasks:

The school regularly examines student work - what students are being asked to do on in their classrooms - across grades or courses in all content areas. Examining the texts and tasks students experience provides the necessary insight to gauge rigor and illuminate how the standards are actualized prompting the question whether or not approaches support the true spirit of college and career readiness. (adapted from The Education Trust – Equity in Motion Series)

Score

1 2 3 4

Teachers work in grade level teams to design benchmark assessments for students. Teachers then meet as teams to analyze the data and plan instruction based on student need. Montessori classrooms have over 300 materials that provide a wide-range of tasks for students to work on. Individualized works plans provide an opportunity to challenge or remediate a child within the same class. The 6th-8th grade teachers use the IB unit assessment protocol to review teacher created units and assessments. Teachers use and discuss shared rubrics and determine how they should be applied to assessing student work. During the past 2 years Mayer's IB program has participated in a process with the IB Organization called monitoring. With monitoring Mayer sends in scored student assessment tasks and how they were scored to trained IB monitors. They look over the assessments and give feedback on on rigorous the task was and if it was scored correctly with the IB rubric. Mayer has gotten positive feedback from IB during this process and at our program evaluation visit last school year.

Guide for Rigorous Student Tasks

- **Begin with the belief that all students can learn. (see *Culture for Learning*)**
 - Convey high learning expectations for all students and develop structures that enable practice and perseverance for each individual student.

- Create an environment where students assume responsibility for high-quality work by persevering, initiating improvements, addressing critiques, making revisions, adding detail and/or helping peers.
- Communicate the necessity of attendance and engagement everyday in order to succeed.
- **Plan and assign tasks that are cognitively challenging for individual students and require students to provide evidence of their reasoning.**
 - Align tasks with standards-based learning objectives that reflect the depth of knowledge expectations.
 - Tasks are Integrative to draw on multiple standards.
 - Teach for Robust Understanding in Mathematics (TRU Math ([https://sites.google.com/a/cps.edu/kc/curriculum/content-area-subpages/math/tru-math-dimensions/TRU%20Math%20-%20Conversation%20Guide%20\(Short%20Version\).pdf?attredirects=0&d=1](https://sites.google.com/a/cps.edu/kc/curriculum/content-area-subpages/math/tru-math-dimensions/TRU%20Math%20-%20Conversation%20Guide%20(Short%20Version).pdf?attredirects=0&d=1))). Engage students with important mathematical ideas, not simply receiving knowledge, requiring students to engage in productive struggle.
- **Tasks reflect the key shifts in literacy.**
 - **Complexity:** Tasks reward close reading of complex text; Focus on comprehension of academic language, not obscure vocabulary.
 - **Evidence:** Cite evidence from text and write to sources, not decontextualized prompts.
 - **Knowledge (non-fiction):** Tasks embed reading and writing across disciplines with a variety of literary and informational complex texts and tasks and demonstrate comprehension through speaking, listening.
- **Tasks reflect the key shifts in mathematics.**
 - **Focus:** Tasks reflect a curricular and instructional focus on the major work in (e.g. operational fluency and number sense in K-2).
 - **Coherence:** Multi-grade progressions stress key beginnings (e.g. ratios in 6th grade) and key end points (e.g. fluency with multiplication in 3rd);
 - **Rigor:** Problems require construction of mathematical reasoning and critiques of other possible solutions.
- **Provide opportunities for students to create authentic work for real audiences (beyond the teacher) to motivate them to meet standards and engage in critique and revision.**
- **Examine student work to identify and showcase the qualities of strategic thinking that are both rich in content and relevant for students.**
 - Analyze models with students to build a vision of quality.
 - Use protocols to collectively reflect regularly on the level of cognitive demand asked of students across the school, particularly priority group students, to think strategically as speakers, listeners, readers, and writers.
 - Analyze student work samples as part of professional learning to best support students' attainment of quality work and standards.

Transitions, College & Career Access & Persistence:

The school creates pathways to success built on a vision in which all students leave secondary school with a clear plan for their initial postsecondary destination, whether in apprenticeship training, work, or college. All students have equal access to college preparatory curriculum to be successful. The school is characterized by structures for developing early postsecondary awareness and the knowledge and skills that lay the foundation for the academic rigor and social development necessary for college and career success. Students are equipped with the confidence in their ability to implement and adapt their plan throughout their lives as they and the world around them change. This vision sees students as the architects of their own lives. (adapted from Creating Pathways to Success, Ontario)

Score

1 2 3 4

Oscar Mayer's focus on project-based learning helps our students to see a wide range of career options. Students follow the design cycle and create real products that can be evaluated and changes. Projects involving 3D design and printing help students gain insight into possible careers. During Mayer's Career Week students are exposed to various careers and the educational steps necessary to have those careers. Mayer organizes high school education nights. The school's focus on non-cognitive skills, opportunities to participate in mini-courses, off-site trips, project based-learning, history fair (level of research) all allow Mayer students to gain the skills and confidence necessary to do well in high school and persist in college.

Guide for Transitions, College & Career Access & Persistence

- **TRANSITIONS - Have structures and processes in place to ensure successful transitions (e.g. into school , grade to grade, school to school, school to post-secondary).**
 - Mitigate the adverse effects experienced by some students in transition – such as arriving part-way through the school year – that can cause students to fall behind or become disengaged from school.
 - Monitor the progress of English learners after transition from services.
 - Provide programs and interventions that help students as they move from middle school through Freshmen year, including but not limited to: High School Investigation Days, Freshmen Connection program (where budget allows), and a robust Freshmen Orientation program. Implement targeted

- holistic student supports the entire Freshmen year.
- Provide sustained summer learning experiences to minimize learning loss and support key transition periods (e.g. summers before Kindergarten, HS, and college).
 - Use student data and best practices research to develop focused programs.
 - Expand access beyond students who are struggling academically.
 - Provide school counseling and postsecondary advising transition support and follow-up during “Summer Melt” and the first year of college.
 - **AWARENESS - Expose students early to academic/professional worlds beyond K-12.**
 - Provide students opportunities to discover personal talents and skills, identify career interests, and pursue coursework/activities necessary to reach personal, academic and career goals.
 - Expose students to a range of career paths and the educational requirements of each to improve long-term planning and goal-setting.
 - Start the conversation about college in primary grades.
 - Make parents aware of academic opportunities and supports for their child.
 - **READINESS – Ensure equitable access to college preparatory curriculum.**
 - Provide access to 8th Grade Algebra to all eligible 8th grade students.
 - Provide access to early college and career coursework and credential opportunities while in HS (e.g. AP credit, Dual credit, industry credentials (CTE), Seal of Biliteracy)
 - Teach students to analyze their transcripts and test scores, as well as connect course selection, attendance, and grades to their continued success and access to postsecondary options, and adjust their actions and behavior to make progress toward graduation and their top postsecondary choice. Provide support and motivation to encourage B’s or better and improving attendance.
 - Create opportunities for students to explore college and career knowledge, mindsets, and skills necessary for academic planning and goal setting.
 - Find opportunities to work with all students on academic and personal behaviors, including persistence, engagement, work habits/organization, communication/ collaboration, and self-regulation.
 - In Naviance, develop an Individual Learning Plan that tracks coursework, college and career assessments, goal setting, 6th-12th grade milestones completion that culminates in a concrete postsecondary plan.
 - **SUCCESS - Provide direct assistance to all students and families through every stage of the college selection, application, and entry process (Transition to College (HS))** including, but not limited to academic planning/advising to assist with:
 - Selecting colleges with the best institutional graduation rates for their level of qualifications. (Students of all qualification levels are more likely to graduate from college if they attend a postsecondary institution with high graduation rates)
 - Researching/comparing options including short and long-term financial outcomes, comparing college graduation rates, and other statistics to narrow down options.
 - Researching living wage options such as an apprenticeship or certification programs for students who wish to work after high school and/or want to delay college.
 - Applying to multiple colleges—generally three or more.
 - Navigating financial aid and capitalizing on grant and scholarship opportunities.

Expectations for depth & breadth of Quality Teaching

3 of 3 complete

Instruction:

The teachers have finely honed instructional skills. They can shift from one approach to another as the situation demands by carefully monitoring the effect of their teaching on student learning. They seamlessly incorporate ideas and concepts from other parts of the curriculum into their explanations and activities. Their questions probe student thinking and serve to extend understanding. They promote the emergence of self-directed learners.

Score

1 2 **3** 4

There is evidence of flexible grouping in all classrooms at Mayer. Students in the Montessori program, K-5, have individual work plans that are based on the needs of the particular child. The students monitor their own work plans and show independence by deciding when to move from activity to the next. We have 2 Golden Apple winners and 9 Nationally Board Certified teachers on staff. All of our Montessori teachers are trained through MMTTC and all our IB teachers have participated in IB certified workshops.

Guide for Instruction

- **Plan a range of effective pedagogical approaches suitable to student learning of the content/skills taught and anticipate student misconceptions.**
- **Effectively communicate with students.**
 - Guide students to articulate the relevance of the objective(s) to learning.
 - Anticipate possible student misunderstanding.
 - Enable students to develop a conceptual understanding of content while making connections to their interests, knowledge, and experience.
 - Enable students to contribute to extending the content by explaining concepts to their classmates.
 - Build on students' language development and understanding of content.
 - Use vocabulary appropriately for students' ages and development. Students contribute to the correct use of academic vocabulary.
- **Use questioning and discussion as techniques to deepen student understanding and challenge.**
 - Use a variety of low- and high-level, open-ended, and developmentally appropriate questions to challenge students cognitively, advance high level thinking and discourse, and promote metacognition.
 - Use techniques that enable students to engage each other in authentic discussions about content. And, enable students to formulate their own questions and respectfully challenge one another using viable arguments based on evidence.
 - Encourage student responsibility for ensuring all voices are heard in the discourse and that all students are listening and responding to questions and answers from their teacher and peers.
 - Require students to cite textual evidence to support/develop a claim.
- **Engage students in learning.**
 - Scaffold instruction to ensure all students, including diverse learners and English Learners, access complex texts and engage in complex tasks.
 - Provide targeted supports to individual students or groups of students based on their identified needs.
 - Provide instruction designed to develop language domains for English learners.
- **Monitor the effect of teaching on student learning and integrate formative assessment into instruction.**
 - Monitor progress and check for understanding for individual students.
 - Change instructional practice based on analysis of current data.
 - Use universally designed assessments that allow for multiple pathways for students to demonstrate understanding of the objective(s).
 - Also see *Balanced Assessment*.
- **Persist in adjusting instruction so individual student misunderstandings or advanced needs are successfully accommodated.**
 - Intervene in a timely and effective way to help students who are struggling.
 - When formative assessments show a need for intervention or enrichment, make effective impromptu adjustments that individualize instruction.
 - Use progress monitoring data to trace effectiveness of interventions and student response to intervention.

Multi-Tiered System of Support:

The school is characterized by full implementation a system of academic and social emotional (SEL) supports for all students. Every day, in all classrooms, all teachers provide: Universal instruction in the core curriculum - academic & SEL (Tier 1) to all students; additional targeted academic and SEL supports (Tier 2) where needed; and deep and intense supports (Tier 3) based on individual and small group needs. The school also monitors On Track data (grades/GPA and attendance (ES), and course credits (HS)) to provide interventions/supports for students at risk for failure and/or truancy.

Score

1 2 **3** 4

At Oscar Mayer, it is important to meet the unique needs of all of our students. The goal of Mayer's tiered approach to academic and social emotional learning is to provide specific and targeted instruction to ensure all students achieve success. We offer tier 2 supports for instruction within the classroom and share data on those students during grade-level data meetings. Mayer funds a full-time RTI specialist who provides Tier 3 supports to students in individual and small group settings. The school monitors 8th grade on track data and has implemented a walking homeroom system to ensure students who are not on track to graduate receive extra assistance in various subject areas.

Guide for Multi-Tiered System of Support

- **TIER 1 - Persist in adjusting instruction so individual student misunderstandings or advanced needs are successfully accommodated. (3e)**
 - Intervene in a timely and effective way to help students who are struggling.
 - When formative assessments show a need for intervention or enrichment, teachers make effective impromptu adjustments that individualize instruction for students.
 - Use progress monitoring data to trace effectiveness of interventions and student response to intervention.
- **TIER 1 - Customize the learning environment, pace, and approach of teaching and curriculum in order to meet each learners' individual needs ('Personalized Learning').**
 - Empower student to advance their learning.
 - Use up-to-date individual student profiles that include strengths, needs, motivations, and outlines an individualized path to reach his/her goals.
 - Classrooms are student-centered with student agency.
 - Each student has the opportunity to advance upon demonstrating mastery.
- **ON TRACK - Provide universal supports to prevent failing and absenteeism and targeted interventions for grades below "C" or chronic absenteeism. (On Track)**
 - Identify students off track due to low attendance and poor course performance and provide intensive supports to address root causes of why students have low grades and poor attendance.
- **TIER 2 & 3 - Collaborate and work as teams of teachers and Related Service Providers (RSP) to plan and monitor targeted student support with varied instructional strategies and SEL support of varying degrees of intensity for all students.**
 - Monitor students requiring and receiving targeted and intensive instruction/interventions.
 - Use the Problem Solving Process to plan Tier 2 and 3 instruction/interventions.
 - Determine appropriate interventions for students or groups of students not making adequate progress.
 - Use progress monitoring data to track effectiveness of interventions and student response to intervention.
- **TIER 2 & 3 – Implement Personal Learning Plans (PLP (<https://sites.google.com/a/cps.edu/kc/curriculum/instructional-supports/school-year-supports---personal-learning-plans>)) goals and intervention strategies for students requiring school year supports as described in Elementary School Promotion Policy (Board Report 09-1028-PO2).**
 - Ensure implementation of these plans, review subsequent 5 week data, determine the effectiveness of the strategies and adjust plans as needed.
- **Communicate to parents/guardians the additional supports and/or interventions provided for their child to better align school and home environments.**

Balanced Assessment & Grading:

A balanced assessment system effectively measures the depth and breadth of student learning and monitors student progress towards college and career readiness. It also produces actionable data to inform planning for instruction, academic supports, and resource allocation. To meet these goals, a balanced assessment system must include multiple measures and be responsive to the needs of all students, including diverse learners and English learners.

Score

1 2 3 4

Mayer follows set protocols to review NWEA data. TRC assessments and progress monitoring help our teachers identify student reading needs and progress. Kindergarten through fifth grade teachers set five and ten week goals for students based on the classroom assessments. Many teachers consistently use pre and post assessment data to drive instruction and to flexibly group students.

Guide for Balanced Assessment & Grading

- Use multiple measures (i.e. a range of assessment types and at multiple points in time) to supplement district-centralized assessments with other formative assessments to provide a more comprehensive picture of student learning.
- Use screening, diagnostic, and progress monitoring assessment to correctly identify specific gaps and monitor improvement, especially for students receiving Tier 2 and 3 services, in addition to Tier 1 core instruction. (also see *MTSS and Instruction*)
- Make assessments accessible to students, including diverse learners and English Learners through employing features of universal design (<http://www.udlcenter.org/aboutudl/udlcurriculum>) and use of accommodations and, where needed, modifications.
 - Provide accommodations in presentation (i.e. how assessment text and tasks are presented to students), response (i.e. how students provide their answers), and/or setting/timing (i.e. scheduling/location of assessment).
- Utilize assessments that reflect the key shifts in literacy and mathematics in teacher created or selected assessments. (see Rigorous Student Tasks)
- Utilize assessments that measure the development of academic language for English learners.
- Have access to and analyze school-wide, teacher team, and classroom assessment data to determine instructional effectiveness and subsequent learning needs
- Improve and promote assessment literacy.
 - Work together on building common assessments within a department, course, or grade level team.
 - Invest resources in helping teachers evaluate and improve the quality of formative assessments. For example, use the Assessment Design Toolkit (<http://www.csai-online.org/spotlight/assessment-design-toolkit>).
 - Use common protocols and calibrate on scoring and grading in teacher teams.
 - Analyze quality and alignment of assessments and tasks to ensure they meet the expectations of the standards and embed various levels of complexity.
- Have a grading system that clearly, accurately, consistently, and fairly communicates learning progress and achievement to students, families, postsecondary institutions, and prospective employers.
 - Ensure that students, families, teachers, counselors, advisors, and support specialists have the detailed information they need to make important decisions about a student's education.
 - Measure, report, and document student progress and proficiency:
 - Against a set of clearly defined cross-curricular and content-area standards and learning objectives collaboratively developed with staff.
 - Separately from work habits, character traits, and behaviors, so that educators, counselors, advisors, and support specialists can accurately determine the difference between learning needs and behavioral or work-habit needs. academic mindsets and behaviors (CSR).
 - Ensure consistency and fairness in the assessment of learning, and assignment of scores and proficiency levels against the same learning standards, across students, teachers, assessments, learning experiences, content areas, and time.
 - Ensure grades are not used as a form of punishment, control, or compliance.

Expectations for Quality & Character of School Life

6 of 6 complete

Culture for Learning:

A culture for learning is characterized by a school atmosphere that reflects the educational importance of the work undertaken by both students and staff. It describes the norms that govern the interactions among individuals about the mindsets (e.g. ability/confidence to grow with effort), academic behaviors (e.g. attending classes, completing assignments), the learning strategies and skills, the value of perseverance despite challenges and obstacles, and the general tone of the school. The classroom is characterized by high cognitive energy, by a sense that what is happening there is important, and that it is essential to "get it right." There are high expectations for all students. The classroom is a place where teachers and students value learning and hard work,

Score

1 2 3 4

and students take visible delight in accomplishing their work. Staff believe they can make a difference, that their hard work is the fundamental cause of student achievement, and are invested in student outcomes.

The school has taken on two programs that are fundamentally very rigorous and all students participate in these programs regardless of academic ability. The core of Montessori philosophy is to develop independent learners. At Mayer, students as young as three are able to select work, complete the work and return materials in order to move to another work in the classroom. Our classrooms early childhood through fifth grade have three hour work periods that help students build stamina and perseverance.

Teachers and staff at Mayer value time on task and have participated in professional development that works on maximizing student participation in the class.

Numerous schools (Agassiz, Sutherland, Ebinger) come to observe Mayer's IB MYP Partnerships with University of Chicago, Loyola University, DePaul student observers

Guide for Culture for Learning

- **Create a culture that reflects a shared belief in the importance of learning and hard work.**
 - Use strategies to reinforce and cultivate student curiosity.
 - Make learning goals relevant to students, and inspire students to stay committed to their learning goals.
 - Consistently communicate the expectation that all students can achieve at high levels.
 - Utilize strategies to encourage daily and timely attendance.
- **Convey high learning expectations for all students and develop structures that enable practice and perseverance for each individual student.**
 - Clearly display school-wide expectations for academic and personal success throughout the building.
 - Set high expectations according to grade-appropriate learning objectives.
 - Differentiate expectations so all students stretch to not only meet but exceed personal learning goals.
 - Recognize high levels of student achievement. All students receive recognition.
 - Encourage student resilience and hard work.
 - Ensure students feel safe to share misunderstandings and struggles.
- **Encourage students to take ownership and pride in their work where students assume responsibility for high-quality work by persevering, initiating improvements, addressing critiques, making revisions, adding detail and/or helping peers.**
 - Students self-assess (e.g. checking own work before giving to teacher) to develop a reflective habit of mind essential for improvement. This ensures students take responsibility for their own learning, focuses attention on criteria for success, and increases effort and persistence.
- **Provide students frequent, informative feedback.**
 - Tell/show students what they have done well (through positive reinforcement) and what they need to do to improve, including clarifying criteria and goals.
 - Give feedback on the task, the processes used to complete the task, and on the student's ability to self-regulate their own learning.
- **Develop academic mindsets and behaviors.**
 - Teach a growth mindset that over time with effort and practice, students can learn and succeed.
 - Encourage students' sense of belonging to the school and classroom community (see Relational Trust).
 - Employ strategies including ongoing monitoring and support of students' academic behaviors.
 - Praise effort and process. For example, "Good job, that must have taken a lot of effort" instead of, "Good job. You must be really smart."

Evidence, Measures, and Standards

Evidence, Measures, and Standards	
Suggested Evidence	✓ Sample of individual student learning goals from a cross-section of teachers ✓ Also review student work evidence from Rigorous Student Tasks
Measures	✓ Five Essentials – Ambitious Instruction ✓ SQRP Attainment and Growth
Five Essentials	Ambitious Instruction Collaborative Teachers Supportive Environment
CPS Framework for Teaching	2b. Establishing a Culture for Learning
CPS Performance Standards for School Leaders	C1. Creates a Culture that Supports Social Emotional Learning and Effective Effort

Relational Trust:

The school is characterized by high levels of relational trust between all school participants - the "glue" or the essential element that coordinates and supports the processes essential to effective school improvement. Interactions, both between the teacher and students and among students, are highly respectful, reflecting genuine warmth and caring. Students contribute to high levels of civility. Interactions are sensitive to students as individuals, appropriate to the ages and development of individual students, and to the context of the class. The net result of interactions is that of academic and personal connections among students and adults.

Score

1 2 **3** 4

The Mayer staff works hard to create and develop relationships that result in active student engagement in the learning process.

During one of our IB-MYP student advisory group meetings, including 15 students, students reflected on their experience at Mayer. Some of the things mentioned were as follows:

- “Strengthens me to be a better person.”
- “I reflect on my work and understand why I do my work.”
- “We use real documents and it’s more fun. I like reflecting.”
- “There’s a lot, a lot of learning.”
- “I feel like we’re one big family. IB brings all the 6th-8th graders together. We’re a community.”
- “We have more opportunities at Mayer.”

Recently one of our former graduates shared with us, “Our information and knowledge wasn’t backed up by heavy textbooks, but by primary artifacts and sources which made our classroom environment come alive. By the end of the class period students were ready to learn and were enthralled in learning. We became sponges of our own learning....The most helpful way for students to learn is by keeping them interested and letting us share our ideas and opinions. Remember, it’s all about making the connections!”

Guide for Relational Trust

- **Develop trusting relationships with students so each student has at least one trusted adult in the school.**
 - Adults are responsible for occasional check-ins or serve as mentors.
- **Adult-student interactions are positive, caring, and respectful.**
 - Ensure a greater proportion of interactions are positive (as opposed to corrective) between staff and student consistently school-wide.
- **Student interactions are mutually supportive and respectful, with strong norms for positive behavior.**
 - Create opportunities for students to build positive relationships with peers.
 - Create opportunities for older students to mentor younger students.
- **Understand diversity and its impact on student learning; recognize and integrate the learning opportunities that come from a diverse community.**
 - Create opportunities for students to learn about the community they serve (e.g. culture and neighborhoods).
 - Have mutual respect for individual differences (e.g. gender, race, culture, etc.) at all levels of the school—student-student; adult-student; adult-adult and overall norms for tolerance.
 - Provide training to engage diverse families and communities.
- **Support and respect one another, personally and professionally (Teacher-Teacher Trust, Teacher-Principal Trust)**
 - Respect other teachers who take the lead in school improvement efforts.
 - Respect colleagues who are experts at their craft.
 - Exchanges are marked by genuinely listening to what each person has to say and by taking these views into account in subsequent actions. Even when people disagree, individuals can still feel valued if others respect their opinions.
 - Personal regard springs from a collective willingness to extend beyond the formal requirements of a job definition or a union contract (e.g. openness or reaching out to others).
- **Utilize relationships as a means of deterring truant behavior brought on by unspoken hurdles a child may be facing.**

Student Voice, Engagement, & Civic Life:

Students are interested and engaged in learning, invested in their school, and contributing to their community. The school provides early and ongoing exposure to a wide range of extracurricular activities and rigorous courses and programming.

Score

1 2 3 4

Individual Community Projects at the 7th and 8th grade level where students research an issue of their choice, take action around that issue and reflect on the entire process.

6th History Fair

6th grade class community project - 2014-2015 Eye Pillows, 2015-2016 Caine's Arcade

Student Council

Student Ambassadors

Mini-courses

At the early age of 3 children are taught focus and concentration. They are taught to work independently on rigorous tasks. Each child manages his or her own work plan. They plan their day, and execute their plan, while attending small group instruction throughout the work period.

Student council, MYP IB design projects, and history fair projects have all taken on a service aspect to them.

Student-led conferences: Students in Oscar Mayer's IB MYP lead their parents through the learning they have accomplished at the end of the first and third quarter of each school year. The student discusses and reflects on their learning as well as identifies strengths and areas for improvement students share self-selected examples of the learning being discussed.

Guide for Student Voice, Engagement, & Civic Life

Students...

- **Have equitable access to a wide range of extracurricular and enrichment opportunities that build leadership, nurture talents and interests, and increase attendance and engagement with the school.**
 - Student needs, interest, and input are solicited for student programming.
 - Impact and quality of extracurricular and enrichment activities are measured regularly.
- **Have equitable access to rigorous courses/programming (e.g. AP, IB, magnet, dual credit, CTE).**
 - Student needs, interest, and input are solicited for student programming.
- **Have a choice.**
 - Respectful student questioning and inquiry is embraced. Students choose issues of concern, research topics relevant to their lives, and develop their own plans to address them.
 - Learning activities are personalized to match students' needs and interests, and students are involved in decisions that affect their learning.
- **Have a voice and take informed action.**
 - Students are included in key conversations about their learning experience and work with the principal and staff to identify issues and implement solutions. (e.g. student voice committee).
 - Students initiate and lead some school improvement initiatives.
 - Students participate in democratic decision-making at the school level.
 - Students identify and research issues of relevance and work together to propose/advocate for solutions.
- **Connect to decision-makers.**
 - Students learn about the structures and roles of government and civil society. They learn how to engage with elected officials and decision makers, and learn they have power and practice using it.
 - Students learn about issues and candidates, prepare voter education materials and get involved.
 - All eligible students are asked to register to vote.
- **Make positive contributions to the school and community.**
 - Civic engagement is the project of entire school. Teachers and school staff collaborate across disciplines and grade levels to align and embed civic skills and content in curriculum.
 - Curriculum based projects, including service learning experiences, are present in various disciplines, and link students to community resources and partners.
 - Incorporate writing for audience beyond the teacher (presentation based learning).
- **Learn to evaluate and consider multiple viewpoints by discussing current and controversial topics.**
- **Consider how people in a democratic society effect change.**
- **Consider their roles and responsibilities as a member of the community.**
- **In high school, students are enrolled in Civics courses.**

Safety & Order:

Score

The school is characterized by high levels of safety and order. Students feel physically and emotionally safe from harm, and adults work to actively maintain a safe, orderly school environment.

1 2 **3** 4

On the 2014-2015 My Voice, My School survey students responded "very strongly" to the question "do students feel safe in and around the school building and traveling to and from school?"

We have worked in collaboration with the CPD on all of our lockdown drills. We receive very positive feedback from them. There is a clear policy and procedure for all safety related issues in the school located in our staff and our parent handbook. We review these twice a year as a faculty. We have taken on a restorative justice approach to student conflict problem solving as well as student discipline.

Guide for Safety & Order

- **Ensure students and adults feel physically, socially, intellectually, and emotionally safe throughout the school.**
- **Provide clear procedures for reporting and responding to safety concerns.**
- **Manage efficient and orderly transitions between activities.**
 - Manage classroom routines and procedures to maximize instructional time.
 - Orchestrate the environment so students contribute to the management of classroom routines (e.g. transitions) without disruption of learning).
 - Arrival, dismissal, and other school-wide transitions are safe, efficient, and orderly.
- **Provide a framework for positive behavior throughout the school based on shared values and expectations.**
 - Have shared expectations for positive behavior. (See Restorative Approaches to Discipline)
- **Teach, model, and reinforce (by all staff members) clear behavior expectations for all areas of the school.**
 - All adults use active supervision (move, scan, and interact) in all settings.
- **Emphasize proactive, instructive, and restorative approaches to student behavior and minimize punitive consequences through policies and procedures. (See Restorative Approaches to Discipline)**
 - Adults correct misbehavior in ways that reinforce established expectations and cause minimal disruption to learning.
- **Clarify criteria for office referrals versus classroom managed behavior.**

Measures	<ul style="list-style-type: none"> ✓ Five Essentials – Supportive Environment score ✓ My Voice, My School Survey "Safety" score
Five Essentials	Supportive Environment
CPS Framework for Teaching	2a. Creating an Environment of Respect and Rapport 2c. Managing Classroom Procedures 2d. Managing Student Behavior
CPS Performance Standards for School Leaders	A4. Creates a Safe, Clean and Orderly Learning Environment

Restorative Approaches to Discipline:

Score

The school is characterized by having and implementing policies and procedures that emphasize proactive, instructive, and restorative approaches minimizing punitive consequences. Discipline practices primarily focus on shaping behavior as opposed to punishing behavior. The school only uses out-of-school suspension as a last resort and utilizes a systems-change approach to bring about a more restorative culture. The school is also characterized by strong and consistent school and classroom climates. The school reinforces positive behaviors and responds to misbehaviors in calm, respectful, and thoughtful ways, teaching students important social and emotional skills that enable them to get along with others, make responsible decisions, and focus on learning. When misbehavior occurs, the school seeks to understand the underlying reasons (root cause) in order to design a response that effectively changes student behavior using a menu of instructive, corrective and restorative responses.

1 2 **3** 4

Over the past year Mayer has seen a decrease in suspensions. Every single early childhood classroom has and utilizes a peace table where students are encouraged to discuss their thoughts and feelings with their classmates. Administration consistently holds three way conferences with themselves, teachers and students to help solve problems through conversation and restorative practices. Mayer also utilizes Project Happiness and Facing History and Ourselves as social emotional educational tools to help lay the foundation for open dialogue and reflection.

Guide for Restorative Approaches to Discipline

- **PROACTIVE - Reinforce positive student behavior with clear expectations, routines, and procedures.**
 - A team meets regularly to organize systems that support a restorative environment.
 - Post and refer to clear, positively stated expectations and model expected behaviors.
 - Create routines and procedures central to the learning environment.
 - Engage families as partners.
 - Contact families frequently to inform them of positive student behavior and progress.
 - Vary acknowledgements and provide both short and long term opportunities for reinforcement for all students.
- **INSTRUCTIVE - Integrate universal SEL skills instruction and core content.**
 - Intentionally teach competencies outlined in SEL Standards. Use discipline as opportunity to teach these skills.
 - Use a Multi-tiered System of Supports (MTSS) for social, emotional, and behavioral growth.
 - Use data to determine which behaviors should be retaught or more heavily reinforced.
 - Explicitly teach expected behavior and positively reinforce consistently school-wide.
 - Avoid power struggles with students by offering choices. Redirect students privately and respectfully.
- **RESTORATIVE - Employ a continuum of responses to behavior to effectively change student behavior.**
 - Ensure classroom instruction continues when problem behavior occurs.
 - Prefer responses that do not remove students from regular instructional setting or after school activities.
 - Respond to behavior to address the cause, reteach expectations, build social emotional skills, and repair relationships with staff or peers.
 - Designate an administrator, such as a dean or restorative practices coordinator, responsible for leading centrally-managed response to behaviors using consistent, restorative procedures.
 - Support teachers to engage in restorative conversations or respond to behavior incidents.
 - Provide opportunities for students to take responsibility for repairing harm caused by their actions.
 - Assign detention and ISS only for students who have a pattern of misbehavior and have not responded to non-exclusionary interventions, or when separation is a logical response to the behavior.
 - Include specific interventions to address social and emotional skill development, communicate with teachers to repair relationships, maintain classroom work, and connect to behavioral intervention services as necessary.
 - Establish a clear procedure for obtaining assignments from teachers to mitigate the impact of lost instruction for students assigned to ISS.
 - Designate space and consistent staff to support implementation of ISS.
 - (Optional) Develop a Behavioral Health Team to coordinate appropriate behavioral interventions.

Parent Partnership:

The school develops strong parent partnerships characterized by involving parents in the instructional program, messaging expectations, fostering a better connection between the school and home, and inspiring participation and high levels of collaboration with families. The school provides opportunities for families to volunteer, build its parent community, and support the school's operations through activities including but not limited to participation on parent councils (e.g. PACs, BACs and PLNs). There are high levels of communication between schools and families is mutual and two-way. Families have a way to voice concerns and schools address and respond to input.

Friends of Mayer, Career Week, Mini-courses, newsletter, Coffee with Konieczny, parents and staff working together on Parent Education, room parents, Parent volunteers in classrooms, Parents managing and facilitating our moving sidewalk, Parents are supporting the school not only through providing time volunteering, but also by financially supporting our school through our fundraisers. LSC has a strong relationship with the principal and offers open public budget meetings monthly.

Guide for Parent Partnership

- **Establish a non-threatening, welcoming environment that is warm, inviting, and helpful.**
- **Provide frequent, high quality, well publicized opportunities for families and community to participate in authentic and engaging activities in the school community (e.g. student performances/ exhibitions, literacy or math events).**
- **Provide multiple opportunities for parents to ask questions, raise concerns, and give feedback.**
 - Respond to families' concerns and requests for information professionally and in a timely manner, providing resources and solutions to address the concerns.

- **Solicit the support and engagement of families as partners in the instructional program (e.g. volunteering, working at home with their child, involvement in class and school projects in and out of school, and parent workshops).**
 - Host events for parents to share with other parents how home and school complement each other.
 - Share best practices around learning and development with parents to support students at home.
 - Inform parents of grade level standards and expectations and grading policies with a clear description of what meeting the standard looks like.
 - Inform parents of attendance expectations and the impact of attendance on a student's trajectory.
 - Assist parents to volunteer in the school and/or participate on teams/committees.
 - Promote the use of **Parent Portal** and **Parent University** to connect and engage parents with school.
- **Frequently communicate with families about class and individual activities and individual student's progress.**
 - Regularly inform parents of their child's progress across all relevant measures: attendance, discipline, academics, social-emotional learning, and health and wellness.
 - Send regular, positive, personalized communication from a staff member.
 - Use a variety of consistent communication methods (e.g. calls, text, newsletter, website, face to face) sensitive to cultural norms and needs.
- **Conduct intensive outreach to families in need of specialized support through home visits and collaboration with social services agencies.**
 - School responses to student excessive absences and/or tardiness includes outreach to families.
- **Provide proactive communication (e.g. parent handbook and resources).**
- **Partner equitably with parents speaking languages other than English.**
 - Information is provided to parents in their native language.
 - Parent meetings scheduled with interpreters present to facilitate participation.

Evidence, Measures, and Standards

EVIDENCE, MEASURES, AND STANDARDS	
Suggested Evidence	✓ Examples of communication methods and content
	✓ Participation rates for Parent University, events, parent council(s), report card pick-up, survey completion, Parent Portal, etc.
	✓ Outreach efforts
	✓ Documentation of responsiveness to Parent Support Center concerns raised
	✓ Event agendas, flyers
Measures	✓ Fundraising activities and amounts (if applicable)
	✓ How does the school honor and reflect the diversity of families including language and culture?
	✓ Five Essentials Score – Involved Families
	✓ My Voice, My School Survey scores – outreach to parents; parent-teacher trust
Five Essentials	Involved Families
CPS Framework for Teaching	2c. Managing Classroom Procedures 4c. Communicating with Families
CPS Performance Standards for School Leaders	D1. Engages Families

Goals

Required metrics (Elementary)

18 of 18 complete

	2014-2015 Actual	2015-2016 Actual	2016-2017 Goal	2017-2018 Goal
National School Growth Percentile - Reading				
We expect to continue to raise our NWEA Reading growth incrementally until we reach the highest growth percentile possible.	78.00	91.00	95.00	99.00
National School Growth Percentile - Math				
We expect to continue to improve and reach the next threshold of the 70th growth percentile this year with the ultimate goal of reaching the 90th+ growth percentile the following year.	69.00	63.00	70.00	90.00
% of Students Meeting/Exceeding National Ave Growth Norms				
In order to reach the 95th percentile in Reading and the 70th percentile in Math, we calculate that we would need at least 60% of our students to meet/exceed their growth targets, based on District data that we analyzed.	54.40	(Blank)	60.00	62.00
African-American Growth Percentile - Reading				
By analyzing our Winter data, we are expecting to improve our African-American Reading growth percentile to more closely resemble our overall student growth percentile and to surpass reach the next threshold on SQRP.	43.00	43.00	60.00	80.00
Hispanic Growth Percentile - Reading				
By analyzing our Winter data, we are expecting our Hispanic Reading growth percentile to again mirror our overall student growth percentile.	71.00	87.00	90.00	95.00
English Learner Growth Percentile - Reading				
N/A	(Blank)	(Blank)	0.00	0.00

Diverse Learner Growth Percentile - Reading

Based on our Winter data, our DL Reading growth is stronger this year and we expect to at least surpass the next threshold on SQRP.	1.00	5.00	30.00	50.00
---	------	------	-------	-------

African-American Growth Percentile - Math

Based on our Winter data, our African-American Math growth is stronger this year and we expect to at least reach the next threshold on SQRP.	55.00	21.00	30.00	50.00
--	-------	-------	-------	-------

Hispanic Growth Percentile - Math

By analyzing our Winter data, we are expecting our Hispanic Math growth percentile to mirror our overall student growth percentile.	61.00	52.00	70.00	90.00
---	-------	-------	-------	-------

English Learner Growth Percentile - Math

N/A	(Blank)	(Blank)	0.00	0.00
-----	---------	---------	------	------

Diverse Learner Growth Percentile - Math

Based on our Winter data, our DL Math growth is stronger this year and we expect to at least surpass the next threshold on SQRP.	1.00	4.00	30.00	50.00
--	------	------	-------	-------

National School Attainment Percentile - Reading (Grades 3-8)

As our growth percentile is expected to improve, our attainment percentile should also improve incrementally until we are at the 99th percentile next year.	88.00	96.00	97.00	99.00
---	-------	-------	-------	-------

National School Attainment Percentile - Math (Grades 3-8)

As our growth percentile is expected to improve, our attainment percentile should also improve incrementally until we are at the 99th percentile next year.	89.00	94.00	97.00	99.00
---	-------	-------	-------	-------

National School Attainment Percentile - Reading (Grade 2)

Our current 2nd and 1st grade students are performing as well or better than our last two 2nd grade classes, so we expect their attainment to also be at or around the 99th percentile this year and next year.	99.00	99.00	99.00	99.00
---	-------	-------	-------	-------

National School Attainment Percentile - Math (Grade 2)

Our current 2nd and 1st grade students are performing as well or better than our last two 2nd grade classes, so we expect their attainment to also be at or around the 99th percentile this year and next year.	99.00	98.00	99.00	99.00

% of Students Making Sufficient Annual Progress on ACCESS

N/A	(Blank)	(Blank)	0.00	0.00
-----	---------	---------	------	------

Average Daily Attendance Rate

Our attendance rate is currently behind last year's rate, but we are looking to finish the year strong to be reach 95%.	95.90	95.40	95.00	95.50
---	-------	-------	-------	-------

My Voice, My School 5 Essentials Survey

We expect to remain "Well Organized", but to improve our "Effective Leaders" rating from "Neutral" to "Strong" by focusing on Teacher development and building a healthy and collaborative team.	(Blank)	(Blank)	(Blank)	(Blank)
--	---------	---------	---------	---------

Strategies

Strategy 1

If we do...

Implement a whole school social emotional curriculum centered on self awareness and mindfulness

...then we see...

Decrease in student disciplinary behavior infractions
 Increase in student led peer mediation
 Students gaining a better understanding of themselves and their emotions

...which leads to...

More enriched and unifies community
 Makes everyone more mindful of how their actions impact others
 Increased use problem solving skills and strategies
 Understanding yourself and coping with emotions
 Student ownership of
 Less interventions/behavior redirections needed due to decreased in conflicts and discipline infractions
 Increase in self awareness

 Social and emotional learning

Area(s) of focus:

Action step ?	Responsible ?	Timeframe ?	Evidence for status ?	Status
Project Happiness curriculum to staff by end of 2015-16 year	Administration	May 16, 2016 to Jun 17, 2016	Staff has the curriculum	Not started

School wide staff

Identify teacher leaders to support student group	Ana Solis, Sonya Chanopas, Betty Scalia, Norah O'Brien	May 23, 2016 to Jun 17, 2016	Staff members identified	Not started
---	--	------------------------------	--------------------------	-------------

Best practice

Identify student leaders to represent and support initiatives for students	Identified teacher leader, admin	Sep 12, 2016 to Sep 30, 2016	(Blank)	Not started
--	----------------------------------	------------------------------	---------	-------------

Student leaders

Strategy 2

If we do...

Create a standing time built into the master school schedule for Math RTI to be addressed in the general education classroom and provide professional development to expand teachers' toolbox for math intervention.

...then we see...

systematized data monitoring plan
 EC and EL1 will use the current assessments and mapping with addition of professional development and exploration of tools.

...which leads to...

NWEA growth data increase by ??? %
 Student ability to articulate and demonstrate greater learning in math
 Greater teacher comfort/ability to more directly meet the needs of tier 2 students
 Increased teacher capacity to identify and address learning needs of tier 2 and 3 students.

Scheduling committee to review time distribution	Schedule committee	May 30, 2016 to Jun 22, 2016	time distribution to reflect math intervention time	Not started
--	--------------------	------------------------------	---	-------------

Time management

Strategy 3

If we do...

Strengthen connection to the arts across the curriculum

...then we see...

vertical alignment in the arts, a deeper connection to the classroom curriculum, and a stronger understanding of the instructional content

...which leads to...

Complete scope and sequence of fine arts across the curriculum
Authentic student learning that emotionally connects them to the work

Fund Compliance

Supplemental General State Aid(SGSA)

My school receives SGSA funds

By checking the above box, the school is verifying that the attendance center complies with the statement regarding the use of SGSA funds:

1. The attendance center allocation is correctly based on the number of students eligible to receive free and reduced lunch and breakfast.
2. The attendance center has an approved plan, developed in consultation with teachers, administrators, and other appropriate personnel, and parents of the students attending the attendance center.
3. The attendance center's plan is approved by the LSC and CPS.
4. SGSA funded activities fall within the allowable program categories: early childhood education, reduced class size, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular programs as determined by the Illinois state board of education.
5. SGSA Funds supplement and do not supplant non-categorical and other categorical funds allocated to the attendance center.
6. SGSA funds are supporting only those activities specified in the school's approved plan/amendment.
7. SGSA funds are not used for capital expenditures. 8. SGSA funds are not used for any political or lobbying activities by the attendance center.

NCLB Program

NCLB Schoolwide Program

(Not available to schools receiving NCLB funds for the first time) [Title 1/SW].

The school annually reviews the schoolwide plan/program. The schoolwide program plan is available to CPS, parents, and the public, and the information in the plan is in an understandable and uniform format, and to the extent practicable in a language the parents can understand.

NCLB Targeted Assistance Program Title I funded staff participate in the school's general professional development and school planning activities. Title I funded staff assume limited duties that are assigned to similar personnel including duties beyond the classroom, or that do not benefit Title I students, as long as the amount of time spent on such duties is the same proportion of the total work time with respect to similar staff.

Non-title school that does not receive any Title funds

Parent Involvement in Targeted Assistance and Schoolwide Programs

I verify that the statement below is correct

No Child Left Behind (NCLB), the reauthorization of the Elementary and Secondary Act of 1965 continues a legislative commitment to parental involvement. Central features of prior reauthorizations, such as school-parent compacts, parent involvement policies, and the parent involvement funding formula remain unaltered. However, the NCLB reauthorization represents a notable shift in the role of parental involvement in the schools. It includes new provisions increasing parental notification requirements, parental selection of educational options, and parental involvement in governance. It envisions parents as informed and empowered decision makers in their children's education.

Parent Plan

Parent Involvement Policy

Complete

Schools must involve parents in the joint development and periodic review and revision of the NCLB, Title I school parental involvement plan and policy, and in the process of school review and improvement. Please describe how this will be accomplished.

Not applicable. We do not receive Title I funds.

The school will hold an annual meeting at a time convenient to parents during the first month of school to inform them of the school's participation in NCLB, Title I programs and to explain the Title I requirements and their right to be involved in the Title I programs. The school will also offer a number of additional parental involvement meetings, including school PAC meetings, at different times and will invite all parents of children participating in the NCLB, Title I program to these meetings, and encourage them to attend. Please describe how this will be accomplished. Please list the projected date of your Title I Annual Meeting and your Title I PAC Organizational Meeting

Not applicable. We do not receive Title I funds.

Schools will provide parents information in a timely manner about its Title I program, including a description and explanation of the curriculum, the academic assessment tools used to measure children's progress, and the proficiency levels students are expected to meet. Please describe how this will be accomplished.

Not applicable. We do not receive Title funds.

At the request of parents, schools will provide opportunities for regular meetings, including the School Parent Advisory Council meetings, for parents to formulate suggestions and to participate, as appropriate, in decisions about the education of their children. Please describe how the school will immediately respond to any such suggestions.

Parents have ample opportunity to engage with school community to provide suggestions or feedback. There are monthly "coffee with Konieczny" meetings, monthly public budget meetings, monthly friends of Mayer meetings, Monthly LSC as well as quarterly parent education nights.

Schools will provide parents a report of their child's performance on the State assessment in at least math, language arts and reading. Please describe how this will be accomplished.

We send home state assessment data as soon as we receive the information. This includes NWEA, TRC and PARCC. We hold conferences as well as call parents in for individual conferences should there be a concern. In grades 6th - 8th the students lead their conferences for report card pick up. They lead the discussion and walk the team through their portfolio.

Schools will provide parents timely notice when their child has been assigned to, or taught by, a teacher who is not "highly qualified," as defined in the Title I Final Regulations, for at least four (4) consecutive weeks. Please describe how this will be accomplished.

All of our teachers are highly qualified. If the school is given notification that a teacher is not, we distribute the letters as soon as they are given.

Schools will assist parents of participating NCLB Title I children in understanding: the state's academic content standards; the state's student academic achievement standards; the state and local academic assessments including alternate assessments; the requirements of Title I, Part A; how to monitor their child's progress; and how to work with educators. Please describe how this will be accomplished.

Not applicable. We do not receive Title funds.

Schools will provide information, resources, materials and training, including literacy training and technology, as appropriate, to assist parents in working with their children to improve their academic achievement, and to encourage increased parental involvement. Please describe how this will be accomplished.

Our school holds quarterly parent education nights that range from content specific to non cognitive skills to build at home. We also provide technical support to parents for the high school application process.

Schools will educate all staff in the value and utility of contributions by parents and in how to reach out to, communicate and work with, parents as equal partners in the education of their children and in how to implement and coordinate parent programs and build ties with parents. Please describe how this will be accomplished.

Each classroom has a google group that provides access to parents and teachers, communicates ongoing in the classroom, as well as provides parents with opportunities to get involved in the classroom. Parents and staff work together when strategizing on fund raising, and prioritizing our spending.

Schools will, to the extent feasible and appropriate, coordinate and integrate parent programs and activities with Head Start, Reading First, Early Reading First involvement, Even Start, Home Instruction Programs for Preschool Youngsters, the Parents as Teachers Program, public preschool, and other programs, to further encourage and support parents in more fully participating in their children's education. Please describe how this will be accomplished.

We work closely with our parents to become involved in the academics of his or her child. We have weekly volunteers to work on site words and letter sounds in pre school, mystery readers in the classroom, tutoring for older students. All classroom field trips are tied to the curriculum. Parents participate in chaperoning the trips and carrying out the objective for the students.

Schools will ensure that information related to the school and parent programs, meetings, and other activities is sent to parents in understandable and uniform formats, including language. Please describe how this will be accomplished.

We have various ways for parents to be informed as to what is happening at the school. We have a monthly news letter, weekly room parent emails, our school website. The principal can email communication to individual classrooms as well as email a blast to all parents.

Policy Implementation Activities

- The LSC will approve the school improvement plan and monitor the CIWP.
- In the CIWP, the school identifies current parental involvement practices and outlines activities related to expanding parent partnership programs.
- The school will coordinate the parent involvement programs identified in the CIWP.
- The school will evaluate the parent involvement policy for effectiveness and make improvements as necessary.

Explain why any of the boxes above are unchecked: (type "n/a" if all are checked)

N/A

Parent Compact

Complete

The school will provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the participating student to meet the State's student academic achievement standards. Describe how the school will provide high-quality curriculum and instruction in a supportive environment. (Restate the school mission.)

Mayer Magnet is dedicated to promoting a holistic education that nurtures and challenges all students to become lifelong learners with a passion to inquire, think globally, serve others, create, lead and achieve personal excellence.

The school will hold parent-teacher conferences. Describe the kinds of parent-teacher conferences that will be held and the dates on which they are scheduled.

The school holds parent teacher conferences during the CPS scheduled dates. In addition parents and administration conduct conferences as needed outside of these windows.

The school will provide parents with frequent reports on their children's progress. Describe when and how the school will provide reports to parents.

Parents receive reports throughout the year on his or her child's academic progress.

The school will provide parents access to staff. Describe when, where and how staff will be available for consultations with parents.

Each classroom has a google email group. Parents have access to parents through email, phone and conferences. We have constant and open communication with parents.

The school will provide parents opportunities to volunteer and participate in their children's classes. Describe how and when parents may volunteer, participate, and observe classroom activities.

Parents have multiple ways to participate in his or her child's classroom. We have weekly mystery readers, daily parent volunteers to work on literacy interventions and practice, classroom trips, classroom celebrations, and family ethnic/tradition education days.

The parents will support their children's learning. Describe how the parents will assist learning (i.e. monitoring attendance, homework completion).

Mayer discusses the importance of parents participating with his or her child's academics. We require reading with a child for 20 minutes per day. We provide parent education nights to provide ideas on how to extend the classroom into the home through building independence, cooking together, reading together, etc...

The parents will participate in decisions relating to the education of their children. Describe when, where and how parents will consult with the school.

Parents have opportunities to participate in discussions of education of his or her child. We provide this through LSC meetings, FOM meetings, "coffee with Konieczny", student/parent/teacher conferences. Each year we do a state of the school address and a mid year review. Parents are involved in budget discussions throughout the school year. These discussions include academic supports, and programs. As a school community we make decisions collaboratively.

The students will share the responsibility for improved student academic achievement. Describe how the students will assure academic achievement (i.e. good attendance, positive attitude, class preparation).

Mayer utilizes goal setting and reflection in daily class as well as during more summative assessments. Children are asked to reflect on academic performance, effort, as well as his or her grit/endurance. These reflections are both written and oral.

Parent Budget

Complete

Goals: Indicate goals, timeline of activities and training topics that are designed to assist Parents with increasing their students' academic achievement. The overarching goal is to increase student academic achievement through parental involvement; specify your goals.

Not applicable. No Title I funds received.

Allocate your Mandated Title 1 Parent Involvement Funds to support your Parent Involvement Program.

Account(s)	Description	Allocation
51130, 52130	Teacher Presenter/ESP Extended Day For Teacher presenter, ESP Extended Day, please remember to put money on the benefits line. Non-Instructional pay rate applies.	\$ Amount .00
53405	Supplies In addition to supplies for parent program, please use this account to also purchase books for parents only. Use this account for equipment with a per unit cost of less than \$500.	\$ Amount .00
53205	Refreshments Allocation CAN NOT EXCEED 25% of the Parent Budget. Refreshments must be used for Title 1 PAC meetings, trainings and workshops.	\$ Amount .00
54125	Consultants For Parent Training Only. Consultant must have a CPS vendor number and paid with a Purchase Order after service is rendered (NO CHECKS ARE ALLOWED)	\$ Amount .00
54505	Admission and Registration Fees, Subscriptions and memberships For Parents use only.	\$ Amount .00
54205	Travel Buses for Parents use. Overnight Conference travel- schools must follow the CPS Tracer Policy. The CPS Parent Overnight Travel Approval Form and Conference Travel Form must be completed.	\$ Amount .00
54565	Reimbursements Allocation CAN NOT EXCEED 25% OF THE Parent Budget. All Parent Reimbursements related to Title 1 Parent Involvement must be paid from this account. Receipts must be clear unaltered and itemized. School must keep all receipts.	\$ Amount .00
